Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of AngioDynamics, Inc. to be held on Tuesday, October 28, 2014 at 2:00 p.m., local time, at the W New York Hotel, 541 Lexington Avenue, New York, NY 10022.

At this year's Annual Meeting you will be asked to:

- (i) consider and vote upon a proposal to elect three Class II directors, each for a term of three years;
- (ii) consider and vote upon a proposal to ratify the appointment of AngioDynamics' independent registered public accountants for the fiscal year ending May 31, 2015;
- (iii) consider and vote upon a "Say-on-Pay" advisory vote on the approval of the compensation of AngioDynamics' named executive officers;
- (iv) consider and vote upon a proposal to amend the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan to increase the total number of shares of common stock reserved for issuance under the plan from 5,750,000 to 6,750,000;
- (v) consider and vote upon a proposal to amend the AngioDynamics, Inc. Employee Stock Purchase Plan to increase the total number of shares of common stock reserved for issuance under the plan from 1,200,000 to 2,000,000;
- (vi) consider and vote upon an amendment to AngioDynamics' Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000; and
- (vii) transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

As we did last year, we are pleased to furnish proxy materials to our shareholders over the internet. Instead of mailing printed copies to each shareholder, we are mailing a Notice Regarding Internet Availability which contains instructions on how to access your proxy materials, how each shareholder can receive a paper copy of proxy materials, including this Proxy Statement, our annual report on Form 10-K for the fiscal year ended May 31, 2014 and a form of proxy card, and how to access your proxy card to vote through the internet or by telephone. We believe that this e-proxy process will expedite shareholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our Annual Meeting.

The Board of Directors unanimously believes that the election of its nominees for directors, the ratification of the independent registered public accountants, the approval of the compensation of its named executive officers, the approval of the amendment to the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan to increase the total number of shares of common stock reserved for issuance under the plan from 5,750,000 to 6,750,000, the amendment to the AngioDynamics, Inc. Employee Stock Purchase Plan to increase the total number of shares of common stock reserved for issuance under the plan from 1,200,000 to 2,000,000, and the amendment to AngioDynamics' Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000, are in the best interests of AngioDynamics and its shareholders, and, accordingly, recommends a vote "FOR" each proposal.

In addition to the business to be transacted as described above, management will address shareholders with respect to AngioDynamics' developments over the past year and respond to comments and questions of general interest to shareholders.

Whether or not you plan to attend the Annual Meeting, your vote is important and we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the internet. If you requested and received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card. Voting by proxy will ensure your shares are represented at the Annual Meeting. As a result of changes in applicable law, banks and brokers can no longer exercise discretionary voting in uncontested elections of directors. If you are not a shareholder of record, please follow the instructions provided by the shareholder of record (your bank or broker) so that your shares are voted at the meeting on all matters.

Sincerely,

At the Annual Meeting, we will ask holders of our common stock to consider and vote upon the following items:

1. Election of Directors

The election of three directors, namely, Joseph M. DeVivo, Howard W. Donnelly and Sriram Venkataraman. If elected, these Class II directors will each serve until the 2017 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified.

5. Amendment to the AngioDynamics, Inc. Employee Stock Purchase Plan

Approval of an amendment an amendment to AngioDynamics' Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000.

How can I receive proxy materials?

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to our shareholders primarily via the internet, instead of mailing printed copies of proxy materials to each shareholder. On or about September 17, 2014, we began mailing to our shareholders a "Notice of Internet Availability of Proxy Materials" (sometimes referred to herein as the "Notice") containing instructions on how to access this proxy statement, the accompanying notice of Annual Meeting and our annual report for the fiscal year ended May 31, 2014 online. If you received the Notice by mail, you will not automatically receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the internet.

Finally, you can receive a copy of our proxy materials by following the instructions contained in the notice regarding how you may request to receive your materials electronically or in printed form on a one-time or ongoing basis. Requests for printed copies of the proxy materials can be made through the internet at <http://www.proxyvote.com>, by telephone at 1-800-579-1639 or by e-mail at sendmaterial@proxyvote.com by sending a blank e-mail with your control number in the subject line.

Who is entitled to vote?

Shareholders of record at the close of business on September 2, 2014, the record date for the Annual Meeting, are entitled to receive this proxy statement and to vote at the meeting and at any adjournment or postponement thereof. As of the close of business on the record date, there were 35,583,917 outstanding shares of our common stock entitled to notice of, and to vote at, the Annual Meeting. Holders of our common stock have one vote per share on each matter to be acted upon. A list of the shareholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting, for any purpose germane to the meeting, between the hours of 9:00 a.m. and 4:30 p.m. at our principal executive offices at 14 Plaza Drive, Latham, New York 12110, by contacting our General Counsel.

How do I vote my shares without attending the meeting?

If you are a shareholder of record, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In most circumstances, you may vote:

- *By Internet or Telephone*—If you have internet or telephone access, you may submit your proxy by following the voting instructions in the Notice of Annual Meeting no later than 11:59 p.m., New York City Time, on October 27, 2014. If you vote by internet or telephone, you need not return your proxy card.
- *By Mail*—If you received a paper copy of this proxy statement, you may vote by mail by signing, dating and mailing your proxy card in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, or attorney or an officer of a corporation), you should indicate your name and title or capacity.

[Table of Contents](#)

How do I vote my shares in person at the meeting?

If you are a shareholder of record and prefer to vote your shares at the meeting, bring the accompanying proxy card (if you received a paper copy of the proxy statement) and proof of identification. You may vote shares held in street name only if you obtain a “legal” proxy from the record holder (bank, broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the meeting in person, we encourage you to vote in advance by internet, telephone or mail so that your vote will be counted in the event you are unable to attend.

How do I gain admission to the meeting?

If you wish to attend the Annual Meeting and you are a record holder, you must bring valid state or federal identification or a passport to register before entering the meeting. All invited guests will need valid identification in order to enter the meeting. If you hold shares through an intermediary, such as a bank, broker, trustee or other nominee, and you plan to attend the Annual Meeting, you must bring proof of share ownership, such as a recent bank or brokerage firm account statement or a letter from the bank, broker, trustee or other nominee holding your shares, confirming your ownership in order to gain entrance to the meeting.

What does it mean if I receive more than one proxy card or Notice?

If you receive more than one proxy card or Notice, it generally means that you hold shares registered in more than one account. If you received a paper copy of this proxy statement and you vote by mail, you should sign and return each proxy card. Alternatively, if you vote by internet or telephone, you should vote once for each proxy card and/or Notice you receive. If you have received more than one Notice, you should vote once for each Notice that you receive.

May I change my vote?

Yes. Whether you have voted by mail, internet or telephone, you may change your vote and revoke your proxy, prior to the Annual Meeting, by:

- Sending a written statement to that effect to AngioDynamics’ Senior Vice President and General Counsel;
- Voting by internet or telephone at a later time;
- Submitting a properly signed proxy card with a later date; or
- Voting in person at the Annual Meeting and by filing a written notice of termination of the prior appointment of a proxy with AngioDynamics, or by filing a new written appointment of a proxy with AngioDynamics (unless you are a beneficial owner without a legal proxy, as described below).

Please note, however, that if a shareholder’s shares are held of record by a bank, broker, trustee or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter or “legal proxy” from the bank, broker, trustee or other nominee, confirming the shareholder’s beneficial ownership of the shares.

What constitutes a quorum?

A majority of the outstanding shares of common stock present in person or by proxy is required to constitute a quorum at the Annual Meeting. For purposes of determining the presence of a quorum for transacting business at the Annual Meeting, abstentions and broker “non-votes” (proxies from banks, brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the banks, brokers or nominees do not have discretionary power) will be treated as shares that are present.

How does the Board recommend that I vote?

The Board of Directors recommends that you vote your shares:

- **“FOR”** the election as directors of the persons who have been nominated by the Board of Directors;
- **“FOR”** the ratification of the appointment of PricewaterhouseCoopers LLP as AngioDynamics’ independent registered public accounting firm for the fiscal year ending May 31, 2015;
- **“FOR”** the approval of the compensation of our named executive officers;
- **“FOR”** the approval of the amendment to the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan to increase the total number of shares of common stock reserved for issuance under the plan from 5,750,000 to 6,750,000;
- **“FOR”** the approval of the amendment to the AngioDynamics, Inc. Employee Stock Purchase Plan to increase the total number of shares of common stock reserved for issuance under the plan from 1,200,000 to 2,000,000;
- **“FOR”** the approval of the amendment to AngioDynamics’ Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000; and
- with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting. We do not expect that any matter other than as described in this proxy statement will be brought before the Annual Meeting.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you indicate when voting over the internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the persons named as proxies will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Street Name Holders. If you hold your shares in “street name” (that is, through a bank, broker, trustee or other nominee) and do not provide specific voting instructions, then, under the rules of The Nasdaq Stock Market, the bank, broker, trustee or other nominee may generally vote on routine matters but cannot vote on non-routine matters. If you do not provide voting instructions on non-routine matters, your shares will not be voted by your bank, broker or other nominee. As a result, your bank, broker, trustee or other nominee may not vote your shares without receipt of a voting instruction form with respect to Proposal 1 and 3 through 6 because each proposal is a non-routine matter, but may vote your shares without your instructions with respect to Proposal 2 (ratification of appointment of independent registered public accounting firm) because this matter is considered routine.

What is the voting requirement to approve each proposal?

Under Delaware law and AngioDynamics’ Amended and Restated Certificate of Incorporation and By-Laws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors (Proposal 1). A properly executed proxy marked “withhold authority” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

For the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2015 (Proposal 2), the approval of the amendment to the

[Table of Contents](#)

AngioDynamics, Inc. 2004 Stock and Incentive Award Plan (Proposal 4), and the approval of the amendment to the AngioDynamics, Inc. Employee Stock Purchase Plan (Proposal 5), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval of such proposal.

For the “Say-on-Pay” advisory vote (Proposal 3), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will reflect the advice of the shareholders. The approval, on an advisory basis, of the compensation paid to our named executive officers, also known as a “say on pay” vote, is an advisory vote mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act. This means that while we ask shareholders to approve the compensation paid to our named executive officers, it is not an action that requires shareholder approval, and shareholders are not voting to approve or disapprove the Board’s recommendation with respect to this proposal. This advisory vote is non-binding on the Board, although the Board and the Compensation Committee welcome the input of shareholders on the Company’s compensation policies and will take the advisory vote into account in making determinations concerning executive compensation.

For the approval of the amendment to the Company’s Amended and Restated Certificate of Incorporation (Proposal 6), the affirmative vote of the holders of a majority of our issued and outstanding shares of common stock will be required for approval.

A properly executed proxy marked “Abstain” with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote on all proposals other than the election of directors.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have or does not exercise discretionary authority to vote (a “broker non-vote”). Shares constituting broker non-votes are not counted or deemed to be present in person or by proxy for the purpose of voting on a non-routine matter at the Annual Meeting and, therefore, will not be counted for the purpose of determining whether shareholders have approved the election of directors in Proposal 1, the “Say-on-Pay” advisory vote in Proposal 3, the amendment to the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan in Proposal 4, and the amendment to the AngioDynamics, Inc. Employee Stock Purchase Plan in Proposal 5, because such proposals are considered non-routine matters. A broker non-vote will have the same effect as a vote against the amendment to the Amended and Restated Certificate of Incorporation in Proposal 6. If you do not provide voting instructions to your broker, your broker only will have discretion to vote your shares on Proposal 2, because the ratification of the appointment of the independent registered public accounting firm is considered a routine matter. Broker non-votes are counted as present for the purpose of determining a quorum at the Annual Meeting.

How can I find voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and, within four business days following the date of the Annual Meeting, we will file a Current Report on Form 8-K with the SEC indicating final voting results.

Who bears the cost of soliciting proxies?

The cost of solicitation of proxies being solicited on behalf of the Board of Directors will be borne by us. In addition to the use of the mail and the internet, proxy solicitation may be made by telephone, facsimile and personal interview by our officers, directors and employees.

PROPOSAL 1—ELECTION OF DIRECTORS

Nominees

Our Board of Directors currently consists of nine directors. There is one vacancy on our board that was created when Mr. Vincent A. Bucci retired from our board in March 2014. The board is classified into three classes, each of which has a staggered three-year term. At the Annual Meeting, our shareholders will be asked to elect three Class II directors, namely, Joseph M. DeVivo, Howard W. Donnelly and Sriram Venkataraman. If elected, Messrs. DeVivo, Donnelly and Venkataraman will hold office until the Annual Meeting of Shareholders to be held in 2017 and until their successors are duly elected and qualified. The Class I directors and Class III directors will continue in office during the terms indicated below. Unless otherwise specified, all proxies received will be voted in favor of the election of the nominees named below as directors of AngioDynamics. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting.

The current term of each of Joseph M. DeVivo, Howard W. Donnelly and Sriram Venkataraman expires at the 2014 Annual Meeting and when his respective successor is duly elected and qualified. Each of Messrs. DeVivo, Donnelly and Venkataraman has consented to be named as a nominee and, if elected, to serve as a director. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director if elected. Should any of the nominees not remain a candidate for election at the date of the Annual Meeting, proxies will be voted in favor of the nominees who remain candidates and may be voted for substitute nominees selected by the Board of Directors.

Set forth below are the names, principal occupations and director positions on public companies, in each case, for the past five years, ages of the directors and nominees, and information relating to other positions held by them with us and other companies. Additionally, there is a brief discussion of each director's and nominee's experience, qualifications, attributes or skills that led to the conclusion that such person should serve as a director. There are no family relationships between or among any of the directors, executive officers and nominees for director.

Nominees to serve as Class II Directors (Term expiring at the 2017 Annual Meeting):

Joseph M. DeVivo, age 47, was appointed President and Chief Executive Officer on August 15, 2011, effective September 7, 2011. Prior to his appointment as President and Chief Executive Officer, Mr. DeVivo served as Global President of Smith & Nephew Orthopedics, a provider of medical devices operating in the orthopedics, endoscopy and advanced wound management markets, from June 2007 to August 2011. From August 2003 until its acquisition by AngioDynamics in January 2007, Mr. DeVivo served as President and Chief Executive Officer of RITA Medical Systems, Inc., a provider of medical oncology devices. Mr. DeVivo served as President, Chief Operating Officer and Director of Computer Motion Incorporation (CMI), a medical robotics company, from August 2002 to July 2003, and as Vice President and General Manager of a division of Tyco International's Healthcare Business, U.S. Surgical/Davis and Geck Sutures, from May 1993 to August 2002. Mr. DeVivo earned his Bachelor of Science degree in Business Administration from the E. Clairborne Robins School of Business at the University of Richmond in 1989.

Through his position as our CEO and his tenures at RITA Medical Systems and Smith & Nephew, Mr. DeVivo brings leadership, extensive business experience and extensive knowledge of the medical device industry to the Board. In addition, Mr. DeVivo brings his strategic vision for our company to the Board. Mr. DeVivo's service as a Director and CEO of AngioDynamics creates a critical link between management and the Board, enabling the board to perform its oversight function with the benefits of management's perspectives on the business.

Howard W. Donnelly, age 53, joined our Board of Directors in March of 2004 and was named Chairman in April 2014. Since 2005, Mr. Donnelly has been President of Concert Medical LLC, a manufacturer of

[Table of Contents](#)

interventional medical devices. In addition in 2010, Mr. Donnelly became President and CEO of HydroCision Inc, a company focused on spine surgery and the pain management market. From 2002 to 2008, Mr. Donnelly was a director and member of the audit, compensation and nominating and governance committees of Vital Signs, Inc. From 1999 to 2002, he was President of Level 1, Inc., a medical device manufacturer and subsidiary of Smiths Group. CORPORATE GOVERNANCE

Director Independence

The listing standards of The Nasdaq Stock Market LLC require that a majority of a listed company's directors qualify as independent. Our Board of Directors has determined that eight of our nine directors and nominees—Messrs. Burgstahler, Donnelly, Gold, Gould, Johnson, LaPorte, Meteny, and Venkataraman—are independent under the Nasdaq listing standards. Under the Nasdaq listing standards, an “independent director” is a director who is not an officer or employee of AngioDynamics or any subsidiary and who does not have any relationship that the Board of Directors believes would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors reviews the relationships that each director has with our Company on an annual basis and only those directors having no direct or indirect material relationship with our Company and who qualify as independent under the Nasdaq listing standards will be considered independent directors of AngioDynamics.

Communications with the Directors

Shareholders may communicate in writing with any particular director, the independent directors as a group, or the entire Board by sending such written communication to our Secretary at our principal executive offices, 14 Plaza Drive, Latham, New York 12110. Copies of written communications received at such address will be provided to the Board or the relevant director or directors unless such communications are determined by our outside counsel to be inappropriate for submission to the intended recipient(s). However, any communication not so delivered will be made available upon request to any director. Examples of shareholder communications that would be considered inappropriate for submission include, without limitation, customer complaints, business solicitations, product promotions, résumés and other forms of job inquiries, junk mail and mass mailings, as well as material that is unduly hostile, threatening, illegal or similarly unsuitable.

Policy on Director Attendance at Annual Meetings

All Board members are encouraged to attend our Annual Meetings of shareholders absent an emergency or other unforeseen circumstance. All of our directors attended our 2013 Annual Meeting of Shareholders.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a written Code of Business Conduct and Ethics for our Company. Our Code of Business Conduct and Ethics is available on our website located at www.angiodynamics.com under the “Investors—Corporate Governance—Governance Documents—Code of Ethics” caption.

Board of Directors Leadership Structure

Howard W. Donnelly is our independent, non-executive Chairman of the Board of Directors, and Joseph M. DeVivo is our Chief Executive Officer. We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the board to monitor whether management's actions are in the best interests of the Company and its shareholders.

Risk Oversight

Our Board of Directors monitors management’s enterprise-wide approach to risk management. The full Board of Directors’ role in discussing and developing our business strategy is a key part of its understanding of the risks the Company faces and what steps management is taking to manage those risks. The Board of Directors regularly assesses management’s appetite for risk and helps guide management in determining what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee participated in and reviewed management’s enterprise risk assessment, which focused on four primary areas of risk: Strategic; Financial; Operational and Legal/Compliance. In addition, the Audit Committee focuses on financial risks, including internal controls. In setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy.

THE STOCKHOLDERS AGREEMENT

In connection with our acquisition of Navilyst Medical in 2012, we entered into a Stockholders Agreement with certain of the former stockholders of Navilyst, including investment funds affiliated with Avista Capital Partners (which we refer to in this proxy statement as the “Stockholders”). The following is a summary of certain provisions of the Stockholders Agreement and is qualified in its entirety by reference to the Stockholders Agreement, which we incorporate by reference to Exhibit 2.2 of our Current Report on Form 8-K filed with the SEC on May 25, 2012. This summary may not contain all of the information about the Stockholders Agreement that is important to you. We urge you to read the entire Stockholders Agreement carefully because it is the legal document governing important aspects of the relationship among AngioDynamics and the Stockholders.

Board Representation

Pursuant to the terms of the Stockholders Agreement, the size of AngioDynamics’ Board of Directors was increased from eight to ten directors. In addition, our Board of Directors appointed two individuals designated by investment funds affiliated with Avista to serve on our Board (David Burgstahler and Sriram Venkataraman, who are together referred to in this proxy statement as the “Stockholder Designees”) until such time as, with respect to the first Stockholder Designee, the Stockholders’ beneficial ownership in AngioDynamics has been reduced below twenty percent (20%) of the then-outstanding voting shares and, with respect to the second Stockholder Designee, the Stockholders’ beneficial ownership in AngioDynamics has been reduced below ten percent (10%) of the then-outstanding voting shares (each, a “Board Right Termination Event” with respect to such Stockholder Designee). The first Stockholder Designee, Sriram Venkataraman, serves as a Class II director. The second Stockholder Designee, David Burgstahler, serves as a Class III director. If the Stockholders materially breach the Stockholders Agreement, which breach is not cured in all material respects within 15 business days of receipt of notice of such breach, we have the right to terminate the Stockholders’ right to designate the Stockholder Designees.

For as long as the Stockholders have the right to designate the Stockholder Designees in accordance with the provisions of the Stockholders Agreement, AngioDynamics must use commercially reasonable efforts, at each annual general meeting of shareholders of AngioDynamics, to procure the election or re-election of the applicable Stockholder Designee to the Board, for a term expiring at the next annual general meeting of shareholders at which members of the class of directors to which the Stockholder Designee belongs are to be elected or re-elected, or until such Stockholder Designee’s successor is elected and qualified, or at such earlier time, if any, as such Stockholder Designee may resign, retire, die or be removed as a director. If a Stockholder Designee has resigned, retired, died or been removed from office, the Stockholders have the right to designate a replacement Stockholder Designee.

Once a Stockholder Designee is not elected or re-elected, as the case may be, as a director by the requisite vote of AngioDynamics’ stockholders, AngioDynamics will not be obligated to procure the election or re-election of such Stockholder Designee pursuant to the terms of the Stockholders Agreement and the Stockholders will have the right to designate a replacement Stockholder Designee.

Standstill Restrictions

Under the terms of the Stockholders Agreement, each Stockholder and Avista Capital Holdings, LP (“Avista”) will be subject to customary standstill restrictions until the later of (a) the seven-year anniversary of the closing date of the acquisition and (b) the three-year anniversary of the date on which the Stockholders cease to beneficially own voting securities of AngioDynamics representing at least five percent (5%) of the voting securities then outstanding. The standstill restrictions will generally prevent the Stockholders and Avista from (i) acquiring any additional new AngioDynamics voting securities and (ii) taking a number of actions that might

[Table of Contents](#)

result in the Stockholders or Avista exerting influence or control over AngioDynamics, including, but not limited to, the following:

- acquiring or agreeing to acquire beneficial ownership of any voting securities in addition to the shares issued in connection with the acquisition other than as a result of (i) reverse share splits or other actions of AngioDynamics that cause the Stockholders and their affiliates to beneficially own any excess amount or (ii) shares purchased in the ordinary course of business as a result of the acquisition of any portfolio company or other investment entity that owns any such shares at the time of such acquisition, if such additional shares represent five percent (5%) or less of then-outstanding voting securities or if such ownership is approved by the Board;
- acquiring or agreeing to acquire beneficial ownership of any other securities issued by AngioDynamics other than shares or other securities purchased in the ordinary course of business as a result of the acquisition of any portfolio company or other investment entity that owns any such securities at the time of such acquisition, if such additional shares represent five percent (5%) or less of the then-outstanding securities of such type of security or if such purchase is approved by the Board;
- proposing, offering or participating in any effort to acquire AngioDynamics or any of its subsidiaries or any of their assets or operations;
- inducing or attempting to induce any third party to participate in any effort to acquire beneficial ownership of AngioDynamics' voting securities;
- proposing, offering or participating in any tender offer, exchange offer, merger, acquisition, share exchange or other business combination or change of control transaction involving AngioDynamics or any of its subsidiaries, or any recapitalization, restructuring, liquidation, disposition, dissolution or other extraordinary transaction involving AngioDynamics any of its subsidiaries or any material portion of their businesses;
- seeking to call, requesting the call of, or calling a special meeting of the stockholders of AngioDynamics, or making or seeking to make a stockholder proposal, or requesting a list of AngioDynamics' stockholders, or seeking election to the board or seeking to place a representative on the Board other than as specified in the Stockholders Agreement, or seeking removal of any director from the Board, or otherwise seeking to control or influence the governance or policies of AngioDynamics;
- soliciting proxies, designations or written consents of stockholders, or conducting any referendum to vote the securities with respect to any matter, or becoming a participant in any contested solicitation for the election of AngioDynamics' directors, other than in support of the voting obligations of the Stockholders pursuant to the Stockholders Agreement;
- forming or participating in a partnership, limited partnership, syndicate or other group within the meaning of Section 13(d)(3) of the Exchange Act, or depositing any voting securities in a voting trust or similar arrangement; or
- publicly disclosing or causing the public disclosure of any proposal to obtain any waiver, consent or amendment of any of the provisions of the Stockholders Agreement.

Voting

For a period of one year from the date of the Stockholders Agreement, the Stockholders must vote all voting securities owned by the Stockholders in accordance with the recommendation of the AngioDynamics Board of Directors. Thereafter, the Stockholders must vote their securities either (a) in accordance with the recommendation of the Board of Directors or (b) in proportion to the votes cast with respect to the voting securities not owned by the Stockholders, for so long as the Stockholders beneficially own at least ten percent (10%) of the outstanding voting securities of AngioDynamics. However, each Stockholder can vote its voting

[Table of Contents](#)

securities in its sole discretion if the Stockholders beneficially own less than fifteen percent (15%) of the Company's voting securities then-outstanding and there is no Stockholder Designee then serving on the Board.

Registration Rights

The Stockholders have certain registration rights under the Stockholders Agreement. On August 15, 2013, AngioDynamics filed a shelf registration statement on Form S-3. If, at any time, AngioDynamics is not eligible to use Form S-3, it will use Form S-1, but will undertake to register the Stockholders' shares on Form S-3 promptly thereafter. AngioDynamics will use its reasonable best efforts to keep the registration statement continuously effective and to cooperate in any shelf take down.

AngioDynamics has the right to postpone, for a period not to exceed 30 consecutive days or an aggregate of 75 days in any one-year period, and not more than once in any six-month period, the filing of a registration statement if (A) the SEC issues a stop order suspending the effectiveness of the registration statement or (B) in the good faith judgment of our Board of Directors, such registration would require AngioDynamics to make a public disclosure of material non-public information, which disclosure would reasonably be expected to be materially adverse to AngioDynamics or adversely and materially affect its ability to effect a reasonably imminent material proposed transaction, disposition, financing, reorganization, recapitalization or similar transaction. The obligation of AngioDynamics to register shares and maintain the effectiveness of registration statements shall terminate as to each Stockholder on the earliest of (a) the date that all shares owned by such Stockholder may be freely sold without registration and (b) the date that is four months after the first date on which Stockholders own less than five percent (5%) of the then-outstanding voting shares of the Company.

The Stockholders have certain additional rights in connection with their registration rights under the Stockholders Agreement, including the Company's agreement to pay all registration expenses and certain other costs in connection with an offering of the Stockholders' shares.

Termination

The Stockholders Agreement will terminate upon the earlier of (a) the later of (i) the seventh anniversary of the closing of the Navilyst acquisition and (ii) the date that is three years after the first date on which the Stockholders cease to own at least five percent (5%) of the voting shares of the Company then outstanding; and (b) a change of control with respect to AngioDynamics in which all voting shares of AngioDynamics are exchanged for cash consideration. If AngioDynamics consolidates or merges and is not the surviving corporation and the shares are converted or exchanged for non-cash consideration, the successors and assigns of AngioDynamics will honor the registration rights provisions of the Stockholders Agreement while all other provisions of the Stockholders Agreement will terminate upon such change of control.

At a minimum, the committee shall consider: (a) whether each such nominee has demonstrated, by significant accomplishment in the nominee's field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of our Company; and (b) the nominee's reputation for honesty and ethical conduct in the nominee's personal and professional activities. Additional factors that the committee shall take into account are set forth in its charter, and include, for example, the relevance of a candidate's specific experiences, skills, industry background and knowledge to the business and objectives of our Company; a candidate's potential contribution to the diversity of the Board (including gender, race and ethnicity); a candidate's personal and professional integrity, character and business judgment; a candidate's time availability in light of other commitments; any potential conflicts of interest involving a candidate; and any other factors or qualities that the committee believes will enhance the Board's ability to effectively manage and direct our Company's affairs and business, including, where applicable, the ability of Board committees to perform their duties or satisfy any independence requirements under the Nasdaq listing standards or otherwise. In identifying director candidates, the committee also considers the composition of the Board as a whole, with the goal of achieving a balance of the above-listed criteria across the entire Board and a mix of management and independent directors, while also filling the need for particular skill sets, such as those required of Audit Committee.

The Nominating and Corporate Governance Committee will identify nominees by first evaluating the current members of our Board of Directors whose terms are expiring and who are willing to continue in service. In doing so, the committee will balance the skills and experience of such current directors, as well as the value of continuity of their service, with that of obtaining new perspectives for the Board.

For new nominees, the committee will identify potential candidates based on input from members of the board and management and, if the committee deems it appropriate, from one or more third-party search firms. The committee will seek new qualified director candidates from, among other areas, the traditional corporate/business environment, healthcare providers and other professional fields and governmental and regulatory agencies that are relevant to our company's business and objectives. The committee will seek to include qualified and diverse director candidates, including women and individuals from minority groups, in the pool from which nominees are selected. In this regard, the committee and the board believe that a diverse board can lead to improved company performance by encouraging new ideas, expanding the knowledge base available to the board and management and fostering a boardroom environment and culture that promotes new perspectives, innovation and deliberation.

Once a person has been identified by the committee as a potential candidate, the committee will assess, based on publicly available information regarding the person, whether the candidate should be considered further. If the committee determines that the candidate warrants further consideration and the person expresses a willingness to be considered and to serve on the board, the committee will request information from the candidate, review his or her accomplishments and qualifications and conduct one or more interviews with the candidate. If the candidate appears qualified, committee members may also contact references provided by the candidate or other persons with first-hand knowledge of the candidate's experience and accomplishments. Additionally, candidates may be requested to meet with some or all of the other members of the Board of Directors. Using the input from these interviews and the other information it has obtained, the committee will determine whether it should recommend that the board nominate, or elect to fill a vacancy with, a final prospective candidate. The committee's evaluation process is the same for candidates recommended by shareholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

AngioDynamics operates in an extremely competitive industry. Our compensation philosophy is designed to:

- align our executive officers' compensation with our business objectives and the interests of our shareholders;
- enable us to attract, motivate and retain the level of successful, qualified senior executive leadership talent necessary to achieve our long term goals; and
- reward performance, company growth and advancement of our long-term strategic initiatives.

AngioDynamics generally sets executive compensation targets for cash and equity-based compensation at or near the 50th percentile of companies in a predetermined comparable group through a combination of fixed and variable compensation. Our compensation program supports our "pay for performance" philosophy by targeting fixed compensation (base salary) at or near the 50th percentile of the comparable companies and targeting variable compensation at the 50th percentile with the opportunity to earn above the 50th percentile when warranted by performance.

AngioDynamics views these ranges of compensation targets as a guideline, not a rule, in setting and adjusting our compensation programs. While the Compensation Committee attempts to base compensation decisions on the most recent market data available, it also recognizes the importance of flexibility, and may go above or below the targeted ranges for any individual or for any specific element of compensation. Individual executive compensation may be above or below the stated philosophy based on considerations such as individual performance, experience, history and scope of position, current market conditions and the specific needs of the business at critical points in time.

In addition, our compensation strategy takes into account our financial performance relative to our peer companies including companies that:

- exclusively design, develop, manufacture, and market medical devices;
- market and sell products primarily through a direct sales force;
- are headquartered in the United States;
- are publicly traded on the Nasdaq or NYSE stock exchanges and have at least one published proxy statement;
- have revenues, market value, and an employee size of a minimum of approximately 50% of, and up to approximately 200% of our expected revenues, market size and employee count for the next fiscal year; and
- are generally profitable.

Within this overall philosophy, the Compensation Committee's objectives are to:

- offer a total compensation package that takes into consideration the compensation practices of similarly situated companies with which we compete for exceptional senior level talent;
- provide annual cash incentive awards relative to attaining certain pre-determined financial metrics, along with completion of individual objectives;
- align financial incentives with shareholders' interests through significant equity-based incentives to senior management; and
- reward overachievement of goals with programs designed to have significant upside bonus opportunity for participants.

The Compensation Committee

The Compensation Committee is responsible for: (i) assisting the board in developing and evaluating potential candidates for executive positions; (ii) reviewing and recommending to the board the corporate goals and objectives with respect to our CEO's compensation on an annual basis; (iii) reviewing our CEO's performance annually in light of the committee's established goals and objectives; (iv) reviewing and approving the evaluation process and compensation structure for our other named executive officers annually and overseeing the CEO's decisions concerning the performance and compensation of our other named executive officers; and (v) reviewing and ensuring our incentive compensation and other stock-based plans are administered consistent with the terms of such plans and recommending changes in such plans to the board, as needed. The authority and responsibilities of the Compensation Committee are set forth in detail in its charter, which is available on our website located at www.angiodynamics.com under the "Investors—Corporate Governance—Committee Charters—Compensation Committee" caption.

Our Board of Directors has determined that all of the directors who were members of the Compensation Committee during our fiscal year ended May 31, 2014—Messrs. Gould, Johnson and LaPorte—are independent under the Nasdaq listing standards. Although the Compensation Committee comprises solely independent directors, it does consider the recommendations, if any, provided by our CEO in determining the appropriate levels of compensation for our named executive officers, other than the CEO.

Components of Executive Compensation for Fiscal 2014

The three components of the compensation program for named executive officers are base salary, annual cash incentive compensation and long-term equity-based incentive awards in the form of performance share awards, stock options and restricted stock unit awards. The Compensation Committee administers these components with the goal of providing total compensation that is competitive in the marketplace, while recognizing meaningful differences in individual performance and offering the opportunity to earn superior rewards when merited by individual performance. The Compensation Committee's policy is to establish ranges for base salary, annual cash incentive compensation and equity-based incentives for named executive officer positions, including that of the CEO, with consideration to the averages paid by similarly-situated companies, which include publicly traded companies of similar structure, revenue, and profitability in the life sciences industry.

In determining these ranges, the Compensation Committee reviewed information from a compensation survey conducted on our behalf in 2013 by Mercer, an independent consulting company engaged by the Compensation Committee to conduct the survey. The Compensation Committee also approved the list of peers to be used in the analysis. During our fiscal year ended May 31, 2014, the Company analyzed information with respect to the following peer group:

Accuray	ICU Medical, Inc.	NxStage Medical, Inc.
ArthroCare Corporation	Masimo Corporation	Thoratec Corporation
Conmed Corporation	Merit Medical Systems, Inc.	Tornier N.V.
Cyberonics, Inc.	Natus Medical Incorporated	Volcano Corporation

In order to ensure a comprehensive review in preparing the compensation survey, Mercer took the following steps:

- 1) Compiled information to form the basis of the survey, including analyzing and selecting peer companies, analyzing our historical and current compensation practices and philosophies, and determining the positions to be included in the survey, with the assistance of the Compensation Committee and other key contributors.
- 2) Performed a proxy review using peer group data and other industry specific surveys to analyze base salary, total cash compensation, and long-term incentives paid to executives and summarized its findings in the form of a competitive pay analysis.

[Table of Contents](#)

- Presented recommendations for comprehensive executive plan strategy and pay structure for the next fiscal year, including base salary levels, design of the annual bonus program, and amount and allocation of short-term and long-term incentive compensation components.

Base Salaries

The base salary for each named executive officer is determined at levels considered appropriate for comparable positions at similarly situated companies, while targeting the average 50th percentile for total cash compensation of executives at such similarly situated companies. Adjustments to each individual's base salary are made based on annual performance reviews with consideration given to the executive's performance as well as his/her salary compared with the range of those listed in the aforementioned survey and our executives generally. Among the criteria used in the annual performance reviews are the work and supervisory performance of the executive, demonstrated management and leadership skills, performance to specific established personal goals, and the strengths and weaknesses that the executive demonstrates on the job.

Following are the base salary increases for the named executive officers that were effective June 1, 2014.

<u>Name</u>	<u>Fiscal 2013 Base Salary</u>	<u>Fiscal 2014 Base Salary</u>	<u>Percentage Increase</u>
Joseph M. DeVivo ⁽¹⁾	\$ 571,623	\$ 625,000	9%
Mark T. Frost	\$ 345,000	\$ 355,350	3%
George W. Bourne IV ⁽²⁾	\$ 315,000	\$ 324,450	3%
John Soto ⁽³⁾	\$ 270,000	\$ 278,100	3%
Mark A. Stephens ⁽⁴⁾	\$ 250,000	\$ 287,500	15%

- Mr. DeVivo received an adjustment based on a review of comparable positions on December 20, 2013.
- Mr. Bourne's position was eliminated on August 5, 2014.
- Mr. Soto was promoted to Executive Vice President and Chief Commercial Officer on May 1, 2014.
- Mr. Stephens received an adjustment based on a review of comparable positions on August 5, 2013.

Salary increases for all AngioDynamics employees averaged approximately 3% during our fiscal 2014. The salary increases for our named executive officers were within the guidelines for our employees. The Compensation Committee believes that the salaries for our named executive officers are within the stated philosophy.

Annual Cash Incentives

The Compensation Committee believes that a meaningful portion of the annual compensation of each named executive officer should be in the form of annual cash incentive compensation.

In fiscal 2014, the target incentive payment amounts, as a percentage of base salary, established for the named executive officers was as follows:

<u>Name</u>	<u>Percentage of Base Salary</u>
Joseph M. DeVivo	100%
Mark T. Frost	50%
George W. Bourne IV ⁽²⁾	45%
John Soto ⁽³⁾	50%
Mark A. Stephens	45%

- Mr. DeVivo received an adjustment based on a review of comparable positions on December 20, 2013.
- Mr. Bourne's position was eliminated on August 5, 2014.
- Mr. Soto was promoted to Executive Vice President and Chief Commercial Officer on May 1, 2014.
- Mr. Stephens received an adjustment based on a review of comparable positions on August 5, 2013.

[Table of Contents](#)

For our named executive officers the incentive compensation target comprised 40% based on our achievement of our pre-determined net sales target, 40% based on our achievement of our pre-determined operating income target, and 20% based upon the individual executive's performance to personal goals established for the fiscal year. The Compensation Committee uses net sales and operating income as the targets to measure financial performance because they believe they are directly linked to creating value for shareholders. For our named executive officers, our incentive plan for our 2014 fiscal year set a threshold level of 90% achievement of our world-wide operating income target that must be attained before any incentive compensation for net sales or operating income is awarded. Once the threshold is reached, the Compensation Committee has set specific formulas to calculate the actual incentive payment for each named executive officer. Additional compensation up to a maximum of 50% of the target incentive payment amounts may be awarded if we overachieve our annual financial targets.

For our fiscal 2014, we achieved 83% of our world-wide operating income target of \$17.7 million. As a result, no named executive officers were eligible for annual cash incentive compensation awards related to the net sales target or the operating income target.

For our fiscal year ended May 31, 2014, Mr. DeVivo's personal goals included certain milestones with respect to the Company's continuing quality improvement programs, securing group purchasing organization and IDN contracts with respect to the Vascular Access business, and obtaining FDA approval for an investigational device exemption trial for use of the NanoKnife System in the treatment of pancreatic cancer. The Compensation Committee determined that Mr. DeVivo should be paid 60% of his personal objectives component. In addition, in December 2013, the Compensation Committee and the board of directors authorized a bonus payment of \$250,000 to Mr. DeVivo based upon the successful restructuring of the Company's organizational structure, including, without limitation, implementing a franchise model in the sales and marketing organizations and several executive position reorganizations and successful integration of operations following the Company's acquisition of Navilist Medical. Mr. Frost's personal objectives included certain milestones with respect to the Company's implementation of its Oracle ERP system, obtaining favorable terms with respect to the Company's refinancing of its credit facility, certain milestones with respect to building the Company's finance and accounting organization, implementing process improvements in the Company's pricing controls and implementing customer financing programs. The Compensation Committee determined that Mr. Frost should be paid 67.5% of his personal objectives component. Mr. Bourne's personal objectives included certain milestones with respect to the Company's new product development efforts, certain milestones with respect to the Company's operational excellence program and beginning three clinical trials, one each in connection with the Company's PICC, EVLT and NanoKnife products. The Compensation Committee determined that Mr. Bourne should be paid 82% of his personal objectives component. Mr. Soto's personal objectives included managing the Company's Peripheral Vascular Division to achieve its revenue and expense targets, certain milestones with respect to training in connection with the Company's AngioVac and fluid management businesses, and development of the Company's AngioVac clinical specialist team. The Compensation Committee determined that Mr. Soto should be paid 98.5% of his personal objectives component. Mr. Stephens' personal objectives included certain milestones with respect to the Company's sales training programs, successful renegotiation of several of the Company's real property leases, and implementing of improvements in the Company's human resources processes. The Compensation Committee determined that Mr. Stephens should be paid 100% of his personal objectives component.

Long-Term, Equity-Based Incentive Awards

In 2004, we adopted the AngioDynamics 2004 Stock and Incentive Award Plan, or the 2004 Plan. The 2004 Plan provides for the grant of incentive awards, including performance share awards, performance unit awards, restricted stock awards and restricted stock unit awards, as well as incentive and non-qualified stock options and stock appreciation rights. The Compensation Committee believes that including equity grants as a significant component of executive compensation aligns our executives' interest with those of our shareholders. The Compensation Committee has made grants of stock options, restricted stock unit awards and performance share

[Table of Contents](#)

awards and, in the future, expects to offer other awards under the 2004 Plan in order to provide named executive officers with an opportunity to share, along with shareholders, in our long-term performance and to reward these individuals for their contribution to our performance.

Stock option and restricted stock unit grants generally are made to each named executive officer upon his or her joining AngioDynamics and satisfying the requirements for eligibility under the plan, with additional grants being made annually as options under the initial grants vest. Stock options granted under the 2004 Plan generally have a four-year vesting schedule and generally expire seven years from the date of grant. The exercise price of options granted under our plan must be at least 100% of the fair market value of the underlying stock on the date of grant. In addition, grants of restricted stock units and/or performance shares awards may also be made to each named executive officer. Restricted stock unit awards typically vest equally over a four-year period and are released if the employee remains active with the company through the vesting date. Performance unit awards are generally made each year, with each grant having a three-year term with payouts to be made in shares of AngioDynamics' common stock at the end of the term ranging between 0 and 200% of the grant amount depending on AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. In the event of the named executive officer's termination of employment, all of his or her unvested options, restricted stock units and performance shares will be forfeited in accordance with the provisions of the 2004 Plan.

The number of stock options, restricted stock units or performance shares granted to each named executive officer is generally based upon several factors, including: (i) position with AngioDynamics; (ii) salary; (iii) performance; and (iv) the grants made, on average, by similarly situated companies to executives with similar responsibilities.

For our fiscal year ended May 31, 2014, the Compensation Committee set target grants of options for the CEO, CFO, Chief Technology and Operations Officer, Chief Commercial Officer and Senior Vice President, Administration equal to 59,733, 24,491, 19,723, 16,922 and 17,470, respectively.

For our fiscal year ended May 31, 2014, the Compensation Committee set target grants of restricted stock units for the CEO, CFO, Chief Technology and Operations Officer, Chief Commercial Officer and Senior Vice President, Administration equal to 18,338, 7,519, 6,055, 5,195 and 5,363, respectively.

For our fiscal year ended May 31, 2014, the Compensation Committee set target grants of performance unit awards for the CEO, CFO, Chief Technology and Operations Officer, Chief Commercial Officer and Senior Vice President, Administration equal to 36,676, 10,025, 8,073, 6,927 and 7,151, respectively.

Grants of options and restricted stock units to our named executive officers are set forth below in the table titled **"Grants of Plan-Based Awards for Fiscal 2014."**

Total annual equity awards will be targeted at 225% of salary for the CEO, 85% of salary for the Executive Vice Presidents and 75% of salary for Senior Vice Presidents. The target equity grants comprise 40% performance shares, 30% stock options and 30% restricted stock units. The Compensation Committee and the Board of Directors believe that this annual long term incentive program provides a strong pay for performance orientation while effectively incentivizing management decision making and providing appropriate retention incentives. Performance share payouts are directly tied to AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. Stock options effectively incentivize management to maximize company performance, as the value of options is directly tied to appreciation in the value of our common stock. Stock options also provide an effective retention mechanism because of the four-year vesting provisions. Restricted stock units are intended to retain key management through vesting periods, with the opportunity for capital accumulation and more predictable long-term incentive value than stock options.

Stock Ownership Guidelines

To further align the interests of management and shareholders, we maintain stock ownership guidelines for the Board of Directors and our senior executive officers. Under these guidelines, each member of our Board of Directors is required to hold an amount of shares equal to six times the base annual retainer (currently \$24,000) by December 31, 2010. New members of the Board of Directors are allowed 36 months from the time they join the board to acquire the required number of shares, provided they acquire at least 1/3 of the required amount within 15 months of joining the board and an additional 1/3 within 27 months of joining the board. In August 2011, our Compensation Committee adopted revised guidelines with respect to our senior executives. Our CEO is required to hold an amount of shares equal to three times his or her base salary, our Executive Vice President and CFO and each of our Senior Vice Presidents is required to hold an amount of shares equal to one times his or her base salary. Employees who are hired or promoted to these management positions must acquire the required number of shares within five years. A senior executive that participates in our ESPP at the maximum level from such senior executive's eligibility date may count unvested restricted stock units towards his or her shareholding requirement. A senior executive that holds an amount of shares less than the applicable ownership level must hold 100% of all Net Shares (as defined below) granted by the company to be eligible for future stock option grants or other equity awards. Net Shares are all shares received pursuant to all company equity awards excluding shares sold to cover (i) the exercise price of options and/or (ii) taxes. The Compensation Committee is mindful that each individual's personal circumstances will affect progress toward the targeted levels of stock ownership. Senior executives who are unable to achieve or maintain the targeted level of ownership within the prescribed time period may consult with the Compensation Committee with respect to hardship exemption. Each member of our Board of Directors and each of our senior executives is currently in compliance with the applicable holding requirement.

Hedging and Pledging Policy.

Our Insider Trading Policy prohibits directors and employees, including named executive officers, from engaging in hedging or monetization transactions, such as zero-cost dollars and forward sale contracts and from engaging in borrowing against AngioDynamics' securities held in a margin account, or pledging AngioDynamics' securities as collateral for a loan (unless the individual can clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities).

Perquisites

All executives of AngioDynamics are eligible to participate in our Fleet Vehicle Program at the executive level. Executives hired before May 2012 may accept a company vehicle. Executives hired after May 2012 are entitled to an automobile allowance of \$1,200 per month and we will cover the employee's expenses for gas for company related business.

Deferred Compensation Program

We do not sponsor or maintain any deferred compensation programs for the benefit of any of our named executive officers.

Potential Payments upon Termination or Change in Control

Executive Severance Policy

Our named executive officers may be eligible for severance payments and benefits under our AngioDynamics Senior Executive Severance Pay Guidelines.

A senior executive may be eligible to receive severance benefits in the following situations:

- The elimination of the executive's job or position;

[Table of Contents](#)

- The relocation of the executive's job or position to a location in excess of 60 miles from the current location of employment; or
- Divestment of the executive's business or business unit, unless the acquiring/successor entity offers continuing employment that does not involve a major relocation, as described above.

A senior executive would generally not be eligible for severance benefits in the following situations:

- Terminations for performance reasons, including, but not limited, to violating work rules;
- Voluntary resignations;
- In the event of an asset or stock sale, where the executive continues employment with a successor in interest to AngioDynamics or any of either its or AngioDynamics' subsidiaries, affiliates or joint ventures; or
- A transfer or reassignment of the executive to another location, division, subsidiary, affiliate or joint venture that does not result in relocation as described above.

In addition, severance under this policy typically will not be available to executives who have agreements with AngioDynamics, its subsidiaries and/or affiliates and joint ventures that provide for payments upon termination of employment, other than those that derive from these guidelines. To be eligible for severance pay the executive must sign a separation agreement acceptable to the company.

During our fiscal year ended May 31, 2014, in general, the following schedule for the payment of cash severance is considered appropriate:

<u>Service Completed</u>	<u>Severance Payment</u>
Less than 3 years of service	1 month base salary
3-5 years of service	2 months base salary
6-9 years of service	3 months base salary
10-12 years of service	4 months base salary
13+ years of service	6 months base salary

The following additional consideration may be appropriate for exempt employees positions described below:

- Vice Presidents: an additional 4 months of base salary; and
- Executive Vice Presidents and Sr. Vice Presidents: an additional 6 months of base salary.

Effective August 6, 2013, Executive Vice Presidents and Sr. Vice Presidents who report directly to the CEO became entitled to a severance benefit equal to 12 months of base salary.

In general, the CEO is eligible for a severance benefit equal to 18 months of base salary, unless a different severance benefit is set forth in an effective agreement. Mr. DeVivo has an Employment Agreement with a three-year term. If his employment is terminated during this initial term, he is entitled to severance payments equal to his base salary for a 24 month severance period plus a one- time lump sum payment equal to two times the cash bonus he received for the prior fiscal year (plus the COBRA/insurance premium for Mr. DeVivo's benefits for 24 months or until Mr. DeVivo secures employment). If Mr. DeVivo's employment is terminated during a one-year extension period following the initial term, he is entitled to a severance benefit in accordance with the Company's standard severance policy then in effect. If Mr. DeVivo's employment is terminated by the Company without cause after expiration of his Employment Agreement or any extension thereof, Mr. DeVivo will be eligible to receive a severance payment in accordance with the Company's then current severance policy in an amount at least equal to 1.5 times Mr. DeVivo's then current base salary.

[Table of Contents](#)

The maximum severance period that will be offered under any circumstances (other than to the CEO) is 12 months.

Payments are generally made in accordance with the Company's regular salary payment practices, subject to modification in connection with Section 409A of the Internal Revenue Code, unless a different method is set forth in an effective agreement.

Additional benefits such as outplacement assistance, continued insurance coverage, and/or an agreement not to contest eligibility for unemployment compensation, may also be offered in a separation agreement.

Change-In-Control Arrangements

In August 2013, our board of directors authorized us to enter into change in control severance agreements with certain executive officers. Each agreement has an initial term ending December 31, 2013, and each year will automatically renew for an additional one year term, provided however, that if a change in control occurs the term shall expire no earlier than 12 calendar months after the calendar month in which such change in control occurs. A change of control is generally defined in each agreement as any of the following: (i) a person is or becomes a beneficial owner of more than 50% of our voting securities, (ii) the composition of a majority of our board changes, (iii) we consummate a merger or consolidation, or (iv) our shareholders approve a plan of liquidation or sale of substantially all of our assets. Each agreement provides, among other things, that if a change in control occurs during the term of the agreement, and the executive's employment is terminated either by us or by the executive, other than (a) by us for cause, (b) by reason of death or disability, or (c) by the executive without good reason, such executive will receive a severance payment equal to: (A) 2.5 times his annual base salary for Mr. DeVivo and 2 times the executive's annual base salary for Messrs. Frost, Soto and Stephens, (B) unpaid and prorated annual bonus amounts, and (C) earned but unused vacation time. In addition, the Change in Control Agreement provides that in the event that the severance and other benefits provided for in the agreement or otherwise payable to the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Service Code, the benefits under the agreement will be either (i) delivered in full, or (ii) delivered to a lesser extent which would result in no portion of the benefits being subject to such excise tax, whichever is more beneficial to the executive.

Payment made under each respective agreement is generally made in a lump sum within thirty days following termination subject to delay if required by Section 409A of the Internal Revenue Code.

The following tables show potential payments to Messrs. DeVivo, Frost, Soto and Stephens under existing agreements, plans or other arrangements, for various scenarios involving a change in control or termination of employment, in each case assuming the termination date was June 2, 2014 and where applicable, using the closing market price of our common stock of \$14.01 per share on that date (as reported on Nasdaq).

- (4) Amounts in this column represent benefits payable under our Change in Control Agreements following termination without cause or resignation by the executive for good reason on June 2, 2014 in connection with a change in control of the company. For a further description of our Change in Control Agreements, see the Compensation Discussion and Analysis section titled “Change in Control Arrangements.”
- (5) In determining the value of health and welfare benefits, we use the assumptions used for financial reporting purposes under generally accepted accounting principles in the United States.
- (6) Amounts in the “Value of Accelerated Stock Options” row represent the number of shares underlying in-the-money unvested stock options held by each named executive officer, multiplied by the difference between that option’s exercise price and \$14.01 (the closing price of our common stock on June 2, 2014 as reported on Nasdaq).
- (7) Amounts in the “Value of Accelerated Restricted Stock Units” row represent the value of the number of each named executive officer’s restricted stock units, the vesting of which would have accelerated as of June 2, 2014, calculated by multiplying the number of accelerated restricted stock units by \$14.01 (the closing price of our common stock on June 2, 2014).

Internal Revenue Code Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code generally prohibits a publicly-held corporation, such as AngioDynamics, from claiming a deduction on our federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the CEO (or person acting in that capacity) and to the three most highly compensated officers other than the CEO as of the end of our fiscal year (but not including the chief financial officer). This limitation does not apply to compensation that meets the requirements under section 162(m) for “qualifying performance-based” compensation (*i.e.*, compensation paid only if the individual’s performance meets pre-established objective goals based on performance criteria approved by shareholders). In general, the Compensation Committee has structured awards to executive officers under the Company’s incentive programs to qualify for this “qualifying performance-based” compensation exception under Section 162(m) of the Internal Revenue Code. However, the Compensation Committee retains the discretion to award compensation that exceeds the Section 162(m) deductibility limit.

2013 Shareholder Advisory Vote on Executive Compensation

At our 2013 annual meeting, our shareholders approved, on an advisory basis, the compensation paid to our named executive officers, as disclosed under the compensation disclosure rules of the SEC, including the compensation discussion and analysis, the compensation tables and any related materials disclosed in the proxy statement for the 2013 annual meeting. The shareholder vote in favor of our named executive officer compensation totaled approximately 91 percent of all votes cast, including abstentions. The Compensation Committee considered the results of the 2013 vote and views the outcome as evidence of strong shareholder support of our executive compensation decisions and policies. Accordingly, the Compensation Committee did not change its approach to executive compensation in 2014.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors evaluates and makes recommendations to the Board of Directors regarding the compensation of the CEO and approves the compensation of our other named executive officers. The Compensation Committee also administers all executive compensation programs, incentive compensation plans and equity-based plans and all other compensation and benefit programs currently in place. We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

PROPOSAL 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected PricewaterhouseCoopers LLP, independent certified public accountants, as our company's independent registered public accounting firm for the fiscal year ending May 31, 2015. The Audit Committee has directed that the appointment of PricewaterhouseCoopers LLP be submitted to our shareholders for ratification due to the significance of their appointment to us. If our shareholders fail to ratify the appointment, it will be considered as a direction to our Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our shareholders.

The proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2015, must be approved by the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote at the Annual Meeting.

Representatives of PricewaterhouseCoopers LLP will attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so, and they will be available to respond to appropriate questions.

AUDIT MATTERS

Audit Committee Report

The Audit Committee of the Board of Directors (the “Audit Committee”) is composed of three directors, each of whom has been determined by the Board of Directors (the “Board”) to be independent under the listing standards of The Nasdaq Stock Market LLC. The Audit Committee operates under a written Audit Committee Charter, which was adopted by the Board of Directors on February 27, 2004, and revised and approved by the Board of Directors on May 10, 2006, May 11, 2009, and October 2010. The Audit Committee Charter is available on our website at www.angiodynamics.com under the “Investors—Corporate Governance—Committee Charters—Audit Committee” caption.

Management of the Company is responsible for internal controls, the financial reporting process and compliance with laws and regulations and ethical business standards. The Company’s independent registered public accounting firm is responsible for performing an independent audit of the Company’s financial statements and effectiveness of internal controls in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Audit Committee is charged with the duty to monitor and oversee these processes.

Pursuant to the Charter, the primary responsibilities of the Audit Committee are to assist the Board in its oversight of: (i) the integrity of the Company’s financial statements, financial reporting process, system of internal controls over financial reporting, and audit process; (ii) the Company’s compliance with, and process for monitoring compliance with, legal and regulatory requirements; (iii) the independent registered public accounting firm’s qualifications and independence; and (iv) the performance of the Company’s independent registered public accounting firm, including, without limitation, ensuring that interim quarterly financial statements are reviewed by the Company’s independent registered public accounting firm. The quarterly reviews include discussions by management and the independent registered public accounting firm with the Audit Committee. The Audit Committee must also pre-approve all audit and permitted non-audit services to be performed by the independent registered public accounting firm.

The Audit Committee has the authority to select, determine the compensation paid to, and replace the Company’s independent registered public accounting firm. The Audit Committee has selected PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for fiscal 2015 subject to the vote by the shareholders at the 2014 Annual Meeting.

The Charter provides that the Audit Committee shall always consist of not less than three members, all of whom must be independent directors. No member of the Audit Committee may serve on the Audit Committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to serve effectively on the Audit Committee, and discloses this determination in the proxy statement. To carry out its responsibilities, the Audit Committee met 10 times during fiscal year 2014.

Prior to the issuance of the fiscal 2014 financial statements, the Audit Committee met with management and with PricewaterhouseCoopers to review the financial statements and to discuss significant accounting issues and policies. Management advised the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee’s review included discussion with PricewaterhouseCoopers of matters that are required to be discussed pursuant to Statement on Auditing Standards No. 16, “*Communications with Audit Committees*,” as adopted by the Public Company Accounting Oversight Board.

The Audit Committee discussed with PricewaterhouseCoopers matters relating to PricewaterhouseCoopers’ independence, including the written disclosures and the letter provided by PricewaterhouseCoopers to the Audit

Committee as required by applicable requirements of the Public Company Accounting Oversight Board. PricewaterhouseCoopers informed the Audit Committee in writing that it was independent with respect to the Company within the regulations promulgated by the Securities and Exchange Commission and the requirements of the Public Company Accounting Oversight Board. The Audit Committee has concluded that PricewaterhouseCoopers is independent of the Company and its management.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination and the evaluation of the Company's internal controls.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2014, for filing with the Securities and Exchange Commission.

Members of the Audit Committee:

Dennis S. Meteny, Chairman

Howard W. Donnelly

Wesley E. Johnson

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other filing we make under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (hereinafter referred to as the Exchange Act), except to the extent that we specifically incorporate the Audit Committee Report by reference therein.

Principal Accounting Fees and Services

The following table presents fees for professional audit services rendered by PricewaterhouseCoopers LLP for the audit of our financial statements for the fiscal years ended May 31, 2014 and May 31, 2013, for inclusion in our Annual Reports on Form 10-K for the fiscal years ended May 31, 2014 and May 31, 2013, reviews of quarterly financial statements, and fees paid in those periods for other services rendered by PricewaterhouseCoopers LLP, in thousands:

Audit Fees	\$1,054	\$ 980
Audit-Related Fees	0	2
Tax Fees	203	237
All Other Fees	0	0

All fees shown in the table were related to services that were approved by the Audit Committee.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm.

In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

[Table of Contents](#)

Prior to engagement of the independent registered public accounting firm for the next year's audit, management submits a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.
3. **Tax** services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis, assisting with coordination of execution of tax related activities, primarily in the area of corporate tax planning, supporting other tax-related regulatory requirements and tax compliance and reporting.
4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent registered public accounting firm.

Prior to engagement, the Audit Committee pre-approves the independent registered public accounting firm services within each category. The fees are budgeted in the Company's annual operating budget. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL 3—ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The primary objective of our overall executive compensation program is to provide balanced, comprehensive and competitive rewards for the short and long-term in a cost-effective manner to the Company. We have designed our executive compensation program to incentivize achievement of earnings, sales and other financial metrics that we believe deliver value to our shareholders, drive operational results and promote high levels of individual performance. Our compensation program provides a combination of fixed and variable pay with an emphasis on at-risk compensation linked to performance goals. We believe that compensation levels in the medical device industry are dynamic and very competitive as a result of the need to attract and retain qualified executives with the necessary skills and experience to keep up with the complex regulatory environment in which we operate and to understand the rapidly changing medical technology in our industry. We believe that our current executive compensation program achieves our objectives effectively.

Shareholders are urged to read the Compensation Discussion and Analysis set forth in this proxy statement that discusses how our compensation policies and procedures reflect our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure, which describe the compensation of our five most highly-compensated executive officers in fiscal year 2014.

In accordance with the recent changes to Section 14A of the Exchange Act, as amended, which were made pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, and as a matter of good corporate governance, shareholders will be asked at the Annual Meeting to approve the following advisory resolution:

Adoption of Proposal No. 3

RESOLVED, that the shareholders of AngioDynamics, Inc. approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and related compensation tables, and the related disclosure contained in this proxy statement.

This advisory vote is not binding. Although non-binding, the Compensation Committee will consider the outcome of the advisory vote when making future decisions regarding our executive compensation programs.

The Board of Directors, taking into account the advisory vote of our shareholders at the 2011 Annual Meeting of Shareholders, has approved an annual frequency for shareholder votes to approve the compensation of our named executive officers. As a result, unless the Board determines otherwise, the next such vote will be held at the Company's 2015 Annual Meeting of Shareholders and on an annual basis thereafter.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 4—AMENDMENT TO THE ANGIODYNAMICS, INC. 2004 STOCK AND INCENTIVE AWARD PLAN

We are asking our shareholders to approve an amendment to the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan (the “2004 Plan”) to increase the number of shares of our common stock authorized under the 2004 Plan from 5,750,000 shares to 6,750,000 shares, an increase of 1,000,000 shares. Our Board of Directors approved the amendment to the 2004 Plan on August 28, 2014, subject to shareholder approval at the Annual Meeting. Approval of the amendment to the 2004 Plan requires the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote at the Annual Meeting.

The use of equity compensation has historically been a significant part of our overall compensation philosophy at AngioDynamics, and is a practice that we plan to continue. The 2004 Plan serves as an important part of this practice, and is a critical part of the compensation package that we offer our personnel. We believe that the use of stock options, restricted stock units, performance share awards and other equity-based incentives are critical for us to attract and retain the most qualified personnel and to respond to relevant changes in equity compensation practices. In addition, awards under the 2004 Plan provide our employees an opportunity to acquire or increase their ownership stake in the Company, and we believe this alignment with our shareholders’ interests creates a strong incentive to work hard for our growth and success.

Proposed Increase in Authorized Shares

As of September 2, 2014, options covering 2,624,159 shares of our common stock with a weighted-average exercise price of \$14.43 and a weighted-average remaining term of 3.92 years were outstanding. As of September 2, 2014, unvested restricted stock units covering 621,190 shares of our common stock were outstanding. As of September 2, 2014, performance share units covering 196,667 shares of our common stock were outstanding. Finally, as of September 2, 2014, 1,311,261 shares of common stock were available for future grant under the 2004 Plan. Based on the closing market price of our common stock on September 2, 2014, the additional 1,000,000 shares proposed to be added to the 2004 Plan would have a market value of approximately \$13,850,000.

Burn Rate Commitment

In September 2012, we committed that, with respect to the number of shares subject to awards granted over the next three fiscal years—2013, 2014 and 2015—we would maintain an average annual burn rate over that period that does not exceed 4.69% of weighted common shares outstanding. In calculating our compliance with the burn rate commitment, we define burn rate as the number of shares subject to stock awards granted in a fiscal year divided by the weighted-average number of shares of our common stock outstanding (basic) during our fiscal year. For purposes of calculating the number of shares granted in a particular year, all awards are first converted into option-share equivalents. In this case, each share that is subject to awards other than options will count as equivalent to 2.5 option shares. Using this methodology, our burn rate for our fiscal year ended May 31, 2013 was 3.42% and our burn rate for our fiscal year ended May 31, 2014 was 4.48%. Between June 1, 2014 and September 2, 2014, we granted options covering 292,883 shares of our common stock with a weighted average exercise price of \$14.19, restricted stock units covering 202,158 shares of our common stock and performance units covering 89,344 shares of our common stock. These grants represent all of our scheduled equity grants during our fiscal year ended May 31, 2015. In the event that we do not issue additional equity awards during our fiscal year ended May 31, 2015, our projected burn rate for the fiscal year would be approximately 3%, and our three year average burn rate for our fiscal years ended May 31, 2013, 2014 and 2015 would be approximately 3.63%. While we do not have any additional equity grants scheduled to be granted during our fiscal year ended May 31, 2015, our compensation committee and board of directors may grant additional equity awards. We are explicitly reiterating the burn rate commitment we made in September 2012 and are on track to meet that commitment.

Summary Description of the 2004 Plan (as amended)

The following is a summary of the principal provisions of the 2004 Plan, as amended by this Proposal No. 4. This summary is qualified in its entirety by reference to the full text of the 2004 Plan, as amended to date and as proposed to be amended, a copy of which is attached as Appendix A to this proxy statement.

Purposes of the 2004 Plan. The primary purposes of the 2004 Plan are (i) to provide competitive equity incentives to enable us to attract, retain, motivate and reward persons who render services to us and (ii) to align the interests of our employees and such other persons with the interests of our shareholders by providing participants with the opportunity to share in any appreciation in the value of our stock that their efforts help bring about.

Shares Authorized for Issuance. As proposed to be amended, up to 6,750,000 shares of our common stock may be issued under our 2004 Plan. Shares that are subject to issuance upon exercise of an option but cease to be subject to such option for any reason (other than exercise of such option), and shares that are subject to an award that is granted but is subsequently forfeited or reacquired by us, or that are subject to an award that terminates without shares being issued, will again be available for grant and issuance under the 2004 Plan. Shares that we may withhold in satisfaction of withholding taxes or permit to be used to pay the exercise price of an option are not available again for grant. No more than 2,400,000 shares can be issued (including shares issued, reacquired by us pursuant to the terms of awards, and then reissued) as “incentive stock options,” or “ISOs” (by which we mean stock options that meet certain requirements of the Internal Revenue Code of 1986, as amended, or the “Code”).

Administration. The Compensation Committee of our Board of Directors administers the 2004 Plan, except in instances when the Board decides to directly administer the 2004 Plan. As applicable, the Board and the Compensation Committee are referred to in this description as the “committee.” The committee determines the persons who are to receive awards, the number of shares subject to each such award and the other terms and conditions of such awards. The committee also has the authority to interpret the provisions of the 2004 Plan and of any awards granted thereunder and to modify awards granted under the 2004 Plan. The committee may not, however, re-price options issued under the 2004 Plan without the prior approval of our shareholders.

Eligibility. The 2004 Plan provides for the grant of ISOs, within the meaning of section 422 of the Code, to our employees, and for the grant of non-statutory stock options, restricted stock, restricted stock units, stock appreciation rights, performance units and other incentive awards to our employees, directors and other service providers. As of September 2, 2014, there were approximately 1,340 employees (plus service providers) who were eligible to participate in the 2004 Plan.

No participant in the 2004 Plan may receive options to purchase, or stock appreciation rights with respect to more than 500,000 shares in any calendar year. The maximum number of shares for which restricted stock, performance shares and any other stock-value-based award not based solely on the appreciation of our common stock after the award may be granted to a plan participant in any calendar year is 100,000 shares. Dollar-denominated awards under the 2004 Plan may not exceed \$400,000 for a participant in any calendar year.

Options. The committee will determine the exercise price of options granted under the 2004 Plan, but, for all ISOs, the exercise price must at least be equal to the fair market value of our common stock on the date of grant. The term of an ISO may not exceed ten years. For any participant who owns 10% of the voting power of all classes of our outstanding stock, the exercise price must equal at least 110% of the fair market value on the grant date and the term must not exceed five years. The committee will determine the term of all options, including the vesting period and exercise period in the event of termination of service of an employee, director or other service provider. All options will be subject to any other terms and conditions included in the applicable option agreement.

Stock Appreciation Rights. Stock appreciation rights, or SARs, may be granted under the 2004 Plan. SARs allow the recipient to receive the appreciation in the fair market value of our common stock between the date of

[Table of Contents](#)

grant and the exercise date of the SARs or, if the SARs are linked to an option, the date of grant of the option. The committee will determine the terms of SARs, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof.

Restricted Stock and Restricted Stock Units. Restricted stock may be granted under the 2004 Plan. Restricted stock awards are grants of shares of our common stock that vest in accordance with the terms and conditions established by the committee. The committee will determine the number of shares of restricted stock granted to any employee, director or other service provider. The committee may impose whatever conditions to vesting it determines to be appropriate. For example, the committee may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture. The committee may also make restricted stock unit awards, which are shares of our common stock that are issued only after the recipient satisfies any service or performance objectives or contingencies determined by the committee.

Performance Units and Performance Shares. Performance units and performance shares may be granted under the 2004 Plan. Performance share awards are rights to receive a specified number of shares of our common stock and/or an amount of money equal to the fair market value of a specified number of shares of our common stock, at a future time or times if a specified performance goal is attained and any other terms and conditions specified by the committee are satisfied. Performance unit awards are rights to receive a specified amount of money (other than an amount of money equal to the fair market value of a specified number of shares of common stock) at a future time or times if a specified performance goal is attained and any other terms and conditions specified by the committee are satisfied. The committee will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants.

Incentive Awards. The 2004 Plan authorizes the committee to grant incentive awards, which are rights to receive money or shares on such terms and subject to such conditions as the committee may prescribe. Restricted stock, performance shares and performance units are particular forms of incentive awards but are not the only forms in which they may be made. Incentive awards may also take, for example, the form of cash or stock bonuses.

Change in Control. The 2004 Plan authorizes the committee to grant options and SARs that become exercisable, and any award under the 2004 Plan that becomes non-forfeitable, fully earned and payable, if we have a “change in control,” and to provide for money to be paid in settlement of any award under the 2004 Plan in such event. Additionally, if we have a change of control, the committee may authorize the exercise of outstanding nonvested appreciation rights, make any award outstanding under the 2004 Plan non-forfeitable, fully earned and payable, or require the automatic exercise for cash of all outstanding stock appreciation rights.

In general, under the 2004 Plan, a “change in control” will be deemed to occur if any person or group of persons acting in concert becomes the beneficial owner of more than 40% of our common stock; a majority of our Board changes over any period of two years or less without the approval of a majority of the directors serving at the beginning of such period; there is consummated a merger or consolidation with any other corporation, or the shareholders approve a plan of complete liquidation or dissolution of the Company or there is consummated a sale of assets or plan of complete liquidation following which our shareholders before the transaction will not own at least 60% of our voting power or assets.

Transfers of Awards. The 2004 Plan does not allow for the transfer of awards, except for transfers by will or the laws of descent and distribution or to such other persons designated by a participant to receive the award upon the participant’s death, or except as may otherwise be authorized by the committee for any award other than an ISO.

Amendment of Plan. Subject to any applicable shareholder approval requirements of Delaware or federal law, any rules or listing standards that apply to our Company, or the Code, the 2004 Plan may be amended by the

[Table of Contents](#)

Board of Directors at any time and in any respect, including without limitation to permit or facilitate qualification of options previously granted or to be granted in the future (1) as incentive stock options under the Code, or (2) for such other special tax treatment as may be enacted on or after the date on which the 2004 Plan is approved by the Board. Without shareholder approval, however, no amendment may increase the aggregate number of shares which may be issued under the 2004 Plan, or may permit the exercise price of outstanding options or SARs to be reduced, subject to limited exceptions. No amendment of the 2004 Plan may adversely affect any award granted prior to the date of such amendment or termination without the written consent of the holder of such award.

Summary of Federal Income Tax Consequences under the 2004 Plan

The following is a general summary as of the date of this proxy statement of the material U.S. federal income tax consequences to AngioDynamics and participants in the 2004 Plan with respect to awards granted under the 2004 Plan. This summary is based upon the Code, Treasury Regulations, administrative pronouncements and judicial decisions, in each case as in effect on the date hereof, all of which are subject to change (possibly with retroactive effect). The specific tax consequences for any participant will depend upon his or her individual circumstances. This summary does not address state, local or foreign tax consequences to AngioDynamics or participants in the 2004 Plan.

Tax Treatment of the Participants

Options.

ISOs. Subject to the discussion of the alternative minimum tax (“AMT”) below, a participant will recognize no income upon grant of an ISO and will incur no tax upon exercise of an ISO, provided that the participant is an employee when the ISO is granted and did not cease being an employee for more than three months prior to exercise of the ISO. If a participant holds the shares purchased upon exercise of the ISO (the “ISO Shares”) for more than one year after the date the ISO was exercised and for more than two years after the ISO’s grant date (the “required holding period”), then the participant generally will realize long-term capital gain or loss (rather than ordinary income or loss) upon disposition of the ISO Shares in an amount equal to the difference between the amount realized upon such disposition and the exercise price of the ISOs.

If a participant disposes of ISO Shares prior to the expiration of the required holding period (a “disqualifying disposition”), then gain realized upon such disposition, to the extent of the difference between the ISO exercise price and the fair market value of the ISO Shares on the date of exercise, will be treated as ordinary income. Any additional gain will be capital gain, and treated as long-term capital gain if the ISO Shares were held by the participant for at least one year.

The difference between the exercise price and fair market value of the ISO Shares on the date of exercise is an adjustment to income for purposes of the AMT. The AMT (imposed to the extent it exceeds the taxpayer’s regular tax) is currently 26% of an individual taxpayer’s alternative minimum taxable income (28% percent in the case of alternative minimum taxable income in excess of \$182,500). Alternative minimum taxable income is determined by adjusting regular taxable income for certain items, increasing that income by certain tax preference items and reducing this amount by the applicable exemption amount. If a disqualifying disposition of the ISO Shares occurs in the same calendar year as exercise of the ISO, there is no AMT adjustment with respect to those ISO Shares. Also, upon a sale of ISO Shares that is not a disqualifying disposition, alternative minimum taxable income is reduced in the year of sale by the excess of the fair market value of the ISO Shares at exercise over the amount paid for the ISO Shares.

Nonqualified Stock Options. A participant will not recognize any taxable income at the time a nonqualified stock option, or NQSO, is granted. However, upon exercise of a NQSO, a participant must include in income as compensation an amount equal to the difference between the fair market value of the shares on the date of exercise and the NQSO’s exercise price. The included amount must be treated as ordinary income by the

[Table of Contents](#)

participant and will be subject to income tax withholding by us if the participant is an employee. Upon disposition of the shares by a participant, the participant will recognize capital gain or loss in an amount equal to the difference between the amount received on disposition and the fair market value of the shares on the date of exercise. This gain will be long-term capital gain if the participant has held the shares for at least one year.

Stock Appreciation Rights. A grant of a stock appreciation right has no federal income tax consequences at the time of grant. Upon the exercise of stock appreciation rights, the value of the shares or other consideration received is generally taxable to the recipient as ordinary income, which will be subject to income tax withholding by us if the participant is an employee.

Restricted Stock and Restricted Stock Units. A participant receiving restricted shares for services recognizes taxable income when the shares become vested, generally when they are transferable or no longer subject to a substantial risk of forfeiture. Upon vesting, the participant will include in ordinary income an amount, which will be subject to income tax withholding by us if the participant is an employee, equal to the difference between the fair market value of the shares at the time they become substantially vested and any amount paid for the shares.

Upon disposition of the shares by a participant, the participant will recognize capital gain or loss in an amount equal to the difference between the amount received on disposition and the fair market value of the shares on the date of exercise. This gain will be long-term capital gain if the participant has held the shares for at least one year.

A participant can file an election with the IRS (an “83(b) Election”), not later than 30 days after the date of the transfer of the restricted shares, to include in income as compensation (treated as ordinary income), in the year of the transfer of such restricted shares, an amount equal to the difference between the fair market value of such shares on the date of transfer and any amount paid for such shares. The included amount must be treated as ordinary income by the participant and may be subject to income tax withholding by us. Income is not again required to be included upon the lapse of the restrictions. Upon disposition of the shares by a participant, the participant will recognize capital gain or loss in an amount equal to the difference between the amount received on disposition and the fair market value of the shares on the date of grant. This gain will be long-term capital gain if the 83(b) Election was made at least one year prior to the disposition.

A participant receiving a restricted stock unit will recognize ordinary income in an amount equal to the money or the fair market value of the shares received at the time of their receipt.

Performance Units and Performance Shares. Performance Units and Performance Shares will be treated in the same manner as Restricted Stock and Restricted Stock Units described above.

Code Section 409A. Section 409A of the Code (“Section 409A”), imposes significant restrictions on a range of nonqualified deferred compensation plans, along with a penalty on a participant receiving compensation under a plan that does not meet the requirements of Section 409A.

The definition of a nonqualified deferred compensation plan is broad and would include the 2004 Plan. Certain compensation under the 2004 Plan, however, would not be subject to Section 409A, such as:

- options where the exercise price is at least equal to fair market value on the date of grant; and
- transfers of property subject to Section 83 of the Code (other than option grants) (*e.g.*, where income is taxed at time of vesting or where the participant makes an 83(b) Election).

Amounts deferred under a nonqualified deferred compensation plan that do not comply with Section 409A are includable in a participant’s gross income and taxable immediately to the extent that such amounts are not subject to a substantial risk of forfeiture (*e.g.*, when the participant becomes vested in the deferred amounts). Amounts deferred under a nonqualified deferred compensation plan before January 1, 2005, are generally not

[Table of Contents](#)

subject to the requirements of section 409A. However, amounts deferred under a nonqualified deferred compensation plan that is materially modified after October 3, 2004, and amounts deferred but not vested prior to January 1, 2005, are subject to section 409A. An increase in the number of shares authorized under the 2004 Plan should not constitute a material modification.

Maximum Tax Rates for Non-corporate Taxpayers. The maximum federal tax rate for noncorporate taxpayers applicable to ordinary income is 39.6%. Long-term capital gain for non-corporate taxpayers on capital assets (which include stock) held for more than one year will be taxed at a maximum rate of 20%. Capital gains may be offset by capital losses, and up to \$3,000 of capital losses may be offset annually against ordinary income.

Tax Treatment of AngioDynamics

Subject to any withholding requirement, the standard of reasonableness, and (if applicable) Section 162(m) of the Code, we generally will be entitled to a deduction to the extent any participant recognizes ordinary income from an award granted under the 2004 Plan. While the 2004 Plan is designed to allow for the granting of awards that comply with the “qualifying performance-based” compensation exception under Section 162(m) of the Internal Revenue Code, the Company retains the discretion to grant awards that exceed the Section 162(m) deductibility limit.

ERISA Information

The 2004 Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

New Plan Benefits

Provided that the shareholders approve the amendment of the 2004 Plan, the number of shares of common stock issuable pursuant to the terms of the 2004 Plan will be available for awards to all eligible participants of the plan. The Board of Directors has not at this time considered or approved any future awards under the 2004 Plan, and, as a result, the identity of future award recipients and the size and terms of future awards are not known at this time.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE PROPOSAL TO AMEND THE ANGIODYNAMICS, INC. 2004 STOCK AND INCENTIVE AWARD PLAN.

**PROPOSAL 5—AMENDMENT TO THE ANGIODYNAMICS, INC.
EMPLOYEE STOCK PURCHASE PLAN**

We are asking our shareholders to approve an amendment of our Employee Stock Purchase Plan (the “ESPP”) to increase the total number of shares of common stock that may be offered under the plan from 1,200,000 to 2,000,000. Our Board of Directors approved the amendment to the ESPP on August 28, 2014, subject to shareholder approval at the Annual Meeting. Approval of the amendment to the ESPP requires the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote at the Annual Meeting.

The purpose of the ESPP is to provide a means by which employees of AngioDynamics and its designated subsidiaries (collectively, “participants”) may be given an opportunity to purchase AngioDynamics common stock through payroll deductions. Our Board of Directors believes that by providing our employees with the opportunity to acquire a proprietary interest in the Company, we will be better able to attract, motivate, and retain the best available personnel for the success of our business. All eligible participants will have the same purchase rights and privileges under the ESPP.

As of September 2, 2014, 361,321 shares of common stock remained available for purchase under the ESPP.

The essential features of the ESPP are summarized below. This summary does not purport to be a complete description of the ESPP and is qualified by reference to the ESPP, as amended to date and as proposed to be amended, a copy of which is attached as Appendix B to this proxy statement.

Summary of the ESPP Plan (as amended)

Administration

The ESPP will be administered by our Board of Directors. The Board has the final power to construe and interpret both the ESPP and the rights granted under it, and to adopt rules and regulations for the administration of the ESPP. Determinations made by the Board with respect to any matter or provision contained in the ESPP shall be final, conclusive, and binding on AngioDynamics and all participants in the ESPP.

Shares of Stock Subject to the ESPP

Subject to adjustment as provided below, as proposed to be amended, the maximum aggregate number of shares to be offered under the ESPP will be 2,000,000 shares of our common stock. Shares delivered under the ESPP may consist of authorized and unissued shares, treasury shares or shares purchased on the open market.

Purchase Periods and Purchase Dates

Shares of common stock will be offered under the ESPP through offering periods, each with a duration of approximately six months. The offering periods will commence on the first business day on or after September 1st and March 1st of each year and each consists of a series of successive six-month purchase periods. Purchases will occur on the last day of each purchase period.

Eligibility and Participation

Any person who, on the first day of an offering period, has been employed in a full-time capacity for at least three months, with a customary working schedule of 20 or more hours per week and more than five months in a calendar year, is eligible to participate in that offering period. However, no employee is eligible to participate in the ESPP if, on the first day of an offering period, the employee owns stock equal to 5% or more of the total combined voting power or value of all classes of our stock or those of any of our subsidiaries. Eligible participants may join an offering period prior to the beginning of the period.

[Table of Contents](#)

Purchase Price for Shares

The purchase price of the shares of common stock acquired on each purchase date will be the lower of (i) 85% of the fair market value of a share of common stock on the first day of the offering period or (ii) 85% of the fair market value of a share of common stock on the last day of the offering period, subject to any adjustments made by the Board of Directors in the event of changes in capitalization, dissolution or liquidation, or merger or asset sale. "Fair market value" means the closing sale price (or closing bid price if no sales are reported) of our common stock as reported by the Nasdaq Global Select Market or, in the absence of an established trading market, as determined in good faith by the Board of Directors.

Payroll Deductions and Stock Purchases

The purchase price of the shares of common stock will be accumulated by payroll deductions in an amount of not less than one percent (1%) and not more than fifteen percent (15%) (or such greater percentage as the Board may establish from time to time before an offering commencement date) of a participant's compensation on each payday during an offering period. The accumulated deduction will automatically be applied on each purchase date to the purchase of whole shares of common stock at the purchase price in effect for that purchase date. For purposes of the ESPP, eligible compensation includes salary, wages, overtime, bonuses, commissions and incentive compensation.

Special Limitations

The ESPP imposes certain limitations upon a participant's right to acquire common stock, including the following:

- A participant may not be granted rights under the ESPP and all other employee stock purchase plans of AngioDynamics and its subsidiaries to purchase more than \$25,000 worth of common stock (determined based on fair market value of the stock on the first day of the offering period) for each calendar year in which the offering period is in effect; and
- No Participant may purchase more than \$9,000 worth of common stock on any one purchase date.

Withdrawal; Termination of Purchase Rights

A participant may withdraw all, but not less than all, the payroll deductions credited to his or her account and not yet used to acquire shares under the ESPP any time on or before 15 days prior to a purchase date.

Purchase rights granted pursuant to any offering period under the ESPP terminate immediately upon cessation of a participant's employment for any reason. The participant will be deemed to have elected to withdraw from the ESPP, and we will distribute to such participant, or, in the case of his or her death, to the person or persons designated as his or her beneficiary, all of his or her accumulated payroll deductions.

Upon a participant's withdrawal, all of the participant's payroll deductions credited to his or her account will be paid to such participant promptly after receipt of a notice of withdrawal, the participant's purchase right for the offering period will automatically be terminated, no further payroll deductions for the purchase of shares will be made for such offering period, and payroll deductions will not resume at the beginning of the succeeding offering period or any offering period thereafter unless the participant re-enrolls in the ESPP. A participant's withdrawal from a given offering period will not affect such participant's eligibility to participate in subsequent offering periods under the ESPP.

No Transfer

Purchase rights granted under the ESPP are not transferable by a participant and may be exercised only by the participant to whom such rights are granted.

[Table of Contents](#)

Adjustment Provisions

The number of shares authorized but not yet issued and the purchase price thereof, and the maximum number of shares that a participant may purchase each purchase period, will be proportionately adjusted for any increase or decrease in the number of our issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of our common stock, or any other similar change in the number of our outstanding shares effected without the receipt of consideration by us.

Effect of Certain Corporate Transactions

The ESPP provides that, in the event of: (i) a sale of all or substantially all of our assets; or (ii) our merger with or into another corporation, the ESPP will be assumed, or an equivalent plan substituted, by the successor corporation or a parent or subsidiary of the successor corporation. However, if the successor corporation refuses to assume the ESPP or substitute an equivalent plan, the offering period then in progress will be shortened by changing the next purchase date to a date that falls before the date of the proposed sale of assets or merger. Similarly, in the event of a proposed dissolution or liquidation of the Company, the offering period then in progress will be shortened by changing the next purchase date to a date before the date of the proposed dissolution or liquidation. In each such instance, all participants' purchase rights will be exercised automatically on the new purchase date unless before such date they have withdrawn from the offering period.

Shareholder Rights

No participant will have any shareholder rights with respect to the shares covered by his or her purchase rights until the shares are actually purchased on the participant's behalf.

Share Proration

Should the total number of shares of common stock to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares available for issuance under the ESPP at that time, then the Board will make a *pro rata* allocation of the available shares in as uniform a manner as shall be practicable and as it shall determine to be equitable.

Duration, Amendment and Termination

Unless sooner terminated by our Board of Directors, the ESPP will continue in effect for a term of ten years.

The Board may modify or amend the ESPP at any time. Any modification or amendment of the ESPP must be approved by the shareholders if such approval is required under Section 423 of the Code, or any regulations promulgated thereunder, Rule 16b-3 under the Exchange Act of 1934, as amended, or under Nasdaq or any other applicable listing requirements.

The Board may also amend or modify the ESPP, and any purchase rights previously granted under the ESPP, to the extent necessary to ensure the continued qualification of the ESPP under Section 423 of the Code and any regulations promulgated thereunder and, if applicable, Rule 16b-3 under the Exchange Act.

Summary of Federal Income Tax Consequences under the Employee Stock Purchase Plan

The following is a summary of the principal United States Federal income taxation consequences to AngioDynamics and participants subject to U.S. taxation with respect to participation in the ESPP. This summary is not intended to be exhaustive and does not discuss the income tax laws of any city, state, or foreign jurisdiction in which a participant in the ESPP may reside.

The plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code.

Table of Contents

A participant will be taxed on amounts withheld for the purchase of shares of common stock as if such amounts were actually received. Other than this, no income will be taxable to a participant until disposition of the acquired shares, and the method of taxation will depend upon the holding period of the acquired shares.

If a participant sells or otherwise disposes of the purchased shares within two years after his or her entry date into the offering period in which such shares were acquired or within one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the closing selling price of the shares on the purchase date exceeded the purchase price paid for those shares, and AngioDynamics will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal in amount to such excess. The participant also will recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary income recognized in connection with their acquisition.

If a participant sells or disposes of the purchased shares more than two years after his or her entry date into the offering period in which the shares were acquired and more than one year after the actual purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the lower of (i) the amount by which the closing selling price of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (ii) fifteen percent (15%) of the closing selling price of the shares on the participant's entry date into that purchase period. Any additional gain upon the disposition will be taxed as a long-term capital gain. AngioDynamics will not be entitled to an income tax deduction with respect to such disposition.

If a participant still owns the purchased shares at the time of death, his or her estate will recognize ordinary income in the year of death equal to the lower of (i) the amount by which the closing selling price of the shares on the date of death exceeds the purchase price, or (ii) fifteen percent (15%) of the closing selling price of the shares on his or her entry date into the purchase period in which those shares were acquired.

Directors who are not employees will not be eligible to participate in the ESPP. The future benefits that will be received under the ESPP by the current executive officers of the Company and by all eligible employees are not currently determinable. The Company estimates that approximately 1,244 employees of the Company will be eligible to participate upon commencement of the next offering period of the ESPP.

On September 2, 2014, the closing price of the Company's common stock on the Nasdaq Global Select Market was \$13.85.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO AMEND THE ANGIODYNAMICS, INC. EMPLOYEE STOCK PURCHASE PLAN.

PROPOSAL 6—AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF ANGIODYNAMICS, INC.

We are asking our shareholders to approve an amendment to our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000.

Our Amended and Restated Certificate of Incorporation currently authorizes the issuance of 45,000,000 shares of common stock and 5,000,000 shares of preferred stock. On August 28, 2014, our Board of Directors determined that it is advisable to increase our authorized shares of common stock from 45,000,000 shares to 75,000,000 shares, and has voted to recommend that our shareholders adopt an amendment to our Amended and Restated Certificate of Incorporation effecting the proposed increase. Our Amended and Restated Certificate of Incorporation currently also authorizes the issuance of 5,000,000 shares of preferred stock, par value \$0.01 per share, none of which are issued or outstanding. The proposed amendment to our Amended and Restated Certificate of Incorporation would not change the authorized number of shares of preferred stock. We currently have no plans, arrangements, commitments or understandings with respect to the issuance of any shares of preferred stock.

As of September 2, 2014, of our 45,000,000 currently authorized shares of common stock, approximately 40,957,756 shares were either issued and outstanding or reserved for issuance. Shares reserved for issuance included approximately 2,624,159 shares reserved for issuance upon the exercise of outstanding stock options, 621,190 shares reserved for issuance pursuant to outstanding restricted stock units, 393,334 shares reserved for issuance pursuant to outstanding performance share units, 1,311,261 shares reserved for issuance pursuant to future grants under our 2004 Stock and Incentive Award Plan, and 361,321 shares reserved for issuance under our Employee Stock Purchase Plan and 62,574 shares pending issuance under our Employee Stock Purchase Plan. Based upon these issued and reserved shares of common stock, we currently have approximately 4,042,244 shares of common stock remaining available for issuance in the future for other corporate purposes. At the Annual Meeting, we are seeking shareholder approval to reserve an additional 1,000,000 shares for issuance under our 2004 Stock and Incentive Award Plan and an additional 800,000 shares under our Employee Stock Purchase Plan. If these amendments are approved, we would have approximately 2,242,244 shares of common stock remaining available for issuance in the future for other corporate purposes.

Text of the Amendment

We propose to amend the first paragraph of the Fourth Article of our Amended and Restated Certificate of Incorporation so that it would read in its entirety as follows:

“The total number of shares of stock which the Corporation shall have authority to issue is 80,000,000 shares of capital stock, consisting of (i) 75,000,000 shares of common stock, par value \$.01 per share (the “Common Stock”), and (ii) 5,000,000 shares of preferred stock, par value \$.01 per share (the “Preferred Stock”).”

The only change that would be made to the first paragraph of the Fourth Article, as currently in effect, would be to increase the total number of shares of common stock that we may issue from 45,000,000 shares to 75,000,000 shares.

Purpose of the Amendment

Our Board of Directors is recommending this increase in the authorized shares of common stock primarily to give us the flexibility to issue shares of common stock for future corporate needs. As a general matter, the Board of Directors would be able to issue these additional shares of common stock in its discretion from time to time without further action or approval of our shareholders, subject to and as limited by any rules or listing requirements of The Nasdaq Stock Market or of any other then-applicable securities exchange or the requirements of applicable law. The newly authorized shares of common stock would be issuable for any proper corporate purpose, including future acquisitions, capital-raising or financing transactions involving common

[Table of Contents](#)

stock, convertible securities or other equity securities, stock splits, stock dividends and current or future equity compensation plans. Our Board believes that these additional shares will provide us with needed flexibility to issue shares in the future without the potential expense or delay incident to obtaining shareholder approval for any particular issuance. There are currently no commitments or understandings with respect to the issuance of any of the additional shares of common stock that would be authorized by the proposed amendment.

Ability of Board to Issue Authorized Shares; Certain Issuances Requiring Shareholder Approval

Once authorized, additional shares of our common stock may be issued upon approval by our Board of Directors and without further approval of the shareholders unless shareholder approval is required by applicable law or the rules of Nasdaq.

The rules of Nasdaq require the prior approval of shareholders representing the majority of the votes cast (assuming the presence of a quorum) in the following situations:

- when a stock option or purchase plan is to be established or materially amended or other equity compensation arrangement made or materially amended, pursuant to which options or stock may be acquired by officers, directors, employees, or consultants, except for:
 - warrants or rights issued generally to all security holders of the company or stock purchase plans available on equal terms to all security holders of the company (such as a typical dividend reinvestment plan); or
 - tax qualified, non-discriminatory employee benefit plans (*e.g.*, plans that meet the requirements of section 401(a) or 423 of the Code) or parallel nonqualified plans, provided such plans are approved by the issuer's independent compensation committee or a majority of the issuer's independent directors; or plans that merely provide a convenient way to purchase shares on the open market or from the issuer at fair market value;
 - plans or arrangements relating to an acquisition or merger as permitted under the rules of Nasdaq;
 - issuances to a person not previously an employee or director of the company, or following a bona fide period of non-employment, as an inducement material to the individual's entering into employment with the company, provided such issuances are approved by either the issuer's independent compensation committee or a majority of the issuer's independent directors. Promptly following an issuance of any employment inducement grant in reliance on this exception, a company must disclose in a press release the material terms of the grant, including the recipient(s) of the grant and the number of shares involved.
- when the issuance or potential issuance will result in a change of control of the issuer;
- in connection with the acquisition of the stock or assets of another company, if:
 - any director, officer or substantial stockholder of the issuer has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the company or assets to be acquired or in the consideration to be paid in the transaction or series of related transactions and the present or potential issuance of common stock, or securities convertible into or exercisable for common stock, could result in an increase in outstanding common shares or voting power of 5% or more; or
 - where, due to the present or potential issuance of common stock, or securities convertible into or exercisable for common stock, other than a public offering for cash; or
 - the common stock has or will have upon issuance voting power equal to or in excess of 20% of the voting power outstanding before the issuance of stock or securities convertible into or exercisable for common stock; or
 - the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares or common stock outstanding before the issuance of the stock or securities.

[Table of Contents](#)

- in connection with a transaction other than a public offering involving:
 - the sale, issuance or potential issuance by the issuer of common stock (or securities convertible into or exercisable for common stock) at a price less than the greater of book or market value which together with sales by officers, directors or substantial stockholders of the company equals 20% or more of common stock or 20% or more of the voting power outstanding before the issuance; or
 - the sale, issuance or potential issuance by the company of common stock (or securities convertible into or exercisable common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for less than the greater of book or market value of the stock.

Rights of Additional Authorized Shares

Any authorized shares of common stock, if and when issued, would be part of our existing class of common stock and would have the same rights and privileges as the shares of common stock currently outstanding. Our shareholders do not have preemptive rights with respect to the common stock, nor do they have cumulative voting rights. Accordingly, should we issue additional shares of common stock, existing shareholders would not have any preferential rights to purchase any of such shares, and their percentage ownership of the Company's then-outstanding common stock could be reduced.

Potential Adverse Effects of Amendment

Future issuances of common stock or securities convertible into common stock could have a dilutive effect on our earnings per share, book value per share and the voting power and interest of current shareholders. In addition, the availability of additional shares of common stock for issuance could, under certain circumstances, discourage or make more difficult any efforts to obtain control of the Company. The Board is not aware of any attempt, or contemplated attempt, to acquire control of the Company, nor is this proposal being presented with the intent that it be used to prevent or discourage any acquisition attempt. However, nothing would prevent the Board from taking any such actions that it deems to be consistent with its fiduciary duties.

Effectiveness of Amendment

If the proposed amendment is approved and adopted by the shareholders at the Annual Meeting, it will become effective upon the filing of a certificate of amendment to the Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. Our Board of Directors reserves the right, notwithstanding shareholder approval and without further action by our shareholders, to elect not to proceed with filing the Amendment to our Amended and Restated Certificate of Incorporation if, at any time prior to filing thereof, our Board of Directors, in its sole discretion, determines that it is no longer advisable or in the best interest of the Company. The Amendment to our Amended and Restated Certificate of Incorporation is subject to revision for such changes as may be required by the Secretary of State of the State of Delaware and any other changes consistent with this proposal that we may deem necessary or appropriate.

Vote Required

The affirmative vote of the holders of a majority of the outstanding shares of common stock on the Record Date is necessary to approve the amendment to our Amended and Restated Certificate of Incorporation.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO APPROVE AND ADOPT THE PROPOSED AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

There were no related party transactions pursuant to Item 404 of Regulation S-K during our fiscal year ended May 31, 2014.

Policy on Related Party Transactions

On July 27, 2007, the Board of Directors approved a Related Person Transaction Policy. The policy defines “Related Person Transaction” as certain transactions, arrangements or relationships in which the company participates, the amount exceeds \$50,000 and certain related persons have a material interest. Under the policy, any potential Related Person Transaction, including for example the purchase of goods or services, guarantees of indebtedness or employment, must be pre-approved by the Audit Committee unless circumstances make pre-approval impracticable. In the latter case, management is allowed to enter into the transaction, but the transaction remains subject to ratification by the Audit Committee at a subsequent Audit Committee meeting. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee will take into account a number of factors, including the related person’s interest and approximate dollar amount of the transaction, as well as, whether the transaction occurred in the ordinary course of business or through a competitive bid process. On an annual basis, the Audit Committee will review and assess ongoing Related Person Transactions to determine whether the relationships remain appropriate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on our review of copies of such forms received by us, or on written representations from certain reporting persons that no reports were required for such persons, we believe that, during the fiscal year ended May 31, 2014, all of our executive officers, directors and 10% shareholders complied with all Section 16 filing requirements.

ANNUAL REPORT

Any AngioDynamics shareholder may obtain without charge additional copies of our annual report on Form 10-K for the fiscal year ended May 31, 2014 (without exhibits), as filed with the SEC, by writing to:

In addition, our By-Laws contain an advance notice provision with respect to matters to be brought before an Annual Meeting of Shareholders, including nominations for directors, and not included in our proxy statement. You may write to our Secretary at our principal executive office, 14 Plaza Drive, Latham, New York 12110, to deliver the notices discussed above and to request a copy of the relevant By-Law provisions regarding the requirements for making shareholder proposals and nominations of directors.

OTHER MATTERS

As of the date of this proxy statement, we know of no matters other than those set forth herein that will be presented for consideration at the meeting. If any other matter or matters are properly brought before the meeting or any adjournment thereof, the persons named in the accompanying proxy will have discretionary authority to vote, or otherwise act, with respect to such matters in accordance with their judgment.

Any such performance measure or combination of such performance measures may apply to the Service Provider's Award in its entirety or to any designated portion or portions of the Award, as the Committee may specify. The foregoing performance measures shall be determined in accordance with generally accepted accounting principles ("GAAPs") to the extent that GAAPs define such performance measures, and otherwise shall be determined in accordance with any customary and reasonable definition the Committee approves. - (c) Any provision of the Plan to the contrary notwithstanding, but subject to Section 6(e), Section 9 and Section 10 below, Awards to which Section 6(b) above applies shall (i) "be paid solely on account of the attainment of one or more preestablished, objective performance goals" (within the meaning of Treasury Regulation 1.162-27(e)(2) or its successor) over a period of one year or longer, which performance goals shall be based upon one or more of the performance measures set forth in Section 6(b) above, and (ii) be subject to such other terms and conditions as the Committee may impose.
- (d) The terms of the performance goal applicable to any Award to which Section 6(b) above applies shall preclude discretion to increase the amount of compensation that would otherwise be due upon attainment of the goal.

Table of Contents

- (e) An Award to which Section 6(b) above applies may be earned in whole or in part if the Service Provider's death or disability or a Change in Control or another circumstance or event specified by the Committee occurs before the performance goal applicable to the Award is attained, and irrespective of whether the performance goal applicable to the Award is thereafter attained, but only if and to the extent that (i) the Committee so provides with respect to such Award, and (ii) the Award will nevertheless qualify as Performance-Based Compensation if the performance goal applicable to such Award is attained and the Service Provider's death or disability, a Change in Control or any such other circumstance or event specified by the Committee does not occur.

Subject to the foregoing limitations, the purchase price per share may, if the Committee so provides at the time of grant of an Option, be indexed to the increase or decrease in an index specified by the Committee.
- (b) The purchase price of shares subject to an Option may be paid in whole or in part (i) in money, (ii) by bank-certified, cashier's or personal check subject to collection, (iii) if so provided in the Option and subject to Section 402 of the Sarbanes-Oxley Act of 2002 as amended from time to time and subject to such terms and conditions as the Committee may impose, by delivering to the Company a properly executed exercise notice together with a copy of irrevocable instructions to a stockbroker to sell immediately some or all of the shares acquired by exercise of the option and to deliver promptly to the Company an amount of sale proceeds (or, in lieu of or pending a sale, loan proceeds) sufficient to pay the purchase price, or (iv) if so provided in the Option and subject to such terms and conditions as may be specified in the Option, in shares of Common Stock which have been owned by the optionee for at least six months or which were acquired on the open market and which are surrendered to the Company actually or by attestation. Shares of Common Stock thus surrendered shall be valued at their Fair Market Value on the date of exercise.
- (c) Options may be granted for such lawful consideration, including but not limited to money or other property, tangible or intangible, or labor or services received or to be received by the Company, a Subsidiary or an Allied Enterprise, as the Committee may determine when the Option is granted. Subject to the foregoing and the other provisions of this Section 7, each Option may be exercisable in full at the time of grant or may become exercisable in one or more installments and at such time or times and subject to such terms and conditions, as the Committee may determine. Without limiting the foregoing, an Option may (but need not) provide by its terms that it will become exercisable in whole or in part upon the completion of specified periods of service or earlier achievement of one or more performance objectives specified therein, or that it will become exercisable only if one or more performance goals specified therein are achieved. The Committee may at any time accelerate the date on which an Option becomes exercisable, and no additional consideration need be received by the Company in exchange for such acceleration. Unless otherwise provided in the instrument evidencing the Option, an Option, to the extent it becomes exercisable, may be exercised at any time in whole or in part until the expiration or termination of the Option.

Table of Contents

- (d) Subject to Section 13(a) below, each Option shall be exercisable during the life of the optionee only by him or his guardian or legal representative, and after death only by his Beneficiary. Notwithstanding any other provision of this Plan, (i) no Option shall be exercisable after the tenth anniversary of the date on which the Option was granted, and (ii) no Incentive Stock Option which is granted to any optionee who, at the time such Option is granted, owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of his employer corporation or of its parent or subsidiary corporation, shall be exercisable after the expiration of five (5) years from the date such Option is granted. If an Option is granted for a term of less than ten years, the Committee may, at any time prior to the expiration of the Option, extend its term for a period ending not later than on the tenth anniversary of the date on which the Option was granted, and no additional consideration need be received by the Company in exchange for such extension. Subject to the foregoing provisions of this Section 7(d), the Committee may but need not provide for an Option to be exercisable after termination of the Service Provider's employment or other service for any period and subject to any terms and conditions that the Committee may determine.
- (e) An Option may, but need not, be an Incentive Stock Option; provided that the aggregate Fair Market Value (determined as of the time the option is granted) of the stock with respect to which Incentive Stock Options may be exercisable for the first time by any Employee during any calendar year (under all plans, including this Plan, of his employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000 unless the Code is amended to allow a higher dollar amount.
- (f) Shares purchased pursuant to the exercise of an Option shall be issued to the person exercising the Option as soon as practicable after the Option is properly exercised. However, the Committee may (but need not) permit the person exercising an Option to elect to defer the issuance of shares purchased pursuant to the exercise of the Option on such terms and subject to such conditions and for such periods of time as the Committee may in its discretion provide. In the event of such deferral, the Committee may (but need not) pay the person who exercised the Option amounts equivalent to any dividends paid on or reinvested in such shares during the deferral period. Such amounts may be paid in cash or shares, as the Committee may provide.
- (g) The Committee shall not have the authority to reduce the exercise price of outstanding Options, except as permitted by Section 10 below (relating to adjustments for changes in capitalization and similar adjustments).
- (h) No Employee shall make any elective contribution or employee contribution to the Plan (within the meaning of Treasury Regulation Section 1.401(k)-1(d)(2)(iv)(B)(4) or a successor thereto) during the six months after the Employee's receipt of a hardship distribution from a plan of the Company or a related party within the provisions of Code Sections 414(b), (c), (m) or (o) containing a cash or deferred arrangement under Section 401(k) of the Code. The preceding sentence shall not apply if and to the extent that the General Counsel determines it is not necessary to qualify any such plan as a cash or deferred arrangement under Section 401(k) of the Code.
- (i) No option shall be exercisable unless and until the Company (i) obtains the approval of all regulatory bodies whose approval the General Counsel may deem necessary or desirable, and (ii) complies with all legal requirements deemed applicable by the General Counsel.
- (j) An Option shall be considered exercised if and when written notice, signed by the person exercising the Option and stating the number of shares with respect to which the Option is being exercised, is received by the designated representative of the Company on a properly completed form approved for this purpose by the Committee, accompanied by full payment of the Option exercise price in one or more of the forms authorized in the instrument evidencing such Option and described in Section 7(b) above for the number of shares to be purchased. No Option may at any time be exercised with respect to a fractional share unless the instrument evidencing such Option expressly provides otherwise.

8. **Stock Appreciation Rights.** Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the Plan, as shall from time to time be determined by the Committee and to the following terms and conditions:

- (a) Stock Appreciation Rights that are granted under the Plan may be linked to all or any part of an Option (“Linked Stock Appreciation Rights”), or may be granted without any linkage to an Option (“Free- Standing Stock Appreciation Rights”). Linked Stock Appreciation Rights may be granted on the date of grant of the related Option or on any date thereafter, as the Committee may determine.
- (b) Linked Stock Appreciation Rights may be granted either as an alternative or a supplement to the Option to which they are linked (the “related” Option). Linked Stock Appreciation Rights that are granted as an alternative to the related Option may only be exercised when the related Option is exercisable, and at no time may a number of such Linked Stock Appreciation Rights be exercised that exceeds the number of shares with respect to which the related Option is then exercisable. Upon exercise of Linked Stock Appreciation Rights that are granted as an alternative to an Option, the holder shall be entitled to receive the amount determined pursuant to Section 8(e) below. Exercise of each such Linked Stock Appreciation Right shall cancel the related Option with respect to one share of Common Stock purchasable under the Option. Linked Stock Appreciation Rights that are granted as a supplement to the related Option shall entitle the holder to receive the amount determined pursuant to Section 8(e) below if and when the holder purchases shares under the related Option or at any subsequent time specified in the instrument evidencing such Stock Appreciation Rights.
- (c) Stock Appreciation Rights may be granted for such lawful consideration, including but not limited to money or other property, tangible or intangible, or labor or services received or to be received by the Company, a Subsidiary or an Allied Enterprise, as the Committee may determine when the Stock Appreciation Rights are granted. The consideration for the grant of Stock Appreciation Rights may consist of the discharge of an obligation of the Company or an Affiliate. Subject to the foregoing and the other provisions of this Section 8, Stock Appreciation Rights may be exercisable in full at the time of grant or may become exercisable in one or more installments and at such time or times and subject to such terms and conditions, as the Committee may determine. Without limiting the foregoing, Stock Appreciation Rights may (but need not) provide by their terms that they will become exercisable in whole or in part upon the completion of specified periods of service or earlier achievement of one or more specified performance objectives, or that they will become exercisable only if one or more specified performance goals are achieved. The Committee may at any time accelerate the date on which Stock Appreciation Rights become exercisable, and no additional consideration need be received by the Company in exchange for such acceleration. Unless otherwise provided in the Plan or the instrument evidencing the Stock Appreciation Rights, Stock Appreciation Rights, to the extent they become exercisable, may be exercised at any time in whole or in part until they expire or terminate.
- (d) No Free-Standing Stock Appreciation Rights or Linked Stock Appreciation Rights that are granted as a supplement to the related Option shall be exercisable after the tenth anniversary of the date on which the Stock Appreciation Rights were granted, and no Linked Stock Appreciation Rights that are granted as an alternative to the related Option shall be exercisable after the related Option ceases to be exercisable. If the Committee grants Stock Appreciation Rights for a lesser term than that permitted by the preceding sentence, the Committee may, at any time prior to expiration of the Stock Appreciation Rights, extend their term to the maximum term permitted by the preceding sentence, and no additional consideration need be received by the Company in exchange for such extension. Subject to the foregoing provisions of this Section 8(d), the Committee may but need not provide for Stock Appreciation Rights to be exercisable after termination of the Service Provider’s employment or other service for any period and subject to any terms and conditions that the Committee may determine.
- (e) Upon exercise of Stock Appreciation Rights, the holder thereof shall be entitled to receive an amount of money, or a number shares of Common Stock that have a Fair Market Value on the date of exercise of such Stock Appreciation Rights, or a combination of money and shares valued at Fair Market Value

on such date, as the Committee may determine, equal to the amount by which the Fair Market Value of a share of Common Stock on the date of such exercise exceeds the Exercise Price (as hereafter defined) of the Stock Appreciation Rights, multiplied by the number of Stock Appreciation Rights exercised; provided that in no event shall a fractional share be issued unless the instrument evidencing such Stock Appreciation Rights expressly provides otherwise. In the case of Linked Stock Appreciation Rights that are granted as an alternative to the related Option, the Exercise Price shall be the price at which shares may be purchased under the related Option. In the case of Linked Stock Appreciation Rights that are granted as a supplement to the related Option, and in the case of Free-Standing Stock Appreciation Rights, the Exercise Price shall be the Fair Market Value of a share of Common Stock on the date the Stock Appreciation Rights were granted, unless the Committee specified a different price when the Stock Appreciation Rights were granted (which shall not be less than the par value of the Common Stock).

- (f) Subject to Section 4(e) above, (i) the limitations set forth in Section 4(a)(i) above shall be charged only for the number of shares which are actually issued in settlement of Stock Appreciation Rights; and (ii) in the case of an exercise of Linked Stock Appreciation Rights that were granted as an alternative to the related Option, if the number of shares of Common Stock previously charged against such limitations on account of the portion of the Option that is cancelled in connection with such exercise in accordance with Section 8(b) exceeds the number of shares (if any) actually issued pursuant to such exercise, the excess may not be added back to the maximum aggregate number of shares available for issuance under the Plan.
- (g) Subject to Section 13(a) below, Stock Appreciation Rights shall be exercisable during the life of the Service Provider only by him or his guardian or legal representative, and after death only by his Beneficiary.
- (h) The Committee shall not have the authority to reduce the exercise price of outstanding Stock Appreciation Rights, except as permitted by Section 10 below (relating to adjustments for changes in capitalization and similar adjustments).

9. *Certain Change in Control, Termination of Service, Death and Disability Provisions.*

The Committee may at any time, and subject to such terms and conditions as it may impose:

- (a) authorize the holder of an Option or Stock Appreciation Rights to exercise the Option or Stock Appreciation Rights (i) on and after a Change in Control, or (ii) after the termination of the participant's employment or other applicable service that benefits the Company or a Subsidiary or an Allied Enterprise, or (iii) after the participant's death or disability, whether or not the Option or Stock Appreciation Rights would otherwise be or become exercisable on or after any such event, provided that in no event may an Option or Stock Appreciation Rights be exercised after the expiration of their term;
- (b) grant Options and Stock Appreciation Rights, which become exercisable only in the event of a Change in Control;
- (c) provide for Stock Appreciation Rights to be exercised automatically and only for money in the event of a Change in Control;
- (d) authorize any Award to become non-forfeitable, fully earned and payable (i) upon a Change in Control, or (ii) after the termination of the Service Provider's employment with or other applicable service that benefits the Company or a Subsidiary or an Allied Enterprise, or (iii) after the Service Provider's death or disability, whether or not the Award would otherwise be or become non-forfeitable, fully earned and payable upon or after any such event;
- (e) grant Awards which become non-forfeitable, fully earned and payable only in the event of a Change in Control; and

- (f) provide in advance or at the time of a Change in Control for money to be paid in settlement of any Award in the event of a Change in Control, either at the election of the participant or at the election of the Committee.

10. **Adjustment Provisions.** In the event that any recapitalization, or reclassification, split-up, reverse split, or consolidation of shares of Common Stock shall be effected, or the outstanding shares of Common Stock shall be, in connection with a merger or consolidation of the Company or a sale by the Company of all or a part of its assets, exchanged for a different number or class of shares of stock or other securities or property of the Company or any other entity or person, or a spin-off or a record date for determination of holders of Common Stock entitled to receive a dividend or other distribution payable in Common Stock or other property (other than normal cash dividends) shall occur, (a) the maximum aggregate number and the class of shares or other securities or property that may be issued in accordance with Section 4(a)(i) above pursuant to Awards thereafter granted, (b) the maximum number and the class of shares or other securities or property with respect to which Options or Stock Appreciation Rights, or Awards other than Appreciation-Only Awards and Dollar-Denominated Awards, may be granted during any calendar year to any Employee or other Service Provider pursuant to Section 4(a)(ii) or 4(a)(iii) above, (c) the number and the class of shares or other securities or property that may be issued or transferred under outstanding Awards, (d) the purchase price to be paid per share under outstanding and future Awards, and (e) the price to be paid per share by the Company or a Subsidiary for shares or other securities or property issued pursuant to Awards which are subject to a right of the Company or a Subsidiary to reacquire such shares or other securities or property, shall in each case be equitably adjusted; provided that with respect to Incentive Stock Options any such adjustments shall comply with Sections 422 and 424 of the Code.

11. **Effective Date and Duration of Plan.** The Plan shall be effective on the date on which the shareholders of the Company approve it either (a) at a duly held shareholders' meeting, or (b) by the written consent of the holders of a majority of the securities of the Company entitled to vote, in accordance with any applicable provisions of the Delaware General Corporation Law. If the Plan is not so approved by shareholders, the Plan shall be null, void and of no force or effect. If so approved, Awards may be granted within ten years after the date of such approval by shareholders, but not thereafter. In no event shall an Incentive Stock Option be granted under the Plan more than ten (10) years from the date the Plan is adopted by the Board, or the date the Plan is approved by the shareholders of the Company, whichever is earlier.

12. **Administration.**

- (a) The Plan shall be administered by a committee of the Board consisting of two or more directors appointed from time to time by the Board. No person shall be appointed to or shall serve as a member of such committee unless at the time of such appointment and service he shall satisfy any director independence requirements then applicable to service on such committee under any NASDAQ rules or listing standards that apply to the Company at such time. Unless the Board determines otherwise, such committee shall also be comprised solely of "outside directors" within the meaning of Section 162(m)(4)(C)(i) of the Code and Treasury Regulation Section 1.162-27(e)(3), and "non-employee directors" as defined in SEC Rule 16b-3.
- (b) The Committee may establish such rules and regulations, not inconsistent with the provisions of the Plan, as it may deem necessary for the proper administration of the Plan, and may amend or revoke any rule or regulation so established. The Committee shall, subject to the provisions of the Plan, have full power and discretion to interpret, administer and construe the Plan and full authority to make all determinations and decisions thereunder including without limitation the authority and discretion to (i) determine the persons who are Service Providers and select the Service Providers who are to participate in the Plan, (ii) determine when Awards shall be granted, (iii) determine the number of shares and/or amount of money to be made subject to each Award, (iv) determine the type of Award to grant, (v) determine the terms and conditions of each Award, including the exercise price, in the case of an Option or Stock Appreciation Rights, and whether specific Awards shall be linked to one another and if so whether they shall be alternative to or supplement one another, (vi) make any adjustments

pursuant to Section 10 of the Plan, and (vii) determine whether or not a specific Award is intended to qualify as Performance-Based Compensation. Without limiting the generality of the foregoing, the Committee shall have the authority to establish and administer performance goals applicable to Awards, and the authority to certify that such performance goals are attained, within the meaning of Treasury Regulation Section 1.162-27(c)(4). The interpretation by the Committee of the terms and provisions of the Plan and any instrument issued thereunder, and its administration thereof, and all action taken by the Committee, shall be final, binding and conclusive on the Company, its shareholders, Subsidiaries, Allied Enterprises, all participants and Service Providers, and upon their respective Beneficiaries, successors and assigns, and upon all other persons claiming under or through any of them.

- (c) Members of the Board of Directors and members of the Committee acting under this Plan shall be fully protected in relying in good faith upon the advice of counsel and shall incur no liability except for gross or willful misconduct in the performance of their duties.

13. General Provisions.

- (a) No Award, including without limitation any Option or Stock Appreciation Rights, shall be transferable by the Service Provider or other rightful holder of such Award other than by will or the laws of descent and distribution or to a Beneficiary. The preceding sentence and any other provision of the Plan to the contrary notwithstanding, the Committee may (but need not) permit a Service Provider to transfer any Award, other than an Incentive Stock Option or any other Award that is linked to an Incentive Stock Option, during his lifetime to such other persons and such entities and on such terms and subject to such conditions as the Committee may provide in the instrument evidencing such Award.
- (b) Nothing in this Plan or in any instrument executed pursuant hereto shall confer upon any person any right to continue in the employment or other service of the Company or a Subsidiary or an Allied Enterprise, or shall affect the right of the Company or a Subsidiary or any Allied Enterprise to terminate the employment or other service of any person at any time with or without cause.
- (c) No shares of Common Stock shall be issued or transferred pursuant to an Award unless and until all legal requirements applicable to the issuance or transfer of such shares have, in the opinion of the General Counsel, been satisfied. Any such issuance or transfer shall be contingent upon the person acquiring the shares giving the Company any assurances the General Counsel may deem necessary or desirable to assure compliance with all applicable legal requirements.
- (d) No person (individually or as a member of a group) and no Beneficiary or other person claiming under or through him, shall have any right, title or interest in or to any shares of Common Stock (i) allocated, or (ii) reserved for the purposes of this Plan, or (iii) subject to any Award, except as to such shares of Common Stock, if any, as shall have been issued to him. No dividends or dividend equivalents shall be issued on outstanding stock options, SARs or performance-based awards.
- (e) The Company and its Subsidiaries and any Allied Enterprises may make such provisions as they may deem appropriate for the withholding of any taxes which they determine they are required to withhold in connection with any Award. Without limiting the foregoing, the Committee may, subject to such terms and conditions as it may impose, permit or require any withholding tax obligation arising in connection with any Award or the grant, exercise, vesting, distribution or payment of any Award, up to the minimum required federal, state and local withholding taxes, including payroll taxes, to be satisfied in whole or in part, with or without the consent of the Service Provider or other rightful holder of the Award, by having the Company withhold all or any part of the shares of Common Stock that vest or would otherwise be issued or distributed at such time. Any shares so withheld shall be valued at their Fair Market Value on the date of such withholding.
- (f) Nothing in this Plan is intended to be a substitute for, or shall preclude or limit the establishment or continuation of, any other plan, practice or arrangement for the payment of compensation or fringe benefits to directors, officers, employees, consultants or Service Providers generally, or to any class or

group of such persons, which the Company or any Subsidiary now has or may hereafter lawfully put into effect, including, without limitation, any incentive compensation, retirement, pension, group insurance, stock purchase, stock bonus or stock option plan. A Service Provider may be granted an Award whether or not he is eligible to receive similar or dissimilar incentive compensation under any other plan or arrangement of the Company.

- (g) The Company's obligation to issue shares of Common Stock or to pay money in respect of any Award shall be subject to the condition that such issuance or payment would not impair the Company's capital or constitute a breach of or cause the Company to be in violation of any covenant, warranty or representation made by the Company in any credit agreement to which the Company is a party before the date of grant of such Award.
- (h) By accepting any benefits under the Plan, each Service Provider, and each person claiming under or through him, shall be conclusively deemed to have indicated his acceptance and ratification of, and consent to, all provisions of the Plan and any action or decision under the Plan by the Company, its agents and employees, and the Board of Directors and the Committee.
- (i) The validity, construction, interpretation and administration of the Plan and of any determinations or decisions made thereunder, and the rights of all persons having or claiming to have any interest therein or thereunder, shall be governed by, and determined exclusively in accordance with, the laws of the State of Delaware, but without giving effect to the principles of conflicts of laws thereof. Without limiting the generality of the foregoing, the period within which any action arising under or in connection with the Plan must be commenced, shall be governed by the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof, irrespective of the place where the act or omission complained of took place and of the residence of any party to such action and irrespective of the place where the action may be brought. A Service Provider's acceptance of any Award shall constitute his irrevocable and unconditional waiver of the right to a jury trial in any action or proceeding concerning the Award, the Plan or any rights or obligations of the Service Provider or the Company under or with respect to the Award or the Plan.
- (j) The use of the masculine gender shall also include within its meaning the feminine. The use of the singular shall include within its meaning the plural and vice versa.

14. **Amendment and Termination.** Subject to any applicable shareholder approval requirements of Delaware or federal law, NASDAQ rules or listing standards, or the Code, the Plan may be amended by the Board of Directors at any time and in any respect, including without limitation to permit or facilitate qualification of Options theretofore or thereafter granted (a) as Incentive Stock Options under the Code, or (b) for such other special tax treatment as may be enacted on or after the date on which the Plan is approved by the Board, provided that, without shareholder approval, no amendment shall increase the aggregate number of shares which may be issued under the Plan, or shall permit the exercise price of outstanding Options or Stock Appreciation Rights to be reduced, except as permitted by Section 10 hereof. The Plan may also be terminated at any time by the Board of Directors. No amendment or termination of this Plan shall adversely affect any Award granted prior to the date of such amendment or termination without the written consent of the holder of such Award.
