Explanation of Responses:

1. Each performance right represents a contingent right to receive one share of common stock ("Common Stock") of AngioDynamics, Inc. The target number of shares of Common Stock is set forth in columns 5 and 7 of Table II. Between 0% and 200% of the target number will be earned based equally on revenue growth and adjusted earnings per share growth over a three-year performance period with a potential upward or downward 20% adjustment on the calculated achievement based on total shareholder return relative to a peer group of companies over a three-year performance period (for a total potential payout of up to 240% of the target number in the aggregate). Any shares that do not vest at the end of the performance period will be forfeited.
