Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of AngioDynamics, Inc. to be held on Tuesday, October 15, 2019 at 12:00 p.m., local time, at the Saratoga Arms Hotel, 497 Broadway, Saratoga Springs, NY 12866.

At this year's Annual Meeting you will be asked to:

- (i) consider and vote upon a proposal to elect three Class I directors, for a term of three years;
- (ii) consider and vote upon a proposal to ratify the appointment of AngioDynamics' independent registered public accounting firm for the fiscal year ended May 31, 2020;
- (iii) consider and vote upon a "Say-on-Pay" advisory vote on the approval of the compensation of AngioDynamics' named executive officers; and
- (iv) transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

As we did last year, we are pleased to furnish proxy materials to our shareholders over the internet. Instead of mailing printed copies to each shareholder, we are mailing a Notice Regarding Internet Availability which contains instructions on how to access your proxy materials; how each shareholder can receive a paper copy of proxy materials, including this Proxy Statement, our annual report on Form 10-K for the fiscal year ended May 31, 2019 and a form of proxy card; and how to access your proxy card to vote through the internet or by telephone. We believe that this e-proxy process will expedite shareholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our Annual Meeting.

The Board of Directors unanimously believes that the election of its nominees for directors, the ratification of the appointment of AngioDynamics' independent registered public accounting firm and the approval (on an advisory basis) of the compensation of its named executive officers are in the best interests of AngioDynamics and its shareholders, and, accordingly, recommends a vote "FOR" each proposal.

In addition to the business to be transacted as described above, management will address shareholders with respect to AngioDynamics' developments over the past year and respond to comments and questions of general interest to shareholders.

Your vote is important and whether or not you plan to attend the Annual Meeting, we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the internet. If you requested and received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card. Voting by proxy will ensure your shares are represented at the Annual Meeting. As a result of changes in applicable law, banks and brokers can no longer exercise discretionary voting in uncontested elections of directors. If you are not a shareholder of record, please follow the instructions provided by the shareholder of record (your bank or broker) so that your shares are voted at the meeting on all matters.

Sincerely,

James C. Clemmer
Chief Executive Officer

PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
OF ANGIODYNAMICS, INC.
October 15, 2019

INTRODUCTION

We are furnishing this proxy statement to the shareholders of AngioDynamics, Inc. in connection with the solicitation by our Board of Directors of proxies to be voted at our 2019 Annual Meeting of Shareholders referred to in the attached notice and at any adjournments of that meeting (the "Annual Meeting"). The Annual Meeting will be held at the Saratoga Arms Hotel, 497 Broadway, Saratoga Springs, NY 12866, on Tuesday, October 15, 2019 at 12:00 p.m., local time, or at any adjournment or postponement thereof. Only shareholders who held shares at the close of business on Thursday, August 22, 2019 are entitled to notice of and to vote at the meeting, or at any adjournments or postponements thereof. We expect to mail this proxy statement and the accompanying proxy card or voting instruction form beginning on September 5, 2019 to each shareholder entitled to vote at the Annual Meeting.

When used in this proxy statement, the terms "we," "us," "our," "the Company" and "AngioDynamics" refer to AngioDynamics, Inc. The terms "Board of Directors" and "Board" refer to the Board of Directors of AngioDynamics, Inc. Our principal executive offices are located at 14 Plaza Drive, Latham, New York 12110.

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

What am I voting on?

At the Annual Meeting, we will ask holders of our common stock to consider and vote upon the following items:

1. Election of Directors

The election of three Class I directors, namely, Kevin J. Gould, Dennis S. Meteny and Michael E. Tarnoff, MD. If elected, these Class I directors will serve until the 2022 Annual Meeting of Shareholders and until their successors are duly elected and qualified.

2. Ratification of Appointment of Independent Registered Public Accounting Firm

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2020.

3. Advisory Vote on the Compensation of our Named Executive Officers

A "Say-on-Pay" advisory vote on the approval of the compensation of our named executive officers.

How can I receive proxy materials?

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to our shareholders primarily via the internet, instead of mailing printed copies of proxy materials to each shareholder. On or about September 5, 2019, we began mailing to our shareholders a "Notice of Internet Availability of Proxy Materials" (sometimes referred to herein as the "Notice") containing instructions on how to access this proxy statement, the accompanying notice of Annual Meeting and our annual report for the fiscal year ended May 31, 2019 online. If you received the Notice by mail, you will not automatically receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the internet.

Finally, you can receive a copy of our proxy materials by following the instructions contained in the Notice regarding how you may request to receive your materials electronically or in printed form on a one-time or ongoing basis. Requests for printed copies of the proxy materials can be made through the internet at <http://www.proxyvote.com>, by telephone at

1-800-579-1639 or by e-mail at sendmaterial@proxyvote.com by sending a blank e-mail with your control number in the subject line.

Who is entitled to vote?

Shareholders of record at the close of business on August 22, 2019, the record date for the Annual Meeting, are entitled to receive this proxy statement and to vote at the meeting and at any adjournment or postponement thereof. As of the close of business on the record date, there were 37,446,508 outstanding shares of our common stock entitled to notice of, and to vote at, the Annual Meeting. Holders of our common stock have one vote per share on each matter to be acted upon. A list of the shareholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting, for any purpose germane to the meeting. Interested parties should contact our General Counsel between the hours of 9:00 a.m. and 4:30 p.m. at our principal executive offices at 14 Plaza Drive, Latham, New York 12110.

How do I vote my shares without attending the meeting?

If you are a shareholder of record as of the record date for the Annual Meeting, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In most circumstances, you may vote:

By Internet or Telephone - If you have internet or telephone access, you may submit your proxy by following the voting instructions in the Notice of Annual Meeting no later than 11:59 p.m., New York City Time, on October 14, 2019. If you vote by internet or telephone, you need not return your proxy card.

By Mail - If you received a paper copy of this proxy statement, you may vote by mail by signing, dating and mailing your proxy card in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, or attorney or an officer of a corporation), you should indicate your name and title or capacity.

How do I vote my shares in person at the meeting?

If you are a shareholder of record and prefer to vote your shares at the meeting, bring the accompanying proxy card (if you received a paper copy of the proxy statement) and proof of identification. You may vote shares held in street name only if you obtain a "legal" proxy from the record holder (bank, broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the meeting in person, we encourage you to vote in advance by internet, telephone or mail so that your vote will be counted in the event you are unable to attend.

How do I gain admission to the meeting?

If you wish to attend the Annual Meeting and you are a record holder, you must bring valid state or federal identification or a passport to register before entering the meeting. All invited guests will need valid identification in order to enter the meeting. If you hold shares through an intermediary, such as a bank, broker, trustee or other nominee, and you plan to attend the Annual Meeting, you must bring proof of share ownership, such as a recent bank or brokerage firm account statement or a letter from the bank, broker, trustee or other nominee holding your shares, confirming your ownership in order to gain entrance to the meeting.

What does it mean if I receive more than one proxy card or Notice?

If you receive more than one proxy card or Notice, it generally means that you hold shares registered in more than one account. If you received a paper copy of this proxy statement and you vote by mail, you should sign and return each proxy card. Alternatively, if you vote by internet or telephone, you should vote once for each proxy card and/or Notice you receive. If you have received more than one Notice, you should vote once for each Notice that you receive.

May I change my vote?

Yes. Whether you have voted by mail, internet or telephone, you may change your vote and revoke your proxy, prior to the Annual Meeting, by:

- Sending a written statement to that effect to AngioDynamics' Senior Vice President and General Counsel at AngioDynamics Corporate headquarters at 14 Plaza Drive, Latham New York, 12110;
- Voting by internet or telephone at a later time;
- Submitting a properly signed proxy card with a later date; or

- Voting in person at the Annual Meeting and by filing a written notice of termination of the prior appointment of a proxy with AngioDynamics, or by filing a new written appointment of a proxy with AngioDynamics (unless you are a beneficial owner without a legal proxy, as described below).

Please note, however, that if a shareholder's shares are held of record by a bank, broker, trustee or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter or "legal proxy" from the bank, broker, trustee or other nominee, confirming the shareholder's beneficial ownership of the shares.

What constitutes a quorum?

A majority of the outstanding shares of common stock present in person or by proxy is required to constitute a quorum at the Annual Meeting. For purposes of determining the presence of a quorum for transacting business at the Annual Meeting, abstentions and broker "non-votes" (proxies from banks, brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the banks, brokers or nominees do not have discretionary power) will be treated as shares that are present.

How does the Board recommend that I vote?

The Board of Directors recommends that you vote your shares:

“FOR” the election of the Class I directors who have been nominated by the Board of Directors;

“FOR” the ratification of the appointment of Deloitte & Touche LLP as AngioDynamics' independent registered public accounting firm for the fiscal year ending May 31, 2020;

“FOR” the approval (on an advisory basis) of the compensation of our named executive officers; and

with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting. We do not expect that any matter other than as described in this proxy statement will be brought before the Annual Meeting.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you indicate when voting over the internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the persons named as proxies will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Street Name Holders. If you hold your shares in "street name" (that is, through a bank, broker, trustee or other nominee) and do not provide specific voting instructions, then, under the rules of The Nasdaq Stock Market, the bank, broker, trustee or other nominee may generally vote on routine matters but cannot vote on non-routine matters. If you do not provide voting instructions on non-routine matters, your shares will not be voted by your bank, broker or other nominee. As a result, your bank, broker, trustee or other nominee may not vote your shares without receipt of a voting instruction form with respect to Proposal 1 and Proposal 3, because each proposal is a non-routine matter, but may vote your shares without your instructions with respect to Proposal 2 (ratification of appointment of independent registered public accounting firm) because this matter is considered routine.

What is the voting requirement to approve each proposal?

Under Delaware law and AngioDynamics' Amended and Restated Certificate of Incorporation and By-Laws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors (Proposal 1). A properly executed proxy marked "withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. On May 29, 2018, we amended our Corporate Governance Principles to provide that, in the case of an uncontested election of directors, a director nominee who does not receive votes cast "for" his or her election or re-election in excess of 50% of the number of votes cast with respect to such nominee's election or re-election (a "Majority Vote"), shall tender his or her resignation to the Board of Directors, with such resignation expressly stating that it is contingent upon the acceptance of the resignation by the Board of Directors in accordance with our Corporate Governance Principles. If a nominee fails to receive a Majority Vote, the Company's Nominating, Compliance and Corporate Governance Committee, or another duly authorized committee of the Board of Directors, will consider whether to accept the nominee's resignation and will submit a recommendation for prompt consideration by the Board of Directors. The Board of Directors shall then act on the resignation, taking into account such committee's recommendation, within ninety (90) days following certification of the shareholder vote.

For the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2020 (Proposal 2), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval.

For the "Say-on-Pay" advisory vote (Proposal 3), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on this item will reflect the advice of the shareholders. The approval, on an advisory basis, of the compensation paid to our named executive officers, also known as a "Say on Pay" vote, is an advisory vote mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act. This means that while we ask shareholders to approve the compensation paid to our named executive officers, it is not an action that requires shareholder approval, and shareholders are not voting to approve or disapprove the Board's recommendation with respect to this proposal. The "Say-on-Pay" vote is an advisory vote and is non-binding on the Board, although the Board and the Compensation Committee welcome the input of shareholders on the Company's compensation policies and will take the advisory vote into account in making determinations concerning executive compensation.

A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum present. Accordingly, an abstention will have the effect of a negative vote on Proposal 2 and Proposal 3, but will have no effect on the election of directors or determining whether a Majority Vote has been achieved.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have or does not exercise discretionary authority to vote (a "broker non-vote"). Shares constituting broker non-votes are not counted or deemed to be present in person or by proxy for the purpose of voting on a non-routine matter at the Annual Meeting and, therefore, will not be counted for the purpose of determining whether shareholders have approved the election of directors in Proposal 1 or the "Say-on-Pay" advisory vote in Proposal 3, because such proposals are considered non-routine matters. If you do not provide voting instructions to your broker, your broker only will have discretion to vote your shares on Proposal 2, because the ratification of the appointment of the independent registered public accounting firm is considered a routine matter. Broker non-votes are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How can I find voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and, within four business days following the date of the Annual Meeting, we will file a Current Report on Form 8-K with the SEC indicating final voting results.

Who bears the cost of soliciting proxies?

The cost of solicitation of proxies being solicited on behalf of the Board of Directors will be borne by us. In addition to the use of the mail and the internet, proxy solicitation may be made by telephone, facsimile and personal interview by our officers, directors and employees.

PROPOSAL 1-ELECTION OF DIRECTORS

Nominees

Our Board of Directors currently consists of nine directors. The Board is classified into three classes, each of which has a staggered three-year term. At the Annual Meeting, our shareholders will be asked to elect three Class I directors, namely, Kevin J. Gould, Dennis S. Meteny and Michael E. Tarnoff, MD. If elected, Messrs. Gould, Meteny and Tarnoff will hold office until the Annual Meeting of Shareholders to be held in 2022 and until his successor is duly elected and qualified. The Class II directors and Class III directors will continue in office during the terms indicated below. Unless otherwise specified, all proxies received will be voted in favor of the election of the nominee named below as a director of AngioDynamics. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. On May 29, 2018, we amended our Corporate Governance Principles to provide that, in the case of an uncontested election of directors, a director nominee who does not receive a Majority Vote shall tender his or her resignation to the Board of Directors, with such resignation expressly stating that it is contingent upon the acceptance of the resignation by the Board of Directors in accordance with our Corporate Governance Principles. If a nominee fails to receive a Majority Vote, the Company's Nominating and Corporate Governance Committee, or another duly authorized committee of the Board of Directors, will consider whether to accept the nominee's resignation and will submit a recommendation for prompt consideration by the Board of Directors. The Board of Directors shall then act on the resignation, taking into account such committee's recommendation, within ninety (90) days following certification of the shareholder vote.

The current term of each of Kevin J. Gould and Dennis S. Meteny expires at the Annual Meeting and when his successor is duly elected and qualified. On September 4, 2019, Michael E. Tarnoff, MD was nominated for election to our Board of Directors. Messrs. Gould, Meteny and Tarnoff have each consented to be named as a nominee and, if elected, to serve as a Director. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director if elected. Should any of the nominees not remain a candidate for election at the date of the Annual Meeting, proxies may be voted for substitute nominees selected by the Board of Directors.

The current term of Jeffrey G. Gold expires at the Annual Meeting and when his successor is duly elected and qualified. On August 13, 2019, Mr. Gold notified the Board that he intends to retire from the Board, effective upon the occurrence of the Annual Meeting, and will not stand for reelection at the Annual Meeting.

As of August 30, 2019, the following Directors served on the following committees:

CORPORATE GOVERNANCE

Director Independence

The listing standards of The Nasdaq Stock Market LLC require that a majority of a listed company's directors qualify as independent. Our Board of Directors has determined that eight of our nine directors -Mses. Auen, Reed and Licitra, and Messrs. Donnelly, Gold, Gould, Johnson and Meteny-are independent under the Nasdaq listing standards. In addition, our Board of Directors has determined that our nominee, Michael E. Tamoff, MD, is independent under the Nasdaq listing standards. Under the Nasdaq listing standards, an "independent director" is a director who is not an officer or employee of AngioDynamics or any subsidiary and who does not have any relationship that the Board of Directors believes would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors reviews the relationships that each director has with our Company on an annual basis and only those directors having no direct or indirect material relationship with our Company and who qualify as independent under the Nasdaq listing standards will be considered independent directors of AngioDynamics.

Communications with the Directors

Shareholders may communicate in writing with any particular director, the independent directors as a group, or the entire Board by sending such written communication to our Secretary at our principal executive offices, 14 Plaza Drive, Latham, New York 12110. Copies of written communications received at such address will be provided to the Board or the relevant director or directors unless such communications are determined by our outside counsel to be inappropriate for submission to the intended recipient(s). However, any communication not so delivered will be made available upon request to any director. Examples of shareholder communications that would be considered inappropriate for submission include, without limitation, customer complaints, business solicitations, product promotions, résumés and other forms of job inquiries, junk mail and mass mailings, as well as material that is unduly hostile, threatening, illegal or similarly unsuitable.

Policy on Director Attendance at Annual Meetings

All Board members are encouraged to attend our Annual Meetings of shareholders absent an emergency or other unforeseen circumstance. All of our directors who were currently in office attended our 2018 Annual Meeting of Shareholders.

Compliance Program

Our Board of Directors has adopted a written Code of Business Conduct and Ethics for our Company. Our Code of Business Conduct and Ethics is available at our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Highlights-Governance Documents-Code of Ethics" caption. All Company officers, employees, and directors are required to comply with our Code of Business Conduct and Ethics. Our Code of Business Conduct and Ethics covers a number of topics, including conflicts of interest, insider trading, fair dealing, equal employment opportunity and harassment, anti-bribery, and confidential information, as well as requiring adherence to all laws, rules, and regulations applicable to our business. Employees are required to bring any violations and suspected violations of the Code of Business Conduct and Ethics to the attention of the Company through management or our legal counsel or by using the Company's confidential Compliance Hotline. The Company also maintains a Board-approved comprehensive compliance program to ensure our employees comply with applicable laws, rules, regulations, and industry codes when interacting with healthcare professionals.

The Company maintains the Compliance Hotline for the Company employees and third parties to use as a means of raising concerns or seeking advice. The Compliance Hotline is provided by an independent third-party and is available worldwide. Individuals using the Compliance Hotline may choose to remain anonymous and all inquiries are kept confidential to the extent practicable in connection with the investigation. All Compliance Hotline inquiries are forwarded to the Company's Corporate Compliance Officer and Director of Internal Audit for investigation. The Audit Committee is informed of any matters reported to the Company's Corporate Compliance Officer and Director of Internal Audit, whether through the Compliance Hotline, management, or otherwise, involving accounting, internal control, or auditing matters. Matters reported to the Company's Corporate Compliance Officer and Director of Internal Audit, whether through the Compliance Hotline, management, or otherwise, involving, among other things, compliance with laws, employee health and safety, employment, and interactions with health care professionals, are reported to the Nominating, Compliance, and Corporate Governance Committee.

Board of Directors Leadership Structure

Howard W. Donnelly is our independent, non-executive Chairman of the Board of Directors, and James C. Clemmer is our Chief Executive Officer. We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the

business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its shareholders.

Risk Oversight

Our Board of Directors monitors management's enterprise-wide approach to risk management. The full Board of Directors' role in discussing and developing our business strategy is a key part of its understanding of the risks the Company faces and what steps management is taking to manage those risks. The Board of Directors regularly assesses management's appetite for risk and helps guide management in determining what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee reviews management's enterprise risk assessment, which focuses on four primary areas of risk: Strategic; Financial; Operational and Legal/Compliance. In addition, the Audit Committee focuses on financial risks, including internal controls. In setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy. The Nominating, Compliance, and Corporate Governance Committee focuses on significant legal and regulatory compliance matters, including compliance with laws, employment matters, and interactions with health care professionals.

MEETINGS AND BOARD COMMITTEES

Committees of the Board

During our fiscal year ended May 31, 2019, our Board of Directors had three standing committees, the members of which have been elected by the Board: the Audit Committee; the Compensation Committee; and the Nominating, Compliance and Corporate Governance Committee. Each committee is composed entirely of independent directors and the Chairman and members of each committee are appointed annually by the Board. Each committee is authorized to retain its own outside counsel and other advisors as it desires, subject to, for the Nominating, Compliance and Corporate Governance Committee a \$100,000 annual limitation on fees and expenses for such counsel and advisors without the full Board's prior consent.

Each committee has adopted a written charter, and a brief summary of each committee's responsibilities follows.

The Audit Committee met eight times during our fiscal year ended May 31, 2019. All of such meetings were attended, either in person or telephonically, by all of the members of the Audit Committee. - reviewing and approving the evaluation process, compensation structure and payouts for our other executive officers annually and overseeing the CEO's decisions concerning the performance and compensation of our other executive officers; and
- reviewing and administering our incentive compensation and other stock-based plans and recommending changes in such plans to the Board, as needed.

In addition, Mr. Gold joined the Compensation Committee on July 18, 2018. The Compensation Committee met five times during our fiscal year ended May 31, 2019. All of such meetings were attended, either in person or telephonically, by all of the members of the Compensation Committee. The Compensation Committee took action by written consent on two occasions during the fiscal year ended May 31, 2019.

Compensation Committee Interlocks and Insider Participation

During fiscal 2019, as of the date of this proxy statement, none of the members of the Compensation Committee was or is an officer or employee of the Company, and no executive officer of the Company served or serves on the compensation Committee or Board of Directors of any company that employed or employs any member of the Company's Compensation Committee or Board of Directors.

Nominating, Compliance and Corporate Governance Committee

The Nominating, Compliance and Corporate Governance Committee is responsible for:

- assisting the Board in identifying individuals qualified to serve as directors of our Company and on committees of the Board and assessing the background and qualifications of director candidates;
- advising the Board with respect to Board composition, procedures and committees;
- developing and recommending to the Board a set of corporate governance principles applicable to our Company, including principles for determining the form and amount of director compensation;
- overseeing the evaluation of the Board; and
- overseeing the Company's compliance with, and process for monitoring compliance with, legal and regulatory requirements, in coordination with the Audit Committee.

The Nominating, Compliance and Corporate Governance Committee's guidelines for selecting nominees to serve on the Board are set forth in its charter and summarized below.

The Nominating, Compliance and Corporate Governance Committee may apply several criteria in selecting and assessing nominees. At a minimum, the Committee will consider:

- whether each such nominee has demonstrated, by significant accomplishment in the nominee's field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of our Company; and
- the nominee's reputation for honesty and ethical conduct in the nominee's personal and professional activities.

Additional factors that the Committee shall take into account are set forth in its charter, and include, for example, the relevance of a candidate's specific experiences, skills, industry background and knowledge to the business and objectives of our Company; a candidate's potential contribution to the diversity of the Board (including gender, race and ethnicity); a candidate's personal and professional integrity, character and business judgment; a candidate's time availability in light of other commitments; any potential conflicts of interest involving a candidate; and any other factors or qualities that the Committee believes will enhance the Board's ability to effectively manage and direct our Company's affairs and business, including, where applicable, the ability of Board committees to perform their duties or satisfy any independence requirements under the Nasdaq listing standards or otherwise. In identifying director candidates, the Committee also considers the composition of the Board as a whole, with the goal of achieving a balance of the above-listed criteria across the entire Board and a mix of management and independent directors, while also filling the need for particular skill sets, such as those required of the Audit Committee.

The Nominating, Compliance and Corporate Governance Committee will identify nominees by first evaluating the current members of our Board of Directors whose terms are expiring and who are willing to continue in service. In doing so, the Committee will balance the skills and experience of such current directors, as well as the value of continuity of their service, with that of obtaining new perspectives for the Board.

For new nominees, the Committee will identify potential candidates based on input from members of the Board and management and, if the Committee deems it appropriate, from one or more third-party search firms. The Committee will seek new qualified director candidates from, among other areas, the traditional corporate/business environment, healthcare providers and other professional fields and governmental and regulatory agencies that are relevant to our Company's business and objectives. The Committee will seek to include qualified and diverse director candidates, including women and individuals

from minority groups, in the pool from which nominees are selected. In this regard, the Committee and the Board believe that a diverse Board can lead to improved company performance by encouraging new ideas, expanding the knowledge base available to the Board and management and fostering a boardroom environment and culture that promotes new perspectives, innovation and deliberation.

Once a person has been identified by the Committee as a potential candidate, the Committee will assess, based on publicly available information regarding the person, whether the candidate should be considered further. If the Committee determines that the candidate warrants further consideration and the person expresses a willingness to be considered and to serve on the Board, the Committee will request information from the candidate, review his or her accomplishments and qualifications and conduct one or more interviews with the candidate. If the candidate appears qualified, committee members may also contact references provided by the candidate or other persons with first-hand knowledge of the candidate's experience and accomplishments. Additionally, candidates may be requested to meet with some or all of the other members of the Board of Directors. Using the input from these interviews and the other information it has obtained, the Committee will determine whether it should recommend that the Board nominate, or elect to fill a vacancy with, a final prospective candidate. The Committee's evaluation process is the same for candidates recommended by shareholders.

The authority and responsibilities of the Nominating, Compliance and Corporate Governance Committee are set forth in detail in its charter, which is available on our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Highlights-Committee Charters-Nominating, Compliance & Corporate Governance Committee" caption. The information on our website is not a part of this proxy statement.

Gold, and through October 10, 2018, Steven R. LaPorte. In addition, on July 18, 2018, Ms. Reed and Kevin J. Gould joined the Committee. Each director who served on the Nominating, Compliance and Corporate Governance Committee has been determined by our Board of Directors to be independent under the Nasdaq listing standards. Mr. Johnson serves as the Chair of the Committee. The Nominating, Compliance and Corporate Governance Committee met seven times during the fiscal year ended May 31, 2019. All of such meetings were attended, either in person or telephonically, by all of the members of the Nominating, Compliance and Corporate Governance Committee. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Business and Performance Overview

In evaluating the operating performance of our business, management focuses on revenue, gross margin, operating income, earnings per share and cash flow from operations. A summary of these key financial metrics for the year ended May 31, 2019 compared to the year ended May 31, 2018 follows:

Year ended May 31, 2019:

- Revenue increased by 3.4% to \$270.6 million
- Gross margin as a percentage of sales increased by 260 bps to 57.6%
- Operating loss decreased by \$4.8 million to \$9.4 million
- Cash flow from operations decreased by \$3.8 million to \$37.4 million

Strategic Initiatives to Drive Growth

Throughout the year, we introduced strategic moves designed to streamline our business, improve our overall business operations and position ourselves for growth. Those initiatives included:

- **Product development process:** The Company continued its robust product development process which is intended to improve the Company's ability to bring new products to market.
- **Value Creation:** To create value and drive future growth, the Company plans to practice dispassionate portfolio optimization and continue to focus on areas of compelling unmet needs including those that are patient-centric and evidenced-based. This was evident through the BioSentry and RadiaDyne acquisitions along with the divestiture of the Fluid Management business. In addition, the Company is pursuing targeted global expansion opportunities.

Compensation Philosophy and Objectives

AngioDynamics operates in an extremely competitive industry. Our compensation philosophy is designed to:

- align our executive officers' compensation with our business objectives and the interests of our shareholders;
- enable us to attract, motivate and retain the level of successful, qualified senior executive leadership talent necessary to achieve our long-term goals; and
- reward performance, company growth and advancement of our long-term strategic initiatives.

AngioDynamics generally sets executive compensation targets for cash and equity-based compensation within a competitive range of the 50th percentile of companies in a predetermined comparable group through a combination of fixed and variable compensation. Our compensation program supports our "pay for performance" philosophy by targeting compensation within a competitive range of the 50th percentile with the opportunity to earn higher percentile actual pay when warranted by performance. Conversely, if performance falls below objectives, the programs are structured such that actual realized pay would vary accordingly.

AngioDynamics views these ranges of compensation targets as a guideline, not a rule, in setting and adjusting our compensation programs. While the Compensation Committee attempts to base compensation decisions on the most recent market data available, it also recognizes the importance of flexibility, and may go above or below the targeted ranges for any individual or for any specific element of compensation. Individual executive compensation may be above or below the stated philosophy based on considerations such as individual performance, experience, history and scope of position, current market conditions and the specific needs of the business at critical points in time.

In addition, our compensation strategy takes into account our financial performance relative to our peer companies including companies that:

- exclusively design, develop, manufacture, and market medical devices;
- market and sell products primarily through a direct sales force;
- are publicly traded on the Nasdaq or NYSE stock exchanges and have at least one published proxy statement;
- have revenues, market value, and an employee size of a minimum of approximately 50% of, and up to approximately 200% of our expected revenues, market size and employee count for the next fiscal year; and
- are generally profitable.

Within this overall philosophy, the Compensation Committee's objectives are to:

- offer a total compensation package that takes into consideration the compensation practices of similarly situated companies with which we compete for exceptional senior level talent;
- provide annual cash incentive awards relative to attaining certain pre-determined financial metrics, along with completion of individual objectives;
- align financial incentives with shareholders' interests through significant equity-based incentives to senior management; and
- reward overachievement of goals with programs designed to have significant upside bonus opportunity for participants.

The Compensation Committee

The Compensation Committee is responsible for: (i) assisting the Board in developing and evaluating potential candidates for executive positions; (ii) reviewing and recommending to the Board the corporate goals and objectives with respect to our CEO's compensation on an annual basis; (iii) reviewing our CEO's performance annually in light of the Committee's established goals and objectives and recommending to the full Board the compensation payable to the CEO; (iv) reviewing and approving the evaluation process, compensation structure and payouts for our other named executive officers annually and overseeing the CEO's decisions concerning the performance and compensation of our other named executive officers; and (v) reviewing and ensuring our incentive compensation and other stock-based plans are administered consistent with the terms of such plans and recommending changes in such plans to the Board, as needed. The authority and responsibilities of the Compensation Committee are set forth in detail in its charter, which is available on our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Highlights-Committee Charters-Compensation Committee" caption.

Our Board of Directors has determined that all of the directors who were members of the Compensation Committee during our fiscal year ended May 31, 2019, Messrs. Gold, Gould and LaPorte and Ms. Auen are independent under the Nasdaq listing standards. Although the Compensation Committee comprises solely independent directors, it does consider the recommendations, if any, provided by our CEO in determining the appropriate levels of compensation for our named executive officers, other than the CEO.

Named Executive Officers

AngioDynamics' named executive officers for fiscal 2019 were James C. Clemmer, President and CEO, Michael C. Greiner, Executive Vice President ("EVP") and Chief Financial Officer ("CFO"), David D. Helsel, Senior Vice President ("SVP") of Global Operations and Research and Development ("R&D"), Robert A. Simpson, SVP and General Manager ("GM") - Vascular Interventions and Therapies and Stephen A. Trowbridge, SVP and General Counsel. On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

Components of Executive Compensation for Fiscal 2019

The three components of the compensation program for named executive officers are base salary, annual cash incentive compensation and long-term equity-based incentive awards in the form of performance share awards, stock options and restricted stock unit awards. The Compensation Committee administers these components with the goal of providing total compensation that is competitive in the marketplace, while recognizing meaningful differences in individual performance and offering the opportunity to earn superior rewards when merited by individual performance. The Compensation Committee's policy is to establish ranges for base salary, annual cash incentive compensation and equity-based incentives for named executive officer positions, including that of the CEO, with consideration to the amounts paid by similarly-situated companies, which include publicly traded companies of similar structure, revenue, and profitability in the medical device and life sciences industries.

In determining these ranges, the Compensation Committee reviewed information from a compensation survey conducted on our behalf during our fiscal year ended May 31, 2017 by Steven Hall Partners, an independent consulting company engaged by the Compensation Committee to conduct the survey. The Compensation Committee assessed the independence of Steven

Hall Partners and concluded that no conflict of interest exists with respect to their services to the Compensation Committee. The Compensation Committee also approved the list of peers to be used in the analysis.

Components of Executive Compensation for Fiscal 2020

During our fiscal year ended May 31, 2019, the Compensation Committee engaged Meridian Compensation Partners as its independent compensation consultant on a go-forward basis. The Committee assessed the independence of Meridian Compensation Partners and concluded that no conflict of interest exists with respect to their services to the Compensation Committee. In order to ensure a comprehensive review in preparing the information analyzed by the Compensation Committee, Meridian took the following steps:

- 1) Reassessed the list of peer companies to be used in compensation benchmarking analysis. Meridian focused on publicly-traded medical device companies with revenues of approximately 33% – 300% our current revenue. The result of the analysis was the following updated peer group of 19 companies with our revenue positioned at approximately the median of the group at the time of selection.

ABIOMED, Inc.	Cardiovascular Systems, Inc	Globus Medical Inc.	Nevro Corp.
Accuray Incorporated	CONMED Corporation	K2M Group Holdings, Inc.	NxStage Medical, Inc.
AtriCure, Inc.	CryoLife, Inc.	Lantheus Holdings, Inc.	Orthofix Medical Inc.
Avanos Medical, Inc.	Endologix, Inc.	LeMaitre Vascular, Inc.	Penumbra, Inc.
	Glaukos Corporation	Merit Medical Systems, Inc.	RTI Surgical, Inc.

- 2) Compiled information, including analyzing and selecting peer companies, analyzing our historical and current compensation practices and philosophies, and determining comparable positions and job descriptions, with the assistance of the Compensation Committee and other key contributors.
- 3) Performed a proxy review using peer group data and other industry specific surveys to analyze base salary, total cash compensation, and long-term incentives paid to executives and summarized its findings in the form of a competitive pay analysis to inform fiscal year 2020 target compensation.
- 4) Presented recommendations for comprehensive executive plan strategy and pay structure for the next fiscal year, including base salary levels, design of the annual bonus program, design of long term incentive programs and amount and allocation of short-term and long-term incentive compensation components.

CEO Employment Agreement

On April 1, 2016, AngioDynamics entered into an employment agreement with James C. Clemmer, appointing Mr. Clemmer as President and Chief Executive Officer of the Company, effective April 4, 2016. Pursuant to the employment agreement with Mr. Clemmer, he will serve as the Company's President and CEO for an initial two-year term, subject to successive one-year extensions unless either party notifies the other in writing not later than March 1 immediately prior to the anniversary of the employment agreement effective date, beginning on March 1, 2018 and each March 1 thereafter. Mr. Clemmer's employment agreement provides him with an annual base salary (\$700,000 in fiscal 2019) and eligibility for an annual bonus with a target level of 100% of his base salary, payable based upon our achievement of pre-determined financial metrics as discussed in further detail below. In addition, pursuant to the agreement, Mr. Clemmer is eligible to receive (i) an executive car allowance of \$1,500 per month (less applicable taxes) and (ii) reimbursement for reasonable business expenses incurred during the period of employment subject to the Company's expense reimbursement policies. Mr. Clemmer is eligible to participate in the benefit and perquisite plans and programs generally available to senior executives of the Company, including health insurance, life and disability insurance, the Employee Stock Purchase Plan, 401(k) plan and flexible spending plan.

In addition, under his employment agreement, Mr. Clemmer was granted equity awards effective April 4, 2016 in the form of (i) 250,000 performance share awards, (ii) an option to purchase 200,000 shares of common stock, and (iii) 50,000 restricted stock units. The performance share awards have a three-year term with payouts to be made in shares of AngioDynamics common stock at the end of the term ranging between 0 and 200% of the grant amount depending on the Company's total shareholder return relative to a peer group of companies substantially similar to the peer group previously disclosed in connection with the Company's prior performance share award programs. The options will vest in four equal installments beginning on the first anniversary of the grant date, have a strike price equal to the closing price of AngioDynamics' common stock as of April 4, 2016 (\$12.14) and expire, if not exercised, on April 4, 2023. The restricted stock units will vest in four equal installments beginning on the first anniversary of the grant date. Each of these three grants was granted to Mr. Clemmer as inducement equity awards in accordance with Nasdaq Listing Rule 5635(c)(4).

Base Salaries

The base salary for each named executive officer is determined at levels considered appropriate for comparable positions at similarly situated companies, while targeting the 50th percentile for total cash compensation of executives at such similarly situated companies. Adjustments to each individual's base salary are made based on annual performance reviews with consideration given to the executive's performance as well as his/her salary compared with the range of those listed in the aforementioned survey and our executives generally. Among the criteria used in the annual performance reviews are the work and supervisory performance of the executive, demonstrated management and leadership skills, performance to specific established personal goals, and the strengths and weaknesses that the executive demonstrates on the job.

Following are the base salary increases for the named executive officers for fiscal 2019 that were effective September 1, 2018 and for our fiscal year 2020 that will be effective August 1, 2019.

Name	Fiscal 2018 Base Salary	Fiscal 2019 Base Salary	Percentage Increase	Fiscal 2020 Base Salary	Percentage Increase
James C. Clemmer	\$ 650,000	\$ 700,000	8%	\$ 720,000	3%
Michael C. Greiner	\$ 410,000	\$ 422,000	3%	\$ 440,000	4%
David D. Helsel	\$ 315,000	\$ 341,000	8%	\$ 352,000	3%
Robert A. Simpson ⁽¹⁾	\$ 330,000	\$ 340,000	3%	N/A	N/A
Stephen A. Trowbridge	\$ 327,000	\$ 337,000	3%	\$ 360,000	7%

(1) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

Salary increases for all AngioDynamics employees averaged approximately 3% during each of our fiscal years 2019 and 2020. The salary increases for our named executive officers were within the guidelines for our employees. Mr. Clemmer's salary increase for our fiscal Year ending May 31, 2019 included a 5% market adjustment, Mr. Trowbridge's salary increase for our fiscal Year ending May 31, 2020 included a 4% market adjustment, and Mr. Helsel's salary increase for our fiscal Year ending May 31, 2019 included a 5% increase in connection with his role expansion to include management of our R&D function.

Annual Cash Incentives

The Compensation Committee believes that a meaningful portion of the annual compensation of each named executive officer should be in the form of annual cash incentive compensation.

For our fiscal year ended May 31, 2019, 60% of the annual cash incentive target was based upon pre-determined financial metrics and 40% of was based upon the achievement of pre-determined corporate objectives. For our named executive officers during our fiscal year ended May 31, 2019, the annual cash incentive targets were as follows: 20% based on our achievement of our pre-determined net sales target, 20% based on our achievement of our pre-determined adjusted EPS target, 20% based upon our achievement of our pre-determined free cash flow target, 20% based upon achievement of a corporate objective related to development and approval of a three-year strategic plan and 20% based upon achievement of a corporate objective related to securing FDA approval to initiate an IDE trial to study the use of NanoKnife to treat pancreatic cancer. The Compensation Committee uses net sales, adjusted EPS and free cash flow as the targets to measure financial performance because it believes these metrics are highly linked to creating long term value for shareholders. Additional compensation up to a maximum of 100% of the target incentive payment amounts may be awarded if we overachieve our annual financial targets. For our fiscal Year ended May 31, 2019, the Compensation Committee used corporate objectives related long term strategic planning and designing and securing approval for an IDE trial to study the use of NanoKnife to treat pancreatic cancer because it believed that these two objectives were directly linked to creating long term value for shareholders.

For our fiscal 2019, we achieved (A) 102% of our net sales target of \$353.8 million, resulting in a payout equal to 137% of the target associated with net sales, (B) 98% of our adjusted EPS target of \$0.84, resulting in a payout equal to 80% of the target associated with adjusted EPS, (C) 109% of our free cash flow target of \$31.4 million, resulting in a payout equal to 119% of the target associated with free cash flow, (D) 75% of our corporate objective related to development and approval of a three-year strategic plan, and (E) 100% of our corporate objective related to securing FDA approval to initiate an IDE trial to study the use of NanoKnife to treat pancreatic cancer. In total, for our fiscal Year ended May 31, 2019, our Named Executive Officers achieved 102% of our annual cash incentive targets.

In fiscal 2019, the target incentive payment amounts and the actual payout amounts, each as a percentage of base salary, for the named executive officers were as follows:

Name	Target as a Percentage of Base Salary	Actual Payout as a Percentage of Base Salary
James C. Clemmer	100%	102%
Michael C. Greiner	65%	66%
David D. Helsel	45%	46%
Robert A. Simpson ⁽¹⁾	45%	46%
Stephen A. Trowbridge	45%	46%

(1) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

Long-Term, Equity-Based Incentive Awards

In 2004, we adopted the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan, as amended, (the "2004 Plan"). The 2004 Plan provides for the grant of incentive awards, including performance share awards, performance unit awards, restricted stock awards and restricted stock unit awards, as well as incentive and non-qualified stock options and stock appreciation rights. The Compensation Committee believes that including equity grants as a significant component of executive compensation aligns our executives' interest with those of our shareholders. The Compensation Committee has made grants of stock options, restricted stock unit awards and performance share awards and, in the future, expects to offer other awards under the 2004 Plan in order to provide named executive officers with an opportunity to share, along with shareholders, in our long-term performance and to reward these individuals for their contribution to our performance.

Stock option and restricted stock unit grants generally are made to each named executive officer upon his or her joining AngioDynamics and satisfying the requirements for eligibility under the plan, with additional grants in the form of options, restricted stock units and performance share awards being made annually. Stock options granted under the 2004 Plan generally have a four-year vesting schedule. Stock options granted prior to May 1, 2007 or after June 1, 2017 generally expire ten years from the date of grant while stock options granted between May 1, 2007 and May 31, 2017 generally expire seven years from the date of grant. The exercise price of options granted under our plan must be at least 100% of the fair market value of the underlying stock on the date of grant. Restricted stock unit awards typically vest equally over a four-year period and are settled in shares of AngioDynamics' common stock if the employee remains active with the Company through the vesting date. Performance share awards are generally made each year, with each grant having a three-year term with payouts to be made in shares of AngioDynamics' common stock at the end of the term depending on AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. The number of shares of common stock that vest under the performance share award will be in a range of 0% to 200% of the target number of shares granted to the employee based upon AngioDynamics' TSR percentile ranking relative to the peer group as follows:

TSR Performance Percentile Rank	Performance Share Awards as a Percent of Target
75th Percentile or above	200%
50th Percentile	100%
25th Percentile	50%
Below 25th Percentile	0%

If the minimum level of performance (at least the 25th percentile) is achieved for the performance period, the number of shares of common stock vesting under the performance share award will be calculated linearly between each set of data points.

The peer group for performance share awards granted in fiscal 2019 is set forth in the table below.

Abiomed Inc.	Digirad Corp	Masimo Corporation
Accuray Inc.	Edwards Lifesciences Corporation	Merit Medical Systems, Inc.
AlphaTec Holdings Inc.	Endologix, Inc.	Mine Safety Appliances Company
Articure, Inc.	Haemonetics Corporation	Natus Medical Incorporated
Atrion Corporation	ICU Medical, Inc.	NuVasive, Inc.
Becton, Dickinson & Company	Insulet Corporation	Resmed Inc.
Boston Scientific Corporation	Integra Lifesciences Holdings Corporation	RTI Surgical, Inc.
Cantel Medical Corp.	Intricon Corporation	Steris Corporation
Conmed Corporation	Intuitive Surgical, Inc.	Stryker Corporation
CryoLife, Inc.	Invacare Corporation	Teleflex Incorporated
Cutera, Inc.	Lakeland Industries Inc.	Varian Medical Systems, Inc.
Dexcom, Inc.	Lemaitre Vascular, Inc.	Wright Medical

Except as described below under "Potential Payments Upon Termination or Change in Control," in the event of the named executive officer's termination of employment, all of his or her unvested options, restricted stock units and performance share awards are generally forfeited in accordance with the provisions of the 2004 Plan and the applicable grant agreement.

The number of stock options, restricted stock units or performance share awards granted to each named executive officer is generally based upon several factors, including: (i) position with AngioDynamics; (ii) base salary; (iii) performance; and

(iv) the grants made, on average, by similarly situated companies to executives with similar responsibilities. For our fiscal year ended May 31, 2019, the Compensation Committee set targets of total long term incentive awards at 225% of base salary for the CEO, 100% of base salary for the EVP and CFO and 75% of base salary for the other named executive officers. For our fiscal year ended May 31, 2019, the total long term incentive target comprises 50% of total value from performance share awards, 25% of total value from restricted stock units and 25% of total value from options.

The Compensation Committee and the Board of Directors believe that this annual long term incentive program provides a strong pay for performance orientation while effectively incentivizing management decision making and providing appropriate retention incentives. Performance share award payouts are directly tied to AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. Stock options effectively incentivize management to maximize company performance, as the value of options is directly tied to appreciation in the value of our common stock. Stock options also provide an effective retention mechanism because of the four-year vesting provisions. Restricted stock units are intended to retain key management through vesting periods, with the opportunity for capital accumulation and more predictable long-term incentive value than stock options.

For our fiscal year ended May 31, 2019, based upon the Black-Scholes valuation for our options as of July 18, 2018, the Compensation Committee granted the following options to our named executive officers as follows:

Executive Officer	Number of Options
James C. Clemmer	55,651
Michael C. Greiner	22,260
David D. Helsel	15,663
Robert A. Simpson ⁽¹⁾	15,126
Stephen A. Trowbridge	15,032

(1) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

For our fiscal year ended May 31, 2019, based upon the closing price for our common stock as of July 18, 2018, the Compensation Committee granted the following restricted stock units for our named executive officers as follows:

Executive Officer	Number of Restricted Stock Units
James C. Clemmer	17,469
Michael C. Greiner	6,987
David D. Helsel	4,916
Robert A. Simpson ⁽¹⁾	4,748
Stephen A. Trowbridge	4,719

(1) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

For our fiscal year ended May 31, 2019, based upon the closing price for our common stock as of July 18, 2018, the Compensation Committee granted the following performance share awards for our named executive officers with a target number of performance shares as follows:

Executive Officer	Target Number of Performance Shares
James C. Clemmer	34,938
Michael C. Greiner	13,976
David D. Helsel	9,834
Robert A. Simpson ⁽¹⁾	9,496
Stephen A. Trowbridge	9,437

(1) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

Grants of options and restricted stock units made to our named executive officers in fiscal 2019 are set forth below in the table titled "Grants of Plan-Based Awards for fiscal 2019."

Vesting of Fiscal 2016 Performance Share Awards

For the performance period from July 22, 2015 through July 12, 2018 associated with the performance share awards that were granted during our fiscal 2016, the Company achieved a relative TSR ranking versus the applicable peer group of the 31st percentile. As a result, 62% of Mr. Trowbridge's fiscal 2016 grant of performance share awards vested. None of our other NEO's were employed by AngioDynamics when these performance shares were granted.

Stock Ownership Guidelines

To further align the interests of management and shareholders, we maintain stock ownership guidelines for our senior executive officers, including our named executive officers. Our CEO is required to hold a number of shares with a value equal to three times his or her base salary, while our EVP and CFO and each of our SVPs are required to hold a number of shares with a value equal to one times his or her base salary. Employees who are hired or promoted to these management positions must acquire the required number of shares within five years. A senior executive that participates in our employee stock purchase plan at the maximum level from such senior executive's eligibility date may count unvested restricted stock units towards his or her shareholding requirement. A senior executive that holds a number of shares less than the applicable ownership level must hold 100% of all Net Shares (as defined below) granted by the Company to be eligible for future stock option grants or other equity awards. Net Shares are all shares received pursuant to all Company equity awards excluding shares sold to cover (i) the exercise price of options and/or (ii) taxes. The Compensation Committee is mindful that each individual's personal circumstances will affect progress toward the targeted levels of stock ownership. Senior executives who are unable to achieve or maintain the targeted level of ownership within the prescribed time period may consult with the Compensation Committee with respect to a hardship exemption. Each of our named executive officers is currently in compliance with the applicable holding requirements.

Hedging and Pledging Policy

Our Insider Trading Policy prohibits directors and employees, including named executive officers, from engaging in hedging or monetization transactions, such as zero-cost dollars and forward sale contracts, and from engaging in borrowing against AngioDynamics' securities held in a margin account, or pledging AngioDynamics' securities as collateral for a loan (unless the individual can clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities).

Clawback Policy

If any award (including an annual cash incentive award as well as a long term equity-based incentive award) was granted to an AngioDynamics' executive and the Compensation Committee (or the Board of Directors) later determines that the financial results of the Company used to determine the amount of that award, or any payment under that award, whether to the executive or to the executive's beneficiary, are materially restated and that such executive engaged in fraud or intentional misconduct with respect to the inputs to, or determination of, such financial results, the Company will seek repayment or recovery of the award, as the Board of Directors in its sole discretion determines is reasonable and appropriate, notwithstanding any contrary provision of any incentive plan. In addition, the Compensation Committee or the Board of Directors may provide that any executive and/or any award, including any shares subject to or issued under an award, is subject to any other recovery, recoupment, clawback and/or other forfeiture policy maintained by the Company from time to time.

Perquisites

All executives of AngioDynamics are entitled to an automobile allowance of \$1,200 per month (\$1,500 in the case of our CEO) and we will cover the employee's expenses for mileage or gas for company-related business.

Deferred Compensation Program

We do not sponsor or maintain any non-qualified deferred compensation programs for the benefit of any of our named executive officers.

Potential Payments upon Termination or Change in Control

Executive Severance Policy

Our named executive officers may be eligible for severance payments and benefits under our AngioDynamics Senior Executive Severance Pay Guidelines.

A senior executive may be eligible to receive severance benefits in the following situations:

- The elimination of the executive's job or position;
- The relocation of the executive's job or position to a location in excess of 60 miles from the current location of employment; or
- Divestment of the executive's business or business unit, unless the acquiring/successor entity offers continuing employment that does not involve a major relocation, as described above.

A senior executive would generally not be eligible for severance benefits in the following situations:

- Terminations for performance reasons, including, but not limited to, violating work rules;
- Voluntary resignations;
- In the event of an asset or stock sale, where the executive continues employment with a successor in interest to AngioDynamics or any of either its or AngioDynamics' subsidiaries, affiliates or joint ventures; or
- A transfer or reassignment of the executive to another location, division, subsidiary, affiliate or joint venture that does not result in relocation as described above.

In addition, severance under this policy typically will not be available to executives who have agreements with AngioDynamics, its subsidiaries and/or affiliates and joint ventures that provide for payments upon termination of employment, other than those that derive from these guidelines. To be eligible for severance pay the executive must sign a separation agreement acceptable to the Company. During our fiscal year ended May 31, 2019, in general, the following schedule for the payment of cash severance is considered appropriate:

Service Completed	Severance Payment
Less than 3 years of service	1 months' base salary
3-5 years of service	2 months' base salary
6-9 years of service	3 months' base salary
10-12 years of service	4 months' base salary
13+ years of service	6 months' base salary

The following additional consideration may be appropriate for exempt employee positions described below:

- Vice Presidents: an additional 4 months of base salary; and
- Sr. Vice Presidents: an additional 6 months of base salary.

EVPs and SVPs who report directly to the CEO are entitled to an aggregate severance benefit equal to 12 months of base salary.

In general, the CEO is eligible for a severance benefit equal to 18 months of base salary, unless a different severance benefit is set forth in an effective agreement.

The maximum severance period that will be offered under any circumstances (other than to the CEO) is 12 months.

Payments are generally made in accordance with the Company's regular salary payment practices, subject to modification in connection with Section 409A of the Internal Revenue Code, unless a different method is set forth in an effective agreement.

Additional benefits such as outplacement assistance, continued insurance coverage, and/or an agreement not to contest eligibility for unemployment compensation, may also be offered in a separation agreement.

Change-In-Control Arrangements

In August 2013, our Board of Directors authorized us to enter into change in control severance agreements with certain executive officers. Each agreement has a current term that expires on December 31 of each year, and will automatically renew on each immediately following January 1 for an additional one year term (unless the Company has given notice prior to such January 1 that the term will not be extended); provided however, that if a change in control occurs the term will expire no earlier than 12 calendar months after the calendar month in which such change in control occurs. A change of control is generally defined in each agreement as any of the following: (i) a person is or becomes a beneficial owner of more than 50% of our voting securities, (ii) the composition of a majority of our Board changes, (iii) we consummate a merger or consolidation (other than a transaction following which the Company's voting securities continue to represent (by remaining outstanding or by conversion) at least 60% of the combined voting power of the Company or its successor, or a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person becomes a beneficial owner

of more than 50% of our voting securities), or (iv) our shareholders approve a plan of liquidation or sale of substantially all of our assets. Each agreement provides, among other things, that if a change in control occurs during the term of the agreement, and the executive's employment is terminated either by us or by the executive, other than (a) by us for cause, (b) by reason of death or disability, or (c) by the executive without good reason, such executive will receive a severance payment equal to: (A) 2.5 times his annual base salary for the CEO and 2 times the executive's annual base salary for the EVP and CFO, SVP and GM, SVP Operations and SVP and General Counsel, (B) unpaid and prorated annual bonus amounts, and (C) earned but unused vacation time. In addition, each agreement provides that in the event that the severance and other benefits provided for in the agreement or otherwise payable to the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the benefits under the agreement will be either (i) delivered in full, or (ii) delivered to a lesser extent which would result in no portion of the benefits being subject to such excise tax, whichever is more beneficial to the executive.

Payment made under each respective agreement is generally made in a lump sum within thirty days following termination subject to delay if required by Section 409A of the Internal Revenue Code.

Equity Acceleration under the 2004 Plan

Under the terms of the 2004 Plan and our applicable equity award agreements, grantees may be eligible for accelerated vesting of equity awards upon certain terminations of employment or in connection with a change in control. Outstanding stock options will become fully exercisable upon a change in control (as defined in the 2004 Plan), or upon a termination because of death or disability. Restricted stock units are eligible for prorated vesting upon a termination because of death or disability, and full vesting if a grantee is terminated without cause or resigns for good reason on or after a change in control (as defined in the 2004 Plan) or the Company experiences a terminal transaction in connection with a change in control and the restricted stock units are not assumed or substituted. Performance share awards are eligible for prorated vesting following the end of the applicable performance period upon a termination due to death, disability, or retirement based on actual performance (but based on target performance if a change in control (as defined in the applicable award agreement) follows the termination and occurs during the performance period), and full vesting (at the target level) upon a change in control that occurs during the performance period.

See the table entitled "Estimates of Potential Payments Upon Termination or Change in Control" below for estimates of the severance payments and benefits described above.

Internal Revenue Code Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code generally prohibits a publicly held corporation, such as AngioDynamics, from claiming a deduction on our federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the CEO (or person acting in that capacity), CFO, and to the three most highly compensated officers other than the CEO as of the end of our fiscal year. Effective for taxable years beginning after December 31, 2017, Section 162(m)'s exemption from this deduction limit for "qualifying performance-based" compensation (*i.e.*, compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders) has been repealed, such that compensation paid to our covered officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Prior to the repeal of this exemption, in general, the Compensation Committee structured awards to executive officers under the Company's incentive programs in a manner to qualify for the exemption. However, the Compensation Committee retained the discretion to award compensation that exceeded the Section 162(m) deductibility limit and did not qualify for the exemption.

Going forward, as in previous years, the potential deductibility of compensation is only one of many considerations that the Compensation Committee will take into account when establishing the compensation paid to our named executive officers, and we believe it is important that the Compensation Committee retain flexibility and authority to grant or adjust compensation as needed to address particular circumstances, or unexpected, unusual or non-recurring events, or to attract and retain key executive talent, even if this results in the payment of compensation that is not deductible (whether by application of Section 162(m), to the extent applicable, or otherwise). Therefore, the Compensation Committee may make payments of compensation that are not deductible if, in its judgment, such payments are advisable to achieve our compensation objectives.

2018 Shareholder Advisory Vote on Executive Compensation

At our 2018 annual meeting, our shareholders approved, on an advisory basis, the compensation paid to our named executive officers, as disclosed under the compensation disclosure rules of the SEC, including the compensation discussion and analysis, the compensation tables and any related materials disclosed in the proxy statement for the 2018 annual meeting. The shareholder vote in favor of our named executive officer compensation totaled approximately 95.6 percent of all votes cast,

including abstentions. The Compensation Committee considered the results of the 2018 vote and views the outcome as evidence of strong shareholder support of our executive compensation decisions and policies. Accordingly, the Compensation Committee did not change its approach to executive compensation in 2019.

Compensation Policies and Practices Relating to Risk Management

Each year, the Compensation Committee reviews our compensation programs applicable to all employees and reviews and approves the compensation program applicable to executives, including the named executive officers. Based on the Compensation Committee's review of the terms and elements of these programs, as well as our practices and policies, the Compensation Committee determined that the Company's compensation policies and practices are appropriately designed to provide incentives for our employees without creating an inappropriate risk of excessive risk taking. Among other factors, the Compensation Committee's compensation philosophy generally discourages excessive risk taking by, among things:

- targeting base salary at or near the 50th percentile of comparable companies, providing meaningful compensation at a fixed level;
- designing total compensation programs to comprise a meaningful amount of long-term incentive compensation;
- balancing the composition of the Company's long-term incentive program to include time based restricted stock units and stock options to go along with performance shares;
- capping the total payout of short-term cash incentive opportunities; and
- adopting a code of ethics and business conduct applicable to all employees and directors.

In addition, the Company's 2004 Stock and Incentive Award Plan, as amended, includes clawback provisions that provide that any award (including annual cash incentive awards as well as long term equity-based incentive awards) granted to an executive are subject to repayment if the Compensation Committee or the Board of Directors later determines that the financial results of the Company upon which such awards were based are materially restated and such executive engaged in fraud or intentional misconduct in connection with such financial results. See *Clawback Policy* set forth in this Compensation Discussion and Analysis.

Based on the Compensation Committee's review, the Company has concluded that the risks arising from its compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors evaluates and makes recommendations to the Board of Directors regarding the compensation of the CEO and approves the compensation of our other named executive officers. The Compensation Committee also administers all executive compensation programs, incentive compensation plans and equity-based plans and all other compensation and benefit programs currently in place. We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

- (1) **Stock Awards:** The stock awards column represents aggregate grant date fair value of restricted stock unit awards and performance share awards granted in the respective fiscal year as computed in accordance with FASB ASC Topic 718, Compensation - Stock Compensation. Accordingly, the grant date fair value of restricted stock units was determined by multiplying the number of restricted stock units by the closing stock price on the date of grant, while the grant date fair value of performance share awards was determined using a Monte Carlo simulation. The assumptions used in the valuation of stock-based awards are discussed in Note 15 to our Audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2019. The table below shows the grant date fair value of the performance share awards included in the stock awards column for each year, and the maximum grant date value assuming that the highest level of performance conditions was achieved:

- (4) In accordance with the terms of the 2004 Plan, these options were granted at 100% of the closing market price on the date of grant, or if such date was not a trading day, the average of the high and low sale prices of our common stock on the most recent prior trading day. These options have a ten-year term. Generally, all options become exercisable as to 25% of the shares on each of the first four anniversary dates of the date of grant.
- (5) Represents grant-date fair value based on FASB ASC 718 for fiscal 2019 equity grants. - (1) Amounts in the “Accelerated Vesting of Stock Options” column represent the value of the number of each named executive officer’s in-the-money stock option awards that would have been eligible for accelerated or continued vesting upon a termination and/or change in control occurring on May 31, 2019, calculated by multiplying the number of shares underlying such in-the-money unvested stock options held by each named executive officer by the difference between that option’s exercise price and \$18.79 (the closing price of our common stock on May 31, 2019, as reported on Nasdaq). See the discussion above under “Potential Payments Upon Termination or Change in Control-Equity Acceleration under the 2004 Plan” for a description of the applicable vesting provisions.
- (2) Amounts in the “Restricted Stock Unit and Performance Share Vesting” column represent the value of the number of each named executive officer’s restricted stock units and performance share awards that would have been eligible for accelerated or continued vesting upon a termination and/or change in control occurring on May 31, 2019, calculated by multiplying the number of such restricted stock units and target number of performance share awards by \$18.79 (the closing price of our common stock on May 31, 2019, as reported on Nasdaq), with proration in the applicable circumstances. See the discussion above under “Potential Payments Upon Termination or Change in Control-Equity Acceleration under the 2004 Plan” for a description of the applicable vesting provisions.
- (3) The totals shown here do not take into account the application of any “best-after-tax” cutback that may apply if an executive’s payments would otherwise be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code.
- (4) On May 31, 2019, Mr. Simpson notified the Company that he would leave the Company effective August 31, 2019 in order to pursue other opportunities.

Employees, including named executive officers, are not generally entitled to any benefits upon termination for cause. All unvested stock options, restricted stock units, and performance share awards, as well as all vested but unexercised stock options are forfeited as of the date of termination for cause.

CEO Pay Ratio

The following information about the relationship of the annual total compensation of our employees and the annual total compensation of for the CEO Jim Clemmer, for the fiscal year ended May 31, 2019 is set forth below as required by Section 953(b) of Dodd-Frank and the applicable rules of the SEC.

- the median of the annual total compensation of all AngioDynamics’ employees (other than Mr. Clemmer) was \$45,490; and
- the annual total compensation of Mr. Clemmer as reported in the “Total” column of the Summary Compensation Table in this Proxy Statement was \$3,001,490.

Based on this information, the ratio of Mr. Clemmer’s annual total compensation for the fiscal year ended May 31, 2019 to the median of the annual total compensation of all AngioDynamics’ employees is 66 to 1. The Company believes this ratio is a reasonable estimate based on AngioDynamics’ specific employee demographics and compensation and was calculated in accordance with applicable rules of the SEC. The pay ratio reported by other companies may not be comparable to the pay ratio reported by us, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

In calculating our 2019 CEO pay ratio, we calculated the annual total compensation (annual taxable compensation) for all employees of the Company (other than the CEO) for the fiscal year ended May 31, 2019. We believe that annual total compensation is a consistently applied compensation measure and appropriate for determining the median-paid employee. We annualized the compensation of all employees who were hired during our fiscal year ended May 31, 2019 but did not work for AngioDynamics for the entire fiscal year and converted annual compensation paid to our international employees into U.S. Dollars.

Director Compensation Table

The following table sets forth the fees, awards and other compensation paid to or earned by our directors (other than named executive officers) for the fiscal year ended May 31, 2019:

Stock Ownership Guidelines for Board of Directors

To further align the interests of our Board of Directors and shareholders, we maintain stock ownership guidelines for the Board of Directors. Under these guidelines, which were revised during the fiscal year ended May 31, 2019, each member of our Board of Directors is required to hold shares equal in value to three times the base cash retainer of \$55,000. New members of the Board of Directors are allowed 36 months from the time they join the Board to acquire the required number of shares. Each member of our Board of Directors is currently in compliance with the applicable holding requirement.

PROPOSAL 2- RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected Deloitte & Touche LLP, independent certified public accountants, as our Company’s independent registered public accounting firm for the fiscal year ending May 31, 2020. The Audit Committee has directed that the appointment of Deloitte & Touche LLP be submitted to our shareholders for ratification due to the significance of their appointment to us. If our shareholders fail to ratify the appointment, it will be considered as a direction to our Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our Company and our shareholders.

The proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2020, must be approved by the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote at the Annual Meeting.

Representatives of Deloitte & Touche LLP will attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so, and they will be available to respond to appropriate questions.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MAY 31, 2020.

AUDIT MATTERS

Audit Committee Report

During our fiscal year ended May 31, 2019, the members of the Audit Committee were Dennis S. Meteny, Jeffrey G. Gold, Wesley E. Johnson, Jr., and Jan Stern Reed. Each member of the Audit Committee has been determined by the Board of Directors (the “Board”) to be independent under the listing standards of The Nasdaq Stock Market LLC. The Audit Committee operates under a written Audit Committee Charter, which was adopted by the Board of Directors in February 2004, and revised and approved by the Board of Directors in May 2006, May 2009, October 2010, January 2015 and January 2019. The Audit Committee Charter is available on our website at www.angiodynamics.com under the “Investors-Corporate Governance-Highlights-Committee Charters” caption.

Management of the Company is responsible for internal controls, the financial reporting process and compliance with laws and regulations and ethical business standards. The Company’s independent registered public accounting firm is responsible for performing an independent audit of the Company’s financial statements and effectiveness of internal controls in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Audit Committee is charged with the duty to monitor and oversee these processes.

Pursuant to the Charter, the primary responsibilities of the Audit Committee are to assist the Board in its oversight of: (i) the integrity of the Company’s financial statements, financial reporting process, system of internal controls over financial reporting, and audit process; (ii) the Company’s compliance with, and process for monitoring compliance with, legal and regulatory requirements, in coordination with the Nominating, Compliance and Corporate Governance Committee; (iii) the independent auditor’s quarterly reviews, qualifications and independence; and (iv) the performance of the Company’s internal audit; and (v) policies and procedures for risk assessment and risk management. The quarterly reviews include discussions by management and the independent registered public accounting firm with the Audit Committee. The Audit Committee must also pre-approve all audit and permitted non-audit services to be performed by the independent registered public accounting firm.

The Audit Committee has the authority to select, determine the compensation paid to, and replace the Company’s independent registered public accounting firm. PricewaterhouseCoopers LLP was the Company’s auditor for the first quarter of fiscal 2017. The Audit Committee selected Deloitte & Touche LLP starting in the second quarter of fiscal 2017 as the Company’s independent registered public accounting firm. During the fiscal year ended May 31, 2019, Deloitte & Touche LLP acted as, and continues to act as, the Company’s auditor.

The Charter provides that the Audit Committee shall always consist of not less than three members, all of whom must be independent directors. No member of the Audit Committee may serve on the Audit Committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to serve effectively on the Audit Committee, and discloses this determination in the proxy statement. To carry out its responsibilities, the Audit Committee met eight times, either in person or by telephone, during fiscal 2019.

Prior to the issuance of the fiscal 2019 financial statements, the Audit Committee met with management and with Deloitte & Touche LLP to review the financial statements and to discuss significant accounting issues and policies. Management advised the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee’s review included discussion with Deloitte & Touche LLP of matters that are required to be discussed pursuant to Statement on Auditing Standards No. 16, “*Communications with Audit Committees*,” as adopted by the Public Company Accounting Oversight Board, or PCAOB.

The Audit Committee discussed with Deloitte & Touche LLP matters relating to Deloitte & Touche LLP’s independence, including the written disclosures and the letters provided by Deloitte & Touche LLP to the Audit Committee as required by applicable requirements of the PCAOB. Deloitte & Touche LLP informed the Audit Committee in writing that they were independent with respect to the Company within the regulations promulgated by the Securities and Exchange Commission and the requirements of the PCAOB. The Audit Committee has concluded that Deloitte & Touche LLP are independent of the Company and its management.

The Audit Committee discussed with the Company’s independent registered public accounting firm the overall scope and plan for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination and the evaluation of the Company’s internal controls.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company’s audited consolidated financial statements in the Company’s Annual Report on Form 10-K for the fiscal year ended May 31, 2019, for filing with the Securities and Exchange Commission.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm.

In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next year's audit, management submits a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.
3. **Tax** services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis, assisting with coordination of execution of tax related activities, primarily in the area of corporate tax planning, supporting other tax-related regulatory requirements and tax compliance and reporting.
4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent registered public accounting firm.

Prior to engagement, the Audit Committee pre-approves the independent registered public accounting firm services within each category. The fees are budgeted in the Company's annual operating budget. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not

contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL 3-ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The primary objective of our overall executive compensation program is to provide balanced, comprehensive and competitive rewards for the short and long-term in a cost-effective manner to the Company. We have designed our executive compensation program to incentivize achievement of earnings, sales and other financial metrics that we believe deliver value to our shareholders, drive operational results and promote high levels of individual performance. Our compensation program provides a combination of fixed and variable pay with an emphasis on at-risk compensation linked to performance goals. We believe that compensation levels in the medical device industry are dynamic and very competitive as a result of the need to attract and retain qualified executives with the necessary skills and experience to keep up with the complex regulatory environment in which we operate and to understand the rapidly changing medical technology in our industry. We believe that our current executive compensation program achieves our objectives effectively.

Shareholders are urged to read the Compensation Discussion and Analysis set forth in this proxy statement that discusses how our compensation policies and procedures reflect our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure, which describe the compensation of our named executives in fiscal 2019.

In accordance with Section 14A of the Exchange Act, as amended, the Dodd-Frank Wall Street Reform and Consumer Protection Act, and as a matter of good corporate governance, shareholders will be asked at the Annual Meeting to approve the following advisory resolution:

Adoption of Proposal No. 3

RESOLVED, that the shareholders of AngioDynamics, Inc. approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and related compensation tables, and the related disclosure contained in this proxy statement.

This advisory vote is not binding. Although non-binding, the Compensation Committee will consider the outcome of the advisory vote when making future decisions regarding our executive compensation programs.

The Board of Directors, taking into account the advisory vote of our shareholders at the 2017 Annual Meeting of Shareholders, has approved an annual frequency for shareholder votes to approve the compensation of our named executive officers. As a result, unless the Board determines otherwise, the next such vote will be held at the Company's 2020 Annual Meeting of Shareholders and on an annual basis thereafter.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

There were no related party transactions pursuant to Item 404 of Regulation S-K during our fiscal year ended May 31, 2019.

Policy on Related Party Transactions

On July 27, 2007, the Board of Directors approved a Related Person Transaction Policy. The policy defines "Related Person Transaction" as certain transactions, arrangements or relationships in which the Company participates, the amount exceeds \$50,000 and certain related persons have a material interest. Under the policy, any potential Related Person Transaction, including for example the purchase of goods or services, guarantees of indebtedness or employment, must be pre-approved by the Audit Committee unless circumstances make pre-approval impracticable. In the latter case, management is allowed to enter into the transaction, but the transaction remains subject to ratification by the Audit Committee at a subsequent Audit Committee meeting. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee will take into account a number of factors, including the related person's interest and approximate dollar amount of the transaction, as well as, whether the transaction occurred in the ordinary course of business or through a competitive bid process. On an annual basis, the Audit Committee will review and assess ongoing Related Person Transactions to determine whether the relationships remain appropriate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on our review of copies of such forms received by us, or on written representations from certain reporting persons that no reports were required for such persons, we believe that, during the fiscal year ended May 31, 2019, all of our executive officers, directors and 10% shareholders complied with all Section 16 filing requirements.
