April 2, 2012

To the Stockholders of AngioDynamics, Inc.:

We cordially invite you to attend a special meeting of the stockholders of AngioDynamics, Inc. to be held at our corporate headquarters located at 14 Plaza Drive, Latham, New York 12110 on May 15, 2012 at 4:00 p.m., local time.

On January 30, 2012, AngioDynamics, Inc. entered into a Stock Purchase Agreement to acquire all of the issued and outstanding capital stock of NM Holding Company, Inc., or "Navilyst Holdings", which is the ultimate parent company of Navilyst Medical, Inc., or "Navilyst Medical". Subject to satisfaction of the terms and conditions in the Stock Purchase Agreement, Navilyst Holdings and its subsidiaries, collectively "Navilyst", will become wholly-owned subsidiaries of AngioDynamics as a result of the acquisition.

The total purchase price will be subject to adjustment based on the working capital of Navilyst Holdings at the closing of the acquisition and will consist of the following:

- Total cash consideration of approximately \$237.5 million, which will be used to repay Navilyst Holdings' existing indebtedness, pay the liquidation value of the issued and outstanding preferred stock of Navilyst Holdings, pay for certain fees and costs of Navilyst Holdings and the stockholders of Navilyst Holdings, or the "Sellers", fund an escrow account and pay certain cash consideration to the Sellers for all the issued and outstanding shares of Navilyst Holdings common stock; and
- 9,479,607 shares of common stock, \$0.01 par value, of AngioDynamics.
- Based on AngioDynamics' closing stock price of \$12.25 on March 30, 2012, the total purchase price is approximately \$353.7 million prior to adjustment for working capital changes.

Under the rules of the Nasdaq Global Select Market, the securities exchange on which our common stock is listed, the issuance of our common stock in connection with the acquisition requires the approval of AngioDynamics' stockholders because the issuance exceeds 20% of the number of shares of AngioDynamics common stock outstanding prior to the issuance.

At the special meeting, you will be asked to consider and vote on a proposal to approve the issuance of shares of AngioDynamics common stock. You also may be asked to approve a proposal to adjourn or postpone the special meeting of stockholders, for a period of not more than 30 days, if necessary, to solicit additional proxies in the event that there are not sufficient votes at the time of the special meeting to approve the common stock issuance proposal.

The Board of Directors of AngioDynamics has determined that the Stock Purchase Agreement and the acquisition are advisable and in the best interests of AngioDynamics stockholders and has unanimously approved the Stock Purchase Agreement and the acquisition. **Accordingly, the Board of Directors of AngioDynamics recommends that you vote "FOR" the proposal to approve the issuance of AngioDynamics common stock and "FOR" the proposal to adjourn or postpone the special meeting, if necessary, to enable us to solicit additional proxies.**

Your vote is very important. We cannot complete the acquisition without the approval of the issuance of AngioDynamics common stock in connection with the acquisition. The proposal to issue 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. Even if you plan to attend the special meeting, we recommend that you submit your proxy before the special meeting so that your vote will be counted if you later decide not to attend the meeting. You can also vote your shares via the Internet or by telephone as provided in the instructions set forth on the enclosed proxy card. If you hold your shares in "street name" through a broker, you should follow the procedures provided by your broker.

The accompanying proxy statement explains the proposed acquisition in greater detail. We urge you to carefully read this proxy statement, including the annexes and information incorporated by reference and the matters discussed under "Risk Factors" beginning on page 14.

Sincerely,

Joseph M. DeVivo
President and Chief Executive Officer

Neither the Securities and Exchange Commission nor any state securities regulator has approved or disapproved the proposed issuance of shares of AngioDynamics common stock in connection with the acquisition or determined whether this proxy statement is truthful or complete. Any representation to the contrary is a criminal offense.

This proxy statement is dated April 2, 2012 and is first being mailed to AngioDynamics stockholders on or about April 4, 2012.

NOTICE OF SPECIAL MEETING OF STOCKHOLDERS To be held on May 15, 2012

To the Stockholders of AngioDynamics, Inc.:

A special meeting of stockholders of AngioDynamics, Inc., a Delaware corporation, will be held at our corporate headquarters located at 14 Plaza Drive, Latham, New York 12110 on May 15, 2012 at 4:00 p.m., local time, for the following purposes:

- Proposal No. 1:* To approve the issuance of 9,479,607 shares of AngioDynamics common stock, par value \$0.01 per share, pursuant to the Stock Purchase Agreement, dated as of January 30, 2012, by and among AngioDynamics, Navilyst Holdings, the stockholders of Navilyst Holdings, or the “Sellers”, the optionholders of Navilyst Holdings and the sellers’ representative.
- Proposal No. 2:* To approve the adjournment or postponement of the special meeting of AngioDynamics stockholders for a period of not more than 30 days, if necessary, to solicit additional proxies in the event that there are not sufficient votes at the time of the special meeting of AngioDynamics stockholders to approve Proposal No. 1.

Please refer to the accompanying proxy statement for further information with respect to the business to be transacted at the special meeting of stockholders.

The close of business on March 23, 2012 has been fixed as the record date for determining those AngioDynamics stockholders entitled to notice of and to vote at the special meeting. Accordingly, only stockholders of record at the close of business on that date will receive this notice of, and be eligible to vote at, the special meeting and any adjournments or postponements of the special meeting.

Our stockholders must approve Proposal No. 1 relating to the issuance of AngioDynamics common stock in accordance with the terms of the Stock Purchase Agreement in order for AngioDynamics to complete the acquisition of Navilyst.

The AngioDynamics Board of Directors recommends that you vote “**FOR**” each of the above proposals.

Your vote is important. Please read the proxy statement and the instructions on the enclosed proxy card and, whether or not you plan to attend the special meeting in person and no matter how many shares you own, please submit your proxy promptly by telephone or via the Internet in accordance with the instructions on the enclosed proxy card, or by completing, dating and returning your proxy card in the envelope provided. Returning your proxy by one of these three methods will not prevent you from voting in person at the special meeting. It will, however, help assure a quorum and avoid added proxy solicitations.

You may revoke your proxy at any time before the vote is taken by delivering to the Secretary of AngioDynamics a written revocation or a proxy with a later date (including a proxy by telephone or via the Internet) or by voting your shares in person at the special meeting, in which case your proxy would be disregarded.

By order of the Board of Directors

Gregory J. Champion, Secretary

QUESTIONS AND ANSWERS

The following are some questions that you, as a stockholder of AngioDynamics, may have regarding the acquisition of Navilyst and the proposal to issue shares of AngioDynamics common stock in connection with the acquisition and the answers to those questions. We urge you to read carefully the remainder of this document because the information in this section does not provide all the information that might be important to you with respect to the acquisition of Navilyst and the proposal to issue shares of AngioDynamics common stock in connection with the acquisition. Additional important information is also contained in the appendices to and the documents incorporated by reference in this document.

Q: What is the transaction?

A: AngioDynamics has entered into a Stock Purchase Agreement with Navilyst Holdings, the stockholders of Navilyst Holdings, or the “Sellers,” the optionholders of Navilyst Holdings, or the “Optionholders,” and the sellers’ representative, or the “Sellers’ Representative,” pursuant to which AngioDynamics agreed to acquire all of the issued and outstanding capital stock of Navilyst Holdings. Subject to satisfaction of the terms and conditions set forth in the Stock Purchase Agreement, Navilyst Holdings and its subsidiaries will become wholly-owned subsidiaries of AngioDynamics as a result of the acquisition.

Q: What am I being asked to vote on?

A: You are being asked to approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement in connection with the acquisition of Navilyst. The approval of the issuance of the AngioDynamics common stock is a condition to completing the acquisition.

In addition, you may be asked to vote to approve an adjournment or postponement of the special meeting for a period of not more than 30 days, if necessary, to solicit additional proxies in the event that there are not sufficient votes at the time of the special meeting to approve the issuance of the AngioDynamics common stock. The approval of the adjournment or postponement of the special meeting of stockholders is not a condition to completing the acquisition.

Q: How does the AngioDynamics Board of Directors recommend that I vote?

A: The AngioDynamics Board of Directors recommends that you vote “FOR” the approval of the issuance of the AngioDynamics common stock pursuant to the Stock Purchase Agreement in connection with the acquisition of Navilyst and “FOR” the approval of an adjournment or postponement of the special meeting, if necessary, to enable AngioDynamics to solicit additional proxies in favor of the proposal to issue AngioDynamics common stock. Your vote is important.

Q: Why is stockholder approval necessary for the issuance of AngioDynamics common stock in connection with the acquisition?

A: AngioDynamics’ common stock is listed on the Nasdaq Global Select Market, or “NASDAQ.” NASDAQ rules require stockholder approval before the issuance of common stock if the common stock to be issued will have voting power equal to or greater than 20% of the voting power outstanding before the issuance, or if the number of shares of common stock to be issued will be equal to or greater than 20% of the number of shares of common stock outstanding before the issuance.

The shares of AngioDynamics common stock that will be issued in connection with the acquisition of Navilyst exceed the thresholds under NASDAQ rules and, therefore, the issuance requires the approval of our stockholders.

Q: Why did AngioDynamics enter into the Stock Purchase Agreement?

A: Our Board of Directors believes that the acquisition of Navilyst will provide substantial benefits to us, including, among others, strengthening our vascular division through the addition of Navilyst’s Venous Access products, providing access to new potential customers through the addition of Navilyst’s Fluid

[Table of Contents](#)

Management products, incorporating into our business Navilyst's highly proficient manufacturing capabilities and quality systems and generally increasing the scale of our operations. For additional information regarding AngioDynamics' reasons for entering into the Stock Purchase Agreement, see the section entitled "The Transaction — AngioDynamics' Reasons for the Transaction" beginning on page 26.

Q: When is the acquisition expected to be completed?

A: AngioDynamics and Navilyst are working toward completing the acquisition as soon as practicable. AngioDynamics currently expects that the acquisition will close during AngioDynamics' fiscal 2012 fourth quarter ending May 31, 2012. In addition to stockholder approval of the issuance of AngioDynamics common stock, there are a number of additional conditions that must be satisfied before we can complete the transaction, including, but not limited to, expiration or termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or the "HSR Act." The waiting period under the HSR Act expired on March 29, 2012. See the section entitled "The Stock Purchase Agreement — Conditions to Closing the Transaction" beginning on page 51 for a more detailed discussion.

Q: Do I need to send in my stock certificates if the transaction is completed?

A: No. You will not be required to exchange your certificates representing shares of AngioDynamics common stock in connection with this transaction. You will not receive any cash or securities in connection with the acquisition. Instead, you will continue to hold your existing shares of AngioDynamics common stock.

Q: Who can vote at the special meeting?

A: AngioDynamics has fixed the close of business on March 23, 2012 as the record date for the special meeting or any adjournment or postponement thereof, and only the holders of AngioDynamics' common stock on the record date can vote at the special meeting.

Q: What do I need to do now?

A: After carefully reading and considering the information contained in this proxy statement, please submit your proxy by telephone or via the Internet in accordance with the instructions set forth in the enclosed proxy card, or complete, sign, date and mail your proxy card in the enclosed prepaid envelope as soon as possible so that your shares may be voted at the special meeting. See the section entitled "The Special Meeting — Revocability of Proxies; How to Vote" on page 21 for a more detailed discussion.

Q: What happens if I do not vote?

A: The proposal to issue 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement and the proposal to adjourn the special meeting, if necessary, to solicit additional proxies in favor of the common stock issuance proposal must each be approved by the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. If you fail to vote, it will not affect the proposal to issue 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement or the proposal to adjourn or postpone the special meeting unless the shares are counted as present at the special meeting. However, the failure to vote on the proposals, by failing to either submit a proxy or attend the special meeting, may make it more difficult to establish a quorum at the special meeting.

Q: If my shares are held in "street name" by my broker, will my broker vote my shares for me?

A: If your shares are held in the name of a bank or broker or other nominee, you will receive separate instructions from your bank, broker or other nominee describing how to vote your shares. The availability of telephonic or Internet voting will depend on the bank's or broker's voting process. Please check with your bank or broker and follow the voting procedures your bank or broker provides.

[Table of Contents](#)

You should instruct your bank, broker or other nominee how to vote your shares. The rules applicable to broker-dealers do not grant your broker discretionary authority to vote your shares for the proposal to issue shares of AngioDynamics common stock or for the proposal to adjourn or postpone the special meeting, if necessary, to solicit additional proxies in favor of the AngioDynamics common stock issuance proposal without receiving your instructions. As a result, if your broker does not receive voting instructions from you regarding the proposals, your shares will not be voted.

Q: May I change my vote after I have submitted a proxy by telephone or via the Internet or mailed my signed proxy card?

A: Yes. You may change your vote at any time before your proxy is voted at the special meeting. You can do this in several ways.

You can send a written notice stating that you want to revoke your proxy, or you can complete and submit a new proxy card. If you choose either of these methods, you must submit your notice of revocation or your new proxy card to AngioDynamics' Secretary at our principal executive office, 14 Plaza Drive, Latham, New York 12110.

You can also change your vote by submitting a proxy at a later date by telephone or via the Internet, in which case your later-submitted proxy will be recorded and your earlier proxy revoked.

You can also attend the special meeting and vote in person. Simply attending the special meeting, however, will not revoke your proxy. To revoke your earlier proxy, you must vote at the special meeting.

If you have instructed a broker to vote your shares, the preceding instructions do not apply, and you must follow the voting procedures received from your broker to change your vote.

Q: If I want to attend the special meeting, what do I do?

A: The special meeting will be held at our corporate headquarters located at 14 Plaza Drive, Latham, New York 12110 on May 15, 2012 at 4:00 p.m., local time. Stockholders of record as of the record date for the special meeting (March 23, 2012) can vote in person at the special meeting. A valid government issued identification card will be required for entry to the special meeting. If your shares are held in street name, then you are not the stockholder of record and you must ask your bank, broker or other nominee holder how you can vote at the special meeting.

Q: Who can help answer my questions?

A: If you have any questions or need assistance in voting your shares, please contact us:

The Transaction (See page 23)

On January 30, 2012, AngioDynamics entered into a Stock Purchase Agreement with Navilyst Holdings, the Sellers, the Optionholders and the Sellers’ Representative. Navilyst is a privately held company that is engaged in the design, development, manufacturing, marketing and sale of fluid management and venous access products. Subject to satisfaction of the terms and conditions set forth in the Stock Purchase Agreement, Navilyst Holdings and its subsidiaries will become wholly-owned subsidiaries of AngioDynamics as a result of the acquisition.

Pursuant to the terms of the Stock Purchase Agreement, the total purchase price will be subject to adjustment based on the working capital of Navilyst Holdings at the closing of the acquisition and will consist of the following:

- Total cash consideration of approximately \$237.5 million, which will be used to repay Navilyst Holdings’ existing indebtedness, pay the liquidation value of the issued and outstanding preferred stock of Navilyst Holdings, pay for certain fees and costs of Navilyst Holdings and the Sellers, fund an escrow account and pay certain cash consideration to the Sellers for all the issued and outstanding shares of Navilyst Holdings common stock; and
- 9,479,607 shares of common stock, \$0.01 par value, of AngioDynamics.
- Based on AngioDynamics’ closing stock price of \$12.25 on March 30, 2012, the total purchase price is approximately \$353.7 million prior to adjustment for working capital changes.

See the section entitled “The Stock Purchase Agreement” beginning on page 39 for a more detailed discussion.

AngioDynamics’ Reasons for the Transaction (See page 26)

Our Board of Directors has unanimously approved the acquisition of Navilyst and determined that the acquisition and the other transactions contemplated by the Stock Purchase Agreement are fair to and in the best interests of AngioDynamics and its stockholders. Accordingly, our Board of Directors has recommended that you vote “FOR” the issuance of shares of our common stock, based on its belief, in consultation with AngioDynamics’ senior management, its internal and outside legal counsel and its financial advisor, that the acquisition of Navilyst will provide substantial benefits to AngioDynamics, including, among others, strengthening our vascular division through the addition of Navilyst’s Venous Access products, providing access to new potential customers through the addition of Navilyst’s Fluid Management products, incorporating into our business Navilyst’s highly proficient manufacturing capabilities and quality systems and generally increasing the scale of our operations. The factors that our Board of Directors and senior management considered in connection with the acquisition are described in more detail under the section entitled “The Transaction — AngioDynamics’ Reasons for the Transaction” beginning on page 26.

Opinion of AngioDynamics' Financial Advisor (See page 28)

J.P. Morgan Securities LLC, or "J.P. Morgan", delivered its written opinion to AngioDynamics' Board of Directors that, as of January 30, 2012, and based upon and subject to the factors, procedures, assumptions, qualifications and limitations set forth therein, the consideration to be paid by AngioDynamics in the proposed transaction was fair, from a financial point of view, to AngioDynamics.

The full text of the written opinion of J.P. Morgan, dated January 30, 2012, which sets forth, among other things, the assumptions made, procedures followed, matters considered, and qualifications and limitations on the review undertaken in connection with its opinion, is attached as Annex C to this proxy statement and is incorporated herein by reference. J.P. Morgan provided its opinion for the information of AngioDynamics' Board of Directors in connection with and for the purposes of its evaluation of the transactions contemplated by the Stock Purchase Agreement. J.P. Morgan's written opinion addresses only the fairness of the consideration to be paid by AngioDynamics in the proposed transaction and does not address any other matter.

Financing Related to the Transaction (See page 36)

Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, JPMorgan Chase Bank, N.A., or "JPMCB," Bank of America, N.A, or "BANA," and KeyBank National Association, together, with JPMCB and BANA, the "Commitment Providers." The Commitment Letter provides that, subject to certain customary terms and conditions, the Commitment Providers will provide (i) a senior secured term loan facility in an aggregate principal amount of \$150,000,000 to fund a portion of AngioDynamics' payment obligation upon consummation of the Acquisition and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$50,000,000. AngioDynamics will pay certain customary fees and expenses in connection therewith. The agreement governing the term facility and the revolving credit facility will subject AngioDynamics to customary terms and covenants, including financial maintenance covenants, and will be subject to customary events of default.

At the close of business on the record date, AngioDynamics had outstanding and entitled to vote 25,337,100 shares of common stock.

Quorum; Votes Required. The presence, in person or by proxy, of the holders of a majority of the shares of common stock issued and outstanding as of the record date for the special meeting is necessary to constitute a quorum at the special meeting. For purposes of determining the presence of a quorum for transacting business at the special meeting, abstentions will be treated as shares that are present but broker “non-votes” will not be treated as shares that are present.

The proposal to issue 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. The proposal to adjourn or postpone the special meeting, if necessary, to solicit additional proxies in favor of the common stock issuance proposal requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting, whether or not a quorum is present.

The approval of the issuance of AngioDynamics common stock in accordance with the terms of the Stock Purchase Agreement is a condition to the completion of the acquisition of Navilyst. As a result, a vote against the proposal relating to the issuance of AngioDynamics common stock effectively will be a vote against the acquisition of Navilyst by AngioDynamics. The approval of the proposal to adjourn or postpone the special meeting, if necessary, to solicit additional proxies in favor of the proposal to issue shares of AngioDynamics common stock is not a condition to the completion of the acquisition of Navilyst.

Recommendation of the AngioDynamics Board of Directors. The AngioDynamics Board of Directors has unanimously determined that the acquisition of Navilyst is fair to and in the best interests of AngioDynamics and its stockholders and, subject to approval by AngioDynamics stockholders, approved the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement.

The AngioDynamics Board of Directors recommends that you vote “FOR” the approval of the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement and “FOR” the approval of the adjournment or postponement of the special meeting, if necessary, to solicit additional proxies in favor of the common stock issuance proposal.

The Stock Purchase Agreement (See page 39)

The Stock Purchase Agreement, which is attached to this proxy statement as Annex A, is described in more detail beginning on page 39. We urge you to read the Stock Purchase Agreement in its entirety because this document is the legal document governing the proposed acquisition of Navilyst.

Completion of the Acquisition of Navilyst is Subject to Conditions. The respective obligations of each of AngioDynamics, Navilyst Holdings and the Sellers to effect the transactions contemplated by the Stock Purchase Agreement are conditioned on the satisfaction or waiver of the following conditions:

- all applicable waiting periods under the HSR Act applicable to the acquisition having terminated or expired (the waiting period under the HSR Act expired on March 29, 2012);
- no court or other governmental authority having issued any writ, order, injunction, decree or judgment, and no action or proceeding being threatened or pending by or before a court or other governmental authority, restraining, enjoining or otherwise prohibiting consummation of the transactions contemplated by the Stock Purchase Agreement;
- no court or other governmental authority having promulgated, entered, issued, or determined to be applicable, any applicable law that would make the consummation of the transactions contemplated by the Stock Purchase Agreement illegal, and no action or proceeding with respect to such application of any such applicable law being pending;
- AngioDynamics’ stockholders approving the issuance of the shares of AngioDynamics common stock to the stockholders of Navilyst Holdings at the special meeting; and
- the common stock issued by AngioDynamics pursuant to the Stock Purchase Agreement being approved for listing on NASDAQ.

The obligation of AngioDynamics to effect the transactions contemplated by the Stock Purchase Agreement is conditioned on the satisfaction or waiver of, among other things, the following conditions:

- Navilyst Holdings’ and the Sellers’ representations and warranties being true and correct, subject to various materiality qualifiers, on the date of the Stock Purchase Agreement and on the date of the closing of the acquisition (or in the case of representations and warranties that are made as of a particular date or period, as of the specified date or period);

- Navilyst Holdings and the Sellers having performed in all material respects all covenants required to be performed by them under the Stock Purchase Agreement at or prior to the closing date;
- AngioDynamics having received (a) the audited consolidated balance sheet and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries for the three most recently completed fiscal years ended at least 90 days before the closing date, and (b) unaudited consolidated balance sheets and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries, for each subsequent fiscal quarter ended at least 45 days before the closing date;
- AngioDynamics having received a certificate signed on behalf of Navilyst Holdings and the Sellers as to the satisfaction of the conditions described in the preceding three bullets;
- AngioDynamics having received payoff letters with respect to the payment of the aggregate outstanding principal and accrued interest and other amounts payable in respect of certain Navilyst Holdings credit agreements and the release of any encumbrances related thereto;
- the absence of any change, effect, occurrence, development, state of circumstances, fact, condition or event that has had, or could reasonably be expected to have, individually or in the aggregate, a material adverse effect with respect to Navilyst;
- AngioDynamics having received a statement by Navilyst Holdings certifying that Navilyst Holdings is not, and has not been during the time period specified in Section 897(c)(1) of the Internal Revenue Code of 1986, as amended, or the "Code," a United States real property holding corporation, as defined in Section 897(c)(2) of the Code;
- the Escrow Agreement having been executed and delivered by the Sellers; and
- the Stockholders Agreement having been executed and delivered by each of Avista Capital Partners, Avista Capital Partners (Offshore) LP and Navilyst Medical Co-Invest, LLC.

The obligations of Navilyst Holdings and the Sellers to effect the transactions contemplated by the Stock Purchase Agreement are conditioned on the satisfaction or waiver of, among other things, the following conditions:

- AngioDynamics' representations and warranties being true and correct, subject to various materiality qualifiers, on the date of the Stock Purchase Agreement and on the date of the closing of the acquisition (or in the case of representations and warranties that are made as of a particular date or period, as of the specified date or period);
- AngioDynamics having performed in all material respects all covenants required to be performed by it under the Stock Purchase Agreement at or prior to the closing date;
- the Sellers' Representative having received a certificate signed on behalf of AngioDynamics as to the satisfaction of the conditions described in the preceding two bullets;
- the Escrow Agreement having been executed and delivered by AngioDynamics; and
- the Stockholders Agreement having been executed and delivered by AngioDynamics.

The Stock Purchase Agreement May Be Terminated under Certain Circumstances. The Stock Purchase Agreement may be terminated at any time on or prior to the closing by, among other things:

- mutual written consent of AngioDynamics and the Sellers' Representative; or
- the Sellers' Representative or, subject to certain limitations, AngioDynamics, if the closing date has not occurred on or before the date that is six (6) months from the date of the Stock Purchase Agreement (the "Initial Termination Date") (unless the only condition to closing that has not been fulfilled by the

Initial Termination Date is expiration or termination of all applicable waiting periods under the HSR Act, in which case the Initial Termination Date will be extended to the date that is nine (9) months from the date of the Stock Purchase Agreement);

- AngioDynamics or the Sellers' Representative, if a governmental authority has issued an order prohibiting the transactions contemplated by the Stock Purchase Agreement;
- the Sellers' Representative, upon certain breaches by AngioDynamics;
- AngioDynamics, upon certain breaches by the Sellers or Navilyst Holdings;
- AngioDynamics upon the occurrence of a Material Adverse Effect with respect to Navilyst;
- Navilyst Holdings upon the occurrence of a Buyer Material Adverse Effect with respect to AngioDynamics;
- the Sellers' Representative or, subject to certain limitations, AngioDynamics if, prior to the Stockholder Approval, AngioDynamics' Board of Directors has withdrawn its recommendation of the acquisition of Navilyst or AngioDynamics has failed to perform its obligations to seek the approval of the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement (each such action, a "Buyer Triggering Action"), in each case, after AngioDynamics' Board of Directors has determined in good faith, after receiving advice of outside counsel, that the failure to effect such action would be inconsistent with the exercise of its fiduciary duties to the stockholders of AngioDynamics under applicable law; and
- AngioDynamics or the Sellers' Representative, if the approval of the issuance of AngioDynamics common stock in accordance with the terms of the Stock Purchase Agreement is not obtained at the special meeting.

In the event that the Stock Purchase Agreement is terminated by AngioDynamics or the Sellers' Representative because, prior to the receipt of the stockholder approval, AngioDynamics' Board of Directors has effected a Buyer Triggering Action, then AngioDynamics must pay to the Sellers' Representative, as the sole and exclusive remedy of the Sellers (other than as expressly set forth in the Stock Purchase Agreement), an amount equal to \$11,250,000. If the Stock Purchase Agreement is terminated by AngioDynamics or the Sellers' Representative because the stockholder approval has not been obtained at the stockholder meeting, then AngioDynamics will reimburse to the Sellers' Representative, as the sole and exclusive remedy of the Sellers (other than as expressly set forth in the Stock Purchase Agreement), the Sellers' reasonable expenses in the amount equal to \$3,500,000.

Indemnification. The Sellers have agreed to indemnify AngioDynamics for certain losses related to breaches of the representations, warranties and covenants of Navilyst Holdings and the Sellers and certain actions with respect to the failure of an Optionholder to execute a joinder and become a party to the Stock Purchase Agreement. AngioDynamics has agreed to indemnify the Sellers for certain losses related to breaches of the representations, warranties and covenants of AngioDynamics. Subject to limited exceptions, the indemnification obligations of the parties are subject to the prior satisfaction by each party of a deductible amount equal to \$3,750,000, whereupon the applicable indemnified party will be entitled only to receive amounts in excess of the deductible amount. Claims for indemnification that do not exceed \$50,000 will not be eligible for indemnification and will not be considered in the calculation of the deductible amount.

Escrow. At the closing, AngioDynamics will deposit \$20,000,000 of the purchase price into an escrow account, which will be used as the sole and exclusive remedy to satisfy any post-closing working capital adjustment in AngioDynamics' favor and the indemnification obligations of the Sellers, subject to limited exceptions.

The Stockholders Agreement (See page 57)

In connection with the closing of the transactions contemplated by the Stock Purchase Agreement, AngioDynamics has agreed to enter into a Stockholders Agreement with the Stockholders. Pursuant to the Stockholders Agreement, Avista Capital Partners will have the right to appoint two directors to AngioDynamics' Board of Directors, subject to the satisfaction of certain common stock ownership thresholds.

The Stockholders Agreement contains certain standstill obligations, which will prohibit the Stockholders and their controlled affiliates from taking certain actions with respect to AngioDynamics until the later of (1) seven (7) years following the closing of the Acquisition and (2) three (3) years after the Stockholders cease to beneficially own at least five percent (5%) of the then outstanding voting shares.

For the period from the date of the Stockholders Agreement to one (1) year from the date of the Stockholders Agreement, the Stockholders are required to vote their voting shares in accordance with the recommendation of AngioDynamics' Board of Directors with respect to any business or proposal on which AngioDynamics' stockholders are entitled to vote. For the period from the date that is one (1) year from the date of the Stockholders Agreement until the first date that the Stockholders no longer beneficially own at least ten percent (10%) of the voting securities outstanding at such time, the Stockholders agree to vote all voting securities then owned by the Stockholders either, in the sole discretion of each Seller, (1) in accordance with the recommendation of the Board or (2) in proportion to the votes cast with respect to the voting securities not owned by the Stockholders with respect to any business or proposal on which the stockholders of AngioDynamics are entitled to vote. If at any time following one (1) year from the date of the Stockholders Agreement, the Stockholders beneficially own less than fifteen percent (15%) of the voting securities then outstanding and there is no stockholder designee then serving on the AngioDynamics Board of Directors pursuant to the Stockholders Agreement, the Stockholders may vote all voting securities then owned by the Stockholders in their own discretion.

In addition, from the date of the Stockholders Agreement until there is no longer a stockholder designee serving on the Board of AngioDynamics pursuant to the Stockholders Agreement, the Stockholders will also be subject to a non-competition covenant, which, subject to certain exceptions, will prohibit them from acquiring, holding, or otherwise investing in certain competitors of AngioDynamics and Navilyst.

The Stockholders Agreement grants the Stockholders certain registration rights with respect to their AngioDynamics common stock and imposes certain restrictions on the Stockholders' ability to transfer their shares of AngioDynamics common stock, including, among other things, a twelve (12) month prohibition on the transfer of the shares of AngioDynamics common stock issued to the Stockholders in connection with the acquisition of Navilyst (other than transfers to certain permitted transferees). See the section entitled "The Stockholders Agreement" on page 57 for a more detailed discussion.

Regulatory Approvals Required for the Acquisition of Navilyst

Under the HSR Act and the rules and regulations promulgated thereunder, AngioDynamics' acquisition of Navilyst may not be consummated until required information and materials have been furnished to the Department of Justice, or the "DOJ", and the Federal Trade Commission, or the "FTC", and certain waiting period requirements have expired or been terminated. On February 28, 2012, each of AngioDynamics and Navilyst filed a Pre-Acquisition Notification and Report Form pursuant to the HSR Act with the DOJ and the FTC. The waiting period under the HSR Act expired on March 29, 2012. At any time before the closing of the acquisition, the DOJ, the FTC or others could take action under the antitrust laws with respect to the acquisition, including seeking to enjoin the consummation of the acquisition, to rescind the acquisition or to require the divestiture of certain assets of AngioDynamics or Navilyst. There can be no assurance that a challenge to the acquisition on antitrust grounds will not be made or, if such a challenge is made, that it would not be successful.

Anticipated Accounting Treatment

The transaction will be accounted for by AngioDynamics as an acquisition. The aggregate consideration paid by AngioDynamics in connection with the acquisition will be allocated to Navilyst's assets and liabilities based on their fair values, with any excess being treated as goodwill. Navilyst's assets, liabilities and results of operations will be consolidated with the assets, liabilities and results of operations of AngioDynamics after consummation of the acquisition.

The source of such information is indicated by the relevant footnote reference included in the following table. Results for the interim period prior to February 14, 2008 should not be considered to be indicative of results for any other periods or for any year.

RISK FACTORS

In addition to the other information included or incorporated by reference in this proxy statement, you should carefully consider the material risks described below in deciding whether to vote for approval of the proposals presented in this proxy statement. Additional risks and uncertainties not presently known to us or that are not currently believed to be material, if they occur, also may adversely affect AngioDynamics following the acquisition. For risks related to AngioDynamics, please see AngioDynamics' Form 10-K for the fiscal year ended May 31, 2011 and AngioDynamics' Form 10-Q for the quarterly period ended November 30, 2011, which are incorporated by reference herein.

Although we expect that the acquisition of Navilyst will result in benefits to us, we may not realize those benefits because of integration difficulties.

Integrating the operations of Navilyst successfully or otherwise realizing any of the anticipated benefits of the acquisition of Navilyst, including anticipated cost savings and additional revenue opportunities, involves a number of challenges. The failure to meet these integration challenges could seriously harm our results of operations and the market price of our common stock may decline as a result.

Realizing the benefits of the acquisition will depend in part on the integration of information technology, operations, personnel and sales force. These integration activities are complex and time-consuming and we may encounter unexpected difficulties or incur unexpected costs, including:

- our inability to achieve the cost savings and operating synergies anticipated in the acquisition, which would prevent us from achieving the positive earnings gains expected as a result of the acquisition;
- diversion of management attention from ongoing business concerns to integration matters;
- difficulties in consolidating and rationalizing information technology platforms and administrative infrastructures;
- complexities associated with managing the combined businesses and consolidating multiple physical locations where management may determine consolidation is desirable;
- difficulties in integrating personnel from different corporate cultures;
- challenges in demonstrating to our customers and to customers of Navilyst that the acquisition will not result in adverse changes in customer service standards or business focus; and
- possible cash flow interruption or loss of revenue as a result of change of ownership transitional matters.

We may not successfully integrate the operations of the businesses of Navilyst in a timely manner, and we may not realize the anticipated net reductions in costs and expenses and other benefits and synergies of the acquisition of Navilyst to the extent, or in the timeframe, anticipated. In addition to the integration risks discussed above, our ability to realize these net reductions in costs and expenses and other benefits and synergies could be adversely impacted by practical or legal constraints on our ability to combine operations.

If the acquisition is completed and we are unable to manage our growth profitably, our business, financial results and stock price could suffer.

Our future financial results will depend in part on our ability to profitably manage our growth on a combined basis with Navilyst. Management will need to maintain existing customers and attract new customers, recruit, retain and effectively manage employees, as well as expand operations and integrate customer support and financial control systems. If integration-related expenses and capital expenditure requirements are greater than anticipated, or if we are unable to manage our growth profitably after the acquisition, our financial results and the market price of our common stock may decline.

[Table of Contents](#)

We will incur significant indebtedness if we complete the acquisition which will impose operating and financial restrictions on us which, together with the resulting debt service obligations, could significantly limit our ability to execute our business strategy and increase the risk of default under our debt obligations.

We intend to borrow or assume an aggregate of approximately \$150 million (not including up to \$50 million that would also be available under our new revolving credit facility) in connection with the acquisition. We expect that the terms of our new credit facilities that we will enter into in connection with the acquisition will require us to comply with certain financial maintenance covenants. In addition, the proposed terms of our new indebtedness also include certain covenants restricting or limiting our ability to take certain actions.

These covenants may adversely affect our ability to finance future operations or limit our ability to pursue certain business opportunities or take certain corporate actions. The covenants may also restrict our flexibility in planning for changes in our business and the industry and make us more vulnerable to economic downturns and adverse developments. The documentation governing our new indebtedness has not been finalized and, accordingly, the actual terms may further restrict our operation of our business.

Following the completion of the acquisition, our ability to meet our cash requirements, including our debt service obligations, will be dependent upon our operating performance, which will be subject to general economic and competitive conditions and to financial, business and other factors affecting our operations, many of which are or may be beyond our control. We cannot provide assurance that our business operations will generate sufficient cash flows from operations to fund these cash requirements and debt service obligations. If our operating results, cash flow or capital resources prove inadequate, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt and other obligations. If we are unable to service our debt, we could be forced to reduce or delay planned expansions and capital expenditures, sell assets, restructure or refinance our debt or seek additional equity capital, and we may be unable to take any of these actions on satisfactory terms or in a timely manner. Further, any of these actions may not be sufficient to allow us to service our debt obligations or may have an adverse impact on our business. Our debt agreements may limit our ability to take certain of these actions. Our failure to generate sufficient operating cash flow to pay our debts or to successfully undertake any of these actions could have a material adverse effect on us.

In addition, the degree to which we may be leveraged as a result of the indebtedness incurred in connection with the acquisition or otherwise could materially and adversely affect our ability to obtain additional financing for working capital, capital expenditures, acquisitions, debt service requirements or other purposes, could make us more vulnerable to general adverse economic, regulatory and industry conditions, could limit our flexibility in planning for, or reacting to, changes and opportunities in the markets in which we compete, could place us at a competitive disadvantage compared to our competitors that have less debt or could require us to dedicate a substantial portion of our cash flow to service our debt.

Following the merger, we will have significantly less cash on hand than we currently have.

In connection with the acquisition, we will pay approximately \$97 million out of our existing cash reserves to the Sellers as part of the consideration for all of the outstanding capital stock of Navilyst Holdings. In addition, we will pay substantial costs and expenses associated with the acquisition. As a result, we will, following the acquisition, have significantly less cash on hand than we currently have, which could adversely affect our ability to grow and perform.

Failure to complete the acquisition could negatively impact our stock price and our future business and financial results.

Although we have agreed to solicit proxies from our stockholders to obtain stockholder approval of the proposal to issue shares of our common stock, there is no assurance that this proposal will be approved. If this proposal is not approved, and as a result the acquisition is not completed:

- our ongoing business may be adversely affected; and

[Table of Contents](#)

- we may be required, under certain circumstances, to reimburse to the Sellers' Representative, as the sole and exclusive remedy of the Sellers (other than as expressly set forth in the Stock Purchase Agreement), the Sellers' reasonable expenses in an amount equal to \$3,500,000.

Certain of the benefits we expect from the acquisition of Navilyst, including the anticipated accretion, net reductions in costs and expenses and certain tax benefits, are based on projections and assumptions, which are uncertain and subject to change.

Certain of the benefits we expect from the acquisition of Navilyst, including accretion of at least \$0.08 per diluted share in fiscal year 2013 and increasing accretion through fiscal year 2016, cost savings (net of identified incremental costs and excluding transaction and associated one-time costs) of approximately \$5 to \$7 million in fiscal year 2013 and approximately \$10 to \$15 million by fiscal year 2015 and annual cash tax savings of \$11.5 million, or \$0.32 per share, each year from fiscal year 2013 through 2023, are based on projections and assumptions that are uncertain and subject to change. These projections and assumptions are based on preliminary information, which may prove to be inaccurate. There can be no assurance that we will realize the accretion per diluted share, the net reductions in costs and expenses from the acquisition or the tax benefits to the extent, or in the time frame, we anticipate. The market price of our common stock may decline if the estimates are not realized or we do not achieve the perceived benefits of the acquisition as rapidly or to the extent anticipated.

The announcement and pendency of the acquisition may cause disruptions in the business of Navilyst, which could have an adverse effect on its business, financial condition or results of operations and, post-closing, our business, financial condition or results of operations.

The announcement and pendency of the transaction could cause disruptions in the business of Navilyst. Specifically:

- current and prospective employees of Navilyst and its direct and indirect subsidiaries may experience uncertainty about their future roles with us, which might adversely affect the ability of Navilyst to retain key personnel and attract new personnel;
- current and prospective customers of Navilyst may experience uncertainty about the ability of Navilyst to meet their needs, which might cause customers to seek other suppliers for the products and services provided by Navilyst; and
- management's attention has been focused on the acquisition, which may divert management's attention from the core business of Navilyst and other opportunities that could have been beneficial to Navilyst.

These disruptions could be exacerbated by a delay in the completion of the acquisition or termination of the Stock Purchase Agreement and could have an adverse effect on the business, financial condition or results of operations of Navilyst prior to the completion of the acquisition and on us if the acquisition is completed.

If the market price of our common stock increases prior to the completion of the acquisition of Navilyst, the market value of our common stock to be issued in connection with the acquisition will increase correspondingly and, therefore, we may pay more than we intended for the Navilyst businesses.

The number of shares of our common stock to be issued in connection with the acquisition of Navilyst will not be adjusted in the event of any increase or decrease in the market price of our common stock before the closing of the acquisition. As a result, the market value of the shares to be issued in connection with the acquisition, as reflected in the market price of our common stock, may be substantially higher at the time of the acquisition than the market value at the time we received a fairness opinion from J.P. Morgan and our Board of Directors approved the acquisition. The market price of our common stock may fluctuate due to, among other things, changes in our business, operations or prospects, market assessments of the likelihood of completion of the acquisition, the timing of the completion of the acquisition, general market and economic conditions and certain other factors. As of January 30, 2012, the last trading day before the public announcement of the proposed acquisition of Navilyst, the closing price of our common stock was \$14.20 per share.

[Table of Contents](#)

Subject to certain limitations, the Stockholders may sell our common stock beginning 12 months following the closing of the acquisition of Navilyst, which could cause our stock price to decline.

The shares of our common stock that the Sellers will receive following the completion of the acquisition of Navilyst are restricted, but the Sellers may sell the shares of our common stock following the acquisition under certain circumstances. At the closing we will enter in the Stockholders Agreement with the Stockholders, which will grant the Stockholders certain registration rights with respect to their shares of our common stock and impose certain additional restrictions on the Stockholders' ability to transfer their shares of our common stock, including, among other things, a twelve (12) month prohibition on the transfer of the shares of our common stock issued to the Stockholders in connection with the acquisition of Navilyst (other than transfers to certain permitted transferees). The sale of a substantial number of our shares by such parties or our other stockholders within a short period of time could cause our stock price to decline, make it more difficult for us to raise funds through future offerings of our common stock or acquire other businesses using our common stock as consideration.

You will experience a reduction in percentage ownership and voting power with respect to the shares of our common stock you currently own as a result of the acquisition of Navilyst.

In connection with the acquisition of Navilyst, we will issue 9,479,607 shares of our common stock, which will represent approximately 27% of our outstanding common stock after giving effect to the issuance. Therefore, following the completion of the acquisition, you will experience a substantial reduction in your respective percentage ownership interests and effective voting power relative to your respective percentage ownership interests in our common stock and effective voting power prior to the acquisition. In addition, the issuance of shares of our common stock could have an adverse effect on the market price for our securities or on our ability to obtain future financing. If and to the extent the shares are issued, you may experience dilution in your claim to our earnings per share.

The presence of a significant stockholder may affect the ability of a third party to acquire control of us.

The Sellers will beneficially own approximately 27% of our outstanding common stock immediately following the closing. The Stockholders will enter into a Stockholders Agreement at the closing that will permit Avista Capital Partners to appoint two (2) directors to our Board of Directors until such time as, with respect to the first director, the Stockholders' beneficial ownership in us has been reduced below 20% of the then outstanding voting shares and, with respect to the second director, the Stockholders' beneficial ownership in us has been reduced below 10% of the then outstanding voting shares. Although these directors will not constitute a majority of the Board of Directors, they may exercise influence over the decisions of the board.

Having the Stockholders as a significant stockholder of us may have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from seeking to acquire, a majority of our outstanding common stock or control of our Board of Directors through a proxy solicitation. In that regard, the Stockholders and their controlled affiliates will be obligated pursuant to the Stockholders Agreement, in certain circumstances, not to transfer their shares of our common stock, in whole or in part, pursuant to any recapitalization, reclassification, consolidation, merger, share exchange or other business combination transaction involving us or pursuant to any tender, exchange or other similar offer for our common stock unless, in each case, the Board of Directors recommends such transaction or offer or fails to recommend that our stockholders reject such transaction or offer.

For the period from the date of the Stockholders Agreement to one (1) year from the date of the Stockholders Agreement, the Stockholders are required to vote their voting shares in accordance with the recommendation of our Board of Directors with respect to any business or proposal on which our stockholders are entitled to vote. For the period from the date that is one (1) year from the date of the Stockholders Agreement until the first date that the Stockholders no longer beneficially own at least ten percent (10%) of the voting securities outstanding at such time, the Stockholders agree to vote all voting securities then owned by the Stockholders either, in the sole discretion of each Stockholder, (1) in accordance with the recommendation of our

[Table of Contents](#)

Board or (2) in proportion to the votes cast with respect to the voting securities not owned by the Stockholders with respect to any business or proposal on which our stockholders are entitled to vote. If at any time following one (1) year from the date of the Stockholders Agreement, the Stockholders beneficially own less than fifteen percent (15%) of the voting securities then outstanding and there is no stockholder designee then serving on our Board pursuant to the Stockholders Agreement, the Stockholders may vote all voting securities then owned by the Stockholders in their own discretion.

THE SPECIAL MEETING

Date, Time and Place

A special meeting of AngioDynamics stockholders will be held at 4:00 p.m., local time, on May 15, 2012 at our corporate headquarters located at 14 Plaza Drive, Latham, New York 12110.

Purpose of the Special Meeting

The purpose of the special meeting is to consider and vote on the following proposals:

- | | |
|----------------|---|
| Proposal No. 1 | To approve the issuance of 9,479,607 shares of AngioDynamics common stock, par value \$0.01 per share, pursuant to the Stock Purchase Agreement dated as of January 30, 2012, by and among AngioDynamics, Navilyst Holdings, the Sellers, the Optionholders and the Sellers' Representative. |
| Proposal No. 2 | To approve the adjournment or postponement of the special meeting of stockholders for a period of not more than 30 days, if necessary, to solicit additional proxies in the event that there are not sufficient votes at the time of the special meeting of stockholders to approve Proposal No. 1. |

The approval of Proposal No. 1 for the issuance of AngioDynamics common stock is a condition to the completion of the acquisition of Navilyst. Accordingly, if AngioDynamics is to complete the acquisition of Navilyst, the stockholders must approve Proposal No. 1.

At the special meeting, AngioDynamics stockholders will also be asked to consider and vote on any other matter that may properly come before the special meeting or any adjournment or postponement of the special meeting. At this time, the AngioDynamics Board of Directors is unaware of any matters, other than those set forth above, that may properly come before the special meeting.

[Table of Contents](#)

Record Date; Voting Securities

AngioDynamics has fixed the close of business on March 23, 2012 as the record date for the determination of holders of AngioDynamics common stock entitled to notice of and to vote at the special meeting and any adjournment or postponement of the special meeting. No other shares of AngioDynamics capital stock are entitled to notice of and to vote at the special meeting. At the close of business on the record date, AngioDynamics had outstanding and entitled to vote 25,337,100 shares of common stock. Holders of our common stock have one vote per share on each matter to be acted upon. A list of the stockholders of record entitled to vote at the special meeting will be available at the special meeting and for 10 days prior to the special meeting, for any purpose germane to the meeting, between the hours of 9:00 a.m. and 4:30 p.m. at our principal executive offices at 14 Plaza Drive, Latham, New York 12110, by contacting our General Counsel.

Quorum; Votes Required

A majority of the outstanding shares of common stock present in person or by proxy is required to constitute a quorum at the meeting. For purposes of determining the presence of a quorum for transacting business at the special meeting, abstentions will be treated as shares that are present but broker "non-votes" will not be treated as shares that are present (each discussed in the section entitled "The Special Meeting — Abstentions and Broker "Non-Votes" starting on page 21).

Proposal No. 1: Proposal No. 1 to approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. **The approval of Proposal No. 1 is a condition to the completion of the acquisition of Navilyst, and thus a vote against this proposal effectively will be a vote against the acquisition of Navilyst.**

Proposal No. 2: Proposal No. 2 to approve the adjournment or postponement of the special meeting of stockholders for a period of not more than 30 days, if necessary, to enable AngioDynamics to solicit additional proxies in favor of Proposal No. 1, requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting, whether or not a quorum is present. **The approval of Proposal No. 2 is not a condition to the completion of the acquisition of Navilyst.**

The directors and executive officers of AngioDynamics and their respective affiliates collectively owned approximately 644,937 shares as of March 29, 2012 (inclusive of shares subject to stock options exercisable within 60 days following that date). Such shares represented approximately 2.49% of AngioDynamics' outstanding common stock (including shares subject to stock options exercisable within 60 days held by the directors and officers) as of such date. Each member of the Board of Directors of AngioDynamics has advised AngioDynamics that such member intends to vote all of the shares of AngioDynamics common stock held, directly or indirectly, by such director in favor of each of the above proposals.

As of the close of business on the record date for the special meeting, the Sellers, Navilyst Holdings and their respective affiliates did not beneficially own any shares of AngioDynamics common stock.

Voting of Proxies

If you provide specific voting instructions, your shares will be voted at the special meeting in accordance with your instructions. If you hold shares in your name and sign and return a proxy card or submit a proxy by telephone or via the Internet without giving specific voting instructions, your shares will be voted as follows:

"FOR" the approval of the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement; and

[Table of Contents](#)

“**FOR**” the approval of an adjournment or postponement of the special meeting, if necessary, to solicit additional proxies in favor of the AngioDynamics common stock issuance proposal.

At this time, we are unaware of any matters, other than those matters set forth above, that may properly come before the special meeting. If any other matters properly come before the special meeting, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the special meeting or any adjournment or postponement of the special meeting, will be deemed authorized to vote or otherwise act on such matters in accordance with their judgment.

Abstentions and Broker “Non-Votes”

An “abstention” occurs when a stockholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. Broker “non-votes” are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. Under rules applicable to broker-dealers, neither the proposal to approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement nor the proposal to adjourn or postpone the special meeting, if necessary, to enable AngioDynamics to solicit additional proxies in favor of the AngioDynamics common stock issuance proposal is an item on which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions within ten days of the special meeting.

Approval of the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. Abstentions will have the same effect as a vote “**AGAINST**” this proposal, and if you fail to vote, it will have no effect on the outcome of the proposal unless the shares are counted as present at the special meeting. Broker non-votes will not affect the outcome of the vote on this proposal.

Approval of the proposal to adjourn or postpone the special meeting, if necessary, to enable AngioDynamics to solicit additional proxies in favor of the AngioDynamics common stock issuance proposal requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting, whether or not a quorum is present. Abstentions will have the same effect as a vote “**AGAINST**” this proposal, and if you fail to vote, it will have no effect on the outcome of the proposal unless the shares are counted as present at the special meeting. Broker non-votes will not affect the outcome of the vote on this proposal.

Revocability of Proxies; How to Vote

The grant of a proxy does not preclude a stockholder from voting in person. You may revoke a proxy at any time prior to your proxy being voted at the special meeting by:

- delivering to our Secretary prior to the special meeting, a written notice of revocation bearing a later date or time than the proxy;
- timely delivering to us a signed proxy card with a date later than your previously delivered proxy;
- granting a subsequent proxy through the Internet or telephone; or
- attending the special meeting and voting in person.

Any written notice of revocation should be delivered to:

**AngioDynamics, Inc.
14 Plaza Drive
Latham, New York 12110
Attention: Corporate Secretary**

[Table of Contents](#)

Attendance at the special meeting will not by itself constitute revocation of a proxy. If an adjournment or postponement occurs, it will have no effect on the ability of stockholders of record as of the record date to exercise their voting rights or to revoke any previously delivered proxies. We do not expect to adjourn or postpone the special meeting for a period of time long enough to require the setting of a new record date.

If your shares are registered directly in your name with our transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the “shareholder of record.”

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the special meeting, you should contact your broker or agent to obtain a legal proxy or broker’s proxy card and bring it to the special meeting in order to vote.

Solicitation of Proxies

The cost of solicitation of proxies being solicited on behalf of the Board of Directors will be borne by us. In addition to solicitation by mail, the directors, officers and employees of AngioDynamics and its subsidiaries may solicit proxies from stockholders of AngioDynamics in person or by telephone, facsimile or other electronic methods. We have retained The Proxy Advisory Group, LLC, a proxy advisory firm, to assist in providing proxy advisory and informational support services in connection with the special meeting. We will pay The Proxy Advisory Group, LLC a fee of \$7,500, along with a capped \$1,500 disbursements allowance. At our option, The Proxy Advisory Group, LLC may be engaged to provide proxy solicitation services for a supplemental services fee of \$5,000.

Recommendation of the AngioDynamics Board of Directors

The AngioDynamics Board of Directors has unanimously determined that the acquisition of Navilyst is fair to and in the best interests of AngioDynamics and its stockholders and approved the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement. See the section entitled “The Transaction — AngioDynamics’ Reasons for the Transaction” beginning on page 26 for a more detailed discussion.

The AngioDynamics Board of Directors recommends that you vote “**FOR**” approval of the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement and “**FOR**” approval of an adjournment or postponement of the special meeting, if necessary, to enable AngioDynamics to solicit additional proxies in favor of the common stock issuance proposal.

THE TRANSACTION

Background of the Transaction

Our Board of Directors, together with our executive management, regularly reviews strategic alternatives available to us, including, among other things, possible strategic combinations and acquisitions.

AngioDynamics and Navilyst design, manufacture and sell products used in image guided interventions and both companies have manufacturing and other facilities located near each other in upstate New York. Thus, we have been familiar with Navilyst's business for several years. In December 2008, in response to a request from representatives of Avista Capital Partners for a meeting, our senior management team scheduled a meeting with representatives from Navilyst at which a potential business combination could have been discussed. The meeting, however, did not take place as we subsequently announced our chief executive officer transition process.

In the fall of 2009, representatives from Avista Capital Partners contacted us to discuss a potential business combination transaction. On November 2, 2009, Jan Keltjens, who was then our President and Chief Executive Officer, and Joseph Gersuk, our Chief Financial Officer, met with representatives from Avista Capital Partners, Ron Sparks, the Chairman and Chief Executive Officer of Navilyst, and Dave McClellan, the President of Navilyst, in Boston to discuss a potential transaction. During the meeting, Avista Capital Partners' representatives indicated that their expectation was that Navilyst would be valued at approximately \$450 million and expressed their willingness to receive shares of AngioDynamics common stock as consideration. At a meeting of our Board of Directors on January 25, 2010, Messrs. Keltjens and Gersuk briefed our Board of Directors on the discussion with Avista Capital Partners and Navilyst. Our Board of Directors then determined that discussions with Navilyst should not continue at that time primarily due to different expectations between us and Avista Capital Partners on Navilyst's value.

In early December 2010, representatives from Avista Capital Partners requested another meeting with us, and on December 14, 2010 Messrs. Keltjens and Gersuk and Lynda Wallace, our then Senior Vice President of Business Development, met in New York City with representatives from Avista Capital Partners and Mr. Sparks to discuss a potential business combination. At this meeting, Avista Capital Partners indicated a willingness to enter into a transaction that valued Navilyst at a price lower than \$450 million. Following the meeting, our Board of Directors was briefed on the meeting and, after discussion, determined that we should not pursue the transaction at that time also due to a divergence in valuation expectations between us and Avista Capital Partners.

In September 2011, our Board of Directors, in connection with its periodic review of strategic alternatives available to us, discussed the potential acquisition of Navilyst. After discussion, the Board of Directors authorized our management to contact Avista Capital Partners to discuss a potential transaction.

On September 28, 2011, Joseph DeVivo, our President and Chief Executive Officer, and Mr. Gersuk met in New York City with representatives from Avista Capital Partners to discuss the strategic rationale for a combination of AngioDynamics and Navilyst.

On October 3, 2011, representatives from Avista Capital Partners contacted us to propose a sale of Navilyst to AngioDynamics for consideration consisting of shares of our common stock and cash. Avista Capital Partners' proposal implied a value of Navilyst of approximately \$447 million.

At a meeting of our Board of Directors held on October 18, 2011, Mr. DeVivo outlined for our Board of Directors the rationale for an acquisition of Navilyst. The Board of Directors discussed the matter in detail, including the long-term benefits of the transaction to us and the integration issues associated with the proposed transaction. The Board of Directors then authorized management to proceed with further exploration of the potential transaction.

On October 19, 2011, we communicated to Avista Capital Partners a preliminary non-binding indication of interest in acquiring Navilyst at a purchase price of \$350 million.

On October 25, 2011, we engaged J.P. Morgan to act as our financial advisor in connection with a possible transaction with Navilyst.

On November 4, 2011, Avista Capital Partners indicated that the proposed purchase price of \$350 million was not acceptable but expressed the desire to engage in further discussions.

On November 8, 2011, we entered into a confidentiality agreement with Navilyst.

On November 9, 2011, representatives from Avista Capital Partners, representatives from Navilyst and Messrs. DeVivo and Gersuk met to discuss the strategic rationale for the proposed transaction, the market environment and the operating performance of the respective companies. At the meeting, our representatives reiterated that we were unwilling to propose a purchase price within the range of values that Avista Capital Partners was requesting.

On November 14, 2011, representatives from Avista Capital Partners discussed with Mr. DeVivo a potential transaction at a value of approximately \$400 million (excluding Navilyst's fees and expenses) and discussed with Mr. DeVivo certain tax assets of Navilyst that had not previously been discussed with us.

On November 17, 2011, our senior management team conducted an in-person due diligence session on Navilyst with representatives from Avista Capital Partners and Navilyst. At this session, Avista Capital Partners provided further information on potential synergies as well as certain tax assets of Navilyst.

From November 18, 2011 to December 1, 2011, Navilyst provided us and J.P. Morgan with diligence materials.

On November 30, 2011, Mr. DeVivo updated certain members of our Board of Directors on the status of the Navilyst negotiations. Mr. DeVivo noted that our management team was evaluating due diligence materials provided by Navilyst and Avista Capital Partners as well as the potential synergies and tax benefits of a transaction. Mr. DeVivo further noted that Avista Capital Partners had indicated a willingness to accept a valuation closer to the price that we had previously indicated we were willing to offer.

On December 2, 2011, through J.P. Morgan, we contacted Avista Capital Partners to indicate that we would be interested in acquiring Navilyst at a valuation of \$375 million (inclusive of Navilyst's fees and expenses), which reflected the value of certain tax assets of Navilyst. This non-binding indication of interest was subsequently confirmed in writing.

On December 5, 2011, Avista Capital Partners responded to our proposal with a written term sheet which included a proposed valuation of Navilyst at \$380 million (including \$5 million of fees and expenses) and certain other contractual terms for a transaction.

On December 6, 2011, at our direction, J.P. Morgan advised Avista Capital Partners that our proposal to acquire Navilyst at a value of \$375 million would comprise the total consideration offered, including fees and expenses, and that we would not engage in contract discussions prior to the completion of our due diligence review of Navilyst.

At a meeting of the L&A Committee on December 8, 2011, Mr. DeVivo updated the committee on the status of negotiations and provided background information on the transaction. Representatives from J.P. Morgan

discussed with the L&A Committee the potential Navilyst transaction from a financial perspective. After discussion, the L&A Committee authorized our management to proceed with full scale due diligence.

On December 9, 2011, our management, together with representatives from J.P. Morgan and Cadwalader, Wickersham & Taft LLP, our legal counsel, commenced full scale due diligence of Navilyst.

At a meeting of our Board of Directors on December 23, 2011, Mr. DeVivo provided an update on the proposed transaction with Navilyst. Representatives from J.P. Morgan discussed the financial terms of the proposed transaction and the proposed purchase price, which would be paid through a combination of cash, refinancing Navilyst's existing indebtedness, redemption of Navilyst's preferred stock and the issuance of AngioDynamics common stock to Navilyst's stockholders. Our Board of Directors then authorized management to continue with the negotiations and due diligence review.

At a meeting of the L&A Committee on December 29, 2011, the L&A Committee discussed with members of our senior management the proposed terms of a stock purchase agreement and a stockholders agreement to be entered into in connection with the acquisition of Navilyst. After discussion, the members of the L&A Committee authorized our counsel to deliver the agreements to Navilyst and Avista Capital Partners.

On December 30, 2011, Cadwalader delivered a draft stock purchase agreement and a draft stockholders agreement to Ropes & Gray LLP, Navilyst's legal counsel. Thereafter, between January 3, 2012 and January 30, 2012, AngioDynamics, Navilyst, Avista Capital Partners and their respective representatives engaged in the negotiation of the terms of the stock purchase agreement and the stockholders agreement.

At a meeting of the L&A Committee on January 10, 2012, the L&A Committee discussed with members of our senior management the status of negotiations on the stock purchase agreement and the stockholders agreement.

At a meeting of the Nominating and Corporate Governance Committee of our Board of Directors on January 11, 2012, the Committee discussed with members of our senior management the principal terms of the draft stockholders agreement and the issues that remained open in the on-going negotiations with Avista Capital Partners.

At a meeting of our Board of Directors on January 27, 2012, members of our senior management updated the Board of Directors on the status of negotiations on the stock purchase agreement and the stockholders agreement. In addition, the Board of Directors reviewed the terms of a proposed debt financing commitment letter to be entered into in connection with the proposed transaction. A representative from Cadwalader discussed with the Board of Directors the issues that remained open in the negotiations with Avista Capital Partners and Navilyst. Representatives of J.P. Morgan reviewed with the Board of Directors J.P. Morgan's analysis of the proposed transaction from a financial point of view. The Board of Directors then engaged in extensive discussion regarding the proposed transaction.

At a meeting of our Board of Directors on January 30, 2012, members of our senior management updated the Board of Directors on the final negotiated terms of the stock purchase agreement and the stockholders agreement. A representative from Cadwalader discussed with the Board of Directors the resolution of the final terms of the agreements. The Board of Directors discussed the final negotiated terms of the stock purchase agreement and the stockholders agreement, including, among other things, the fact that Avista Capital Partners would become our largest stockholder and would be a long-term stockholder due to the restrictions in the stockholders agreement on transfers of the AngioDynamics shares to be acquired pursuant to the stock purchase agreement for a period of one year. Representatives of J.P. Morgan reviewed with the Board of Directors J.P. Morgan's financial analysis of the consideration to be offered in the proposed transaction and delivered to the Board of Directors an oral opinion, confirmed by delivery of a written opinion dated January 30, 2012, to the effect that, as of that date and based upon and subject to various assumptions, matters considered and limitations

and qualifications described in its opinion, the consideration to be paid by AngioDynamics in the proposed transaction was fair, from a financial point of view, to AngioDynamics. The directors then engaged in discussion regarding the proposed transaction. Following this discussion, our Board of Directors unanimously determined that the terms of the stock purchase agreement, the stockholders agreement, the commitment letter and the transactions contemplated thereby were fair to and in the best interests of AngioDynamics and its stockholders, approved the stock purchase agreement, the stockholders agreement and the commitment letter and recommended that our stockholders approve the issuance of shares of AngioDynamics common stock in connection with the proposed transaction.

On the evening of January 30, 2012, the parties executed the definitive stock purchase agreement, which included the final form of stockholders agreement as an exhibit, and the debt financing commitment letter.

On January 31, 2012, we issued a press release announcing the transaction.

AngioDynamics' Reasons for the Transaction

Our Board of Directors believes that the acquisition of Navilyst will provide substantial benefits to our business and operations. In making its determination to approve the acquisition and the other transactions contemplated by the Stock Purchase Agreement, and to recommend that our stockholders approve the issuance of shares of our common stock in the transaction, our Board of Directors consulted with our senior management team, our internal and outside legal counsel and our financial advisor regarding the strategic and operational aspects of the acquisition, and considered the following factors and potential benefits of the acquisition:

- historical information concerning the businesses, prospects, financial performance and condition, operations, management and the competitive position of Navilyst;
- the anticipated financial condition, results of operations and businesses of AngioDynamics after giving effect to the transaction, including the expected accretion of at least \$0.08 per diluted share in fiscal year 2013 and increasing accretion through fiscal year 2016;
- management's view of the highly complementary nature and fit of the businesses and products of AngioDynamics and Navilyst;
- the fact that the acquisition of Navilyst will further our strategic objective to be a leader in the vascular access, peripheral vascular and oncology/surgery markets by, among other things, strengthening our vascular division through the addition of Navilyst's Venous Access products and providing access to new potential customers through the addition of Navilyst's leading Fluid Management product platform;
- the increased scale of operations and commercial focus that will result from combining AngioDynamics' and Navilyst's respective businesses;
- management's estimate at the time our Board of Directors approved the stock purchase agreement that in fiscal year 2013 the acquisition would generate approximately \$5 to 7 million in cost savings net of identified incremental costs and excluding transaction and associated one-time costs and that the acquisition would generate approximately \$10 to 15 million of fully implemented cost savings net of identified incremental costs and excluding transaction and associated one-time costs by fiscal year 2015;
- the significant tax assets acquired with Navilyst, which are expected to result in annual cash tax savings of \$11.5 million, or \$0.32 per share, each year from fiscal year 2013 through 2023;
- the highly proficient manufacturing capabilities and quality systems of Navilyst, which employ Lean and Six Sigma best practices, and which are based in Glens Falls, N.Y., within four miles of AngioDynamics' Queensbury, N.Y., facility;

Table of Contents

- the opinion of J.P. Morgan, dated January 30, 2012, to the AngioDynamics Board of Directors that, as of January 30, 2012, and based on and subject to various assumptions made, matters considered and limitations set forth in the opinion, the consideration to be paid by AngioDynamics in the proposed transaction was fair, from a financial point of view, to AngioDynamics. For a more detailed description of the fairness opinion, see the section entitled “- Opinion of AngioDynamics’ Financial Advisor”;
- the review by our Board of Directors with our management and legal and financial advisors of the structure of the transaction and the financial and other terms of the stock purchase agreement, which our Board of Directors concluded were on the whole reasonable and advantageous to our stockholders;
- the review by our Board of Directors with our management and legal and financial advisors of the terms of the stockholders agreement, including the standstill restrictions applicable to the Stockholders that will be bound by the stockholders agreement, which our Board of Directors concluded were on the whole reasonable and advantageous to our stockholders;
- the terms and conditions of obtaining debt financing for the transaction, including the costs and expenses of such financing as contemplated under the Commitment Letter; and
- the results of financial, legal and operational due diligence on Navilyst performed by our senior management and legal and financial advisors.

In the course of its deliberations, our Board of Directors also identified and considered a variety of risks and other countervailing factors, including:

- the need to obtain stockholder approval of the issuance of common stock and regulatory approvals to complete the transaction, and the likelihood that such approvals will be obtained in a timely fashion;
- the fact that we may be obligated to pay the Sellers an \$11.25 million termination fee under certain circumstances and reimburse the Sellers their expenses in an amount equal to \$3.5 million if our stockholders do not approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement in connection with the acquisition of Navilyst;
- the risk that the acquisition might not be consummated in a timely manner or at all;
- the challenges of integrating our businesses, operations and workforce with those of Navilyst and the risks associated with achieving anticipated cost savings and other synergies;
- subject to the terms of the stockholders agreement, the Sellers will own an approximately 27% interest in AngioDynamics;
- the potential risk of diverting management focus and resources from other strategic opportunities and from operational matters while working to implement the transaction;
- the substantial costs to be incurred in connection with the transaction, including the costs of integrating our businesses with those of Navilyst and the transaction expenses arising from the transaction; and
- the risks of the type and nature described under the sections entitled “Risk Factors” and “Cautionary Statement Regarding Forward-Looking Statements.”

Our Board of Directors concluded that the risks and countervailing factors relevant to the acquisition were outweighed by the potential benefits that it expected AngioDynamics and the AngioDynamics stockholders would achieve as a result of the acquisition.

The foregoing discussion of the information and factors considered by the Board of Directors is not exhaustive. In view of the wide variety of factors, both positive and negative, considered by our Board of Directors, the Board of Directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise seek to assign relative weights to the specific factors that it considered in reaching its determination that the proposed transaction is advisable and in the best interests of AngioDynamics’ stockholders. Rather, our Board of

Directors viewed its determination as being based upon the judgment of its members, in light of the totality of the information presented and considered. In considering the factors described above, individual members of our Board of Directors may have given different weights to different factors and may have applied different analyses to each of the material factors considered by the Board of Directors collectively.

Consideration

If the acquisition is completed, the total purchase price will be subject to adjustment based on the working capital of Navilyst Holdings at the closing of the Acquisition and will consist of the following:

- Total cash consideration of approximately \$237.5 million, which will be used to repay Navilyst Holdings' existing indebtedness, pay the liquidation value of the issued and outstanding preferred stock of Navilyst Holdings, pay for certain fees and costs of Navilyst Holdings and the Sellers, fund an escrow account and pay certain cash consideration to the Sellers for all the issued and outstanding shares of Navilyst Holdings common stock; and
- 9,479,607 shares of common stock, \$0.01 par value, of AngioDynamics.
- Based on AngioDynamics' closing stock price of \$12.25 on March 30, 2012, the total purchase price is approximately \$353.7 million prior to adjustment for working capital changes.

Opinion of AngioDynamics' Financial Advisor

Pursuant to an engagement letter dated December 5, 2011 and effective as of October 25, 2011, AngioDynamics retained J.P. Morgan as its financial advisor in connection with the proposed transaction.

At the meeting of AngioDynamics' Board of Directors on January 30, 2012, J.P. Morgan rendered its oral opinion to AngioDynamics' Board of Directors that, as of such date and based upon and subject to the factors, procedures, assumptions, qualifications and limitations set forth in its opinion, the consideration to be paid by AngioDynamics in the proposed transaction was fair, from a financial point of view, to AngioDynamics. J.P. Morgan has confirmed its January 30, 2012 oral opinion by delivering its written opinion to AngioDynamics' Board of Directors, dated January 30, 2012, that, as of such date, the consideration to be paid by AngioDynamics in the proposed transaction was fair, from a financial point of view, to AngioDynamics. No limitations were imposed by AngioDynamics' Board of Directors upon J.P. Morgan with respect to the investigations made or procedures followed by it in rendering its opinion.

The full text of the written opinion of J.P. Morgan dated January 30, 2012, which sets forth, among other things, the assumptions made, procedures followed, matters considered and qualifications and limitations on the review undertaken in connection with its opinion, is attached as Annex C to this proxy statement and is incorporated herein by reference. AngioDynamics' stockholders are urged to read the opinion in its entirety. J.P. Morgan's written opinion was provided to the AngioDynamics' Board of Directors in connection with and for the purposes of its evaluation of the transactions contemplated by the Stock Purchase Agreement, is directed only to the fairness of the consideration to be paid in the proposed transaction and does not constitute a recommendation to any stockholder of AngioDynamics as to how such stockholder should vote at the special meeting. The summary of the opinion of J.P. Morgan set forth in this proxy statement is qualified in its entirety by reference to the full text of such opinion.

In arriving at its opinion, J.P. Morgan, among other things:

- reviewed the Stock Purchase Agreement;
- reviewed the form of the stockholders agreement attached as an exhibit to the Stock Purchase Agreement;
- reviewed certain publicly available business and financial information concerning Navilyst and AngioDynamics and the industries in which they operate;

Table of Contents

- compared the proposed financial terms of the transaction with the publicly available financial terms of certain transactions involving companies J.P. Morgan deemed relevant and the consideration received for such companies;
- compared the financial and operating performance of Navilyst and AngioDynamics with publicly available information concerning certain other companies J.P. Morgan deemed relevant and reviewed the current and historical market prices of AngioDynamics' common stock and certain publicly traded securities of such other companies;
- reviewed certain internal financial analyses and forecasts prepared by the managements of Navilyst and AngioDynamics relating to their respective businesses, as well as the estimated amount and timing of cost savings and related expenses and synergies expected to result from the proposed transaction, which are referred to as Synergies; and
- performed such other financial studies and analyses and considered such other information as J.P. Morgan deemed appropriate for the purposes of its opinion.

In addition, J.P. Morgan held discussions with certain members of the management of Avista Capital Partners, Navilyst and AngioDynamics with respect to certain aspects of the proposed transaction, and the past and current business operations of Navilyst and AngioDynamics, the financial condition and future prospects and operations of Navilyst and AngioDynamics, the effects of the proposed transaction on the financial condition and future prospects of AngioDynamics, and certain other matters J.P. Morgan believed necessary or appropriate to its inquiry.

In giving its opinion, J.P. Morgan relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with J.P. Morgan by Avista Capital Partners, Navilyst and AngioDynamics or otherwise reviewed by or for J.P. Morgan, and J.P. Morgan did not independently verify (nor assumed responsibility or liability for independently verifying) any such information or its accuracy or completeness. J.P. Morgan did not conduct, nor was provided with any valuation or appraisal of any assets or liabilities, nor did J.P. Morgan evaluate the solvency of any Navilyst Holdings stockholder, Navilyst Holdings or AngioDynamics under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to it or derived therefrom, including the Synergies referred to above, J.P. Morgan assumed that they were reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of Navilyst and AngioDynamics to which such analyses or forecasts relate. J.P. Morgan expressed no view as to such analyses or forecasts (including the Synergies) or the assumptions on which they were based. J.P. Morgan also assumed that the proposed transaction and the other transactions contemplated by the Stock Purchase Agreement will have the tax consequences described in discussions with, and materials furnished to J.P. Morgan by, representatives of AngioDynamics, and will be consummated as described in the Stock Purchase Agreement. J.P. Morgan also assumed that the representations and warranties made by AngioDynamics, the Navilyst Holdings stockholders and Navilyst Holdings in the Stock Purchase Agreement and the related agreements were and will be true and correct in all respects material to J.P. Morgan's analysis, and that the adjustment as provided in the Stock Purchase Agreement based on the amount of Navilyst Holdings' working capital as set forth in the Stock Purchase Agreement will not result in any adjustment to the consideration that is material to J.P. Morgan's analysis. J.P. Morgan is not a legal, regulatory or tax expert and relied on the assessments made by advisors to AngioDynamics with respect to such issues. J.P. Morgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the proposed transaction will be obtained without any adverse effect on Navilyst or AngioDynamics or on the contemplated benefits of the transaction.

J.P. Morgan's opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of the opinion. It should be understood that subsequent developments may affect J.P. Morgan's opinion, and J.P. Morgan does not have any obligation to update, revise,

[Table of Contents](#)

or reaffirm the opinion. J.P. Morgan's opinion is limited to the fairness, from a financial point of view, of the consideration to be paid by AngioDynamics in the proposed transaction, and J.P. Morgan has expressed no opinion as to the fairness of the consideration to the holders of any class of securities, creditors or other constituencies of AngioDynamics or as to the underlying decision by AngioDynamics to engage in the proposed transaction. Furthermore, J.P. Morgan expressed no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the proposed transaction, or any class of such persons relative to the consideration to be paid by AngioDynamics in the proposed transaction or with respect to the fairness of any such compensation. J.P. Morgan expressed no opinion as to the price at which AngioDynamics' common stock will trade at any future time.

In accordance with customary investment banking practice, J.P. Morgan employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial analyses utilized by J.P. Morgan in connection with providing its opinion. Certain of the financial analyses summarized below include information presented in tabular format. In order to fully understand J.P. Morgan's financial analyses, the table must be read together with the text of the related summary. The table alone does not constitute a complete description of the financial analyses. Considering the data described below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of J.P. Morgan's financial analyses. Mathematical analysis, such as determining the arithmetic median, or the high or low, is not in itself a meaningful method of using selected company data.

Public Trading Multiples Analysis. Using publicly available information, J.P. Morgan compared selected financial data of Navilyst with similar data for selected publicly traded companies engaged in businesses which J.P. Morgan judged to be analogous to Navilyst's business or aspects thereof. The companies selected by J.P. Morgan were:

- C.R. Bard, Inc.
- Teleflex Inc.
- ICU Medical, Inc.
- Merit Medical Systems, Inc.
- AngioDynamics, Inc.
- Vascular Solutions, Inc.
- Cardiovascular Systems Inc.
- LeMaitre Vascular, Inc.

These companies were selected, among other reasons, because they operate in the same industries as Navilyst, and, in certain cases, are similar to Navilyst based on operational characteristics and financial metrics. However, none of the companies selected is identical or directly comparable to Navilyst and certain of the companies may have characteristics that are materially different from those of Navilyst. Accordingly, J.P. Morgan made judgments and assumptions concerning differences in financial and operating characteristics of the selected companies and other factors that could affect the public trading value of the selected companies.

For each selected company and Navilyst, J.P. Morgan calculated such company's estimated earnings before interest, taxes, depreciation and amortization ("EBITDA"), for the 2012 fiscal year ending May 31st and 2013 fiscal year ending May 31st, and divided its firm value by its EBITDA ("FV/EBITDA"). For purposes of this analysis, a company's firm value was calculated as the fully diluted common equity value of such company as of December 31, 2011 plus the value of such company's indebtedness and minority interests and preferred stock, minus such company's cash, cash equivalents and marketable securities.

[Table of Contents](#)

The following table represents the results of J.P. Morgan’s analysis of comparable publicly traded companies as of January 27, 2012:

<u>Selected Group</u>	<u>Low</u>	<u>High</u>	<u>Mean</u>	<u>Median</u>
2012E FV/EBITDA	7.4x	9.9x	8.5x	8.4x
2013E FV/EBITDA	6.8x	9.5x	8.0x	7.8x

J.P. Morgan then calculated Navilyst’s firm value implied by certain reference ranges of multiples, which were based on the ranges of multiples calculated in the chart above for comparable companies but adjusted to take into account differences between the scale, growth prospects and historical and estimated future profitability levels of Navilyst and the comparable companies and such other factors as J.P. Morgan deemed appropriate, and noted that the implied firm value of Navilyst ranged from: (1) \$196 million to \$246 million for fiscal year 2012, based on the ratio of Firm Value to estimated EBITDA for fiscal year 2012, using a reference range of 7.4x to 9.3x; and (2) \$177 million to \$237 million for fiscal year 2013, based on the ratio of Firm Value to estimated EBITDA for fiscal year 2013, using a reference range of 6.9x to 9.2x.

Selected Transaction Analysis. Using publicly available information, J.P. Morgan examined selected transactions with respect to businesses which J.P. Morgan determined to be analogous to Navilyst’s business. These transactions were selected, among other reasons, because the businesses involved in these transactions share similar business characteristics to Navilyst based on operational characteristics and financial metrics. The transactions considered and the month and year each transaction was announced are as follows:

<u>Target</u>	<u>Acquiror</u>	<u>Month and Year Announced</u>
Atrium Medical Corp.	Getinge AB	October 2011
Kinetic Concepts, Inc.	Apax Partners	July 2011
CaridianBCT Holding Corp.	Terumo Corp.	March 2011
Advanced Medical Optics, Inc.	Abbott Laboratories	January 2009
Mentor Corp.	Johnson & Johnson	December 2008
ConvaTec, Inc.	Avista Capital Partners and Nordic Capital	May 2008
Boston Scientific Cardiac Surgery Business	Getinge AB	November 2007
Arrow International Inc.	Teleflex Inc.	July 2007
Bausch & Lomb Inc.	Warburg Pincus LLC	May 2007
Molnlycke Health Care Group	Investor AB	January 2007
Sirona Group	Madison Dearborn Partners, LLC	May 2005
Molnlycke Health Care Group	Apax Partners	April 2005
SOLA International Inc.	Carl Zeiss AG and EQT	December 2004

Using publicly available estimates, J.P. Morgan reviewed the Firm Values implied by the transaction as a multiple of the target company’s EBITDA for the twelve-month period immediately preceding announcement of the transaction (“LTM EBITDA”), which is referred to below as “firm value/LTM EBITDA.” For the precedent transactions, J.P. Morgan noted that this analysis showed a range of firm value/LTM EBITDA multiples of 9.7x to 15.8x, with a median of 11.3x.

Based on the results of this analysis and other factors that J.P. Morgan considered appropriate, J.P. Morgan applied a firm value/LTM EBITDA multiple range of 10.0x to 15.5x to Navilyst’s LTM EBITDA. This analysis showed the following:

<u>Multiple</u>	<u>Implied Firm Value</u>
Firm value/LTM EBITDA	\$ 265mm - \$411mm

Discounted Cash Flow Analysis. J.P. Morgan conducted a discounted cash flow analysis for the purpose of determining the firm value of Navilyst. A discounted cash flow analysis is a method of evaluating an asset using estimates of the future unlevered free cash flows generated by the asset and taking into consideration the time value of money with respect to those future cash flows by calculating their “present value.” “Present value” refers to the current value of one or more future cash payments from the asset, which is referred to as that asset’s cash flows, and is obtained by discounting those cash flows back to the present using a discount rate that takes into account macro-economic assumptions and estimates of risk, the opportunity cost of capital, capitalized returns and other appropriate factors. “Terminal value” refers to the capitalized value of all cash flows from an asset for periods beyond the final forecast period.

In performing its discounted cash flow analysis, J.P. Morgan considered the standalone value of Navilyst, the value of cost synergies from the proposed transaction and the value of certain Navilyst tax assets.

In arriving at the present value of Navilyst as a standalone entity, J.P. Morgan calculated the unlevered free cash flows that AngioDynamics management expect Navilyst to generate during the time period from fiscal year 2013 through fiscal year 2022 based upon financial projections prepared by the management of AngioDynamics based on Navilyst management’s projections, which included financial forecasts for the fiscal years 2013 through 2017 and certain extrapolations reviewed and approved by AngioDynamics’ management. J.P. Morgan also calculated a range of terminal asset values of Navilyst at the end of the 10-year period ending May 31, 2022 by applying a perpetual growth rate ranging from 2.0% to 2.5% of the unlevered free cash flow of Navilyst as estimated for the terminal period. The unlevered free cash flows and the range of terminal asset values were then discounted to present values using a range of discount rates from 9.5% to 10.5%, which were chosen by J.P. Morgan based upon an analysis of the weighted average cost of capital of Navilyst.

In arriving at the present value of cost synergies from the proposed transaction, J.P. Morgan relied on estimates from AngioDynamics management for cost synergies from 2013 through 2016 and certain extrapolations approved by AngioDynamics management. By applying a range of discount rates from 9.5% to 10.5% and a perpetual growth rate ranging from 2.0% to 2.5% to the estimates, J.P. Morgan calculated the present value of cost synergies as ranging from \$75 million to \$90 million.

In arriving at the present value of certain Navilyst tax assets, J.P. Morgan analyzed both the step-up in Navilyst’s tax basis and Navilyst’s federal net operating loss carryforwards. The step-up tax asset had resulted from Avista Capital Partners’ acquisition of certain assets from Boston Scientific Corporation, which were subsequently formed into Navilyst. Based on information provided by Navilyst and applying a range of discount rates from 9.5% to 10.5% , J.P. Morgan calculated the present value of such assets as ranging from \$61 million to \$63 million. Navilyst also generated federal net operating loss carryforwards in its history as a standalone company. Based on information provided by Navilyst and applying a range of discount rates from 9.5% to 10.5%, J.P. Morgan calculated the present value of those assets as ranging from \$15 million to \$16 million.

A summary of the implied valuation ranges of Navilyst that J.P. Morgan derived from such analyses is set forth below:

<u>Assets</u>	<u>Implied Valuation Range for Navilyst</u>
Standalone	\$ 271mm - \$321mm

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by J.P. Morgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. J.P. Morgan believes that the foregoing

[Table of Contents](#)

summary and its analyses must be considered as a whole and that selecting portions of the foregoing summary and these analyses, without considering all of its analyses as a whole, could create an incomplete view of the processes underlying the analyses and its opinion. In arriving at its opinion, J.P. Morgan did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, J.P. Morgan considered the results of all its analyses as a whole and made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses.

Analyses based upon forecasts of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties and their advisors. Accordingly, forecasts and analyses used or made by J.P. Morgan are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by those analyses. Moreover, J.P. Morgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. None of the selected companies reviewed as described in the above summary is identical to Navilyst, and none of the selected transactions reviewed was identical to the proposed transaction. However, the companies selected were chosen because they are publicly traded companies that operate in the industries in which Navilyst operates and, in certain cases, have operations and businesses that, for purposes of J.P. Morgan's analysis, may be considered similar to those of Navilyst. The transactions selected were similarly chosen because their participants, size and other factors, for purposes of J.P. Morgan's analysis, may be considered similar to the proposed transaction. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the companies compared to Navilyst and the transactions compared to the proposed transaction.

The opinion of J.P. Morgan was one of the many factors taken into consideration by AngioDynamics' Board of Directors in making its determination to approve the proposed transaction. The analyses of J.P. Morgan as summarized above should not be viewed as determinative of the opinion of AngioDynamics' Board of Directors with respect to the value of Navilyst, or of whether AngioDynamics' Board of Directors would have been willing to agree to different or other forms of consideration.

As a part of its investment banking and financial advisory business, J.P. Morgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for estate, corporate and other purposes. J.P. Morgan was selected to advise AngioDynamics with respect to the proposed transaction on the basis of such experience.

J.P. Morgan has acted as financial advisor to AngioDynamics with respect to the proposed transaction, and will receive a transaction fee of approximately \$4 million, a portion of which was earned upon delivery of the opinion, a portion of which is payable at the discretion of AngioDynamics and a substantial portion of which will be payable upon completion of the proposed transaction. In addition, AngioDynamics has agreed to reimburse J.P. Morgan for its reasonable expenses incurred in connection with its services, including the reasonable fees and disbursements of counsel, and will indemnify J.P. Morgan against certain liabilities, including liabilities arising under the federal securities laws.

During the two years preceding the date of its opinion, neither J.P. Morgan nor its affiliates have had any other material financial advisory or other material commercial or investment banking relationships with AngioDynamics. During the two years preceding the date of its opinion, J.P. Morgan and its affiliates have had commercial or investment banking relationships with Avista Capital Partners and certain of its portfolio investment companies (including Navilyst), for which J.P. Morgan and its affiliates have received customary compensation. Such services during such period have included (i) acting as financial advisor to Avista Capital Partners in connection with the sale of BioReliance Corporation in January 2012, the sale of its interests in

Nycomed SCA in June 2011 and in a Marcellus Shale joint venture in September 2010, (ii) acting as lead arranger of credit facilities of Armored AutoGroup Inc. in October 2010 and of Warner Chilcott Corporation in August 2010 and March 2011, respectively, (iii) acting as joint bookrunner of offerings of debt securities by Armored AutoGroup Inc. in October 2010, by ConvaTec Inc. in December 2010 and by Warner Chilcott Corporation in August and September 2010, and (iv) acting as joint bookrunner of an offering of common stock of Warner Chilcott Corporation in March 2011. In addition, J.P. Morgan and its affiliates own approximately 11% of the outstanding common stock of Warner Chilcott Corporation, and its commercial banking affiliate is an agent bank and/or a lender under outstanding credit facilities of, and provides treasury and cash management services to, Navilyst and certain other portfolio companies of Avista Capital Partners, including Armored AutoGroup Inc., ConvaTec Inc., DataBank Holdings Ltd., Enduring Resources LLC, Enduring Resources II LLC, INC Research Inc., Laramie Energy II, LLC, VWR International Inc., Warner Chilcott Corporation and WideOpenWest Mid Michigan LLC, for which its affiliate receive customary compensation or other financial benefits. J.P. Morgan anticipates that it and its affiliates will arrange and/or provide financing to AngioDynamics in connection with the proposed transaction for customary compensation. In the ordinary course of their businesses, J.P. Morgan and its affiliates may actively trade the debt and equity securities of AngioDynamics or portfolio companies of Avista Capital Partners (including ConvaTec Inc. and Warner Chilcott Corporation) for its own account or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities.

Certain Financial Projections

While AngioDynamics provides public guidance for its financial performance for the subsequent fiscal year, and periodically updates such guidance during the course of the subsequent fiscal year, it does not, as a matter of course, publicly disclose financial forecasts as to future financial performance, earnings or other results for periods longer than one year. AngioDynamics is especially cautious of making financial forecasts for periods longer than one fiscal year due to the unpredictability of underlying assumptions and estimates. However, in connection with the evaluation of a possible transaction involving Navilyst, AngioDynamics provided the Board of Directors and AngioDynamics' financial advisor with certain non-public financial forecasts covering multiple years that were prepared by management of AngioDynamics and not for public disclosure. The PricewaterhouseCoopers LLP report incorporated by reference in this proxy statement refers exclusively to AngioDynamics' historical financial information. PricewaterhouseCoopers LLP reports do not cover any other information in this proxy statement and should not be read to do so.

A summary of these financial forecasts is not being included in this document to influence your decision whether to vote for or against the proposal to approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement, but is being included because financial forecasts were made available to the Board of Directors and provided to our financial advisor in connection with its opinion. The inclusion of this information should not be regarded as an indication that the Board of Directors or any other person considered, or now considers, such financial forecasts to be material or to be necessarily predictive of actual future results, and these financial forecasts should not be relied upon as such. Financial forecasts are subjective in many respects. There can be no assurance that these financial forecasts will be realized or that actual results will not be significantly higher or lower than forecasted. The financial forecasts cover multiple years and such information by its nature becomes less predictive with each successive year.

In addition, the financial forecasts were not prepared with a view toward public disclosure or toward complying with generally accepted accounting principles, which we refer to as GAAP, the published guidelines of the SEC regarding projections and the use of non-GAAP measures or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither our independent registered public accounting firm, nor any other independent accountants, have compiled, examined or performed any procedures with respect to the financial forecasts contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability.

[Table of Contents](#)

These financial forecasts were based on numerous variables and assumptions. Such assumptions are inherently uncertain and may be beyond the control of AngioDynamics. Important factors that may affect actual results and cause these financial forecasts to not be achieved include, but are not limited to, risks and uncertainties relating to AngioDynamics' business (including its ability to achieve strategic goals, objectives and targets over the applicable periods), industry performance and competition, the regulatory environment, general business and economic conditions and other factors described or referenced under "Cautionary Statement Concerning Forward-Looking Statements" beginning on page 18.

Set forth below are projections that we prepared of Net Sales, EBITDA and Adjusted EBITDA for Navilyst on a standalone basis and estimates we prepared of net cost synergies or savings we anticipate could be achieved from the acquisition of Navilyst. These projections were provided to our financial advisor, J.P. Morgan, and our Board of Directors. These financial forecasts and the assumptions underlying them have not been updated since their respective dates of preparation. They should not be utilized as public guidance and will not be provided in the ordinary course of our business.

In these selected financial projections we present EBITDA and Adjusted EBITDA, which in each case are non-GAAP financial measures. We believe that non-GAAP financial measures reflect an additional way of viewing aspects of our operations that, when viewed with the GAAP results, provide a more complete understanding of our results of operations and the factors and trends affecting our business. These non-GAAP financial measures are also used by our management to evaluate financial results and to plan and forecast future periods. However, non-GAAP financial measures should be considered as a supplement to, and not as a substitute for, or superior to, the corresponding measures calculated in accordance with GAAP. Non-GAAP financial measures used by us may differ from the non-GAAP financial measures used by other companies, including our competitors.

Financing Related to the Transaction

In order to fund a portion of the acquisition of Navilyst, AngioDynamics entered into a Commitment Letter with J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and the Commitment Providers.

The Commitment Letter provides that, subject to certain terms and conditions, the Commitment Providers will provide (i) a senior secured term loan facility in an aggregate principal amount of \$150,000,000 (the "Term Loan") and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$50,000,000 (the "Revolver" and collectively with the Term Loan, the "Facilities"). The proceeds of the Term Loan will be used to finance all or a portion of the cash consideration for the acquisition plus fees and expenses. Borrowings under the Revolver may be used for general corporate purposes. The Facilities will have a five year maturity. The Term Loan has a quarterly repayment schedule equal to 5%, 5%, 15%, 25% and 50% of its principal amount in years one through five, respectively. Interest on both the Term Loan and Revolver will be based on a base rate or Eurodollar rate plus an applicable margin which increases as AngioDynamics' total leverage ratio increases, and with the base rate and Eurodollar rate having ranges of 1.0% to 1.75% and 2.0% to 2.75%, respectively. After default, the interest rate will be increased by 2.0%. The Revolver will also carry a commitment fee of 0.30% to 0.50% per annum on the unused portion.

Both the Term Loan and Revolver will be guaranteed by all material domestic subsidiaries of AngioDynamics and be secured by first priority security interests in substantially all assets of AngioDynamics and all such subsidiary guarantors. Definitive documentation will include customary affirmative and negative covenants and events of defaults, as well as financial covenants relating to a maximum total leverage ratio and a minimum fixed charge coverage ratio.

Closing of the Facilities will be subject to customary conditions precedent, including consummation of the transactions contemplated by the Stock Purchase Agreement, delivery of financial statements, satisfaction of pro forma financial compliance tests, the execution of definitive documentation, the absence of a material adverse effect (as defined in the Stock Purchase Agreement) on Navilyst and, solely with respect to the Revolver, the absence of a material adverse effect on AngioDynamics.

Regulatory Approvals Required for the Acquisition of Navilyst

Under the HSR Act and the rules and regulations promulgated thereunder, AngioDynamics' acquisition of Navilyst may not be consummated until required information and materials have been furnished to the DOJ and the FTC, and certain waiting period requirements have expired or been terminated. On February 28, 2012, each of AngioDynamics and Navilyst filed a Pre-Acquisition Notification and Report Form pursuant to the HSR Act with the DOJ and the FTC. The waiting period under the HSR Act expired on March 29, 2012. At any time before the closing of the acquisition, the DOJ, the FTC or others could take action under the antitrust laws with respect to the acquisition, including seeking to enjoin the consummation of the acquisition, to rescind the acquisition or to require the divestiture of certain assets of AngioDynamics or Navilyst. There can be no assurance that a challenge to the acquisition on antitrust grounds will not be made or, if such a challenge is made, that it would not be successful.

Anticipated Accounting Treatment

The acquisition of Navilyst will be accounted for by AngioDynamics as an acquisition. The aggregate consideration to be paid by AngioDynamics in connection with the acquisition will be allocated to Navilyst's

[Table of Contents](#)

assets and liabilities based on their fair values, with any excess being treated as goodwill. Navilyst's assets, liabilities and results of operations will be consolidated with the assets, liabilities and results of operations of AngioDynamics after consummation of the acquisition.

No Appraisal Rights

Under applicable law, AngioDynamics stockholders do not have the right to an appraisal of the value of their shares in connection with the acquisition of Navilyst.

PROPOSAL NO. 1 APPROVAL OF THE ISSUANCE OF ANGIODYNAMICS COMMON STOCK

Under the terms of the Stock Purchase Agreement, Navilyst Holdings and its subsidiaries will become wholly-owned subsidiaries of AngioDynamics.

Pursuant to the terms of the Stock Purchase Agreement, the total purchase price will be subject to adjustment based on the working capital of Navilyst Holdings at the closing of the acquisition and will consist of the following:

- Total cash consideration of approximately \$237.5 million, which will be used to repay Navilyst Holdings' existing indebtedness, pay the liquidation value of the issued and outstanding preferred stock of Navilyst Holdings, pay for certain fees and costs of Navilyst Holdings and the Sellers, fund an escrow account and pay certain cash consideration to the Sellers for all the issued and outstanding shares of Navilyst Holdings common stock; and
- 9,479,607 shares of common stock, \$0.01 par value, of AngioDynamics.
- Based on AngioDynamics' closing stock price of \$12.25 on March 30, 2012, the total purchase price is approximately \$353.7 million prior to adjustment for working capital changes.

AngioDynamics is submitting the proposal to approve the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement to its stockholders for approval pursuant to Rule 5635 of the NASDAQ Marketplace Rules, or "NASDAQ Rule 5635," which contains the qualitative listing requirements applicable to NASDAQ listed companies, such as AngioDynamics. Among other items, NASDAQ Rule 5635 requires stockholder approval prior to the issuance of securities in the following circumstances:

- in connection with the acquisition of the stock or assets of another company if 20% or more of the common stock of the issuer outstanding before such issuance would be issued in connection with such acquisition;
- in connection with a transaction other than a public offering involving the sale or issuance by the issuer of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for less than the greater of book or market value of the stock; and
- when the issuance or potential issuance will result in a change of control of the issuer. For purposes of the NASDAQ Marketplace Rules, a change of control generally is deemed to occur when, as a result of the issuance, an investor or a group would own, or have the right to acquire, 20% or more of the outstanding shares of common stock or voting power and such ownership or voting power would be the largest ownership position with respect to an issuer.

The shares of AngioDynamics common stock to be issued exceed the thresholds under NASDAQ Rule 5635 and, therefore, the issuance requires the approval of our stockholders. Accordingly, you are being asked to approve the proposal to issue shares of AngioDynamics common stock.

The shares of AngioDynamics common stock to be issued to the Sellers in connection with the acquisition of Navilyst will be offered and sold in reliance upon the exemption from registration provided by Section 4(2)

[Table of Contents](#)

under the Securities Act of 1933, as amended, or the “Securities Act.” The offer and sale of shares of AngioDynamics common stock to the Sellers, as a portion of the consideration for the acquisition of Navilyst, is a privately negotiated transaction with the Sellers that did not involve a general solicitation. The certificates representing the shares of common stock to be issued in connection with the acquisition of Navilyst will contain a legend to the effect that such shares are not registered under the Securities Act and may not be sold or transferred except pursuant to a registration statement which has become effective under the Securities Act or pursuant to an exemption from such registration.

Effect of the Proposed Issuance of Common Stock

The shares of AngioDynamics common stock to be issued pursuant to Proposal No. 1 in connection with the acquisition would be identical to the shares of common stock now issued and outstanding, and this issuance would not affect the rights of current holders of AngioDynamics common stock.

Vote Required and Board of Directors Recommendation

Under NASDAQ Rule 5635, the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement must be approved by the affirmative vote of a majority of the total votes cast on the proposal. However, our bylaws require that all matters submitted to stockholders (other than the election of directors) must be approved by the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy. Therefore, approval of the issuance of 9,479,607 shares of AngioDynamics common stock pursuant to the Stock Purchase Agreement requires the affirmative vote of the holders of a majority of the shares of AngioDynamics common stock present in person or represented by proxy at the special meeting. Abstentions will have the same effect as a vote “AGAINST” this proposal, and if you fail to vote, it will have no effect on the outcome of the proposal unless the shares are counted as present at the special meeting. Broker non-votes will not affect the outcome of the vote on this proposal. Accordingly, beneficial owners of AngioDynamics shares should instruct their brokers or nominees how to vote. **The approval of Proposal No. 1 is a condition to the completion of the acquisition of Navilyst and thus a vote against this proposal effectively will be a vote against the acquisition of Navilyst.**

The AngioDynamics Board of Directors has unanimously determined that the acquisition of Navilyst is fair to and in the best interests of AngioDynamics and its stockholders and has unanimously approved the issuance of AngioDynamics common stock in accordance with the Stock Purchase Agreement and recommends that you vote “FOR” approval of the AngioDynamics Stock Issuance.

For a more detailed description of the Stock Purchase Agreement and the transactions contemplated by the Stock Purchase Agreement, see the sections below entitled “The Stock Purchase Agreement” and “The Stockholders Agreement.”

THE STOCK PURCHASE AGREEMENT

The following is a summary of the material provisions of the Stock Purchase Agreement and is qualified in its entirety by reference to the Stock Purchase Agreement, a copy of which is attached to this proxy statement as Annex A and which we incorporate by reference into this document. This summary may not contain all of the information about the Stock Purchase Agreement that is important to you. We urge you to read the entire Stock Purchase Agreement carefully because it is the legal document governing the proposed acquisition of Navilyst.

The description of the Stock Purchase Agreement in this proxy statement has been included to provide you with information regarding its terms, and we recommend that you read carefully the Stock Purchase Agreement in its entirety. Except for its status as the contractual document that establishes and governs the legal relations among the parties with respect to the transaction, we do not intend for its text

[Table of Contents](#)

to be a source of business or operational information about AngioDynamics or Navilyst. That kind of information can be found elsewhere in this proxy statement and in the documents incorporated herein by reference. The Stock Purchase Agreement contains representations and warranties of the parties as of specific dates and may have been used for the purposes of allocating risk between the parties other than establishing matters as facts. Those representations and warranties are qualified in several important respects, which you should consider as you read them in the Stock Purchase Agreement, including contractual standards of materiality that may be different from what may be viewed as material to stockholders. Only the parties themselves may enforce and rely on the terms of the Stock Purchase Agreement. As stockholders, you are not third party beneficiaries of the Stock Purchase Agreement and therefore may not directly enforce or rely upon its terms and conditions and you should not rely on its representations, warranties or covenants as characterizations of the actual state of facts or condition of AngioDynamics or Navilyst or any of their respective affiliates. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the Stock Purchase Agreement and subsequently developed or new information qualifying a representation or warranty may have been included in this proxy statement.

General; Structure of Transaction

On January 30, 2012 AngioDynamics entered into the Stock Purchase Agreement with Navilyst Holdings, the Sellers, the Optionholders, and the Sellers' Representative. Pursuant to the Stock Purchase Agreement, AngioDynamics will acquire from the Sellers all of the issued and outstanding capital stock of Navilyst Holdings and, upon the completion of the acquisition, Navilyst Holdings and its subsidiaries will become wholly-owned subsidiaries of AngioDynamics.

Closing of the Transaction

Unless the parties agree otherwise, the closing of the acquisition of Navilyst will take place at the offices of Cadwalader, Wickersham & Taft LLP, One World Financial Center, New York, New York, 10281 on the fifth (5th) business day following the satisfaction or waiver of all closing conditions, except for those conditions that, by their nature, have to be satisfied at the closing, but subject to the satisfaction or waiver of those conditions. See the section below entitled "— Conditions to Closing the Transaction" beginning on page 51 for a more detailed discussion of the conditions. The acquisition is expected to be consummated during AngioDynamics' fiscal 2012 fourth quarter ending May 31, 2012.

Consideration for the Transaction

If the acquisition is completed, the total purchase price will be subject to adjustment based on the working capital of Navilyst Holdings at the closing of the Acquisition and will consist of the following:

- Total cash consideration of approximately \$237.5 million, which will be used to repay Navilyst Holdings' existing indebtedness, pay the liquidation value of the issued and outstanding preferred stock of Navilyst Holdings, pay for certain fees and costs of Navilyst Holdings and the Sellers, fund an escrow account and pay certain cash consideration to the Sellers for all the issued and outstanding shares of Navilyst Holdings common stock; and
- 9,479,607 shares of common stock, \$0.01 par value, of AngioDynamics.
- Based on AngioDynamics' closing stock price of \$12.25 on March 30, 2012, the total purchase price is approximately \$353.7 million prior to adjustment for working capital changes.

Representations and Warranties

The Stock Purchase Agreement contains representations and warranties of each of the Sellers, Navilyst Holdings and AngioDynamics. These representations are subject, in some cases, to important limitations and qualifications agreed to by the parties in connection with negotiating the terms of the Stock Purchase Agreement.

[Table of Contents](#)

The representations that Navilyst Holdings and the Sellers made are qualified by the information provided in a confidential disclosure schedule of the Sellers delivered concurrently with the signing of the Stock Purchase Agreement. In addition, the representations that AngioDynamics made are qualified by disclosure contained in filings that AngioDynamics has been required to make with the SEC since May 31, 2010, and which are filed or furnished prior to the date of the Stock Purchase Agreement (and excluding any risk factor disclosures under the heading “Risk Factors,” any “forward-looking statements” disclaimer or any other statements that are similarly non-specific or predictive or forward-looking in nature, but that are not specific factual information, contained in such filings), as well as by information provided in a confidential disclosure schedule of AngioDynamics delivered concurrently with the signing of the Stock Purchase Agreement. Some of the representations and warranties are qualified as to “materiality” or “material adverse effect.” In addition, certain representations and warranties were made as of a specified date, may be subject to contractual standards of materiality different from those generally applicable to public disclosures to stockholders, or may have been used for the purpose of allocating risk among the parties rather than establishing matters of fact. For the foregoing reasons, you should not read the representations and warranties given by the parties in the Stock Purchase Agreement or any description thereof as characterizations of the actual state of facts or condition of Navilyst, the Sellers or AngioDynamics.

procedures as are mutually agreed to between AngioDynamics and Navilyst Holdings prior to any such access. Any such access must be consistent with all applicable competition laws and conducted in a manner that does not materially interfere with the businesses or operations of Navilyst Holdings and its subsidiaries and AngioDynamics must not conduct any invasive sampling or testing with respect to Navilyst Holdings' or its subsidiaries' real property. In addition, all information accessed by AngioDynamics or its authorized representatives will be treated as confidential.

Public Announcements. No party to the Stock Purchase Agreement will issue or cause the publication of a press release or other public announcement regarding the Stock Purchase Agreement or the transactions contemplated thereby without the prior written consent of the other parties or as required by applicable law or the regulations or requirements of any applicable stock exchange or regulatory organization.

HSR Act Filings and other Public Filings. In connection with the transactions contemplated by the Stock Purchase Agreement, each party to the Stock Purchase Agreement has agreed use its reasonable best efforts to (A) file, as promptly as practicable after the date of the Stock Purchase Agreement (but in no event later than thirty (30) calendar days from the date thereof), all notifications and information required by the HSR Act; (B) as promptly as practicable from the date of the Stock Purchase Agreement, make or cause to be made other required filings pursuant to other antitrust laws; and (C) as promptly as practicable, obtain all other necessary authorizations, approvals, consents and waivers from any entity or governmental authority. Each of the parties agrees to supply any additional information requested pursuant to the HSR Act or any other antitrust laws and to make all other filings and submissions under applicable laws as promptly as practicable. The parties have agreed to take any action as may be required to cause the expiration or termination of the applicable waiting periods under the HSR Act and any other applicable antitrust laws as soon as possible, to the extent any such action does not require AngioDynamics or Navilyst Holdings to (i) divest any of its businesses or material assets that would represent greater than five percent (5%) of the revenue of AngioDynamics' consolidated corporate group as of immediately subsequent to the closing for the immediately preceding twelve-month period; or (ii) take any other action that would be material and adverse to AngioDynamics and its subsidiaries, taken as a whole, or that would materially and adversely impair the overall benefits expected to be realized from the acquisition.

Reasonable Best Efforts. Subject to the terms and conditions of the Stock Purchase Agreement, each of AngioDynamics, on the one hand, and Navilyst Holdings and the Sellers' Representative on the other, has agreed to use its reasonable best efforts to obtain all requisite approvals and authorizations for the transactions contemplated by the Stock Purchase Agreement under the HSR Act and any other antitrust laws, including (i) cooperating with each other in connection with any filing or submission or with any investigation or other inquiry; (ii) keeping the other party informed of any communication received from the Antitrust Division of the Department of Justice, the FTC or any other governmental authority and of any communication received in connection with any proceeding by a private party regarding the transactions; and (iii) permitting the other party to review any communication and consulting with each other in advance of any meeting with the DOJ, the FTC, or any such other governmental authority or with any other person in connection with any proceeding by a private party and, to the extent permitted, give the other party the opportunity to attend and participate in such meetings.

Navilyst Holdings has agreed to cause each director of Navilyst Holdings and directors (or equivalents) of its subsidiaries and each legal representative of Navilyst Holdings and each of its subsidiaries to resign effective as of the closing. Restrictions on Sellers. Each of the Sellers has agreed not to sell, pledge, dispose of, transfer or encumber any of the shares of Navilyst Holdings owned by it.

Termination of Affiliate Obligations. On or before the date of closing of the acquisition, except for liabilities relating to employment relationships and the payment of compensation and benefits in the ordinary course of business consistent with past practices, all liabilities and obligations between Navilyst Holdings or its subsidiaries, on the one hand, and one or more of its affiliates or the Sellers (other than (i) liabilities between Navilyst Holdings and any of its subsidiaries or (ii) contracts among Navilyst Holdings and any of its subsidiaries), on the other hand, will be terminated in full, without any liability for Navilyst Holdings or its subsidiaries following the closing of the transaction, subject to limited exceptions.

Exclusivity. Until the earlier of the closing date of the acquisition and the termination of the Stock Purchase Agreement, Navilyst Holdings and the Sellers have agreed not to, and have agreed to cause Navilyst Holdings' subsidiaries and their respective directors, officers, employees, investment bankers, financing sources, financial advisors and other representatives not to (i) initiate, solicit or encourage inquiries or the making of any proposal or offer that constitutes or could reasonably be expected to lead to an acquisition proposal; (ii) make any statement or solicitation in support of any acquisition proposal; (iii) participate in any discussions or enter into any agreement or provide non-public information relating to any acquisition proposal; or (iv) knowingly facilitate any attempt to make an acquisition proposal. Additionally, Navilyst Holdings and the Sellers have agreed to cease any existing activities, discussions or negotiations with any parties with respect to an acquisition proposal other than the transactions contemplated by the Stock Purchase Agreement.

An "acquisition proposal" means any proposal or offer with respect to a merger, joint venture, recapitalization, share exchange, business combination or similar transaction involving Navilyst Holdings or any of its subsidiaries, and any acquisition or proposal resulting in any person becoming the beneficial owner of shares of any class of equity securities or any assets of Navilyst Holdings or of any of its subsidiaries other than in connection with the Stock Purchase Agreement.

Employee Matters. The Stock Purchase Agreement requires AngioDynamics to take into account the service of certain employees of Navilyst Holdings and its subsidiaries prior to the closing date of the acquisition for purposes of participation, coverage, vesting and level of benefits, as applicable, under all severance payment plans, employee benefit plans, programs and policies of AngioDynamics and its subsidiaries (including Navilyst Holdings and its subsidiaries) from and after the closing date of the acquisition to the same extent as such service was taken into account under corresponding plans of Navilyst Holdings and its subsidiaries, unless such service credit would result in duplication of any benefits. In addition, the employees of Navilyst Holdings and its subsidiaries will not be subject to any pre-existing condition or limitation under any health or welfare plan of AngioDynamics or its subsidiaries (including Navilyst Holdings and its subsidiaries) for any condition for which such employee would have been entitled to coverage under the corresponding plan of Navilyst Holdings and its subsidiaries in which the employee participated immediately prior to the closing date of the acquisition.

Restrictive Covenants of Sellers. The Stock Purchase Agreement provides that, subject to certain exceptions, for a period of two (2) years from the date of closing, each Seller may not, and will cause its controlled affiliates not to, directly or indirectly hire, recruit or otherwise solicit or induce any employee or officer of Navilyst Holdings or its subsidiaries (or any former employee who has ceased to be employed by Navilyst Holdings or any of its subsidiaries during the preceding six (6) months) to terminate his or her employment or other relationship with Navilyst Holdings or any of its subsidiaries. Each Seller has also agreed to keep confidential all information it possesses regarding Navilyst Holdings or its subsidiaries, and will cause its affiliates and representatives to keep such confidential information confidential, except to the extent such information is required by law to be disclosed.

Indemnification of Officers and Directors. From and after the closing, AngioDynamics, Navilyst Holdings and Navilyst Holdings' subsidiaries will, (i) indemnify and hold harmless each present and former director or

[Table of Contents](#)

officer of Navilyst Holdings and each of its subsidiaries and each such person who served as a director, officer, trustee, partner, fiduciary, employee or agent of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise at the request of Navilyst Holdings or any of its subsidiaries against all costs and expenses, judgments, fines, losses, claims, damages, liabilities and settlement amounts paid in connection with any claim, action, suit, proceeding or investigation (whether arising before or after the closing) arising out of or pertaining to any action or omission in their capacities as officers or directors, occurring on or before the closing, to the same extent that such persons are entitled to be indemnified and held harmless as of the date of the Stock Purchase Agreement by Navilyst Holdings and its subsidiaries pursuant to the governing documents of Navilyst Holdings or its subsidiaries, as applicable.

In addition, for six (6) years following the closing of the acquisition, AngioDynamics will maintain a directors' and officers' liability insurance policy covering those persons who are currently covered by Navilyst Holdings' directors' and officers' liability insurance policy with coverage in an amount and scope at least as favorable as Navilyst Holdings' existing coverage, so long as such coverage does not, in the aggregate, exceed 250% of the annual premium currently paid by Navilyst Holdings for such coverage. AngioDynamics' obligation described in the preceding sentence will be deemed satisfied if a prepaid policy or policies (*i.e.*, "tail coverage") have been obtained by Navilyst Holdings, at the expense of AngioDynamics, which provide directors and officers with the coverage described in the preceding sentence for an aggregate period of at least six (6) years with respect to claims arising from facts or events that occurred on or before the closing date.

Proxy Statement; Special Meeting. The Stock Purchase Agreement requires AngioDynamics to call and hold a special meeting of stockholders as promptly as practicable after the date of the Stock Purchase Agreement (and in no event later than forty five (45) calendar days after mailing of the proxy statement) for the purpose of obtaining stockholders' approval of AngioDynamics' stock issuance proposal.

AngioDynamics agreed, as promptly as practicable after the date of the Stock Purchase Agreement (and in no event later than the later of ten (10) calendar days after Navilyst Holdings delivers to AngioDynamics its unaudited financial statements for the period ended as of September 30, 2011 or twenty-five (25) calendar days after the date of the Stock Purchase Agreement), to prepare and file with the SEC a preliminary proxy statement relating to the solicitation of proxies from the stockholders of AngioDynamics for approval of the stock issuance proposal, and to (i) respond promptly to any SEC comments with respect to the preliminary proxy statement and mail a definitive proxy statement to AngioDynamics' stockholders and (ii) solicit proxies from its stockholders for approval of AngioDynamics' stock issuance proposal.

Navilyst Holdings has agreed to provide AngioDynamics all information concerning Navilyst Holdings and its subsidiaries as AngioDynamics may reasonably request in connection with the preparation and filing of this proxy statement.

AngioDynamics has agreed that neither it nor its Board of Directors will (i) fail to prepare and file the preliminary proxy statement including the recommendation for the stock issuance proposal, or call or hold the special meeting, or solicit proxies from its stockholders for approval of the stock issuance proposal or (ii) withdraw, modify or qualify, or propose publicly to withdraw, modify or qualify, in a manner adverse to Navilyst Holdings or the Sellers, its recommendation that AngioDynamics' stockholders approve the stock issuance proposal pursuant to the Stock Purchase Agreement (any of such actions in clause (i) or (ii), a "Buyer Triggering Action"), unless the Board of Directors of AngioDynamics determines in good faith, after receiving advice of outside counsel, that the failure to effect such Buyer Triggering Action would be inconsistent with the exercise of its fiduciary duties to the stockholders of AngioDynamics.

Required Information. Navilyst Holdings, the Sellers and AngioDynamics each have agreed, upon request by the other, to furnish the other with all information concerning themselves, their respective directors, officers and stockholders and such other matters as may be reasonably necessary or advisable in connection with the transactions set forth in the Stock Purchase Agreement, or any other statement, filing, notice or application made

[Table of Contents](#)

by or on behalf of Navilyst Holdings or AngioDynamics to any third party and/or any governmental authority in connection with the transactions set forth in the Stock Purchase Agreement.

Listing of AngioDynamics' Common Stock. AngioDynamics has agreed to cause its common stock to be issued pursuant to the Stock Purchase Agreement to be approved for listing on NASDAQ, subject only to official notice of issuance, prior to the closing of the acquisition.

AngioDynamics Financing Obligations. AngioDynamics has agreed to use its commercially reasonable efforts to arrange the financing on the terms and conditions described in the Commitment Letter (as defined in the Stock Purchase Agreement), including negotiating and entering into definitive agreements and satisfying all conditions precedent to the funding thereunder. The obligations of AngioDynamics under the Stock Purchase Agreement are not contingent on the availability of such financing. AngioDynamics will not permit any amendment or modification to be made to, or any waiver of any provision or remedy, or consent, under the financing which (i) reduces the aggregate amount of the financing or (ii) imposes new or additional conditions to the receipt of the financing in a manner that would reasonably be expected to (a) delay or prevent the closing of the acquisition, (b) make the funding of the financing less likely to occur or (c) adversely impact the ability of AngioDynamics to enforce its rights against other parties to the financing or definitive agreements with respect thereto.

In the event that the funds or any portion thereof become unavailable, or it becomes reasonably likely that such funds may become unavailable to AngioDynamics on the terms set forth in the Commitment Letter, AngioDynamics will use its commercially reasonable efforts to obtain substitute financing, but not on terms and conditions materially less favorable to AngioDynamics than those set forth in the Commitment Letter, and in amounts sufficient to enable AngioDynamics to consummate the transactions contemplated by the Stock Purchase Agreement in accordance with its terms.

The Sellers and Navilyst Holdings have agreed to use commercially reasonable efforts to provide, and will cause Navilyst Holdings' subsidiaries and its and their representatives to use commercially reasonable efforts to provide, at the sole cost and expense of AngioDynamics, all reasonable cooperation in connection with the arrangement of the financing as may be reasonably requested by AngioDynamics, provided that neither the Sellers nor, prior to the closing, Navilyst Holdings or any of its subsidiaries, will be required to pay any commitment or other similar fee or incur any other liability in connection with the financing.

Delivery of Financial Statements. Navilyst Holdings has agreed to deliver (i) audited consolidated balance sheets and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries, for the three (3) most recently completed fiscal years ended at least ninety (90) days before the closing date and (ii) unaudited consolidated balance sheets and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries, for each subsequent fiscal quarter ended at least forty-five (45) days before the closing date.

Drag-Along Rights. Promptly after the date of the Stock Purchase Agreement, each of Avista Capital Partners, Avista Capital Partners (Offshore), LP, Navilyst Medical Co-Invest, LLC and Navilyst Holdings have agreed to take all necessary actions to exercise the drag-along rights set forth in the existing shareholders agreement entered into among each other and certain management shareholders named therein, so as to cause all holders of Navilyst Holdings' shares to become bound to the terms of the Stock Purchase Agreement as "Sellers"; provided that such holders of shares becoming bound to the terms of the Stock Purchase Agreement as "Sellers" is not a condition to the closing of the acquisition.

Conditions to Closing the Transaction

Completion of the Acquisition of Navilyst Holdings is subject to conditions. The respective obligations of each of AngioDynamics, Navilyst Holdings and the Sellers to effect the transactions contemplated by the Stock Purchase Agreement are conditioned on the satisfaction or waiver of the following conditions:

- all applicable waiting periods under the HSR Act applicable to the acquisition having terminated or expired (the waiting period under the HSR Act expired on March 29, 2012);

- Navilyst Holdings and the Sellers having performed in all material respects all covenants required to be performed by them under the Stock Purchase Agreement at or prior to the closing date;
- AngioDynamics having received (a) the audited consolidated balance sheet and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries for the three most recently completed fiscal years ended at least 90 days before the closing date, and (b) unaudited consolidated balance sheets and related statements of income, stockholders' equity and cash flows of Navilyst Holdings and its subsidiaries, for each subsequent fiscal quarter ended at least 45 days before the closing date;
- AngioDynamics having received a certificate signed on behalf of Navilyst Holdings and the Sellers as to the satisfaction of the conditions described in the preceding three bullets;
- AngioDynamics having received payoff letters with respect to the payment of the aggregate outstanding principal and accrued interest and other amounts payable in respect of certain Navilyst Holdings credit agreements and the release of any encumbrances related thereto;

Indemnification

Subject to the limitations discussed in this section and in the section entitled "The Stock Purchase Agreement — Tax Indemnity and Procedures," after the closing of the Stock Purchase Agreement, each Seller will severally, and not jointly or jointly and severally, indemnify and hold harmless AngioDynamics and its subsidiaries and its and their respective officers, directors, employees and agents (each, an "AngioDynamics Indemnitee"), on a pro rata basis, from and against any losses suffered by or asserted against any AngioDynamics Indemnitee arising from, or in connection with:

- the breach by such Seller of any of its representations;
- the breach by such Seller of any of its covenants or agreements;
- the breach by Navilyst Holdings of any of its representations;
- the breach by Navilyst Holdings of any of its covenants or agreements (solely with respect to covenants and agreements to be made or performed by Navilyst Holdings prior to closing); and
- the failure of any Optionholder to execute a Joinder Agreement and become a party to the Stock Purchase Agreement.

Subject to the limitations discussed in this section and in the section entitled "The Stock Purchase Agreement — Tax Indemnity and Procedures," AngioDynamics agrees to indemnify and hold harmless the Sellers, each of such Sellers' respective officers, directors, employees, partners, members and agents, and prior to the closing, Navilyst Holdings and its subsidiaries and their respective officers, directors, employees, partners members and agents (each a "Seller Indemnitee", and together with the AngioDynamics Indemnitees, the "Indemnitees" and each an "Indemnitee"), from and against any and all losses suffered by or asserted against any of the Seller Indemnitees arising from or in connection with:

- the breach by AngioDynamics of any of its representations or warranties; and
- the breach by AngioDynamics of any of its covenants or agreements.

The Stock Purchase Agreement includes the following limitations on indemnification:

- The representations and warranties made in the Stock Purchase Agreement will terminate, and no claim (with certain exceptions) for a breach of any covenant or agreement required to be performed at or

prior to the closing may be brought, after July 15, 2013. Covenants and agreement that are to be performed after the closing will survive after the closing in accordance with their respective terms.

- In no event shall the cumulative indemnification obligations of the Sellers, on the one hand, or AngioDynamics, on the other hand, in the aggregate exceed \$20,000,000.
- No indemnification claims for losses may be asserted by the Indemnitees for breaches of representations and warranties unless the aggregate amount of losses exceed \$3,750,000. If such losses exceed \$3,750,000, the Indemnitee may only recover the excess amount. Losses relating to any single matter or related matters that do not exceed \$50,000 shall not be eligible for indemnification and shall not be considered in the calculation of the \$3,750,000 deductible amount. However, breaches of certain specified representations and warranties will not be subject to the \$3,750,000 deductible amount or the \$50,000 threshold and will be recoverable from “dollar one.”
- The cumulative indemnification obligations of the Sellers shall be recoverable solely and exclusively from the escrow fund established pursuant to the Escrow Agreement that AngioDynamics has agreed to enter into with JPMorgan Chase Bank, National Association, as escrow agent, and Sellers’ Representative. No claims may be made after July 15, 2013. However, neither of these limitations shall apply to losses arising from or in connection with any breach of AngioDynamics and Navilyst Holdings’ covenant to indemnify directors and officers or the remedies section of the Stock Purchase Agreement.
- No Indemnitee will be entitled to indemnification for any special, consequential, punitive, indirect or exemplary damages, except to the extent included in a third party claim.
- No party shall be obligated to indemnify any other individual or entity with respect to (i) any representation, warranty, covenant, or condition specifically waived in writing by the other party on or prior to closing, (ii) any losses with respect to any matter if such matter was included in the calculation of the final working capital amount, or (iii) for any losses for which a claims notice was not duly delivered prior to July 15, 2013.

None of the limitations on the indemnification obligations of the parties to the Stock Purchase Agreement will apply to claims based on bad faith, willful misconduct or of actual, knowing and intentional fraud. Representations and warranties of Navilyst Holdings and the Sellers contained in the Stock Purchase Agreement will not be affected by any investigation conducted for or on behalf of, or any knowledge possessed or acquired at any time by, AngioDynamics or its affiliates, employees, or representatives concerning any circumstance, action, omission or event relating to the accuracy or performance of any representation, warranty, covenant or obligation with respect thereto.

Tax Indemnity and Procedures

The Stockholders on a several, pro rata basis have agreed to indemnify the AngioDynamics Indemnitees from and against any and all excluded taxes, meaning: (i) taxes of Navilyst Holdings or its subsidiaries for any taxable period (or portion of any Straddle Period (as defined below)) ending on or before the closing date, other than transfer taxes or any taxes resulting from, or attributable to, any action outside of the ordinary course of business that occurs on the closing date but after the closing; (ii) taxes payable by Navilyst Holdings or its subsidiaries under Treasury Regulation Section 1.1502-6(a) as a result of membership in an affiliated group on or before the closing; (iii) taxes relating to the failure of any Seller or the Sellers’ Representative to perform any covenant relating to taxes; (iv) fifty percent (50%) of all transfer taxes; and (v) legal and accounting fees and expenses attributable to any of the foregoing. Claims for excluded taxes relating to any single matter or related matters that do not exceed \$50,000 shall not be eligible for indemnification.

The Sellers’ Representative has agreed to prepare and file any tax return of Navilyst Holdings or any of its subsidiaries for a taxable period ending on or before the closing date if the due date for filing the tax return

(taking into account any available extensions) is on or before the closing date. The Sellers will pay all taxes due in respect of such tax returns, and income and other material tax returns will not be filed without AngioDynamics' prior written consent, which may be withheld only if AngioDynamics reasonably determines that the tax return would be inconsistent with the past practices of Navilyst Holdings and its subsidiaries or the likelihood of a material position reflected in the tax return being upheld in a tax proceeding is not greater than fifty percent (50%) or such higher standard as may be required under applicable tax law to avoid the imposition of penalties or to avoid disclosure; provided that AngioDynamics will be deemed to have consented to the tax return's filing if it does not submit written objections within ten (10) days of receiving the tax return. Any disputes will be resolved by a jointly appointed senior tax partner in an accounting firm.

AngioDynamics has agreed to timely prepare and file any tax return of Navilyst Holdings or any of its subsidiaries for (i) a taxable period ending on or before the closing date if the due date for filing the tax return (taking into account any available extensions) is after the closing date, or (ii) a taxable period that includes (but does not end on) the closing date (a "Straddle Period"). AngioDynamics will pay all taxes due in respect of such tax returns, provided that after the closing date, the Sellers' Representative will, at least three (3) days before the date on which the tax return is required to be filed, pay AngioDynamics the full amount of taxes owing with respect to the tax return or the Sellers' allocable share in the case of a Straddle Period. The tax returns will not be filed without the prior written consent of the Sellers' Representative, which consent may be withheld only if the Sellers' Representative reasonably determines that the tax return would be inconsistent with the past practices of Navilyst Holdings and its subsidiaries or the likelihood of a material position reflected in the tax return being upheld in a tax proceeding is not greater than fifty percent (50%) or such higher standard as may be required under applicable tax law to avoid the imposition of penalties or to avoid disclosure; provided that the Sellers' Representative will be deemed to have consented to the tax return's filing if it does not submit written objections within thirty (30) days of receiving the tax return. Any disputes will be resolved by a jointly appointed senior tax partner in an accounting firm.

The taxes for any Straddle Period will be allocated as follows: (a) property taxes of Navilyst Holdings and each of its subsidiaries for the taxable period ending on or before the closing date will equal the property taxes for such Straddle Period multiplied by a fraction, the numerator of which is the number of days during the Straddle Period that are in the pre-closing tax period and the denominator of which is the number of days in the Straddle Period; and (b) all other taxes of Navilyst Holdings and each of its subsidiaries will be computed for the pre-closing tax period as if the entire Straddle Period ended as of the close of business on the closing date.

The Sellers and AngioDynamics will each be liable for 50% of any transfer taxes, while AngioDynamics will prepare and file all tax returns with respect to transfer taxes.

Except to the extent required by law, during the period starting after the closing and ending July 15, 2013, AngioDynamics will not, and will not allow Navilyst Holdings or its subsidiaries to amend, modify or otherwise change any tax return of Navilyst Holdings or its subsidiaries with respect to any taxable period that begins before the closing date without the written consent of the Sellers' Representative, which consent will not be unreasonably withheld or delayed.

The Sellers will be credited for any credits and refunds relating to Navilyst Holdings or its subsidiaries in respect of any taxable period ending on or before the closing date to the extent such credits or refunds do not arise from or relate to the "carryback" of a tax item from a period beginning after the closing date to a taxable period ending before the closing date. AngioDynamics will be entitled to all other credits and refunds relating to Navilyst Holdings or its subsidiaries; provided that credits and refunds attributable to Straddle Periods will be allocated in the same manner as taxes for Straddle Periods, as described in this section.

Termination

The Stock Purchase Agreement may be terminated on or prior to the date of closing of the acquisition as follows:

- by mutual written consent of AngioDynamics and the Sellers' Representative; or
- by either AngioDynamics or the Sellers' Representative if the closing date has not occurred on or before the date that is six (6) months from the date of the Stock Purchase Agreement (the "Initial Termination Date") (unless the only condition to closing that has not been fulfilled by the Initial Termination Date is expiration or termination of all applicable waiting periods under the HSR Act, in which case the Initial Termination Date will be extended to the date that is nine (9) months from the date of the Stock Purchase Agreement), but only if the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained in the Stock Purchase Agreement,
 - provided, that if the financing contemplated by the Commitment Letter is not available to AngioDynamics on the applicable termination date and all of AngioDynamics' conditions to closing have been satisfied or waived, AngioDynamics may terminate the Stock Purchase Agreement pursuant to this provision only (i) on or after the date that is sixty (60) days after the applicable termination date, and (ii) if, as of the date of such intended termination, there is no dispute pending against AngioDynamics relating to its failure to consummate the transactions contemplated by the Stock Purchase Agreement; or
- by AngioDynamics or the Sellers' Representative if a court of competent jurisdiction or other governmental authority has issued an order or injunction or taken any other action (which order, injunction or action the parties will use their commercially reasonable efforts to lift) permanently restraining, enjoining or otherwise prohibiting the transactions contemplated under the Stock Purchase Agreement and such order or action has become final and nonappealable; or
- by the Sellers' Representative, upon written notice to AngioDynamics, upon a breach of any representation, warranty or covenant of AngioDynamics contained in the Stock Purchase Agreement such that the conditions to closing set forth in Stock Purchase Agreement cannot be satisfied and such breach cannot be, or has not been, cured within 45 days after the giving of notice thereof by the Sellers' Representative to AngioDynamics; or
- by AngioDynamics, upon written notice to Sellers' Representative, upon a breach of any representation, warranty or covenant of Navilyst Holdings or the Sellers such that the conditions to closing set forth in Stock Purchase Agreement cannot be satisfied and such breach cannot be, or has not been, cured within 45 days after the giving of notice thereof by AngioDynamics to the Sellers' Representative; or
- by AngioDynamics or the Sellers' Representative, if at any time prior to obtaining the approval of the stockholders of AngioDynamics, a Buyer Triggering Action occurs, provided that AngioDynamics may not terminate the Stock Purchase Agreement pursuant to this provision if a reason for AngioDynamics' effecting the intended termination is AngioDynamics' failure to obtain the financing pursuant to the Commitment Letter; or
- by AngioDynamics, if there has been a change, effect, occurrence, development, state of circumstances, fact, condition or event since the date of the Stock Purchase Agreement that has had, or would reasonably be expected to result in, individually or in the aggregate, a Material Adverse Effect; or
- by the Sellers' Representative, if there has been a change, effect, occurrence, development, state of circumstances, fact, condition or event since the date of the Stock Purchase Agreement that has had, or would reasonably be expected to result in, individually or in the aggregate, a Buyer Material Adverse Effect; or

Table of Contents

- by the Sellers' Representative or AngioDynamics if the AngioDynamics stock issuance proposal has been submitted to the AngioDynamics stockholders for adoption by written consent or at a duly convened special meeting of stockholders (or adjournment or postponement thereof) and the approval of the stockholders of AngioDynamics was not obtained.

Effect of Termination

In the event of termination of the Stock Purchase Agreement by the parties in accordance with the provisions described above under the heading "— Termination," the Stock Purchase Agreement will become void and of no further force and effect, and none of the parties to the Stock Purchase Agreement will have any liability thereto, except that nothing in the Stock Purchase Agreement will relieve any party from any liability for any intentional or willful breach of the provisions of the Stock Purchase Agreement prior to the termination of the Stock Purchase Agreement or for actual, knowing and intentional fraud of such party. Certain provisions, including the treatment of confidential information and provisions relating to termination fees, will survive the termination of the Stock Purchase Agreement.

If the Stock Purchase Agreement is terminated by AngioDynamics or the Sellers' Representative due to the occurrence of a Buyer Triggering Action, AngioDynamics must pay the Sellers' Representative \$11,250,000. If the Stock Purchase Agreement is terminated by AngioDynamics or the Sellers' Representative for failure to obtain AngioDynamics stockholder approval upon a vote taken thereon, then AngioDynamics must pay to the Sellers' Representative \$3,500,000 for expenses incurred by the Sellers in connection with the negotiation of the Stock Purchase Agreement and the transactions contemplated thereby. If AngioDynamics fails to pay such expenses when due, AngioDynamics will pay to Sellers all of Sellers' reasonable and documented costs and expenses (including reasonable and documented attorneys' fees) in connection with the Sellers' or Navilyst Holdings' efforts to collect such expenses.

Fees and Expenses

Except as expressly provided in the Stock Purchase Agreement, all costs and expenses incurred in connection with the Stock Purchase Agreement and the transactions contemplated by the Stock Purchase Agreement are to be paid by the party incurring those expenses. AngioDynamics has agreed, subject to certain limitations, to pay certain fees and expenses on the closing date from the cash portion of the purchase price, including: (i) all outstanding management fees and other fees (including any termination fees), costs and expenses payable under the Advisory Services and Monitoring Agreement, dated as of February 14, 2008, by and among Navilyst Medical (f/k/a NAMIC / VA, Inc.), Avista Capital Partners and Avista Capital Partners (Offshore), LP; (ii) all amounts payable pursuant to certain transaction bonus arrangements, to be entered into by Navilyst Holdings or any of its subsidiaries between the date of the Stock Purchase Agreement and the closing date; (iii) subject to certain limitations, the aggregate amount of any legal, accounting, broker's, investment banker, and other fees and expenses that are incurred by the Sellers or Navilyst Holdings prior to the closing and are outstanding as of the closing, in connection with the execution of the Stock Purchase Agreement and the consummation of the transactions contemplated by the Stock Purchase Agreement; and (iv) the expenses of the Sellers' Representative in an amount equal to \$500,000.

Amendments

The Stock Purchase Agreement may not be amended except in a writing signed by AngioDynamics, Navilyst Holdings, and the Sellers' Representative.

THE STOCKHOLDERS AGREEMENT

In connection with and as a condition to the closing of the transactions contemplated by the Stock Purchase Agreement, AngioDynamics will enter into a Stockholders Agreement (the "Stockholders Agreement") with the stockholders of AngioDynamics set forth on the signature page thereto, (each, a "Stockholder" and collectively, the "Stockholders") and, solely with respect to, and as specified in, Article IV of the Stockholders Agreement, Avista Capital Holdings, LP, a Delaware limited partnership (the "Management Company"). The following is a summary of the material provisions of the Stockholders Agreement and is qualified in its entirety by reference to the Stockholders Agreement, a copy of which is attached to this proxy statement as Annex B and which we incorporate by reference into this document. This summary may not contain all of the information about the Stockholders Agreement that is important to you. We urge you to read the entire Stockholders Agreement carefully because it is the legal document governing important aspects of the relationship among AngioDynamics and the Stockholders.

General

The Stockholders Agreement, which will take effect upon the closing of the acquisition, governs the Stockholders' ownership interest in AngioDynamics following consummation of the acquisition. Based upon the shares of AngioDynamics common stock outstanding as of March 23, 2012, the shares of AngioDynamics common stock to be issued to the Stockholders pursuant to the Stock Purchase Agreement will represent approximately 27% of the total issued and outstanding common stock of AngioDynamics immediately after the completion of the acquisition.

Board Representation

Pursuant to the terms of the Stockholders Agreement, AngioDynamics' Board of Directors will increase the size of the Board from eight (8) to ten (10) directors and will appoint two (2) individuals designated by Avista Capital Partners to serve on the Board of Directors (the "Stockholder Designees") until such time as, with respect to the first Stockholder Designee, the Stockholders' beneficial ownership in AngioDynamics has been reduced below 20% of the then outstanding voting shares and, with respect to the second Stockholder Designee, the Stockholders' beneficial ownership in AngioDynamics has been reduced below 10% of the then outstanding voting shares (each, a "Board Right Termination Event" with respect to such Stockholder Designee). The first Stockholder Designee will be appointed to the class of Directors that stood for reelection at the second most recently completed stockholder meeting and the second Stockholder Designee will be appointed to the class of Directors that stood for reelection at the most recently completed stockholder meeting. If the Stockholders materially breach the Stockholders Agreement, which breach is not cured within 15 business days of receipt of notice of such breach, AngioDynamics will have the right to terminate Avista Capital Partners' right to designate the Stockholder Designees.

Any Stockholder Designee to the AngioDynamics Board of Directors (i) must not be, at the time of designation, required to disclose any information pursuant to Item 2(d) or (e) of Schedule 13D if such person were the person filing such Schedule 13D, (ii) must not, at the time of designation, be prohibited or disqualified from serving as a director of a public company pursuant to any applicable rule or regulation of the SEC or NASDAQ or pursuant to applicable law, (iii) must, prior to his or her appointment to the Board, provide an executed resignation letter in the form set forth in Annex A to the Stockholders Agreement resigning from the Board and from any committees or subcommittees thereof to which he or she is then appointed or on which he or she is then serving upon the occurrence of the Board Right Termination Event applicable to such Stockholder Designee, and (iv) must, in the good faith judgment of AngioDynamics' Nominating and Corporate Governance Committee, satisfy the requirements of AngioDynamics' organizational documents and code of business conduct and ethics included in the corporate governance section of AngioDynamics' website applicable to all non-employee directors. In addition, any Stockholder Designee must abide by the provisions of all codes and policies of AngioDynamics applicable to non-employee directors, including AngioDynamics' insider trading

[Table of Contents](#)

policy, policies requiring the pre-clearance of all securities trading activity by or on behalf of such Stockholder Designee and AngioDynamics' code of business conduct and ethics, as applicable to such Stockholder Designee.

Any Stockholder Designee will be entitled to the same rights, privileges and compensation as the other non-employee Directors, including rights with respect to indemnification, directors and officers insurances and expense reimbursement. However, pursuant to the Stockholders Agreement, the first Stockholder Designee will not receive the director fees payable to non-employee directors by AngioDynamics.

For as long as Avista Capital Partners has the right to designate the Stockholder Designees in accordance with the provisions of the Stockholders Agreement, AngioDynamics must use commercially reasonable efforts, at each annual general meeting of stockholders of AngioDynamics, to procure the election or re-election of the applicable Stockholder Designee to the Board, for a term expiring at the next annual general meeting of Stockholders at which members of the class of Directors to which the Stockholder Designee belongs are to be elected or re-elected, or until such Stockholder Designee's successor is elected and qualified, or at such earlier time, if any, as such Stockholder Designee may resign, retire, die or be removed as a Director. If a Stockholder Designee has resigned, retired, died or been removed from office, Avista Capital Partners has the right to designate a replacement Stockholder Designee.

Once a Stockholder Designee is not elected or re-elected, as the case may be, as a Director by the requisite vote of AngioDynamics' stockholders, AngioDynamics will not be obligated to procure the election or re-election of such Stockholder Designee pursuant to the terms of the Stockholders Agreement and Avista Capital Partners will have the right to designate a replacement Stockholder Designee.

The Stockholders Agreement provides that the Stockholders must refrain from using material non-public information obtained by any Stockholder Designee at any meetings of the Board or Board committees in a manner prohibited by applicable law, including trading AngioDynamics' securities while in possession of such material non-public information to the extent such trading would violate applicable law.

Standstill Restrictions

Under the terms of the Stockholders Agreement, each Stockholder and the Management Company will be subject to customary standstill restrictions until the later of (a) the seven (7) year anniversary of the closing date of the acquisition and (b) the three (3) year anniversary of the date on which the Stockholders cease to beneficially own voting securities of AngioDynamics representing at least five percent (5%) of the voting securities outstanding. The standstill restrictions will generally prevent the Stockholders and the Management Company from (i) acquiring any additional new AngioDynamics voting securities and (ii) taking a number of actions that might result in the Stockholders or the Management Company exerting influence or control over AngioDynamics, including but not limited to the following:

- acquiring or agreeing to acquire beneficial ownership of any voting securities in addition to the shares issued in connection with the acquisition other than as a result of (i) reverse share splits or other actions of AngioDynamics that causes the Stockholders and their affiliates to beneficially own any excess amount or (ii) shares purchased in the ordinary course of business as a result of the acquisition of any portfolio company or other investment entity that owns any such shares at the time of such acquisition, if such additional shares represent five percent (5%) or less of then outstanding voting securities or if such ownership is approved by the Board;
- acquiring or agreeing to acquire beneficial ownership of any other securities issued by AngioDynamics other than shares or other securities purchased in the ordinary course of business as a result of the acquisition of any portfolio company or other investment entity that owns any such securities at the time of such acquisition, if such additional shares represent five percent (5%) or less of the then outstanding securities of such type of security or if such purchase is approved by the Board;

Table of Contents

- proposing, offering or participating in any effort to acquire AngioDynamics or any of its subsidiaries or any of their assets or operations;
- inducing or attempting to induce any third party to participate in any effort to acquire beneficial ownership of AngioDynamics' voting securities;
- proposing, offering or participating in any tender offer, exchange offer, merger, acquisition, share exchange or other business combination or change of control transaction involving AngioDynamics or any of its subsidiaries, or any recapitalization, restructuring, liquidation, disposition, dissolution or other extraordinary transaction involving AngioDynamics, any of its subsidiaries or any material portion of their businesses;
- seeking to call, requesting the call of, or calling a special meeting of the stockholders of AngioDynamics, or making or seeking to make a stockholder proposal, or requesting a list of AngioDynamics' stockholders, or seeking election to the Board or seeking to place a representative on the Board other than as specified in the Stockholders Agreement, or seeking removal of any director from the Board, or otherwise seeking to control or influence the governance or policies of AngioDynamics;
- soliciting proxies, designations or written consents of stockholders, or conducting any referendum to vote the securities with respect to any matter, or becoming a participant in any contested solicitation for the election of AngioDynamics' directors, other than in support of the voting obligations of the Stockholders pursuant to the Stockholders Agreement;
- forming or participating in a partnership, limited partnership, syndicate or other group within the meaning of Section 13(d)(3) of the Exchange Act, or deposit any voting securities in a voting trust or similar arrangement;
- seeking to obtain any amendment, termination or waiver of the Rights Agreement, dated as of May 26, 2004, between AngioDynamics and Registrar & Transfer Company, as rights agent; or
- publicly disclosing or causing the public disclosure of any proposal to obtain any waiver, consent or amendment of any of the provisions of the Stockholders Agreement.

Voting

For a period of one (1) year from the date of the Stockholders Agreements, the Stockholders must vote all voting securities owned by the Stockholders in accordance with the recommendation of the AngioDynamics Board of Directors. Thereafter, the Stockholders must vote their securities either (a) in accordance with the recommendation of the AngioDynamics Board of Directors or (b) in proportion to the votes cast with respect to the voting securities not owned by the Stockholders, for so long as the Stockholders beneficially own at least ten percent (10%) of the outstanding voting securities of AngioDynamics. However, each Stockholder can vote its voting securities in its sole discretion if the Stockholders beneficially own less than fifteen percent (15%) of the voting securities then outstanding and there is no Stockholder Designee then serving on the Board.

Transfer Restrictions

For a period of one (1) year from the date of the Stockholders Agreement, no Stockholder shall transfer any shares of AngioDynamics without the prior written consent of AngioDynamics.

Thereafter, the Stockholders shall use commercially reasonable efforts to transfer their shares of AngioDynamics in an orderly manner and may do so without AngioDynamics' consent and without restriction, provided that (i) if the transfer of AngioDynamics shares is pursuant to a registration statement, the registration statement must comply with the Stockholders Agreement, and (ii) if the transfer is effected pursuant to (A) a Registration Statement or a privately-negotiated transaction not subject to the registration requirements of the

Table of Contents

Securities Act in each case in which the Stockholders negotiate the terms of such transfer directly with the third party purchaser of such shares or (B) in accordance with Rule 144 under the Securities Act but not pursuant to the manner of sale provisions specified in Rule 144(f), in each case the Stockholders shall not knowingly transfer shares:

- representing more than four and nine-tenths percent (4.9%) of the Voting Securities then outstanding in a single transfer or series of related transfers (unless in a single transfer or series of related transfers in one or more block trades with one or more registered broker-dealers), or
- to (1) certain competitors of AngioDynamics, or (2) persons that have engaged in a proxy contest or have filed a Schedule 13D with respect to any issuer that disclosed certain plans or proposals that were not authorized or approved by the board of directors of such issuer or were not entered into pursuant to an agreement with such issuer, in either case, during the two (2) year period immediately preceding the date of such transfer.

The restrictions set forth in the first bullet point above shall not apply to registrable shares that are subject to certain limitations and therefore not included in an effective shelf registration or following a material breach of AngioDynamics' registration obligations under the Stockholders Agreement. The restrictions set forth in the foregoing two bullet points will terminate at such time as the Stockholders beneficially own less than five percent (5%) of the voting securities of AngioDynamics.

Notwithstanding the transfer restrictions above, during the one (1) year lock-up period and anytime thereafter, Stockholders may transfer their shares of AngioDynamics:

- to (i) a subsidiary of a Stockholder, (ii) any other Stockholder, (iii) any fund or other entity that is managed or advised by Avista Capital Partners or Avista Capital Partners (Offshore), LP or any of their affiliates (excluding any portfolio company), and (iv) certain investors in Navilyst Co-Invest, LLC;
- to AngioDynamics or any of its subsidiaries;
- pursuant to any recapitalization, reclassification, consolidation, merger, share exchange or other business combination transaction involving AngioDynamics that is approved or recommended by the Board or approved by the stockholders of AngioDynamics; or
- pursuant to any tender, exchange or other similar offer for any voting securities in the manner set forth in the Stockholders Agreement.

Any transfer of AngioDynamics' shares by the Stockholders in violation of the terms and conditions of the Stockholders Agreement will be null and void, regardless of the knowledge of the transferee.

Registration Rights

Shelf Registration

AngioDynamics will prepare and file a shelf registration statement on Form S-3 no later than two hundred seventy (270) days following the date of the Stockholders Agreement. If AngioDynamics is not eligible to use Form S-3, it will use Form S-1 but will undertake to register the shares on Form S-3 promptly thereafter. AngioDynamics will not be obligated to keep effective any shelf registration on Form S-1 for more than one hundred eighty (180) days in any twelve (12) month period. Upon regaining eligibility to use a Form S-3, AngioDynamics will promptly file a shelf registration on Form S-3 and will maintain the effectiveness of the shelf registration on Form S-1 until the Form S-3 shelf registration is declared effective. If AngioDynamics continues to not be eligible to use Form S-3 after the one hundred eighty (180) day period, it will, upon written request from one or more Stockholders, file another Form S-1 shelf registration covering the shares, provided, however, that AngioDynamics will not be obligated to file more than one (1) shelf registration on Form S-1 in

[Table of Contents](#)

any calendar year and shall not be obligated to file a shelf registration on Form S-1, other than the initial shelf registration on Form S-1, until ninety (90) days after the expiration of the one hundred eighty (180) day period.

AngioDynamics will use its reasonable best efforts to keep the registration statement continuously effective and to cooperate in any shelf take down. AngioDynamics will, within ten (10) business days of receiving a request from a Stockholder who owns shares that are not included in a shelf registration, amend the registration as necessary to permit such Stockholder to sell the shares.

If the Stockholders notify AngioDynamics of their intent to effect an underwritten offering of shares included on the shelf registration, AngioDynamics will amend or supplement the shelf registration or related prospectus to enable the shares to be distributed pursuant to the underwritten offering. All shares in an underwritten offering shall be subject to the applicable underwriting agreement with customary terms, such as limitations on the number of shares to be included in any underwritten offering and lock-up agreements imposed by the underwriter.

Postponement of Shelf Registration

Under the Stockholders Agreement, AngioDynamics is entitled to postpone, for a period not to exceed thirty (30) consecutive days or an aggregate of seventy-five (75) days in any one (1) year period, and not more than once in any six (6) month period, the filing of a registration statement if (A) the SEC issues a stop order suspending the effectiveness of the registration statement or (B) in the good faith judgment of the Board of Directors of AngioDynamics, such registration would require AngioDynamics to make a public disclosure of material non-public information, which disclosure would reasonably be expected to be materially adverse to AngioDynamics or adversely and materially affect its ability to effect a reasonably imminent material proposed transaction, disposition, financing, reorganization, recapitalization or similar transaction. AngioDynamics will promptly provide notice to the Stockholders of the postponement and its expected duration.

Termination of Registration Obligations

The obligation of AngioDynamics to register shares and maintain the effectiveness of registration statements shall terminate as to each Stockholder on the earliest of (a) the date that all shares owned by such Stockholder may be freely sold without registration and (b) the date that is four (4) months after the first date on which Stockholders own less than five percent (5%) of the then outstanding voting shares.

Expenses

AngioDynamics has agreed to pay all registration expenses, including up to \$25,000 in legal fees for one counsel for the Stockholders and reasonable expenses incurred with AngioDynamics' prior approval in connection with up to three (3) "road shows," except that underwriting discounts, selling commissions and transfer taxes shall be borne by the selling Stockholders.

The Stockholders Agreement contains indemnification provisions whereby AngioDynamics and the Stockholders have agreed to indemnify and hold harmless the other from claims, actions or proceedings arising out of or based upon an untrue statement or omission of a material fact in any offering or sale of shares, unless the claim arises out of or is based upon an untrue statement or omission made by AngioDynamics in reliance upon and in conformity with information furnished in writing by a Stockholder. However, no Stockholder will be required to incur indemnification obligations which are in excess of the net proceeds received by such Stockholder pursuant to such registration.

Termination

The Stockholders Agreement will terminate upon the earlier of (a) the later of (i) the seventh anniversary of the closing and (ii) the date that is three (3) years after the first date on which the Stockholders cease to own at

[Table of Contents](#)

least five percent (5%) of the voting shares then outstanding; and (b) a change of control with respect to AngioDynamics in which all voting shares of AngioDynamics are exchanged for cash consideration. If AngioDynamics consolidates or merges and is not the surviving corporation and the shares are converted or exchanged for non-cash consideration, the successors and assigns of AngioDynamics will honor the Registration Rights provisions of the Stockholders Agreement while all other provisions of the Stockholders Agreement will terminate upon such change of control.

Amendment

The Stockholders Agreement may not be amended except by a written instrument signed by AngioDynamics and the Stockholders.

NAVILYST BUSINESS DESCRIPTION

Company Overview

Navilyst is a leading global developer, manufacturer and marketer of innovative medical devices used in oncology treatment, as well as the diagnosis and treatment of vascular disease.

Navilyst's principal product lines relate to (a) Fluid Management and (b) Venous Access technology.

Navilyst's principal revenue source is hospitals and associated healthcare providers, with revenues being highly diversified across hospital divisions and geographies. In 2011, Navilyst had greater than 3,100 customers in 47 countries worldwide, with no individual hospital end user representing more than 1.3% of Navilyst's revenues, and the top ten United States customers representing less than 5.0% of Navilyst's revenues.

History

Navilyst Holdings commenced operations on November 1, 2010. Navilyst Holdings' only activities relate to the ownership of capital stock in its wholly owned subsidiary, Navilyst Medical Holdings, Inc. ("Intermediate Holdings") and activities related thereto. Intermediate Holdings commenced operations on February 14, 2008, upon the acquisition of BSC's Fluid Management and Venous Access operations by its wholly owned subsidiary Navilyst Medical (the "Acquisition"). Intermediate Holdings' only activities relate to its ownership of capital stock in Navilyst Medical and activities related thereto. Navilyst Holdings and Intermediate Holdings were both formed at the direction of, and are controlled by, Avista Capital Partners.

On November 1, 2010, Intermediate Holdings' primary stockholder (Avista Capital Partners) and management stockholders (collectively, the "Intermediate Holdings Equity Holders") entered into separate Contribution and Security Exchange Agreements (the "Exchange Agreements") with Navilyst Holdings. Pursuant to the Exchange Agreements, the Intermediate Holdings Equity Holders exchanged their equity interests in Intermediate Holdings (common stock or options, as applicable) for similar equity interests in Navilyst Holdings (the "Exchange") and Intermediate Holdings became a wholly owned subsidiary of Navilyst Holdings. At the time of the Exchange, Navilyst Holdings and Intermediate Holdings were under common control and, accordingly, Navilyst Holdings accounted for the Exchange at historical cost. For all periods prior to the Exchange, Intermediate Holdings has been identified as the predecessor entity due to the fact that Navilyst Holdings did not exist prior to the Exchange. Accordingly, the financial statements for all periods prior to November 1, 2010 reflect the activities of Intermediate Holdings and the financial statements for all periods after November 1, 2010 reflect the consolidated activities of both Intermediate Holdings and Navilyst Holdings.

Navilyst has focused on an organic growth strategy. Its research and development division has developed technologies resulting in the launch of several new products since February 2008, with new products currently representing approximately 21% of 2011 annual sales. Navilyst has an active new product development pipeline with several new products expected to be commercialized beginning in the second quarter of 2012.

Product Lines

Fluid Management

Fluid Management represented 56% of Navilyst's revenues for the year ended December 31, 2011.

For the year ended December 31, 2011, Fluid Management (a) generated total revenues of \$82.7 million, (b) generated 74% of total revenues from the United States and (c) produced net product margins as a percent of total sales of 42.2%.

Navilyst offers greater than 5,000 SKUs of Fluid Management products, with over 85% related to customized convenience kits that are specific to the individual and procedural needs of health care providers in

the interventional cardiology, interventional radiology and vascular surgery areas. Navilyst believes that its ability to provide such diverse and customized kit offerings under the well-known Navilyst and NAMIC® brands enables Navilyst to maintain a strong position in the Fluid Management industry. Navilyst- and NAMIC-branded products, collectively, create a majority market leadership position in the United States. Internationally, the markets are much more diversified with no one market leader. Navilyst is well represented in the major foreign countries with the United Kingdom, Canada and Japan representing the three largest international countries for Fluid Management sales for the year ended December 31, 2011.

The principal uses of Navilyst's Fluid Management products are in catheterization procedures, invasive pressure monitoring and blood and fluid waste control. The core product line includes:

- NAMIC Compensator™ and Perceptor® Manifolds. These are proprietary manifold systems, with (a) manifolds that deliver saline and contrast, and provide access for waste containment, during angiography and angioplasty procedures and (b) an integral transducer that converts mechanical pressure into an electrical signal displayed as a waveform, and offers a significant increase in waveform fidelity over stand-alone transducers.
- NAMIC Squeeze Contrast Controller®. This is a fluid delivery system that provides the manifold with access to saline and contrast media. Its configuration (a) allows one container of contrast media to be used on multiple patient cases and (b) includes a microbial barrier that prevents cross-contamination.
- NAMIC Protection Station® Closed Fluid Management Systems. These are closed fluid management systems that contain waste and enable sterile administration of saline and contrast during angiography and angioplasty procedures.
- NAMIC Perceptor DT Disposable Transducer. These are pressure monitoring systems designed specifically for interventional cardiology and radiology labs.
- NAMIC Angiographic Control Syringes. These control syringes are used to inject contrast media or flush the catheter with saline solutions. Two of their attractive features include (a) larger lumens, which provide for higher flow rates and faster fluid delivery and (b) a proprietary swaged rotating adaptor, which optimizes positioning and rotation while minimizing air bubble entrapment.

Venous Access

Venous Access represented 36% of Navilyst's revenues for the year ended December 31, 2011.

For the year ended December 31, 2011, Venous Access (a) generated total revenues of \$53.8 million, (b) generated 94% of total revenues from the United States and (c) produced net product margins as a percent of total sales of 50.7%.

Navilyst's Venous Access products consist of greater than 1,000 SKUs of subcutaneous, implantable medical devices designed to provide direct access to the bloodstream for patients requiring intravenous administration of antibiotics, chemotherapy, fluids and nutritionals, as well as blood sampling and the removal of toxic substances. Navilyst's Venous Access products are used in a variety of areas, including interventional radiology, surgery, IV nursing, medical oncology, and dialysis. An increasing percentage of Navilyst's Venous Access product sales come from customizable convenience kit options. The kits allow health care providers to select from a wide array of accessories to construct kits that meet their preferred placement procedures, thereby improving productivity and efficiency while reducing overall costs. The kits capitalize on Navilyst's historical strength in customizable Fluid Management products, expanding that expertise to customizable Venous Access products.

Internationally, the markets are very diversified with many opportunities for growth. For the year ended December 31, 2011, sales of Venous Access internationally represent only 6% of total worldwide Venous Access

[Table of Contents](#)

sales. The three largest international countries for Venous Access sales are Canada, South Korea and the United Kingdom.

The principal product lines for Navilyst's Venous Access products are (a) peripherally inserted central catheters ("PICCs"), (b) ports and (c) dialysis catheters, with many of the products incorporating Navilyst's proprietary Pressure Activated Safety Valve ("PASV®") Technology. PASV Technology is intended to reduce occlusion and infection rates as compared to non-valve systems.

- **PICCs.** PICCs are catheters used in chronic situations common to many medical conditions, such as cancer or trauma, that require short- or long-term peripheral access to the central venous system for delivery of intravenous therapy, fluids, nutrients and blood products.
- **Ports.** Ports are implantable devices used for systemic and continuous central venous administration of a variety of medical therapies, blood sampling and diagnostic procedures that must be repeated periodically over an extended duration (up to one year).
- **Dialysis Catheters.** Dialysis catheters are used to remove toxins from the blood in instances where a patient's kidneys are malfunctioning due to acute or chronic renal failure or end-stage renal disease.

People

Navilyst has 674 employees, all of whom are based in the United States and Canada. In the United States, Navilyst's marketing efforts are supported by a 55-person employee sales team. Internationally, Navilyst's marketing efforts are supported by over 40 international distributors and five direct employee sales representatives in Canada.

Navilyst does not have any employees represented by a labor union, and believes that its relationships with its employees are healthy.

Real Property

Navilyst owns two adjacent properties in Glens Falls, NY, which are used for manufacturing and distribution activities. Greater than 95% of Navilyst's products are manufactured in-house or packaged at the Glens Falls, NY location.

Navilyst leases one property in Marlborough, MA, which is used for Navilyst's corporate headquarters. The lease is a long-term lease that expires at the end of August 2015.

All of Navilyst's owned and leased properties are used in both the Fluid Management and Venous Access product lines. Both of Navilyst's owned properties are subject to liens under Navilyst's credit facility. Additionally, Navilyst has granted a lease on one of its owned properties to Capital Communications Federal Credit Union for 720 square feet of office space.

Intellectual Property

Navilyst holds more than 230 patents and patent applications, and more than 60 registered trademarks and trademark applications, worldwide. Navilyst believes that its patents and trademarks have significant value, protect platform technologies and products, and are material to its business. In addition, Navilyst is party to several intellectual property agreements that include in-licenses and out-licenses for the manufacture, supply and/or distribution of products in Fluid Management and Venous Access. Navilyst believes that these agreements provide access to valuable intellectual property rights that enable the integration of third-party technologies with Navilyst's product lines.

[Table of Contents](#)

Navilyst's intellectual property registration policy is to pursue patents and registered trademarks in the United States and key international jurisdictions. Navilyst generally relies on common law protection for its copyrighted works.

Navilyst's intellectual property enforcement policy is to monitor competitor activities and to vigorously enforce and defend its intellectual property rights.

Competitors

Navilyst encounters significant competition across its product lines, and in each market in which its products are sold. These markets are characterized by rapid change resulting from technological advances and scientific discoveries. Navilyst faces competitors ranging from large manufacturers with multiple business lines to small manufacturers that offer a limited selection of products.

Navilyst believes that its products compete primarily on the basis of their quality, clinical outcomes, ease of use, reliability, physician familiarity and cost-effectiveness. Navilyst believes that its continued competitive success will depend upon its ability to develop or acquire scientifically advanced technology, apply its technology cost-effectively across product lines and markets, develop or acquire proprietary products, attract and retain skilled development personnel, obtain patent or other protection for its products, obtain required regulatory and reimbursement approvals, manufacture and successfully market its products, either directly or through outside parties, and maintain sufficient inventory to meet customer demand.

Government Regulation

Navilyst's products are subject to pervasive regulation by the FDA as medical devices, as well as by certain other state and international authorities. The FDA and other applicable authorities require that Navilyst comply with, among other things, (a) clearance and approval processes for new products and certain modifications of existing products, (b) quality, safety and labeling standards that affect each stage of product production and commercialization, from manufacturing to marketing, and (c) adverse incident reporting.

Navilyst's operations, including its manufacturing operations and the selection and development of the properties that it owns and leases, are subject to a variety of United States federal, state and local laws and regulations, including environmental, zoning and land use requirements. Navilyst believes that it is in compliance in all material respects with these laws and regulations, and, to date, Navilyst has not been required to take any action to correct any noncompliance.

Legal Matters

Navilyst is subject to legal proceedings, claims and liabilities, which arise in the ordinary course of business and are generally covered by insurance or are not material. In addition, on December 21, 2011 Cardinal Health Canada 204, Inc. ("Cardinal Health") filed a demand for arbitration pursuant to the terms of the International Distributorship Agreement entered into as of November 1, 2008 between Navilyst Medical and Cardinal Health. Cardinal Health claims that it is entitled to damages, including damages for lost profits and treble damages, and injunctive relief based on Navilyst's decision to terminate the International Distributorship Agreement. The parties have entered into a written stipulation to stay the proceedings in this matter pending the outcome of a related litigation brought by Cardinal Health against three current Navilyst employees (all of whom are former employees of Cardinal Health) in the Ontario Superior Court of Justice (*Cardinal Health Canada, Inc. v. Alexander, Sohi, & Campbell*, Superior Court of Justice, Ontario, Canada, No. CV-11-440418 (the "Ontario Litigation")). If this matter proceeds following the stay, Navilyst intends to deny the allegations contained in the demand for arbitration and to advance counterclaims against Cardinal Health. In the Ontario Litigation, Cardinal Health filed a complaint on November 25, 2011 alleging that the defendants breached certain obligations arising out of their employment with Cardinal Health and engaged in wrongful acts in connection with Navilyst's

[Table of Contents](#)

decision to terminate the International Distributorship Agreement. In the complaint Cardinal Health is seeking injunctive relief and damages, including approximately \$7 million of alleged lost profits as well as \$500,000 of punitive, exemplary and aggravated damages. The defendants filed a response denying the allegations contained in the complaint. Navilyst has entered into a joint defense agreement with the defendants in the Ontario Litigation, pursuant to which Navilyst has agreed, subject to certain conditions, to indemnify the defendants for all legal fees relating to the Ontario Litigation as well as any damages or cost awards arising out of the Ontario Litigation. While Navilyst intends to vigorously defend against these actions, each of these cases is in the preliminary stages and, as a result, the ultimate outcome of these cases and their potential financial impact on Navilyst are not determinable at this time.

Overview

Navilyst is a leading global developer, manufacturer and marketer of innovative medical devices used in oncology treatment, as well as the diagnosis and treatment of vascular disease.

Navilyst's principal product lines relate to (a) Fluid Management and (b) Venous Access technology.

Navilyst's principal revenue source is hospitals and associated healthcare providers, with revenues being highly diversified across hospital divisions and geographies. In 2011, Navilyst had greater than 3,100 customers in 47 countries worldwide, with no individual hospital end user representing more than 1.3% of Navilyst's revenues, and the top ten United States customers representing less than 5.0% of Navilyst's revenues.

Recent Developments

On January 30, 2012, AngioDynamics Inc. entered into a definitive agreement to acquire Navilyst for \$375.0 million from Avista Capital Partners with closing expected during AngioDynamics' fiscal 2012 fourth quarter ending May 31, 2012.

Critical Accounting Policies

Basis of Presentation

Navilyst Holdings commenced operations on November 1, 2010. Navilyst Holdings' only activities relate to the ownership of capital stock in its wholly owned subsidiary, Intermediate Holdings and activities related thereto. Intermediate Holdings commenced operations on February 14, 2008, upon the Acquisition. Intermediate Holdings' only activities relate to its ownership of capital stock in Navilyst Medical and activities related thereto. Navilyst Holdings and Intermediate Holdings were both formed at the direction of, and are controlled by, Avista Capital Partners.

On November 1, 2010, the Intermediate Holdings Equity Holders entered into the Exchange Agreement with Navilyst Holdings. Pursuant to the Exchange Agreements, the Intermediate Holdings Equity Holders exchanged their equity interests in Intermediate Holdings (common stock or options, as applicable) for similar equity interests in Navilyst Holdings (the "Exchange") and Intermediate Holdings became a wholly owned subsidiary of Navilyst Holdings. At the time of the Exchange, Navilyst Holdings and Intermediate Holdings were under common control and, accordingly, Navilyst Holdings accounted for the Exchange at historical cost. For all

[Table of Contents](#)

periods prior to the Exchange, Intermediate Holdings has been identified as the predecessor entity due to the fact that Navilyst Holdings did not exist prior to the Exchange. Accordingly, the financial statements for all periods prior to November 1, 2010 reflect the activities of Intermediate Holdings and the financial statements for all periods after November 1, 2010 reflect the consolidated activities of both Intermediate Holdings and Navilyst Holdings.

Navilyst Holdings, Intermediate Holdings and Navilyst Medical, are collectively referred to as “Navilyst”.

All intercompany accounts and transactions between Navilyst Holdings (or, “New Holdings”), Intermediate Holdings (or, “Holdings”) and Navilyst Medical have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires management to make assumptions and estimates that affect the reported amounts and disclosures of assets and liabilities, derivative financial instruments and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts and disclosures of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue is primarily derived from the sale of single-use medical devices. Revenue is considered to be realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of a sales arrangement exists; (ii) delivery has occurred or services have been rendered; (iii) the price is fixed or determinable; and (iv) collectability is reasonably assured. These criteria are generally met at the time of shipment when the risk of loss and title passes to the customer or distributor.

Since inception, the majority of Navilyst’s sales originate from Navilyst’s Glens Falls, NY facility. Pursuant to the terms of certain transition agreements with BSC, certain international sales of Navilyst’s products were facilitated by BSC’s Tullamore, Ireland (“BSC Tullamore”) and Quincy, MA (“BSC Quincy”) facilities. Under these agreements, Navilyst sold component parts to BSC Tullamore for use in assembling certain of Navilyst’s products and for use in BSC Tullamore products. For the year ended December 31, 2009, Navilyst recognized revenues of approximately \$8.5 million related to sales of component parts to BSC Tullamore. BSC Tullamore assembled finished medical goods for Navilyst using parts acquired from Navilyst as well as other parts that were either purchased or manufactured by BSC Tullamore. Navilyst purchased these finished medical goods directly from BSC Tullamore in order to fulfill certain international customer orders.

However, the transition agreements with BSC did not require Navilyst to purchase any of the finished medical goods assembled by BSC Tullamore. During fiscal year 2009, Navilyst discontinued this arrangement, and transferred the assembly activity previously performed by BSC Tullamore to Navilyst’s Glens Falls, NY facility. As of December 31, 2009, BSC Tullamore no longer assembles finished medical goods for Navilyst. However, Navilyst continues to supply component parts to BSC for use in BSC products.

Management had determined that Navilyst maintained general inventory risk related to sales of finished medical goods purchased from BSC Tullamore. As a result, purchases of finished medical goods from BSC Tullamore and the subsequent sale of those goods were recorded at gross in the accompanying consolidated statement of operations. Purchases of finished medical goods from BSC Tullamore were approximately \$1.8 million for the year ended December 31, 2009. Revenues from the sales of those goods were approximately \$3.5 million for the year ended December 31, 2009. As of December 31, 2009, Navilyst no longer purchases finished medical goods from BSC Tullamore.

Navilyst offers sales discounts to certain customers and these sales discounts are recorded as a reduction of revenue. In addition, Navilyst has entered into certain agreements with group purchasing organizations to sell

[Table of Contents](#)

products to participating hospitals at prenegotiated prices. The terms of Navilyst's agreements with group purchasing organizations generally do not provide for rebates or other incentives.

Allowance for Doubtful Accounts

Navilyst provides reserves against trade receivables for estimated losses that may result from a customer's inability to pay. The amount is determined by analyzing known uncollectible accounts, aged receivables, economic conditions or industry trends, historical losses and customer creditworthiness. Amounts determined to be uncollectible are charged or written off against the reserve in the period such determination is made.

Inventories

Navilyst states inventories at the lower of cost, using the first-in, first-out method, or market. Navilyst bases its provisions for excess, obsolete or expired inventory primarily on estimates of forecasted net sales levels and historical trends. A significant change in the timing or level of demand for products as compared to forecasted amounts may result in recording additional provisions for excess or expired inventory in the future. The industry in which Navilyst participates is characterized by rapid product development and frequent new product introductions. Uncertain timing of next-generation product approvals, variability in product launch strategies, product recalls and variation in product utilization all impact the estimates related to excess and obsolete inventory.

Intangible Assets

All intangible assets were acquired in connection with the Acquisition and were recorded at estimated fair value. Definite-lived intangible assets related to trademarks and supply/sales agreements are amortized over their estimated useful lives using the straight-line method. Definite-lived intangible assets related to customer relationships and patents are amortized using an accelerated method that reflects the pattern in which the economic benefits of the asset are consumed.

Navilyst reviews definite-lived intangible assets for impairment whenever it is determined that adverse conditions exist or a change in circumstances has occurred that may indicate impairment or a change in the remaining useful life. If an impairment indicator exists, the intangible asset is tested for recoverability. If the carrying value of the intangible asset exceeds the undiscounted cash flows expected to result from the use and eventual disposition of the intangible asset, the carrying value of the intangible asset is written-down to estimated fair value in the period identified.

Indefinite-lived intangible assets are reviewed at least annually for impairment and to reassess their classification as indefinite-lived assets. To test for impairment, the estimated fair value of the indefinite-lived intangible asset is compared to the carrying value. If the carrying value exceeds the estimated fair value, the carrying value is written down to the estimated fair value.

Fair value of intangible assets is generally calculated as the present value of estimated future cash flows expected to be generated from the asset using a risk-adjusted discount rate. In determining estimated future cash flows associated with intangible assets, Navilyst uses estimates and assumptions about future revenue contributions, cost structures and remaining useful lives of the asset. The use of alternative assumptions, including estimated cash flows, discount rates and alternative estimated remaining useful lives could result in different estimates of fair value.

Goodwill

Navilyst believes the factors contributing to the goodwill that resulted from the Acquisition include (but are not limited to), the manufacturing capacity and efficiency of Navilyst's facilities, securing long-term rights to certain technology and brand names, and access to the long-term customer relationships of Navilyst's products.

[Table of Contents](#)

Navilyst accounts for goodwill in accordance with Accounting Standards Codification (“ASC”) Topic 350, *Intangibles – Goodwill and Other*. Goodwill is not amortized but is instead tested at least annually for impairment, or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed annually during the fourth quarter at the reporting unit level. Navilyst evaluates goodwill for impairment at the entity level as management has determined that Navilyst’s operations comprise a single reporting unit. Goodwill is considered to be impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit’s fair value. Reporting unit fair value is estimated using both income (discounted cash flow) and market approaches. The discounted cash flow approach requires the use of assumptions and judgments including estimates of future cash flows and the selection of discount rates. The market approach relies on comparisons to publicly traded stocks or to sales of similar companies.

Results of Operations – Years ended December 31, 2011, 2010 and 2009

The following table sets forth Navilyst’s historical results of operations for the years ended December 31, 2011, 2010 and 2009.

	Years Ended December 31

Comparison of Years ended December 31, 2011 and 2010

Net Sales

For the year ended December 31, 2011, Navilyst’s consolidated net sales decreased by 1.7% to \$148.6 million, as compared to \$150.6 million for the year ended December 31, 2010. This decrease primarily resulted from decreased sales of Fluid Management products, partially offset by increased unit sales of the Xcela Power Injectable PICC with PASV technology (XPP) and the Exodus drainage catheters.

From a product line offering perspective, Venous Access sales increased 5.1% to \$53.8 million from the prior year. This increase was driven primarily by XPP unit sales. Fluid Management sales decreased 5.0% to \$82.7 million from the prior year. This decrease was driven by losses in market position due to a sales backorder issue created by the implementation of a new information system during 2010, as well as due to a broader procedure volume slowdown. Drainage catheter sales increased greater than 100% to \$0.7 million from prior year. This product was released late in the prior year. Navilyst is in the market evaluation stage with a redesigned drainage catheter. Sales to BSC under the supply agreement decreased 7.4% to \$11.2 million in the current year.

From a geographic perspective, U.S. sales increased 0.9% to \$112.7 million from the prior year. This increase was driven primarily by XPP unit sales and drainage catheter sales, offset by Fluid Management volume declines. International sales decreased 7.8% to \$24.7 million from prior year. The majority of this shortfall was due to lower sales in Canada and Japan of approximately \$1.8 million and \$1.4 million, respectively. As a result,

[Table of Contents](#)

Navilyst has moved to a direct sales strategy in Canada and hired three direct sales representatives in Canada during 2011. Canadian sales were negatively impacted by this distributor transition. The Japanese natural disasters had a significant negative impact on sales in Japan.

Gross Profit

For the year ended December 31, 2011, Navilyst's (a) gross profit decreased by 4.6% to \$65.9 million, as compared to \$69.1 million for the year ended December 31, 2010, and (b) net gross profit as a percentage of sales decreased by 1.6% to 44.3%, as compared to 45.9% for the year ended December 31, 2010. The decline in net gross profit overall was primarily the result of the underabsorption of production overhead due to the reduced sales volume and reduction in inventory throughout the current year.

General and Administrative Expenses

For the year ended December 31, 2011, Navilyst's general and administrative expenses increased by 5.7% to \$11.1 million, as compared to \$10.5 million for the year ended December 31, 2010. This increase primarily resulted from incremental Oracle-related costs for maintenance contracts and depreciation. The Oracle operating system was implemented during the prior year and thus did not incur a full twelve months of annual costs. These cost increases were partially offset by reductions in other operating costs.

Sales and Marketing Expenses

For the year ended December 31, 2011, Navilyst's sales and marketing expenses increased by 6.3% to \$22.1 million, as compared to \$20.8 million for the year ended December 31, 2010. This increase primarily resulted from increased international sales expenses as Navilyst expanded international sales activities, and increased U.S. sales costs due to an increased sales force in the current year as compared to the prior year. The prior year experienced a sales backorder that negatively impacted the U.S. sales force. These cost increases were partially offset by reductions in other operating costs.

Research and Development Expenses

For the year ended December 31, 2011, Navilyst's research and development expenses increased by 46.8% to \$11.3 million, as compared to \$7.7 million for the year ended December 31, 2010. This increase primarily resulted from spend on a new port program, which began during the current year and accounted for \$3.8 million in current year spend. This product is planned to be released in late 2012. The remaining costs are normal changes in programs worked on during the years.

Amortization of Intangibles

For the year ended December 31, 2011, Navilyst's amortization of intangibles was \$9.2 million, consistent when compared to \$9.2 million for the year ended December 31, 2010.

Restructuring and Other Costs

For the year ended December 31, 2011, Navilyst's restructuring and other costs decreased by 46.2% to \$5.7 million, as compared to \$10.6 million for the year ended December 31, 2010. Amounts classified as restructuring and other costs for the year ended December 31, 2011 include approximately \$1.6 million in incremental costs to resolve a sales backorder issue created by the implementation of a new information system, approximately \$1.0 million in restructuring costs for employee termination benefits, and approximately \$3.0 million in other costs, which includes fees related to amendments to the Company's credit facilities and new product registration costs. Amounts classified as restructuring and other costs for the year ended December 31, 2010 include approximately \$5.1 million in incremental costs to resolve a sales backorder issue created by the

[Table of Contents](#)

implementation of a new information system, approximately \$4.0 million in restructuring costs for employee termination benefits, and approximately \$1.5 million in other costs.

Operating Income

For the year ended December 31, 2011, Navilyst's operating income decreased by 35.3% to \$6.6 million, as compared to \$10.2 million for the year ended December 31, 2010.

Other Income (Expense)

The components for other income (expense) for the years ended December 31, 2011 and 2010 are as follows:

	<u>Years Ended December 31</u>	
	<u>2011</u>	<u>2010</u>
	<i>(In Thousands)</i>	
Other income (expense)		
Interest income	\$ 5	\$ 3
Interest expense	(21,604)	(19,719)
Gain from risk management activities	—	466
Other income (expense)	(31)	37
Total other expense, net	<u>\$ (21,630)</u>	<u>\$ (19,213)</u>

The increase in interest expense for the year ended December 31, 2011 was primarily related to the dividends on the redeemable preferred stock issuances. The gain from risk management activities was related to the change in fair value of the interest rate swap agreement. This interest rate swap agreement reached maturity in the prior year and was not renewed.

Income Tax Expense

For the year ended December 31, 2011, Navilyst's provision for income taxes was \$5.4 million, consistent when compared to \$5.4 million for the year ended December 31, 2010. The provision for income taxes differs from the expected tax benefit computed by applying the U.S. federal statutory rate to income before taxes primarily due to the recording of a deferred tax provision for the tax effects of Navilyst's tax deductible indefinite-lived intangible assets and goodwill balances.

Net Income (Loss)

For the year ended December 31, 2011, Navilyst's net loss increased by 42.4% to \$20.5 million, as compared to \$14.4 million for the year ended December 31, 2010.

Comparison of Years ended December 31, 2010 and 2009

Net Sales

For the year ended December 31, 2010, Navilyst's consolidated net sales decreased by 3.2% to \$150.6 million, as compared to \$155.6 million for the year ended December 31, 2009. This decrease primarily resulted from the decline in unit sales of Fluid Management products resulting from inventory shortages created by a sales backorder in early 2010. This decline was partially offset by growth in the XPP product.

From a product line offering perspective, Venous Access sales increased 2.0% to \$51.3 million from the prior year. This increase was driven primarily by XPP unit sales. The increases were negatively impacted by

[Table of Contents](#)

certain PICC kit inventory shortages related to the backorder, and temporary delays experienced while validating an additional sterilization chamber at our third party sterilizer. Additionally, sales were negatively impacted by a Vaxcel port recall that occurred in early 2010 due to a non-coring needle (manufactured by a third party) that tested outside new industry-wide specifications set by the FDA, which Navilyst was made aware of after the product was included in Navilyst's port kit. Fluid Management sales decreased 6.0% to \$87.1 million from the prior year. This decrease was driven by a sales backorder in early 2010, which negatively impacted Fluid Management convenience kit sales. Drainage catheter sales commenced in 2010 and accounted for \$0.2 million in sales in 2010. Sales to BSC under the supply agreement decreased 4.8% to \$12.0 million in the current year.

From a geographic perspective, U.S. sales decreased 4.0% to \$111.7 million from the prior year. This decrease was driven primarily by Fluid Management volume declines resulting from the backorder, offset partially by the success of the XPP volumes. International sales increased 0.7% to \$26.9 million from prior year. Starting in mid-2010, Navilyst experienced growth as distributors came on line and continued training had taken place. International sales were negatively impacted by the backorder, but to a lesser degree than within the U.S.

Gross Profit

For the year ended December 31, 2010, Navilyst's (a) gross profit decreased by 2.7% to \$69.1 million, as compared to \$71.0 million for the year ended December 31, 2009, and (b) net gross profit as a percentage of sales increased by 0.3% to 45.9%, as compared to 45.6% for the year ended December 31, 2009. These changes primarily resulted from lower sales volumes and normal fluctuations in product mix sold.

General and Administrative Expenses

For the year ended December 31, 2010, Navilyst's general and administrative expenses decreased by 4.5% to \$10.5 million, as compared to \$11.0 million for the year ended December 31, 2009. This decrease primarily related to savings from reductions in workforce offset by incremental Oracle-related costs for maintenance contracts and depreciation. The Oracle operating system was implemented during the current year, and thus Navilyst did not incur these costs in the prior period.

Sales and Marketing Expenses

For the year ended December 31, 2010, Navilyst's sales and marketing expenses decreased by 2.8% to \$20.8 million, as compared to \$21.4 million for the year ended December 31, 2009. The current year experienced a sales backorder which negatively impacted the U.S. sales force. Additionally, reductions in marketing personnel costs occurred in the current year.

Research and Development Expenses

For the year ended December 31, 2010, Navilyst's research and development expenses decreased by 10.5% to \$7.7 million, as compared to \$8.6 million for the year ended December 31, 2009. This decrease primarily related to routine project workload.

Amortization of Intangibles

For the year ended December 31, 2010, Navilyst's amortization of intangibles increased by 5.7% to \$9.2 million, as compared to \$8.7 million for the year ended December 31, 2009. This increase was in accordance with the Company's method of amortization on certain definite-lived intangible assets.

Restructuring and Other Costs

For the year ended December 31, 2010, Navilyst's restructuring and other expenses increased by greater than 100% to \$10.6 million, as compared to \$4.6 million for the year ended December 31, 2009. Amounts

[Table of Contents](#)

classified as restructuring and other costs for the year ended December 31, 2010 include approximately \$5.1 million in incremental costs to resolve a sales backorder issue created by the implementation of a new information system, approximately \$4.0 million in restructuring costs for employee termination benefits, and approximately \$1.5 million in other costs. Amounts classified as restructuring and other costs for the year ended December 31, 2009 were primarily business transition costs of approximately \$0.4 million related to transition agreements with BSC, approximately \$1.0 million in transitional personnel costs, and approximately \$3.2 million in other costs.

Impairment of Indefinite-lived Intangible Asset

For the year ended December 31, 2009, Navilyst incurred a \$14.9 million impairment charge to reduce the Fluid Management trademark to its estimated fair value. The impairment was the result of a reduction in anticipated future revenue contributions related to the trademark. There was no similar impairment charge necessary in the year ended December 31, 2010.

Operating Income

For the year ended December 31, 2010, Navilyst's operating income increased by greater than 100% to \$10.2 million, as compared to \$1.8 million for the year ended December 31, 2009.

Other Income (Expense)

The components for other income (expense) for the years ended December 31, 2010 and 2009 are as follows:

	Years Ended December 31	
	2010	2009
	<i>(In Thousands)</i>	
Other income (expense)		
Interest income	\$ 3	\$ 7
Interest expense	(19,719)	(18,715)
Gain from risk management activities	466	576
Other income (expense)	37	309
Total other expense, net	<u>\$ (19,213)</u>	<u>\$ (17,823)</u>

The increase in interest expense for the year ended December 31, 2010 was primarily related to credit facility interest rates amended in February 2010. The gains from risk management activities were related to the changes in fair value of the interest rate swap agreement. This interest rate swap agreement reached maturity in the current year and was not renewed.

Income Tax Expense

For the year ended December 31, 2010, Navilyst's provision for income taxes increased by 31.7% to \$5.4 million, as compared to \$4.1 million for the year ended December 31, 2009. The provision for income taxes differs from the expected tax benefit computed by applying the U.S. federal statutory rate to income before taxes primarily due to the recording of a deferred tax provision for the tax effects of Navilyst's tax deductible indefinite-lived intangible assets and goodwill balances.

Net Income (Loss)

For the year ended December 31, 2010, Navilyst's net loss decreased by 28.7% to \$14.4 million, as compared to \$20.2 million for the year ended December 31, 2009.

Liquidity and Capital Resources as of December 31, 2011, 2010 and 2009

The following table sets forth Navilyst's net cash flows for the years ended December 31, 2011, 2010 and 2009.

	Years Ended December 31		
	2011	2010	2009
	<i>(In Thousands)</i>		
Cash provided by (used in)			
Operating activities	\$ 5,254	\$ 3,275	\$ 1,000
Investing activities	(2,188)	(3,429)	(8,042)
Financing activities	7,108	5,799	(2,338)
Net increase (decrease) in cash and cash equivalents	<u>\$10,174</u>	<u>\$ 5,645</u>	<u>\$(9,380)</u>

Operating Activities

Net cash provided by operating activities increased by 60.6% to \$5.3 million for year ended December 31, 2011, as compared to \$3.3 million for the year ended December 31, 2010. The increase was primarily related to the increase in accrued expenses and other current liabilities due to the timing of payments and the reduction of inventory coming out of the 2010 sales backorder. Offsetting these favorable cash flows were increases in net losses, increases in accounts receivable related to the change in Canadian distributors late in 2011 and the increase in prepaid expenses relating to international regulatory license fees.

Net cash provided by operating activities increased by greater than 100% to \$3.3 million for the year ended December 31, 2010, as compared to \$1.0 million for the year ended December 31, 2009. The increase was primarily related to the increased collections on accounts receivable during the current year. Increases in inventories in the current year were offsetting for cash flows.

Investing Activities

Net cash used in investing activities decreased by 35.3% to \$2.2 million for the year ended December 31, 2011, as compared to \$3.4 million for the year ended December 31, 2010. This decrease in cash flows used was due primarily to Oracle capital expenditures in early 2010 not incurred in 2011.

Net cash used in investing activities decreased by 57.4% to \$3.4 million for the year ended December 31, 2010, as compared to \$8.0 million for the year ended December 31, 2009. The decrease in cash flows used was due primarily to Oracle capital expenditures in 2009 exceeding similar expenditures in 2010.

Financing Activities

Net cash provided by financing activities increased by 22.4% to \$7.1 million for the year ended December 31, 2011, as compared to \$5.8 million for the year ended December 31, 2010. The change was due to \$11.6 million net proceeds from the issuance of redeemable preferred stock in September 2011 as compared to a \$7.4 million issuance in the prior year, offset by a \$3.5 million repayment of the revolving credit facility. During the prior period, there were \$0.7 million of additional debt issuance costs paid in connection with credit facility amendments.

Net cash provided by financing activities increased by greater than 100% to \$5.8 million for the year ended December 31, 2010, as compared to \$2.3 million net cash used in financing activities for year ended December 31, 2009. The change was due to net proceeds of a redeemable preferred stock issuance of \$7.4 million during the year ended December 31, 2010, offset by \$1.5 million debt issuance costs paid in

[Table of Contents](#)

connection with credit facility amendments. Net cash used in financing activities in 2009 included \$5.8 million in net debt principal payments, with no corresponding payments during the year ended December 31, 2010.

Navilyst expects that, based upon its current level of operations and anticipated growth, the cash generated from its operations and amounts available under its credit facility will be adequate to meet Navilyst's anticipated debt service requirements, capital expenditure needs and working capital needs for at least the next twelve months. Navilyst's future operating performance, and Navilyst's ability to service, expand or refinance its credit facility, will be subject to future economic conditions and to financial, business and other factors, many of which are beyond Navilyst's control.

Balance Sheets as of December 31, 2011 and 2010

The following table sets forth Navilyst's balance sheets as of December 31, 2011 and 2010.

Stockholders' equity	149,219	169,689
Total liabilities and stockholders' equity	<u>\$415,718</u>	<u>\$421,122</u>

Analysis of Financial Condition

Current assets increased by 12.5% to \$61.1 million at December 31, 2011, as compared to \$54.3 million at December 31, 2010. This increase primarily was due to an increase in cash position from additional preferred stock investment and an increase in accounts receivable from the transition of Canadian distributors late in 2011, offset by planned reduced inventory levels.

Net property, plant and equipment decreased by 6.7% to \$32.0 million at December 31, 2011, as compared to \$34.3 million at December 31, 2010. This decrease primarily was due to normal depreciation and capital expenditure spending.

Other long-term assets decreased by 8.6% to \$103.5 million at December 31, 2011, as compared to \$113.3 million at December 31, 2010. This decrease primarily was due to normal amortization of definitive-lived intangible assets and debt issuance costs, offset by additional debt issuance costs related to the credit facility amendments in 2011.

Goodwill and indefinite-lived intangible assets have not changed as of December 31, 2011 and 2010.

Current liabilities increased by 4.6% to \$22.8 million at December 31, 2011, as compared to \$21.8 million at December 31, 2010. This increase was primarily due to the increase in mandatory principle prepayments as required under the credit facility and shown as a current portion of long-term debt, offset by a \$3.5 million repayment of the revolving credit facility.

[Table of Contents](#)

Net long-term debt decreased by 2.3% to \$200.7 million at December 31, 2011, as compared to \$205.5 million at December 31, 2010. This reduction was due to the increase in the mandatory principle prepayment as required under the credit facility and shown as a current liability at December 31, 2011 and 2010.

Other long-term liabilities increased by 78.4% to \$43.0 million at December 31, 2011, as compared to \$24.1 million at December 31, 2010. This increase primarily was due to increased deferred income tax liabilities and the redeemable preferred stock investment made in September 2011.

Stockholders' equity decreased by 12.1% to \$149.2 million at December 31, 2011, as compared to \$169.7 million at December 31, 2010. This decrease primarily was due to net losses of Navilyst.

Off-Balance Sheet Obligations

There are no off-balance sheet obligations for Navilyst as of December 31, 2011, 2010 or 2009, except for obligations under operating leases.

Seasonality

Seasonality is not a significant factor for Navilyst.

Inflation

Historically, inflation has not had a material effect on Navilyst's results of operations. Severe increases in inflation, however, could affect the global and U.S. economies, and could have an adverse impact on Navilyst's business, financial condition and results of operations.

Quantitative and Qualitative Disclosures About Market Risk

Commodity Derivative Contracts Risk

Navilyst is a global business that is exposed to commodity price fluctuations in the normal course of business. In particular, Navilyst is exposed to fluctuations in the prices of petroleum-based products, including resin. Navilyst historically has not entered into hedging contracts to manage this exposure, but Navilyst frequently assesses whether or not such a hedging program would be beneficial to Navilyst.

Interest Rate Risk

Navilyst is subject to interest rate risk in connection with its long-term debt. Navilyst's principal interest rate exposure primarily relates to its First Lien Term Loan (as defined below) and its Revolver (as defined below).

Contractual Obligations

The following table sets forth Navilyst's contractual obligations as of December 31, 2011.

	Total	Less than 1 year	1-3 years	4-5 years	More than 5 years
			<i>(In Thousands)</i>		
Long-Term Debt Obligations (1)	\$263,400	\$21,701	\$241,699	\$ —	\$ —

Total	\$315,057	\$22,373	\$243,725	\$48,959	\$ —

[Table of Contents](#)

- (1) Long-Term Debt Obligations includes mandatory principal payments on long-term debt, as well as estimated interest of \$16.9 million for less than 1 year and \$41.0 million for 1-3 years through maturity.
- (2) Mandatorily Redeemable Preferred Stock includes cumulative cash dividends equal to 20% of the redeemable preferred stock accumulated value through the redemption date in March 2016.

Credit Facility

On February 14, 2008, in connection with the closing of the Acquisition, Navilyst Medical Inc., as borrower, and Intermediate Holdings, as guarantor, entered into a First Lien Credit Agreement and a Second Lien Credit Agreement with General Electric Capital Corporation and certain other lenders (collectively, the "Credit Facility"). The Credit Facility consists of (a) under the First Lien Credit Agreement, (i) a seven-year amortizing \$135.0 million term loan with a balloon payment due upon maturity (the "First Lien Term Loan") and (ii) a six-year \$40.0 million revolving credit facility (the "Revolver") and (b) under the Second Lien Credit Agreement, a 7.5-year, \$77.5 million term loan with a balloon payment due upon maturity (the "Second Lien Term Loan"). The Credit Facility may be prepaid without penalty at any time.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (the "FASB") issued ASC Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) — Improving Disclosures about Fair Value Measurements*. Update No. 2010-06 requires additional disclosure for assets and liabilities measured at fair value on a recurring basis. In addition, Update No. 2010-06 requires enhanced disclosures of the valuation techniques and inputs used in the fair value measurements within Level 2 and Level 3 of the fair value hierarchy. Navilyst adopted Update No. 2010-06 as of January 1, 2010.

In July 2010, the FASB issued ASC Update No. 2010-20, *Receivables (Topic 310) — Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*. Update No. 2010-20 requires expanded qualitative and quantitative disclosures about financing receivables, including trade accounts receivable, with respect to credit quality and credit losses, including a rollforward of the allowance for credit losses. Navilyst adopted prospectively Update No. 2010-20 as of January 1, 2011. The adoption did not have a material impact on Navilyst's results of operations or financial position.

In September 2011, the FASB issued ASC Update No. 2011-08, *Intangibles — Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Update No. 2011-08 permits an entity to first assess qualitative factors to determine whether it is "more likely than not" that the fair value of a reporting unit is less than the carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. The "more likely than not" threshold is defined as having a likelihood of more than 50 percent. Navilyst is required to adopt Update No. 2011-08 for annual and interim goodwill impairments tests after December 15, 2011 and does not believe its adoption will have a significant impact on our future results of operation or financial position.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION OF ANGIODYNAMICS

The following unaudited pro forma condensed combined financial statements are derived from and should be read in conjunction with historical consolidated financial statements and related notes of AngioDynamics, which are incorporated by reference, and Navilyst, which are included in this proxy statement.

The unaudited pro forma condensed combined balance sheet as of November 30, 2011, and the unaudited pro forma condensed combined statement of income for the six months ended November 30, 2011 and the year ended May 31, 2011, are presented herein. The unaudited pro forma condensed combined balance sheet combines the unaudited condensed balance sheets of AngioDynamics as of November 30, 2011 and Navilyst as of December 31, 2011 and gives effect to the acquisition as if it had been completed on November 30, 2011. The unaudited pro forma condensed combined statements of income combine the historical results of AngioDynamics for the six months ended November 30, 2011 and the year ended May 31, 2011 and Navilyst for the six months ended December 31, 2011 and for the twelve month period ended June 30, 2011 and gives effect to the acquisition as if it occurred on June 1, 2010.

The unaudited pro forma condensed combined financial statements presented are based on the assumptions and adjustments described in the accompanying notes. The unaudited pro forma condensed combined financial statements are presented for illustrative purposes and do not purport to represent what the financial position or results of operations would actually have been if the acquisition occurred as of the dates indicated or what financial position or results would be for any future periods. The unaudited pro forma condensed combined financial statements are based upon the respective historical consolidated financial statements of AngioDynamics and Navilyst, and should be read in conjunction with (1) the accompanying notes to the unaudited pro forma condensed combined financial statements, (2) the unaudited condensed consolidated financial statements for the six months ended November 30, 2011 and notes thereto of AngioDynamics included in AngioDynamics' Quarterly report on Form 10-Q, (3) the audited consolidated financial statements for the fiscal year ended May 31, 2011 and notes thereto included in AngioDynamics' Annual Report on Form 10-K, and (4) the audited consolidated financial statements and notes thereto for the year ended December 31, 2011 of Navilyst beginning on page F-1 of this proxy statement.

The unaudited pro forma condensed combined financial information was prepared using the acquisition method of accounting with AngioDynamics treated as the acquiring entity. Accordingly, we have adjusted the historical consolidated financial information to give effect to the impact of the consideration issued in connection with the acquisition. In the unaudited pro forma condensed combined balance sheet, AngioDynamics cost to acquire Navilyst has been allocated to the assets acquired and liabilities assumed based upon management's preliminary estimate of their respective fair values as of the date of the acquisition. Any differences between fair value of the consideration issued and the fair value of the assets and liabilities acquired will be recorded as goodwill. The amounts allocated to the acquired assets and liabilities in the unaudited pro forma condensed combined financial statements are based on management's preliminary valuation estimates. Definitive allocations will be performed and finalized based on certain valuations and other studies that will be performed by AngioDynamics with the services of outside valuation specialists after the closing of the acquisition. Accordingly, the purchase price allocation adjustments and related amortization reflected in the following unaudited pro forma condensed combined financial statements are preliminary, have been made solely for the purpose of preparing these statements and are subject to revision based on a final determination of fair value after the closing of the acquisition.

The unaudited pro forma condensed combined statements of income also include certain purchase accounting adjustments, including items expected to have a continuing impact on the combined results, such as increased amortization expense on acquired intangible assets.

[Table of Contents](#)

The unaudited pro forma condensed combined statements of income do not include the impacts of any revenue, cost or other operating synergies that may result from the acquisition or any related restructuring costs. Cost savings, if achieved, could result from material sourcing and elimination of redundant costs including headcount and facilities.

The unaudited pro forma condensed combined financial statements do not reflect certain amounts resulting from the acquisition because we consider them to be of a non-recurring nature. Such amounts will be comprised of charges for the sale of inventories revalued at the date of acquisition as well as restructuring and other exit and non-recurring costs related to the integration of the AngioDynamics and Navilyst businesses. AngioDynamics and Navilyst have just recently begun collecting information in order to formulate detailed integration plans to deliver planned synergies. However, at this time, the status of the integration plans and the related acquisition-related costs are too uncertain to include in the pro forma financial information.

Based on AngioDynamics review of Navilyst's summary of significant accounting policies disclosed in Navilyst's financial statements, the nature and amount of any adjustments to the historical financial statements of Navilyst to conform their accounting policies to those of AngioDynamics are not expected to be significant. Upon consummation of the acquisition, further review of Navilyst's accounting policies and financial statements may result in required revisions to Navilyst's policies and classifications to conform to AngioDynamics.

See the accompanying notes to the unaudited pro forma condensed combined financial statements which are an integral part of these statements. The pro forma adjustments are explained in Note 3 — Pro Forma Adjustments.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

Note 1 — Basis of Presentation

The accompanying unaudited pro forma condensed financial statements were prepared in accordance with Article 11 of SEC regulation S-X. The unaudited pro forma condensed combined balance sheet was prepared using the historical balance sheets of AngioDynamics as of November 30, 2011 and Navilyst as of December 31, 2011. The unaudited pro forma condensed combined statements of income were prepared using the historical statements of income of AngioDynamics for the six months ended November 30, 2011 and for the year ended May 31, 2011 and of Navilyst for the six months ended December 31, 2011 and for the year ended June 30, 2011.

The unaudited pro forma condensed combined financial information was prepared using the acquisition method of accounting with AngioDynamics treated as the acquiring entity. Accordingly, we have adjusted the historical consolidated financial information to give effect to the impact of the consideration issued in connection with the acquisition. In the unaudited pro forma condensed combined balance sheet, AngioDynamics cost to acquire Navilyst has been allocated to the assets acquired and liabilities assumed based upon management's preliminary estimate of their respective fair values as of the date of the acquisition. Any differences between fair value of the consideration issued and the fair value of the assets and liabilities acquired will be recorded as goodwill. The amounts allocated to the acquired assets and liabilities in the unaudited pro forma condensed combined financial statements are based on management's preliminary valuation estimates. Definitive allocations will be performed and finalized based on certain valuations and other studies that will be performed by AngioDynamics with the services of outside valuation specialists after the closing of the acquisition. Accordingly, the purchase price allocation adjustments and related amortization reflected in the following unaudited pro forma condensed combined financial statements are preliminary, have been made solely for the purpose of preparing these statements and are subject to revision based on a final determination of fair value after the closing of the acquisition.

The unaudited pro forma condensed combined statements of income also include certain purchase accounting adjustments, including items expected to have a continuing impact on the combined results, such as increased amortization expense on acquired intangible assets.

The unaudited pro forma condensed combined statements of income do not include the impacts of any revenue, cost or other operating synergies that may result from the acquisition or any related restructuring costs. Cost savings, if achieved, could result from material sourcing and elimination of redundant costs including headcount and facilities.

The unaudited pro forma condensed combined financial statements do not reflect certain amounts resulting from the acquisition because we consider them to be of a non-recurring nature. Such amounts will be comprised of charges for the sale of inventories revalued at the date of acquisition as well as restructuring and other exit and non-recurring costs related to the integration of the AngioDynamics and Navilyst businesses. AngioDynamics and Navilyst have just recently begun collecting information in order to formulate detailed integration plans to deliver planned synergies. However, at this time, the status of the integration plans and the related acquisition-related costs are too uncertain to include in the pro forma financial information.

Certain amounts in Navilyst's historical balance sheet and income statements have been reclassified to conform to AngioDynamics presentation.

Note 2 — Purchase Price

For the purpose of preparing the accompanying unaudited pro forma condensed balance sheet as of November 30, 2011, the preliminary estimate of the purchase price was calculated as follows:

	(In 000's except share and and per share info)
Shares Issued	9,479,607
Multiplied by closing date share price	\$ 12.58(1)
Value of shares	\$ 119,253
Cash	237,546(2)
Cash, working capital adjustment	(164)(3)
Estimated purchase price	<u>\$ 356,635</u>

- (1) Represents the closing price of AngioDynamics Common Stock on March 26, 2012. The stock price to be used for the purchase consideration will be determined on the Closing Date. Therefore, to provide some sensitivity to changes in the overall purchase price, a \$1 change in the stock price upward or downward from \$12.58 per share would result in an approximate \$9.5 million change to the purchase consideration. This upward or downward change in purchase consideration would result in an increase or decrease to goodwill and related deferred taxes.
- (2) AngioDynamics' expects to fund the acquisition with \$150 million of borrowing under a new credit facility and the remaining balance to be paid from AngioDynamics' existing cash, cash equivalents and marketable securities on its balance sheet.
- (3) Represents the estimated working capital adjustment at November 30, 2011. The actual working capital adjustment will be determined at the Closing Date based on the assumed current assets less current liabilities, as defined in the Stock Purchase Agreement. If the working capital at closing exceeds \$30 million, then the overage is paid to the Sellers and, if the working capital is less than \$30 million, the underage is paid to AngioDynamics.

The following is a summary of the preliminary allocation of the above purchase price as reflected in the unaudited pro forma condensed combined balance sheet as of November 30, 2011 (in 000's):

Cash and cash equivalents	\$ 17,070
Accounts receivable	21,138
Inventories	23,132
Prepaid expenses and other current assets	1,461
Property, plant and equipment	31,568
Intangibles	98,500
Other long-term assets	742
Deferred tax, net	44,270
Other liabilities	(14,537)
Estimated fair value of net assets and liabilities to be acquired	223,344
Preliminary allocation to goodwill	133,291
Estimated purchase price	<u>\$ 356,635</u>

See Note 3 for a discussion of the methods used to determine the fair value of Navilyst's identifiable assets.

Note 3 — Pro Forma Adjustments

The following represents an explanation of the various pro forma adjustments to the unaudited condensed pro forma combined balance sheet and income statements:

- A. Reflects the payment of the preliminary estimated purchase price of approximately \$356.6 million, of which approximately \$237.5 million will be paid in cash and the balance through the issuance of 9,479,607 shares of common stock. For the cash portion, AngioDynamics plans to borrow \$150 million under a new credit facility and the remaining balance is to be paid from existing cash, cash equivalents and marketable securities on its balance sheet. The related estimated decrease in interest income earned from utilizing the AngioDynamics cash is reflected in the pro forma statement of income.
- B. To eliminate Navilyst's existing goodwill, intangible assets and amortization of intangible assets.
- C. Represents adjustments to record the preliminary estimated fair value of intangibles of approximately \$98.5 million. The intangibles primarily consist of customer relationships of \$38.8 million, trade names and technologies aggregating \$42.6 million and in process research and development of \$17.1 million. The intangibles will be amortized on a straight-line basis over estimated useful lives generally ranging from 1 to 15 years, subject to completion of the purchase price allocation.
- D. To adjust Navilyst's inventory to estimated fair market value. Fair market value for raw materials was based on replacement cost and for finished goods and work-in-process is based on estimated selling price, less the costs to complete and dispose of the inventory while allowing for a reasonable economic profit allowance on the disposition. The costs of sales impact of the write-up of inventory to fair value has been excluded from the pro forma condensed combined statement of income as it is a non-recurring item as inventory turns on average four times per year.
- E. Reflects estimated adjustments to net deferred taxes arising from the merger. AngioDynamics assumed a U.S. federal statutory rate of 35% when estimating the tax impacts of the merger, including deferred taxes for net operating losses, intangibles and goodwill. This adjustment also reflects the reversal of Navilyst's valuation allowance, which includes amounts for net operating losses and tax credits that AngioDynamics believes will be utilized based on currently available information. However, these losses and credits are subject to complex calculations and limitations and therefore the amounts actually recognized could change and such change could be material. The effective tax rate of the combined company could be significantly different than the rates assumed for purposes of preparing the unaudited pro forma condensed combined financial statements for a variety of factors, including post-merger activities.
- F. Eliminates the historical equity accounts of Navilyst.
- G. To record the issuance of AngioDynamics' stock issued for the acquisition of Navilyst.
- H. For purposes of determining the estimated income tax expense for adjustments reflected in the unaudited pro forma condensed combined statement of income, a U.S. federal statutory rate of 35.0% has been used. The effective tax rate of the combined company could be significantly different than the rates assumed for purposes of preparing the unaudited pro forma condensed combined financial statements for a variety of factors, including post-merger activities.
- I. To eliminate Navilyst debt, mandatory redeemable preferred stock, related accrued interest, deferred financings costs and interest expense.
- J. To record repayment of existing AngioDynamics debt and expected issuance of new term loan facility, related deferred financing costs, amortization of deferred financing costs and estimated increase in interest expense. In connection with the acquisition, AngioDynamics has entered into a commitment letter for a \$150 million fully committed 5-year term loan facility with the lenders. The borrowings under the new credit facility will be used to finance the acquisition. Interest on the term loan will be based on base rate or Eurodollar rate plus an applicable margin which increases as AngioDynamics'

[Table of Contents](#)

total leverage ratio increases. The pro forma interest expense assumes an interest rate of 3.5% based on current prevailing rates. A 0.125% increase or decrease to the interest rates used would increase or decrease pro forma interest expense by \$187,500. The deferred financing costs are amortized over the term of the loan (5 years).

- K. To record AngioDynamics estimated transaction related expenses that have not been paid. These costs are not included in the unaudited pro forma condensed combined statement of income because they are non-recurring. The adjustment does not include severance costs related to the termination of employees on or around the Closing Date or restructuring or other costs that may result from the acquisition.
- L. Represents the adjustment in basis of Navilyst's property, plant and equipment from its recorded net book value to its preliminary estimated fair value. We expect to depreciate the estimated fair value of the property, plant and equipment, of approximately \$31.6 million on a straight-line basis over estimated useful lives that will generally range from 1 to 33 years, subject to the completion of the purchase price allocation.
- M. Goodwill represents the excess of the purchase price over the fair value of the underlying net tangible and identifiable intangible assets.
- N. The actual working capital adjustment will be determined at the Closing Date based on the assumed current assets (excluding cash and cash equivalents) less current liabilities (excluding debt and related accrued interest), as defined in the Stock Purchase Agreement. If the working capital at closing exceeds \$30 million, the overage is paid to the Sellers and, if the working capital is less than \$30 million, the underage is paid to AngioDynamics. The working capital adjustment is estimated as follows (in 000's):

Current assets acquired	\$ 43,991
Current liabilities assumed	(14,155)
Working capital acquired	29,836
Required working capital	30,000
Additional amount due AngioDynamics	<u>\$ (164)</u>

Report of Independent Auditors

The Board of Directors
NM Holding Company, Inc.

We have audited the accompanying consolidated balance sheets of NM Holding Company, Inc. and Subsidiaries (the Company), as of December 31, 2011 and 2010, and the related consolidated statements of operations, changes in stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2011. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of NM Holding Company, Inc. and Subsidiaries at December 31, 2011 and 2010, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2011 in conformity with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

December 31, 2011

1. Description of Business

NM Holding Company, Inc. (New Holdings) commenced operations on November 1, 2010. New Holdings' only activities relate to the ownership of capital stock in its wholly owned subsidiary, Navilyst Medical Holdings, Inc. (Holdings) and activities related thereto. Holdings commenced operations on February 14, 2008, upon the acquisition of Boston Scientific Corporation's (BSC) Fluid Management and Venous Access operations by its wholly owned subsidiary Navilyst Medical, Inc. (the Acquisition). Holdings' only activities relate to its ownership of capital stock in Navilyst Medical, Inc. and activities related thereto. New Holdings and Holdings were both formed at the direction of, and are controlled by, Avista Capital Partners.

New Holdings, Holdings and Navilyst Medical, Inc. are collectively referred to as the Company.

The Company has two main businesses. The Fluid Management operation designs, manufactures and markets single-use medical products for use primarily in the manual management of fluid delivery associated with catheterization procedures, invasive monitoring, and blood and fluid waste control. The Company's Venous Access products are used by clinicians to treat critically ill patients through the delivery of chemotherapy drugs, antibiotics and nutritional support and consist of devices that provide access to the venous system and allow for delivery of medication or fluids. The Company is headquartered in Marlborough, MA and has its manufacturing and distribution facilities in Glens Falls, NY.

2. Summary of Significant Accounting Policies

Basis of Presentation

On November 1, 2010, Holdings' primary stockholder (Avista Capital Partners) and management stockholders (collectively, the Holdings equity holders) entered into separate Contribution and Security Exchange Agreements (the Exchange Agreements) with New Holdings. Pursuant to the Exchange Agreements, the Holdings equity holders exchanged their equity interests in Holdings (common stock or options, as applicable) for similar equity interests in New Holdings (the Exchange) and Holdings became a wholly owned subsidiary of New Holdings. At the time of the Exchange, New Holdings and Holdings were under common control and, accordingly, New Holdings accounted for the Exchange at historical cost. For all periods prior to the Exchange, Holdings has been identified as the predecessor entity due to the fact that New Holdings did not exist prior to the Exchange. Accordingly, the financial statements for all periods prior to November 1, 2010 reflect the activities of Holdings, and the financial statements for all periods after November 1, 2010 reflect the consolidated activities of both Holdings and New Holdings.

All intercompany accounts and transactions between New Holdings, Holdings and Navilyst Medical, Inc. have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make assumptions and estimates that affect the reported amounts and disclosures of assets and liabilities, derivative financial instruments and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts and disclosures of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Revenue is primarily derived from the sale of single-use medical devices. Revenue is considered to be realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of a sales arrangement exists; (ii) delivery has occurred or services have been rendered; (iii) the price is fixed or determinable; and (iv) collectability is reasonably assured. These criteria are generally met at the time of shipment when the risk of loss and title passes to the customer or distributor.

Since inception, the majority of the Company's sales originate from the Company's Glens Falls, NY facility. Pursuant to the terms of certain transition agreements with BSC, certain international sales of the Company's products were facilitated by BSC's Tullamore, Ireland (BSC Tullamore) and Quincy, MA (BSC Quincy) facilities. Under these agreements, the Company sold component parts to BSC Tullamore for use in assembling certain of the Company's products and for use in BSC Tullamore products. For the year ended December 31, 2009, the Company recognized revenues of approximately \$8.5 million related to sales of component parts to BSC Tullamore. BSC Tullamore assembled finished medical goods for the Company using parts acquired from the Company as well as other parts that were either purchased or manufactured by BSC Tullamore. The Company purchased these finished medical goods directly from BSC Tullamore in order to fulfill certain international customer orders.

However, the transition agreements with BSC did not require the Company to purchase any of the finished medical goods assembled by BSC Tullamore. During 2009, the Company discontinued this arrangement and transferred the assembly activity previously performed by BSC Tullamore to the Company's Glens Falls, NY facility. As of December 31, 2009, BSC Tullamore no longer assembles finished medical goods for the Company. However, the Company continues to supply component parts to BSC for use in BSC products.

Management had determined that the Company maintained general inventory risk related to sales of finished medical goods purchased from BSC Tullamore. As a result, purchases of finished medical goods from BSC Tullamore and the subsequent sale of those goods were recorded at gross in the accompanying consolidated statement of operations. Purchases of finished medical goods from BSC Tullamore were approximately \$1.8 million for the year ended December 31, 2009. Revenues from the sales of those goods were approximately \$3.5 million for the year ended December 31, 2009. As of December 31, 2009, the Company no longer purchases finished medical goods from BSC Tullamore.

The Company offers sales discounts to certain customers and these sales discounts are recorded as a reduction of revenue. In addition, the Company has entered into certain agreements with group purchasing organizations to sell products to participating hospitals at prenegotiated prices. The terms of the Company's agreements with group purchasing organizations generally do not provide for rebates or other incentives.

Fair Value of Financial Instruments

The amounts reported in the consolidated balance sheets for accounts receivable and accounts payable approximate fair value due to the short-term nature of these assets. The Company had an interest rate swap agreement that was reported at fair value (Note 9) as of December 31, 2009. The interest rate swap agreement matured during the year ended December 31, 2010. The estimated fair value of the Company's long-term debt approximated its carrying value at December 31, 2010 and 2009.

NM Holding Company, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less at the date of purchase to be cash equivalents.

Allowance for Doubtful Accounts

The Company provides reserves against trade receivables for estimated losses that may result from a customer's inability to pay. The amount is determined by analyzing known uncollectible accounts, aged receivables, economic conditions or industry trends, historical losses and customer creditworthiness. Amounts determined to be uncollectible are charged or written off against the reserve in the period such determination is made.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk are principally cash and accounts receivable. The Company's policy is to place its cash in overnight investments of commercial paper in highly rated financial institutions. The Company provides credit, in the normal course of business, without requiring collateral to hospitals, health care agencies, clinics, doctors' offices, and other private and governmental institutions. The Company performs ongoing credit evaluations of customers and maintains allowances for potential credit losses. The Company's customer base is geographically diversified across both the U.S. and international markets. As of December 31, 2011, trade accounts receivable due from BSC represented approximately 5% of the Company's total outstanding trade accounts receivable balance. The Company is not aware of any specific matters that would affect the collectability of receivables from BSC.

Inventories

The Company states inventories at the lower of cost, using the first-in, first-out method, or market. The Company bases its provisions for excess, obsolete or expired inventory primarily on estimates of forecasted net sales levels and historical trends. A significant change in the timing or level of demand for products as compared to forecasted amounts may result in recording additional provisions for excess or expired inventory in the future. The industry in which the Company participates is characterized by rapid product development and frequent new product introductions. Uncertain timing of next-generation product approvals, variability in product launch strategies, product recalls and variation in product utilization all impact the estimates related to excess and obsolete inventory.

Property and Equipment

Property and equipment additions are stated at cost. Property and equipment balances are depreciated over the estimated remaining useful lives of the assets using the straight-line method. Maintenance and repairs are charged to operations as incurred. When assets are sold, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is included in other income and expense in the consolidated statement of operations.

The Company reviews its property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. The amount of impairment, if any, is measured based on fair value, which is determined by either a quoted market price or by a discounted cash flow technique, whichever is more appropriate under the circumstances. No such impairments were recognized during the years ended December 31, 2011, 2010 and 2009.

NM Holding Company, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Intangible Assets

Definite-lived intangible assets related to trademarks and supply/sales agreements are amortized over their estimated useful lives using the straight-line method. Definite-lived intangible assets related to customer relationships and patents are amortized using an accelerated method that reflects the pattern in which the economic benefits of the asset are consumed.

The Company reviews definite-lived intangible assets for impairment whenever it is determined that adverse conditions exist or a change in circumstances has occurred that may indicate impairment or a change in the remaining useful life. If an impairment indicator exists, the intangible asset is tested for recoverability. If the carrying value of the intangible asset exceeds the undiscounted cash flows expected to result from the use and eventual disposition of the intangible asset, the carrying value of the intangible asset is written-down to estimated fair value in the period identified. No such impairments were recognized during the years ended December 31, 2011, 2010 and 2009.

Indefinite-lived intangible assets are reviewed at least annually for impairment and to reassess their classification as indefinite-lived assets. The Company performs the annual impairment test during the fourth quarter. To test for impairment, the estimated fair value of the indefinite-lived intangible asset is compared to the carrying value. If the carrying value exceeds the estimated fair value, the carrying value is written down to the estimated fair value.

Fair value of intangible assets is generally calculated as the present value of estimated future cash flows expected to be generated from the asset using a risk-adjusted discount rate. In determining estimated future cash flows associated with intangible assets, the Company uses estimates and assumptions about future revenue contributions, cost structures and remaining useful lives of the asset. The use of alternative assumptions, including estimated cash flows, discount rates and alternative estimated remaining useful lives could result in different estimates of fair value. As described in Note 5, the Company recorded an impairment related to an indefinite-lived intangible asset during the year ended December 31, 2009. The Company has determined that no impairment exists at December 31, 2011.

Goodwill

The Company believes the factors contributing to goodwill include (but are not limited to) the manufacturing capacity and efficiency of the Company's facilities, securing long-term rights to certain technology and brand names, and access to the long-term customer relationships of the Company's products.

The Company accounts for goodwill in accordance with Accounting Standards Codification (ASC) Topic 350, *Intangibles — Goodwill and Other*. Goodwill is not amortized but is instead tested at least annually for impairment, or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed annually during the fourth quarter at the reporting unit level. The Company evaluates goodwill for impairment at the entity level as management has determined that the Company's operations comprise a single reporting unit. Goodwill is considered to be impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit's fair value. The Company has determined no goodwill impairment exists at December 31, 2011.

The Company's goodwill is deductible for tax purposes.

Debt Issuance Costs

Costs associated with the Company's credit facilities are capitalized and amortized over the term of the related credit facility.

NM Holding Company, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Company accounts for income taxes under the provisions of ASC Topic 740, *Income Taxes*, which requires recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between the financial statement and tax basis of the assets and liabilities using enacted tax rates in effect for the year in which the difference is expected to reverse.

Derivative Financial Instruments

During 2010 and 2009, the Company used derivative financial instruments to manage its exposure to fluctuations in interest rates by entering into interest rate swap agreements. All derivatives, whether designated as a hedge or not, are required to be recorded on the balance sheet at fair value. The Company's derivative instruments are not designated as hedges; accordingly, changes in the fair value of the derivative instruments are recognized in the accompanying consolidated statements of operations as gains or losses from risk management activities.

Share-Based Compensation

The Company accounts for share-based compensation in accordance with ASC Topic 718, *Compensation — Stock Compensation*, which generally requires all share-based payments to employees to be recognized in the financial statements based on their grant-date fair value.

Research and Development

The Company expenses research and development costs, including new product development programs, regulatory compliance and clinical research, as incurred.

Shipping and Handling Costs

Shipping and handling costs not billed directly to customers of approximately \$3.1 million, \$3.7 million and \$3.4 million for the years ended December 31, 2011, 2010 and 2009, respectively, are included in sales and marketing expense in the accompanying consolidated statements of operations.

Advertising Costs

All advertising costs are expensed as incurred. Advertising expenses of approximately \$0.6 million, \$0.5 million and \$1.1 million for the years ended December 31, 2011, 2010 and 2009 respectively, are included in sales and marketing expense in the accompanying consolidated statements of operations.

Costs Associated with Employee Termination Benefits

The Company accounts for employee termination benefits that represent a one-time benefit in accordance with ASC Topic 420, *Exit or Disposal Cost Obligations*. The Company recognizes expense related to employee termination benefits over the employee's future service period, if any.

Restructuring and Other Costs

Restructuring and other costs include (i) certain restructuring costs, including those associated with transitioning the Company to a stand-alone entity, (ii) expenses incurred related to transition agreements with BSC and (iii) management fees paid to New Holdings' primary shareholder (see Note 15). Amounts classified as

restructuring and other costs in the accompanying statement of operations for the year ended December 31, 2011, include approximately \$1.6 million in incremental costs to resolve a sales backorder issue created by the implementation of a new information system, approximately \$1.0 million in restructuring costs for employee termination benefits, and approximately \$3.0 million in other costs, which includes fees related to amendments to the Company's credit agreements (Note 8) and new product registration costs. Amounts classified as restructuring and other costs in the accompanying statement of operations for the year ended December 31, 2010, include approximately \$5.1 million in incremental costs to resolve a sales backorder issue created by the implementation of a new information system, approximately \$4.0 million in restructuring costs for employee termination benefits and approximately \$1.5 million in other costs. Amounts classified as restructuring and other costs for the year ended December 31, 2009, were primarily business transition costs of approximately \$0.4 million related to transition agreements with BSC, approximately \$1.0 million in transitional personnel costs and approximately \$3.2 million in other costs.

Recent Accounting Pronouncements

In October 2009, the Financial Accounting Standards Board (FASB) issued ASC Update No. 2009-13, *Revenue Recognition (Topic 605) — Multiple-Deliverable Revenue Arrangements*. Update No. 2009-13 provides principles and application guidance to determine whether multiple deliverables exist, how the individual deliverables should be separated and how to allocate the revenue in the arrangement among those separate deliverables. The Company adopted prospectively Update No. 2009-13 as of January 1, 2011. The adoption did not have a material impact on our results of operations or financial position for the year ended December 31, 2011 and is not expected to have a material impact in subsequent periods.

In January 2010, the FASB issued ASC Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) — Improving Disclosures about Fair Value Measurements*. Update No. 2010-06 requires additional disclosure for assets and liabilities measured at fair value on a recurring basis. In addition, Update No. 2010-06 requires enhanced disclosures of the valuation techniques and inputs used in the fair value measurements within Level 2 and Level 3 of the fair value hierarchy. The Company adopted Update No. 2010-06 as of January 1, 2010. Refer to Note 16 for disclosures related to the Company's fair value measurements.

In July 2010, the FASB issued ASC Update No. 2010-20, *Receivables (Topic 310) — Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*. Update No. 2010-20 requires expanded qualitative and quantitative disclosures about financing receivables, including trade accounts receivable, with respect to credit quality and credit losses, including a rollforward of the allowance for credit losses. The Company adopted prospectively Update No. 2010-20 as of January 1, 2011. The adoption did not have a material impact on the Company's results of operations or financial position for year ended December 31, 2011 and is not expected to have a material impact in subsequent periods.

In September 2011, the FASB issued ASC Update No. 2011-08, *Intangibles — Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Update No. 2011-08 permits an entity to first assess qualitative factors to determine whether it is "more likely than not" that the fair value of a reporting unit is less than the carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. The "more likely than not" threshold is defined as having a likelihood of more than 50 percent. The company is required to adopt Update No. 2011-08 for annual and interim goodwill impairments tests after December 15, 2011 and does not believe its adoption will have a significant impact on our future results of operation or financial position.

Amortization expense related to definite-lived intangible assets for the years ended December 31, 2011, 2010 and 2009 was approximately \$9.2 million, \$9.2 million and \$8.7 million, respectively. Future amortization expense related to intangible assets is expected to be approximately \$9.0 million for 2012, approximately \$8.9 million for 2013, approximately \$8.7 million for 2014, approximately \$7.0 million for 2015 and approximately \$6.6 million for 2016.

The carrying amount of goodwill was \$206.4 million at December 31, 2011 and 2010.

The Company has an indefinite-lived intangible asset related to a Fluid Management trademark. The impairment was the result of a reduction in anticipated future revenue contributions related to the trademark. The carrying amount of the Fluid Management trademark was \$12.7 million at both December 31, 2011 and 2010.

8. Debt (continued)

The Company's First Lien Credit Agreement consists of (i) a seven-year amortizing \$135.0 million term loan with a balloon payment due upon maturity (the First Lien Term Loan) and (ii) a six-year \$40.0 million revolving credit facility (the Revolver). The Company's Second Lien Credit Agreement consists of a 7.5 year, \$77.5 million term loan with a balloon payment due upon maturity (the Second Lien Term Loan). The First Lien and Second Lien Credit Agreements are collectively referred to as the Credit Agreements. On February 9, 2010, the Company entered into an amendment to the Credit Agreements that increased the interest rates on borrowings outstanding under the First and Second Lien Credit Agreements. In recognition of these amendments to the interest rates, the Company was granted certain adjustments to the financial covenants included in the Credit Agreements.

On November 1, 2010, March 16, 2011 and September 30, 2011, the Company entered into an amendment to the Credit Agreements where the Company was granted certain adjustments to the financial covenants included in the Credit Agreements in exchange for a fee paid to the lenders. Fees paid were capitalized and will be amortized over the remaining term of the Credit Agreements.

The First Lien Term Loan requires quarterly principal repayments in the amount of \$337,500 starting in June 2008 through December 2014 with the remaining principal due at maturity in February 2015. The First Lien Term Loan may be prepaid without penalty at any time in increments of \$500,000 and is subject to mandatory annual prepayments based on 50% (or a lesser percentage upon achievement of certain financial ratios) of excess cash flow as defined in the First Lien Credit Agreement. Required quarterly and mandatory annual prepayments of \$5.5 million and optional prepayments of \$0.1 million have been made through December 31, 2011. Mandatory annual prepayments have been applied to satisfy required quarterly principal repayments through March 2013. As a result, the next required quarterly principal repayment is not due until June 2013. At December 31, 2011, a mandatory annual prepayment of approximately \$4.8 million due in 2012 is classified as a current liability in the accompanying balance sheets. The First Lien Term Loan bears interest (as amended) at the elected (i) base rate as defined in the First Lien Credit Agreement plus 4.00%, or (ii) London Interbank Offered Rate (LIBOR) plus 5.00%. The borrowing rate at December 31, 2011 was approximately 5.43%.

The Second Lien Term Loan is due to be repaid in August 2015. The Second Lien Term Loan may be prepaid at any time so long as payment in full of the First Lien Term Loan has occurred. A prepayment penalty of 2.0% is assessed if prepayment is within one year of the Acquisition. A 1.0% premium is assessed if prepayment is between the first and second anniversary of the Acquisition. The Second Lien Term Loan bears interest (as amended) at an annual fixed rate of 13.00%. Interest payments are due quarterly in arrears on the last day of each calendar quarter.

Amounts borrowed under the Revolver are due in February 2014. The Revolver has a commitment fee on undrawn balances of 0.50%, payable in arrears on the last day of each calendar quarter. The Revolver bears interest (as amended) at the elected (i) base rate as defined in the First Lien Credit Agreement plus 4.00%, or (ii) LIBOR plus 5.00%. Under the Revolver, the Company may request Letters of Credit at any time and from time to time prior to February 2014 up to an aggregate amount of \$10.0 million. As of December 31, 2011, the Company did not have any outstanding borrowings under the Revolver and there were no outstanding letters of credit. Amounts drawn under the Revolver are classified as current liabilities in the accompanying consolidated balance sheets as of December 31, 2010, as amounts drawn may require the use of current assets to repay the balance during the next 12 months.

Borrowings under the First Lien Term Loan, the Revolver and the Second Lien Term Loan are secured by substantially all of the assets of Holdings and its wholly owned subsidiary, Navilyst Medical, Inc.

Notes to Consolidated Financial Statements (continued)

8. Debt (continued)

Interest expense under the Credit Agreements for the years ended December 31, 2011, 2010 and 2009 was approximately \$17.2 million, \$17.8 million and \$17.5 million, respectively, which includes approximately \$0.1 million, \$0.2 million and \$0.4 million of capitalized interest, respectively. Interest expense reported in the accompanying consolidated statements of operations includes approximately \$2.0 million, \$1.8 million and \$1.6 million of amortization expense related to debt issuance costs for the years ended December 31, 2011, 2010 and 2009, respectively.

The Credit Agreements contain financial covenants that require the Company to maintain (i) a maximum consolidated total debt (net of the lesser of unrestricted cash or \$10.0 million) to consolidated adjusted EBITDA (earnings before interest, taxes, depreciation and amortization subject to adjustment for certain noncash and other charges) ratio measured each calendar quarter, (ii) a minimum consolidated adjusted EBITDA to consolidated cash interest expense ratio measured each calendar quarter, and (iii) a maximum annual capital expenditure limit. Other restrictive covenants contained in the Credit Agreements include certain restrictions on (i) additional indebtedness, (ii) creation of liens, (iii) fundamental organizational changes, (iv) the sale of assets, (v) additional investments, (vi) payment of dividends or any other distributions and (vii) affiliate transactions. The Credit Agreements also contain conditions precedent to borrowing, events of default (including change of control) and covenants customary for facilities of this nature. The Company was in compliance with these covenants at December 31, 2011 and 2010.

Future debt maturities are as follows (in thousands):

2012	\$ 4,801
2013	—
2014	—
2015	200,699
	<u>\$205,500</u>

9. Derivative Instruments

The Company's First Lien Term Loan and the Revolver bear interest at a variable rate (Note 8) and expose the Company to adverse changes in interest rates. The Company previously entered into an interest rate swap agreement with a financial institution that effectively converted the variable interest rate to a fixed rate on \$50.0 million of the outstanding First Lien Term Loan.

This interest rate swap reached maturity during the year ended December 31, 2010, and was not renewed.

10. Mandatorily Redeemable Preferred Stock

In connection with the Exchange (Note 2) on November 1, 2010 and separately on September 30, 2011, New Holdings issued 8,000 and 12,000 shares, respectively, of Series A Redeemable Preferred Stock (the Redeemable Preferred Stock) at a price per share of \$1,000 to Avista Capital Partners and certain other investors for gross proceeds of \$8.0 million and \$12.0 million, respectively. Holders of the Redeemable Preferred Stock are entitled to annual cumulative cash dividends equal to 20% of the Redeemable Preferred Stock accumulated value, payable either when declared by the Board of Directors or upon the redemption of the Redeemable Preferred Stock. The accumulated value represents the sum of the original purchase price of the Redeemable Preferred Stock plus, on each anniversary of the original date of issue, any accumulated and unpaid dividends. Dividends on the Redeemable Preferred Stock are in preference to any declaration or payment of any dividend to the holders of common stock.

NM Holding Company, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (continued)

10. Mandatorily Redeemable Preferred Stock (continued)

The Redeemable Preferred Stock is not convertible and the Company is required to redeem all outstanding shares of the Redeemable Preferred Stock at the accumulated value, plus any accrued and unpaid dividends that have not been previously added to the accumulated value, on March 31, 2016. In the event the Company completes a refinancing of all or a portion of the Company's capital structure, as defined, the Board of Directors has the right to designate a date prior to March 31, 2016, for the redemption of the Redeemable Preferred Stock. If the Company is unable to fully fund any mandatory redemption of the Redeemable Preferred Stock, the Company must use any funds legally available to redeem the maximum possible number of shares of Redeemable Preferred Stock being redeemed on a pro-rata basis among the holders of the Redeemable Preferred Stock. At any time thereafter when additional funds become legally available, the Company will redeem any remaining shares of the Redeemable Preferred Stock. Any shares of the Redeemable Preferred Stock that remain outstanding subsequent to a mandatory redemption date will continue to accumulate dividends until the shares have been redeemed.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, after payment or provision for payment of all debts and liabilities of the Company, the holders of the Redeemable Preferred Stock will be entitled, before any payment to the holders of common stock, to an amount in cash per share of the Redeemable Preferred Stock equal to the sum of the accumulated value plus all accumulated and unpaid dividends that have not previously been added to the accumulated value. If the remaining assets of the Company are insufficient to pay the holders of the Redeemable Preferred Stock the full amount to which they are entitled, the remaining assets of the Company will be distributed to the holders of Redeemable Preferred Stock on a pro-rata basis.

Holders of Redeemable Preferred Stock are not entitled to vote on any matters. As long as the Redeemable Preferred Stock is outstanding, the Company may not, without the consent of the holders of a majority of the shares of the Redeemable Preferred Stock, perform certain activities. Such activities include amending New Holdings' articles of incorporation in a manner that adversely affects the holders of the Redeemable Preferred Stock, increasing or decreasing the number of authorized shares of Redeemable Preferred Stock, issuing shares of capital stock having rights, preferences or privileges senior to or on par with the Redeemable Preferred Stock, or liquidating, dissolving or winding-up the affairs of the Company.

The Redeemable Preferred Stock is considered a mandatorily redeemable instrument and, accordingly, is classified as a liability in the consolidated balance sheet pursuant to the provisions of ASC 480, *Distinguishing Liabilities from Equity*.

In connection with the issuance of the Redeemable Preferred Stock, the Company paid approximately \$0.7 million in cumulative funding and commitment fees and \$0.2 million in cumulative professional fees. These amounts have been recorded as a reduction to the carrying amount of the Redeemable Preferred Stock in the consolidated balance sheet and are being amortized to interest expense through March 31, 2016.

The Company accrues dividends on the Redeemable Preferred Stock regardless of whether such dividends have been declared by the Board of Directors. Accumulated and unpaid dividends of approximately \$2.5 million and \$0.2 million at December 31, 2011 and 2010, respectively, are included as a component of the Redeemable Preferred Stock balance in the consolidated balance sheets and are considered as a component of interest expense in the consolidated statements of operations.

11. Stockholders' Equity

As previously described (Note 2), on November 1, 2010, the Holdings equity holders exchanged their equity interests in Holdings (common stock or options, as applicable) for similar equity interests in New Holdings. For

periods prior to November 1, 2010, the common stock amounts reflected in the consolidated financial statements represent those of Holdings as the predecessor entity.

The common stock held by management stockholders before and after the Exchange is subject to the terms of certain agreements between management and either Holdings or New Holdings, as applicable (the Shareholder Agreements), which, among other things, place restrictions on the transfer of shares.

Pursuant to the Shareholder Agreements, the applicable employees could elect to have the Company redeem their common stock (including any common stock subsequently obtained via option exercise) at fair market value in the event of death or permanent disability. As of December 31, 2011 and 2010, 61,750 and 63,000 outstanding common shares, respectively, were subject to these terms. The Company also has the ability to repurchase common stock from the applicable employees at fair market value, except in the event of termination for cause or voluntary termination without good reason in which case the repurchase right is at the lower of cost or fair market value. The repurchase rights expire upon the occurrence of an initial public offering, except for those repurchase rights related to termination for cause or voluntary termination without good reason which expire two years following the date of an initial public offering.

Other Comprehensive Income

The Company does not have any elements of other comprehensive income for the years ended December 31, 2011, 2010 and 2009.

12. Employee Benefits

401(k) Savings Plan

The Company has adopted a defined contribution plan which complies with Section 401(k) of the Internal Revenue Code. Substantially all employees are eligible to participate in the plan. In accordance with the plan as amended effective January 1, 2010, the Company matches up to a limit of 3% on each participant's voluntary contributions subject to a limit of the first 6% of the participant's compensation. During the year ended December 31, 2009, the Company matched up to a limit of 6% on each participant's voluntary contributions subject to a limit of the first 4% of the participant's compensation.

During the years ended December 31, 2011, 2010 and 2009, the Company recorded approximately \$0.8 million, \$0.7 million and \$1.7 million, respectively, of expense related to the 401(k) plan.

Stock-Based Compensation

As previously described (Note 2), on November 1, 2010, the Holdings equity holders exchanged their equity interests in Holdings (common stock or options, as applicable) for similar equity interests in New Holdings. The terms of the New Holdings stock options received in the Exchange are identical to the terms of the original stock option awards. For periods prior to November 1, 2010, the stock option amounts reflected in the consolidated financial statements represent those of Holdings as the predecessor entity.

During 2008, Holdings established the 2008 Equity Incentive Plan (the 2008 Stock Option Plan), pursuant to which 1,153,750 shares of Holdings' common stock were reserved for issuance. The 2008 Stock Option Plan was terminated in connection with the Exchange and replaced with the New Holdings 2010 Equity Incentive Plan (the 2010 Equity Incentive Plan), pursuant to which 1,153,750 shares of New Holdings' common stock were reserved

for issuance. Participation in the 2008 Stock Option Plan and the 2010 Equity Incentive Plan is limited to certain key employees and directors of, or consultants or advisors to, the Company or its affiliates. No options have been granted to consultants or advisors.

The fair value of the Company's stock options is estimated on the date of grant using the Black-Scholes option pricing model. The following table summarizes the assumptions used for estimating the fair value of stock options granted during the years ending December 31, 2011, 2010 and 2009:

Risk-free interest rate	2.47% to 4.03%
Average expected remaining life	4.00 to 9.50 years
Expected volatility	43.6%

The risk-free interest rate is determined based on the yields of U.S. Treasury securities for a period approximating the average expected remaining life. The average expected remaining life is based on management's consideration of the applicable terms of the option awards, including vesting provisions, contractual term and provisions contained within the shareholders agreements. The expected volatility has been estimated based on the volatilities observed for an index of similar public companies. The Company has no plans to pay dividends and has therefore considered an expected yield of 0%.

As of December 31, 2011 and 2010, the Company had granted to employees 695,000 and 754,000 options, respectively, under the 2010 Equity Incentive Plan and had 458,750 and 399,750 shares, respectively, available for future grants to employees. Stock options were granted at exercise prices not less than the fair market value of the Company's common stock at the date of grant.

For those options outstanding at December 31, 2011, under the 2010 Equity Incentive Plan, 350,000 are subject to time vesting (the Time Options) and 345,000 are subject to performance vesting (the Performance Options). The Time Options generally vest 20% on February 14, 2009, or on the first anniversary of the grantee's commencement of employment if such employment started after February 14, 2008. The remaining Time Options vest equally on each subsequent February 14 or annual anniversary of the grantee's commencement of employment, whichever is applicable. The Performance Options are subject to performance vesting based on the achievement of certain EBITDA targets. In the event that such EBITDA targets are not met, the Performance Options cliff vest on February 14, 2017. Options are subject to acceleration of vesting on a change of control as to (i) 100% of previously unvested Time Options and (ii) certain unvested Performance Options to the extent New Holding's primary shareholder yields a specified return on investment. Options expire ten years from the date of grant.

Common stock obtained via option exercise is subject to the redemption and repurchase provisions contained in the Shareholder Agreements described in Note 11. The lower of cost or market repurchase right is considered by management to be a forfeiture provision.

The Company accounts for stock options pursuant to ASC Topic 718, which requires that the cost of equity-based service awards be measured based on the grant-date fair value of the award and recognized in the Company's financial statements. Cost is generally recognized over the period during which an employee is required to provide service in exchange for the award or the requisite service period. As a result of the repurchase right contained in the Shareholder Agreements which serves as a forfeiture provision, the Company did not recognize any compensation expense related to stock options outstanding during the years ended December 31, 2011, 2010 and 2009. The Company will begin recognizing compensation expense on outstanding stock options upon determination that the lower of cost or market repurchase right is probable of expiration.

13. Income Taxes

The provision for income taxes consists of the following:

	<i>(In Thousands)</i>		
Federal	\$4,679	\$4,679	\$4,128

The deferred tax provision relates to the tax effects of the Company's tax-deductible indefinite-lived intangible asset and goodwill balances that cannot be offset against the Company's deferred tax assets. The indefinite-lived intangible asset and goodwill balances are not amortized for financial reporting purposes. However, these assets are amortized over 15 years for tax purposes. As such, deferred income tax expense and a related deferred tax liability arise as a result of the tax-deductibility of these assets. The resulting deferred tax liability, which is expected to continue to increase over time, will have an indefinite life and will remain on the Company's balance sheet unless there is an impairment of the related assets for financial reporting purposes or the business to which those assets relate is disposed of. Since this deferred tax liability could have an indefinite life, it is not offset against the Company's deferred tax assets when determining any required valuation allowance.

For the years ended December 31, 2011, 2010 and 2009, the provision for income taxes differs from the expected tax provision computed by applying the U.S. federal statutory rate to income before taxes as a result of the following:

	2011	December 31 2010	2009
	<i>(In Thousands)</i>		
Tax benefit at U.S. federal statutory rate	\$ (5,125)	\$(3,048)	\$ (5,463)

At December 31, 2011, the Company had net operating loss carryforwards of approximately \$97.1 million and \$55.1 million available to reduce federal and state taxable income, respectively. These operating loss carryforwards will expire at various dates during the years 2028-2031 for federal tax purposes and various dates

during the years 2013-2031 for state tax purposes. The Company also had research tax credit carryforwards of approximately \$1.7 million and \$1.5 million at December 31, 2011, available to reduce federal and state income taxes, respectively, which will expire at various dates during the years 2023-2031. Net operating loss and tax credit carryforwards are subject to review and possible adjustment by the Internal Revenue Service and may become subject to an annual limitation in the event of certain cumulative changes in the ownership interest of significant shareholders over a three-year period in excess of 50% as defined under Sections 382 and 383 in the Internal Revenue Code. This could limit the amount of tax attributes that can be utilized annually to offset future taxable income or tax liabilities. The amount of the annual limitation is determined based on the Company's value immediately prior to the ownership change. Subsequent ownership changes may further affect the limitation in future years. The Company has not completed a full Section 382 limitation study as of December 31, 2011.

The significant components of the Company's deferred tax assets and liabilities are as follows:

	2011	December 31 2010
	<i>(In Thousands)</i>	
Deferred tax assets:		
Net operating loss carryforwards	\$ 34,640	\$ 24,536

The Company has recorded a valuation allowance against its deferred tax assets for the years ended December 31, 2011 and 2010, because the Company's management believes that it is more likely than not that these assets will not be realized. The valuation allowance increased by approximately \$10.3 million during the year ended December 31, 2011, primarily due to an increase in net operating loss carryforwards.

Effective January 1, 2009, the Company adopted new accounting standards related to accounting for uncertainty in income taxes. The Company's reserves related to income taxes are based on a determination of whether a tax benefit taken by the Company in its tax filings or positions is more likely than not to be realized following resolution of any potential contingencies present related to the tax benefit. As a result of the implementation of the new guidance, the Company recognized no material adjustment for unrecognized income tax benefits. At the adoption date of January 1, 2009, and also at December 31, 2011 and 2010, the Company had no unrecognized tax benefits.

13. Income Taxes (continued)

The Company will recognize interest and penalties related to uncertain tax positions in income tax expense. As of December 31, 2011 and 2010, the Company had no accrued interest or penalties related to uncertain tax positions, and no amounts have been recognized in the Company's consolidated statements of operations for the three-year period ended December 31, 2011.

The statute of limitations for assessment by the Internal Revenue Service and state tax authorities is open for tax years ending December 31, 2010, 2009 and 2008. There are currently no federal or state audits in progress.

The Company has not, as yet, conducted a study of its research and development credit carryforwards. This study may result in an adjustment to the Company's research and development credit carryforwards; however, until a study is completed and any adjustment is known, no amounts are being presented as an uncertain tax position. A full valuation allowance has been provided against the Company's research and development credits and, if an adjustment is required, this adjustment would be offset by an adjustment to the valuation allowance.

Legal Proceedings

The Company is subject to legal proceedings, claims and liabilities, which arise in the ordinary course of business and are generally covered by insurance or are not material. In addition, on December 21, 2011, Cardinal Health Canada 204, Inc. (Cardinal Health) filed a demand for arbitration pursuant to the terms of the International Distributorship Agreement entered into as of November 1, 2008 between the Company and Cardinal Health. Cardinal Health claims that it is entitled to damages, including damages for lost profits and treble damages, and injunctive relief based on the Company's decision to terminate the International Distributorship Agreement. The parties have entered into a written stipulation to stay the proceedings in this matter pending the outcome of a related litigation brought by Cardinal Health against three of the Company's current employees (all of whom are former employees of Cardinal Health) in the Ontario Superior Court of Justice (*Cardinal Health Canada, Inc. v. Alexander, Sohi, & Campbell*, Superior Court of Justice, Ontario, Canada, No. CV-11-440418 (the Ontario Litigation)). If this matter proceeds following the stay, the Company intends to deny the allegations contained in the demand for arbitration and to advance counterclaims against

Cardinal Health. In the Ontario Litigation, Cardinal Health filed a complaint on November 25, 2011 alleging that the defendants breached certain obligations arising out of their employment with Cardinal Health and engaged in wrongful acts in connection with the Company's decision to terminate the International Distributorship Agreement. In the complaint, Cardinal Health is seeking injunctive relief and damages, including approximately \$7 million of alleged lost profits as well as \$500,000 of punitive, exemplary and aggravated damages. The defendants filed a response denying the allegations contained in the complaint. The Company has entered into a joint defense agreement with the defendants in the Ontario Litigation, pursuant to which the Company has agreed, subject to certain conditions, to indemnify the defendants for all legal fees relating to the Ontario Litigation as well as any damages or cost awards arising out of the Ontario Litigation. While the Company intends to vigorously defend against these actions, each of these cases is in the preliminary stages and, as a result, the ultimate outcome of these cases and their potential financial impact on the Company are not determinable at this time.

15. Related-Party Transactions

The Company pays an annual management fee of \$500,000 to Avista Capital Partners. Such management fees paid by the Company are included as a component of restructuring and other costs in the consolidated statement of operations.

BSC provided certain transition services to the Company pursuant to transition agreements executed at the time of the Acquisition. Services provided include administrative, distribution and information technology support. The Company incurred \$0, approximately \$22,000 and \$412,000 for the years ended December 31, 2011, 2010 and 2009, respectively, in connection with these agreements. These amounts are included in the accompanying consolidated statement of operations as a component of restructuring and other costs.

16. Fair Value Measurements

ASC Topic 820 establishes a three-level valuation hierarchy for disclosure of fair value measurements. The categorization of financial assets and financial liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the measurement of fair value. The three levels of the hierarchy are defined as follows:

Level 1 — Observable inputs such as quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 — Other inputs that are observable, directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3 — Unobservable inputs used when little or no market data is available and require the Company to develop its own assumptions about how market participants would price the assets or liabilities. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Company incorporates credit valuation adjustments to reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements.

The Company has no financial assets or liabilities measured at fair value on a recurring basis at December 31, 2011 or 2010.

16. Fair Value Measurements (continued)

The Company's Fluid Management trademark asset was measured at fair value on December 31, 2009, in connection with the impairment discussed in Note 5. The measurement of the impairment loss utilized Level 3 inputs.

17. Supplemental Cash Flow Information

Supplemental cash flow information for the years ended December 31, 2011, 2010 and 2009 regarding cash paid for interest and income taxes is as follows:

	<u>2011</u>	<u>2010</u>	<u>2009</u>
	<i>(In Thousands)</i>

(i) the Buyer shall deliver by wire transfer of immediately available funds to one or more bank accounts designated in writing by the Company (such designation to be made at least two (2) Business Days prior to the Closing Date) amounts equal, in the aggregate, to the Transaction Bonuses (and the Company shall timely remit all applicable withholding obligations with respect to such Transaction Bonuses to the proper third parties in accordance with all applicable Laws).

Section 2.3 Purchase Price Adjustment. (a) Within thirty (30) calendar days after the Closing Date, the Buyer shall deliver to the Sellers' Representative a statement (the "Statement") of the Closing Working Capital prepared in accordance with the Accounting Principles. The Buyer and the Sellers acknowledge that no adjustments shall be made to the Base Amount.

(b) The Statement shall become final and binding upon the parties after the fifteenth (15th) calendar day following the date on which the Statement is received by the Sellers' Representative, unless the Sellers' Representative delivers written notice of its disagreement with the Statement (a "Notice of Disagreement") to the Buyer on or prior to such date. Any Notice of Disagreement shall (i) specify in reasonable detail the nature of any disagreement so asserted and (ii) only include good faith disagreements based on Closing Working Capital not being calculated in accordance with the Accounting Principles.

Table of Contents

(c) If a Notice of Disagreement is received by the Buyer on or prior to the deadline stated in Section 2.3(b) above, then the Statement (as revised in accordance with this sentence) shall become final and binding upon the Sellers and the Buyer on the earlier of (i) the date the Sellers' Representative and the Buyer resolve in writing any differences they have with respect to the matters specified in the Notice of Disagreement and (ii) the date any disputed matters are finally resolved in writing by the Accounting Firm pursuant to this Section 2.3. During the fifteen (15) calendar day period following the delivery of a Notice of Disagreement, the Sellers' Representative and the Buyer shall seek in good faith to resolve in writing any differences that they may have with respect to the matters specified in the Notice of Disagreement.

(d) If at the end of such fifteen (15) calendar day period the Sellers' Representative and the Buyer have not resolved in writing the matters specified in the Notice of Disagreement, the Sellers' Representative and the Buyer shall submit to an independent accounting firm (the "Accounting Firm") for arbitration, in accordance with the standards set forth in this Section 2.3, only such matters as are specified in the Notice of Disagreement that remain in dispute. The Accounting Firm shall be Deloitte & Touche or, if such firm is unable or unwilling to act, such other nationally recognized independent public accounting firm as shall be agreed upon by the Sellers' Representative and the Buyer in writing. The Sellers' Representative and the Buyer shall use reasonable efforts to cause the Accounting Firm to render a written decision resolving the matters submitted to the Accounting Firm within thirty (30) calendar days of the receipt of such submission; provided, that the Accounting Firm shall not render a written decision at any time that the Sellers' Representative shall have made reasonable information requests in accordance with Section 2.3(f) below that have not been resolved in a manner reasonable under the circumstances, and the Sellers' Representative shall be permitted, prior to the Accounting Firm rendering its written decision, to update its written submission to the Accounting Firm to take into account the information ultimately obtained thereby by delivery of such updated written submission to the Accounting Firm not later than ten (10) calendar days after receipt of the information ultimately obtained thereby. The scope of the disputes to be resolved by the Accounting Firm shall be limited to fixing mathematical errors in the Statement and determining whether the items in dispute in the Statement were determined in accordance with the Accounting Principles and the Accounting Firm is not to make any other determination, including any determination as to whether the Base Amount or Working Capital Estimate are correct. The Accounting Firm's decision shall be based solely on written submissions by the Sellers' Representative and the Buyer and their respective Representatives and not by independent review and shall be final and binding on all of the parties hereto. The Accounting Firm may not assign a value greater than the greatest value for such item claimed by either party or a value smaller than the smallest value for such item claimed by either party. Judgment may be entered upon the determination of the Accounting Firm in any court having jurisdiction over the party against which such determination is to be enforced. The fees and expenses of the Accounting Firm incurred pursuant to this Section 2.3(d) shall be borne pro rata as between the Sellers, on the one hand, and the Buyer, on the other hand, in proportion to the final allocation made by such Accounting Firm of the disputed items weighted in relation to the claims made by the Sellers' Representative and the Buyer, such that the prevailing party pays the lesser proportion of such fees, costs and expenses. The dispute resolution mechanics set forth in this Section 2.3 shall be the exclusive dispute resolutions mechanics for determining any Notice of Disagreement hereunder and the matters contemplated thereby, including, without limitation, any Notice of Disagreement concerning whether the Statement was prepared in accordance with the Accounting Principles, and the indemnifications provisions set forth in Article X and Article XI hereof shall not apply to any such dispute.

(e) For the purposes of this Agreement, "Final Working Capital" means the Closing Working Capital as finally agreed or determined in accordance with Section 2.3(b), (c) or (d), as applicable. If the Final Working Capital exceeds the Working Capital Estimate, the Buyer shall, within five (5) Business Days after the Final Working Capital is determined, make payment by wire transfer of immediately available funds to the Sellers in accordance with their respective Adjustment Amount Transaction Percentage in the amount of any such excess; provided that the maximum amount payable by Buyer to the Sellers based on the Final Working Capital shall not exceed \$2,500,000. If the Working Capital Estimate exceeds the Final Working Capital, the parties shall, within five (5) Business Days after the Final Working Capital is determined,

deliver joint written instructions to the Escrow Agent to release by wire transfer of immediately available funds to the Buyer from the Escrow Fund an amount equal to any such excess in accordance with the terms of the Escrow Agreement; provided, that the maximum payment owing to the Buyer based upon the Final Working Capital shall not exceed \$2,500,000.

(f) No actions taken by the Buyer on its own behalf or on behalf of the Company or any Company Subsidiary, on or following the Closing Date shall be given effect for purposes of determining the Closing Working Capital. During the period of time from and after the Closing Date through the final determination and payment of Closing Working Capital in accordance with this Section 2.3, the Buyer shall afford, and shall cause the Company and each Company Subsidiary to afford, to the Sellers' Representative and any accountants, counsel or financial advisers retained by the Sellers' Representative in connection with the review of Closing Working Capital in accordance with this Section 2.3, direct access during normal business hours upon reasonable advance notice to all the properties, books, Contracts, personnel, Representatives (including the Company's accountants) and records of the Company, each Company Subsidiary and such Representatives (including the work papers of the Company's accountants) relevant to the review of the Statement and the Buyer's determination of Closing Working Capital in accordance with this Section 2.3.

Section 2.4 Treatment of Options and Performance Awards. Prior to the Closing, the Sellers shall use, and shall cause the Company to use, commercially reasonable efforts to cause each Optionholder to execute and deliver a Joinder Agreement, solely with respect to, and as specified in, this Section 2.4 and Section 7.11(b). At least twenty (20) calendar days prior to the Closing, the Sellers shall cause the Company (a) to take all actions necessary so that all Options other than Performance Awards (as defined in the Equity Plan) then outstanding shall become fully vested and exercisable (whether or not currently exercisable) for a period of time prior to the Closing and (b) in respect of any Optionholder that has not executed and delivered a Joinder Agreement, upon the request of the Buyer or otherwise in the discretion of the Company, to take all such additional actions as are necessary so that all Performance Awards then outstanding shall become fully vested and exercisable. Each Optionholder hereby agrees that any Performance Award held by such Optionholder shall be cancelled as of the Closing without the payment of any consideration therefor. Each Optionholder hereby agrees that, immediately prior to the Closing, each Option not theretofore exercised shall be cancelled without the payment of any consideration therefor. Each Optionholder does hereby fully release and discharge the Buyer, the Company and all other Persons after the Closing from any and all Liabilities relating to or arising from the cancellation without consideration of such Optionholder's Options and Performance Awards. Each Optionholder exercising any Options prior to the Closing hereby agrees to become a party to this Agreement as a Seller and to be bound by, and subject to, all of the covenants, terms and conditions of this Agreement that are binding upon the Sellers. Each Seller that is also a holder of any Options hereby agrees that by signing this Agreement as a Seller, such Seller is also agreeing to the terms and provisions of this Section 2.4 and Section 7.11(b) as an Optionholder.

Section 2.5 Escrow Fund.

(a) The Escrow Amount shall be used (i) for the purposes set forth in Section 2.3(e) and (ii) to satisfy any claims of the Buyer for indemnification pursuant to (A) Section 10.2(a) made from and after Closing but on or before the Cut-Off Date and (B) Article XI in the case of indemnification for claims relating to Taxes made from and after the Closing but on or before the Cut-Off Date. Any amounts in the Escrow Fund not so used shall be distributed to the Sellers in accordance with their respective Adjustment Amount Transaction Percentages. The Escrow Fund shall be held and disbursed for the purposes and in accordance with the terms hereof and of the Escrow Agreement.

(b) The Sellers' Representative Expenses Amount shall be used to satisfy any fees, expenses or Losses of the Sellers' Representative incurred in connection with the performance of its duties under this Agreement, the Escrow Agreement and the transactions contemplated hereby and thereby. The Sellers' Representative Expenses Amount shall be held and disbursed for the purposes and in accordance with the terms hereof.

Section 2.6 Relationship Among the Sellers. (a) Each Seller and the Company (solely with respect to any actions to be taken prior to the Closing) hereby irrevocably appoints the Sellers' Representative as its agent and representative to act as the agent and on behalf of such Sellers and the Company (solely with respect to any actions to be taken prior to the Closing) regarding any matter relating to or under this Agreement or the Escrow Agreement, including for the purposes of:

(i) making decisions with respect to the determination of the Closing Working Capital under Section 2.3;

(ii) determining whether the conditions to closing in Article VIII have been satisfied and supervising the Closing, including waiving any condition, as determined by the Sellers' Representative, in its sole discretion;

(iv) taking any and all actions that may be necessary or desirable, as determined by the Sellers' Representative, in its sole discretion, in connection with the amendment of this Agreement in accordance with Section 12.2;

(v) accepting notices on behalf of the Sellers or the Company in accordance with Section 12.5;

(vi) taking any and all actions that may be necessary or desirable, as determined by the Sellers' Representative, in its sole discretion, in connection with agreeing to, negotiating or entering into settlements and compromises of any claim for indemnification pursuant to Article X or Article XI hereof;

(vii) delivering or causing to be delivered to the Buyer at the Closing certificates representing the Shares to be sold by the Sellers hereunder;

(viii) executing and delivering, on behalf of the Sellers or the Company, any and all notices, documents or certificates to be executed by the Sellers or the Company, in connection with this Agreement and the transactions contemplated hereby;

(ix) granting any consent, waiver or approval on behalf of the Sellers or the Company under this Agreement;

(x) establishing the Escrow Fund and paying such amounts from such funds as the Sellers' Representative deems necessary or appropriate in its good faith judgment;

(xi) engaging and paying the fees and expenses of (and holding back from the Sellers all amounts with respect thereto) attorneys, accountants and other professionals and experts, and paying such other out-of-pocket costs, as necessary or appropriate, in the judgment of the Sellers' Representative, in connection with the performance of its duties under this Agreement, up to the amount of the Sellers' Representative Expenses Amount;

(xii) receiving service of process in connection with any claims under this Agreement and giving and receiving notices and communications; and

(xiii) taking all actions necessary in the judgment of the Sellers' Representative for the accomplishment of the foregoing and any other post-Closing matters.

As the Representative of the Sellers and the Company (solely with respect to any actions to be taken prior to the Closing) under this Agreement, the Sellers' Representative shall act as the agent for all Sellers and the Company, shall have authority to bind each such Person in accordance with this Agreement, and the Buyer may rely on such appointment and authority until the receipt of notice of the appointment of a successor upon at least two (2) Business Days' prior written notice to the Buyer. In the event of the death, resignation or incapacity of the Sellers' Representative, the Sellers shall promptly designate another Person to act as the Company's (solely with respect to any actions to be taken prior to the Closing) and their representative under this Agreement, so that, at all times, there will be a Sellers' Representative with the authority provided in this Section 2.6. Such

successor Sellers' Representative shall be designated by the Sellers by an instrument in writing signed by Sellers holding a majority of the Common Shares (determined as of immediately prior to the Closing), and such appointment shall become effective as to the successor Sellers' Representative when such instrument has been delivered to it and a copy thereof delivered to the Buyer. The Buyer may conclusively rely upon, without independent verification or investigation, all decisions made by the Sellers' Representative in connection with this Agreement in writing and signed by an officer of the Sellers' Representative (or by the Sellers' Representative himself or herself, in the event that the Sellers' Representative is a natural person).

(b) Each Seller and the Company (solely with respect to any actions to be taken prior to the Closing) hereby appoints the Sellers' Representative as such Seller's and the Company's true and lawful attorney-in-fact and agent, with full powers of substitution and resubstitution, in such Seller's and the Company's name, place and stead, in any and all capacities, in connection with the transactions contemplated by this Agreement, granting unto said attorney-in-fact and agent, full power and authority to do and perform each and every act and thing requisite and necessary to be done in connection with the sale of such Seller's Shares, or the actions to be taken by the Company under this Agreement, as applicable, as fully to all intents and purposes as such Seller or the Company might or could do in person. This power of attorney and all authority hereby conferred shall be irrevocable and shall not be terminated by any act of any Seller or the Company, by operation of law, by such Seller's death, disability, protective supervision or any other event and shall be binding upon each Seller and the Company and the executors, heirs, legal representatives and successors of each Seller and the Company. Without limiting the foregoing, this power of attorney is to ensure the performance of a special obligation and, accordingly, each Seller and the Company (solely with respect to any actions to be taken prior to the Closing) shall be deemed to have unconditionally and irrevocably waived and renounced his, her or its right to revoke or renounce this power of attorney at any time. Each Seller and the Company (solely with respect to any actions to be taken prior to the Closing) hereby unconditionally and irrevocably waives any and all defenses that otherwise may be available to contest, negate or disaffirm any action of the Sellers' Representative taken under this Agreement. Notwithstanding the power of attorney and other authority granted in this Section 2.6, no agreement, instrument, acknowledgement or other act or document shall be ineffective solely by reason of a Seller or, prior to the Closing, the Company (instead of the Sellers' Representative) having signed or given the same directly.

(c) The Sellers' Representative (in its capacity as Sellers' Representative) shall have no Liability to the Buyer for any breach or default under this Agreement (or other action taken or omitted to be taken) by any Seller or the Company. Except for actual, knowing and intentional fraud or willful misconduct on its part, the Sellers' Representative shall have no Liability to any Seller or any other Person under this Agreement or the Escrow Agreement or in connection with any of the transactions contemplated hereby or thereby for any action or omission by the Sellers' Representative on behalf of the Sellers or the Company. All actions, decisions and instructions of the Sellers' Representative shall be conclusive and binding upon all of the Sellers and the Company. In performing the functions specified in this Agreement, the Sellers' Representative may act and rely upon any instrument or other writing believed by the Sellers' Representative to be genuine and to be signed or presented by the proper Person. Each Seller and the Company (solely with respect to any actions to be taken prior to the Closing) hereby agrees to indemnify and hold harmless the Sellers' Representative from and against any Liability suffered or incurred by the Sellers' Representative arising out of or in connection with the acceptance, administration or exercise of its rights, duties and responsibilities hereunder, absent actual, knowing and intentional fraud or willful misconduct of the Sellers' Representative.

(d) The Sellers' Representative shall be entitled to withdraw cash amounts held in the bank account for the Sellers' Representative Expenses Amount (and, solely to the extent expressly provided for in the Escrow Agreement, cash amounts held in the Escrow Fund) in reimbursement for out of pocket fees and expenses (including legal, accounting and other advisors' fees and expenses, if applicable) incurred by the Sellers' Representative in performing under this Agreement and the Escrow Agreement. The Sellers and the Company shall have no claim or cause of action against, may not assert any claim against, and the Sellers

shall indemnify and hold harmless the Sellers' Representative from and against any and all Losses incurred by the Sellers' Representative or any of its Affiliates and any of their respective partners, directors, officers, employees, agents, stockholders, consultants, attorneys, accountants, advisors, brokers, representatives or controlling persons, relating to the Sellers' Representative's capacity as Sellers' Representative other than such Losses resulting from the Sellers' Representative's gross negligence or willful misconduct. The Sellers shall pay to the Sellers' Representative, promptly upon request, such Sellers' pro rata share of any amounts paid by the Sellers' Representative on behalf of the Sellers or the Company and all costs and expenses (including legal, accounting and other advisors' fees and expenses, if applicable) incurred by the Sellers' Representative in connection with the protection, defense or enforcement of any rights under this Agreement or the Escrow Agreement to the extent such costs, expenses and other amounts exceed the amount available to the Sellers' Representative in the Sellers' Representative Expenses Amount.

REPRESENTATIONS AND WARRANTIES OF THE SELLERS

Except as set forth on the Disclosure Schedules, each Seller represents and warrants to the Buyer, severally and not jointly and solely as to itself, as follows:

Section 4.1 Organization. Such Seller (other than any Seller that is an individual) is duly organized, validly existing and in good standing (or the equivalent thereof) under the laws of the jurisdiction of its formation.

Section 4.2 Binding Obligations. Such Seller (other than any Seller that is an individual) has all requisite corporate, partnership or other authority and power to execute, deliver and perform this Agreement and to consummate the transactions contemplated hereby, and the execution, delivery and performance by such Seller of this Agreement and the consummation of the transactions contemplated hereby have been duly and validly authorized by all necessary action on the part of such Seller, and no other proceedings on the part of such Seller are necessary to authorize the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby by such Seller. This Agreement has been duly executed and delivered by such Seller, and assuming that this Agreement constitutes the legal, valid and binding obligation of the Company, each other Seller and the Buyer, constitutes the legal, valid and binding obligation of such Seller, enforceable against such Seller in accordance with its terms, except to the extent that the enforceability thereof may be limited by (i) applicable bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or similar laws from time to time in effect affecting generally the enforcement of creditors' rights and remedies, and (ii) general principles of equity.

Section 4.3 No Defaults or Conflicts. The execution and delivery of this Agreement and the consummation of the transactions contemplated hereby by such Seller and performance by such Seller of its obligations

hereunder (i) do not constitute or result in any violation of the applicable organizational documents of such Seller, if applicable, (ii) do not conflict with, or result in a breach of any of the terms or provisions of, or result in the creation or acceleration of any obligations under, or constitute a default under any agreement or instrument to which such Seller is a party or by which such Seller is bound or to which its properties are subject, and (iii) except for applicable requirements under the HSR Act or similar foreign competition or Antitrust Laws, do not violate any existing Law applicable to such Seller or any of its properties; provided, however, that no representation or warranty is made in the foregoing clauses (ii) or (iii) with respect to matters that, individually or in the aggregate, would not reasonably be expected to materially impair such Seller's ability to consummate the transactions contemplated hereby.

Section 4.4 No Governmental Authorization Required. Except for applicable requirements of the HSR Act or similar foreign competition or Antitrust Laws or as otherwise set forth in Schedule 4.4, no authorization or approval or other action by, and no notice to or filing with, any Governmental Authority is required to be obtained or made by such Seller in connection with the due execution, delivery and performance by such Seller of this Agreement and the consummation by such Seller of the transactions contemplated hereby; provided, however, that no representation and warranty is made with respect to authorizations, approvals, notices or filings with any Governmental Authority that, if not obtained or made, would not, individually or in the aggregate, reasonably be expected to materially impair such Seller's ability to consummate the transactions contemplated hereby.

Section 4.5 The Shares.

Other than the shares of capital stock of the Company owned by such Seller as listed on Schedule 4.5(a) hereto, such Seller has no other equity interests or rights to acquire equity interests in the Company as of the date hereof.

(b) Such Seller is the record and beneficial owner of, and has good and valid title to the Shares listed next to such Seller's name on Schedule 4.5(a), free and clear of all Encumbrances, except Encumbrances on transfer imposed under applicable securities laws or under the Company's stockholder arrangements and organizational documents. Assuming the Buyer has the requisite power and authority to be the lawful owner of such Shares, upon delivery to the Buyer at the Closing of certificates representing the Shares, duly endorsed by such Seller for transfer to the Buyer, and upon receipt of the applicable consideration set forth in Article II by such Seller, good and valid title to the Shares will pass to the Buyer, free and clear of any Encumbrances, other than those Encumbrances on transfer imposed under applicable securities laws or under the Company's stockholder arrangements and organizational documents. Except as set forth on Schedule 4.5(b), the Shares are not subject to any Contract to which such Seller is a party restricting or otherwise relating to the voting, dividend rights or disposition of such Shares. Except as set forth on Schedule 4.5(b), there are no preemptive or other outstanding rights, options, warrants, conversion rights, stock appreciation rights, redemption rights, repurchase rights, agreements, arrangements or commitments of any character under which such Seller is or may become obligated to sell, or giving any Person a right to acquire, or in any way dispose of, any of the Shares or any securities or obligations exercisable or exchangeable for, or convertible into, any of the Shares, and no securities or obligations evidencing such rights are authorized, issued or outstanding.

Section 4.6 Litigation. There is no claim, action, suit or legal proceeding pending or, to the knowledge of such Seller, threatened or affecting, such Seller or any of his, her or its properties (including the Shares) or rights, at law or in equity, before or by any court, arbitrator, panel or other Governmental Authority that would reasonably be expected to materially adversely affect the ability of such Seller to sell the Shares owned by such Seller as contemplated by this Agreement.

Section 4.7 Investment Purpose. Such Seller will acquire the Buyer Common Stock as set forth in Article II for the purpose of investment and not with a view to, or for resale in connection with, the distribution thereof in

violation of applicable federal or state securities laws. Such Seller acknowledges that the acquisition of the Buyer Common Stock hereunder has not been registered under the Securities Act or any state securities laws, and that such Buyer Common Stock may not be sold, transferred, offered for sale, pledged, hypothecated, or otherwise disposed of without registration under the Securities Act, pursuant to an exemption from the Securities Act or in a transaction not subject thereto. In this regard, such Seller represents that such Seller is familiar with Rule 144 promulgated under the Securities Act, as presently in effect, and understands the resale limitations imposed thereby and by the Securities Act. Such Seller further understands that the resale of shares of the Buyer Common Stock to be issued to such Seller pursuant to this Agreement will be subject to the terms and provisions of the Stockholder Agreement. Except as otherwise set forth on Schedule 4.7, such Seller represents that it is an “Accredited Investor” as that term is defined in Rule 501 of Regulation D of the Securities Act.

Section 4.8 Investment Experience. Such Seller (a) has such knowledge and experience in financial and business matters as are necessary to evaluate the risks and merits of an investment in the Buyer Common Stock, and such Seller is capable of bearing the entire loss of its investment in the Buyer Common Stock, (b) confirms that the Buyer has made available to such Seller all materials relating to the business, finances and operations of the Buyer and materials relating to the offer and sale of the Buyer Common Stock which have been requested by such Seller and (c) has sought such accounting, legal and tax advice as it has considered necessary to make an informed investment decision with respect to its investment in the Buyer Common Stock; provided, that such Seller makes the foregoing representation for securities Law purposes only, and the foregoing representation shall not affect any rights and remedies, including any right to indemnification, to which such Seller may otherwise be entitled pursuant to this Agreement or otherwise (other than in respect of any claims arising under applicable securities Laws as to the existence of a valid exemption from registration for the issuance of the Buyer Common Stock to such Seller).

Section 4.9 Exclusivity of Representations. The representations and warranties made by such Seller in Article IV and Section 7.13 of this Agreement are the exclusive representations and warranties made by such Seller. Such Seller hereby disclaims any other express or implied representations or warranties.

To the extent requested in writing by the Buyer at least 10 Business Days prior to the Closing Date, the Company shall use its reasonable best efforts to cause each officer of the Company and each officer of any of the Company Subsidiaries for which such resignation is so requested to resign such person’s title but not such Persons’ employment, such resignation to be effective as of the Closing.

Section 7.5 Further Assurances. Each party shall, on or prior to the Closing Date, use its commercially reasonable efforts to fulfill or obtain the fulfillment of the conditions precedent to the consummation of the transactions contemplated hereby, including the execution and delivery of any documents, certificates, instruments or other papers that are reasonably required for the consummation of the transactions contemplated hereby. Each Seller and the Company covenants and agrees, severally and not jointly, that the information relating to such Seller or the Company, as applicable, supplied by such Seller or the Company for inclusion in the Proxy Statement will not, as of the filing date of the Proxy Statement (or any amendment or supplement thereto) or as of the date of the Special Meeting, contain any statement which, at such time and in the light of the circumstances under which it is made, is false or misleading with respect to any material fact, or omits to state any material fact required to be stated therein or necessary in order to make the statement therein, in the light of the circumstances under which they were made, not false or misleading.

Unless this Agreement shall have been terminated in accordance with Article IX (including, for the avoidance of doubt, Section 9.1(f)), the Buyer shall submit the issuance of the Buyer Common Stock pursuant to this Agreement in accordance with NASDAQ Rule 5635 to its stockholders for approval without regard to whether the Board of Directors of the Buyer has withdrawn, modified or qualified, or has publicly proposed to withdraw, modify or qualify, in a manner adverse to the Sellers, its recommendation that the Buyer’s stockholders approve the issuance of the Buyer Common Stock pursuant to this Agreement in accordance with NASDAQ Rule 5635.

The Buyer shall use its commercially reasonable efforts to arrange the Financing on the terms and conditions described in the Commitment Letter, including (i) maintaining in effect the Commitment Letter until the transactions contemplated by this Agreement are consummated, (ii) negotiating and entering into definitive agreements with respect thereto on terms and conditions contained therein, (iii) satisfying on a timely basis all conditions and covenants applicable to the Buyer in such definitive agreements, (iv) consummating the Financing at or prior to the Closing if all conditions to closing contained in Article VIII are satisfied, waived or would be satisfied if the Closing occurred and (v) enforcing its rights under the Commitment Letter (including, without limitation, by pursuing legal action against the Debt Financing Source, if necessary). The Buyer shall not permit any amendment or modification to be made to, or any waiver of any provision or remedy, or consent, under, the Financing, if such amendment, modification, waiver, or consent (i) reduces the aggregate amount of the Financing (including by changing the amount of fees to be paid or original issue discount) or (ii) imposes new or additional conditions or otherwise expands, amends or modifies any of the conditions to the receipt of the Financing in a manner that would reasonably be expected to (A) delay or prevent the Closing, (B) make the funding of the Financing (or satisfaction of the conditions to obtaining the Financing) less likely to occur or (C) adversely impact the ability of the Buyer to enforce its rights against other parties to the Financing or the definitive agreements with respect thereto. Without limiting the generality of the foregoing, the Buyer shall give prompt notice: (i) of any breach or default by any party to the Commitment Letter or definitive agreements related to the Financing, (ii) of the receipt of any written notice or other written communication from any Person with respect to any breach, default, termination or repudiation by any party to the Commitment Letter or any definitive agreement related to the Financing and (iii) if for any reason the Buyer believes in good faith that it will not be able to obtain all or any portion of the Financing on the terms, in the manner or from the sources contemplated by the Commitment Letter or the definitive agreements related to the Financing; provided, that the Buyer shall be under no obligation pursuant to this Section 7.15(a) to disclose any information that is subject to an attorney-client or similar privilege. As soon as reasonably practicable, but in any event within five (5) Business Days after the Company delivers a written request, the Buyer shall provide any information reasonably requested by the Company relating to any circumstance referred to in clause (i), (ii) or (iii) of the immediately preceding sentence.

(b) If funds in the amounts set forth in the Commitment Letter, or any portion thereof, become unavailable, or it becomes reasonably likely that such funds may become unavailable to the Buyer on the terms and conditions set forth therein, the Buyer shall use commercially reasonable efforts to obtain substitute financing on terms and conditions not materially less favorable to the Company than the terms and conditions in the Commitment Letter and in amounts sufficient to enable the Buyer to consummate the

The Buyer shall comply with the provisions of Section 7.16(a) as if such provisions were applicable to the Substitute Financing. For the avoidance of doubt, in no event shall the commercially reasonable efforts obligation set forth in this Section 7.15 be construed to require the Buyer to agree to, or accept, economic terms that are materially less favorable in the aggregate to the Buyer than the economic terms contained in the Commitment Letter.

(c) If funds in the amount set forth in the Commitment Letter become unavailable as a result of the Buyer failing to meet the leverage ratio and/or fixed charge coverage ratio conditions in the Commitment Letter (the “Financial Covenant Conditions”), upon the request of the Sellers Representative, the Buyer shall reduce the amount of the Financing by an amount necessary to ensure compliance with the Financial Covenant Conditions.

(d) The Sellers and the Company agree to use commercially reasonable efforts to provide, and shall cause the Company Subsidiaries and its and their Representatives to use commercially reasonable efforts to provide, at the sole cost and expense of the Buyer, all reasonable cooperation in connection with the arrangement of the Financing as may be reasonably requested by Buyer (provided that such requested cooperation does not unreasonably interfere with the ongoing operations of any of the Sellers, the Company or any Company Subsidiaries), including, without limitation, (i) participation in a reasonable number of meetings, drafting sessions and due diligence sessions, (ii) furnishing Buyer and its financing sources and its and their attorneys, independent auditors and advisors with customary financial and other pertinent information (other than financial statements which shall only be required to the extent provided in Section 7.16) regarding the Company and the Company Subsidiaries as may be reasonably requested by Buyer, promptly after such information becomes available, (iii) assisting Buyer and its financing sources in the preparation of (A) customary confidential and public information memoranda and (B) materials for rating agency presentations, (iv) reasonably cooperating with the marketing efforts of Buyer and its financing sources for any debt raised by Buyer to complete the transactions contemplated hereby, including, without limitation, reasonable participation by Company management in a reasonable number of any bank syndication meetings or calls, and (v) reasonably facilitating the pledge of collateral as of the Closing; provided that neither the Sellers, nor, prior to the Closing, the Company or any of the Company Subsidiaries, shall be required to pay any commitment or other similar fee or incur any other Liability in connection with the Financing. The Buyer shall indemnify and hold harmless the Company, its Subsidiaries and the Representatives from and against any and all Liabilities (other than legal and accounting fees incurred in connection with the transactions contemplated by this Agreement) suffered or incurred by them in connection with the arrangement of the Financing (including any action taken in accordance with this Section 7.15(d)) and any information utilized in connection therewith (other than historical information relating to the Company or its Subsidiaries).

Section 7.16 Delivery of Financial Statements. The Company shall deliver: (a) audited consolidated balance sheets and related statements of income, stockholders’ equity and cash flows of the Company and the Company Subsidiaries, for the three most recently completed fiscal years ended at least ninety (90) days before the Closing Date and (b) unaudited consolidated balance sheets and related statements of income, stockholders’ equity and cash flows of the Company and the Company Subsidiaries, for each subsequent fiscal quarter ended at least forty-five (45) days before the Closing Date.

INDEMNIFICATION

Section 10.1 Survival. Each of (i) the representations and warranties of the Sellers contained in Article IV and Section 7.13 (the "Seller Representations"), (ii) the representations and warranties of the Company contained in Article V and Section 7.13 (the "Company Representations") and (iii) the representations and warranties of the Buyer contained in Article VI and Section 7.13 shall survive the Closing for the Indemnification Period, after which, such representations and warranties shall terminate, subject to any Claims Notice in respect thereof given in accordance with the terms of Section 10.4 prior to the Cut-Off Date. Except as set forth in Section 12.15, no claim for a breach of any covenant or agreement of the Buyer, the Company or a Seller contained in this Agreement that by its nature is required to be performed at or prior to the Closing may be brought after the Indemnification Period and such covenants shall expire as of the end of the Indemnification Period. All covenants and agreements of the Buyer, the Company and the Sellers contained in this Agreement that by their nature are required to be performed after the Closing shall survive the Closing in accordance with their respective terms. If any Claims Notice (as defined below) is given in accordance with the terms of Section 10.4 within the survival period provided above (the "Cut-Off Date"), the claims specifically set forth in the Claims Notice shall survive until such time as such claim is finally resolved. For purposes of this Article X, in determining whether any representation or warranty in this Agreement was true and correct as of any particular date and the amount of any Losses in respect of the failure of any such representation or warranty to be true and correct as of any particular date, any qualification or limitation as to materiality (whether by reference to material, Material Adverse Effect, Buyer Material Adverse Effect or otherwise) contained in such representation or warranty shall be disregarded, other than those such qualifications contained in Sections 5.7(a) (Financial Statements), 5.8(b) (No Undisclosed Liabilities; Absence of Certain Changes or Events), 6.6(a) (Buyer SEC Reports; Financial Statements), and 6.7 (Absence of Certain Changes or Events), which shall not be so disregarded.

Section 10.2 Indemnification by the Sellers; Indemnification by the Buyer. (a) Subject to the other limitations set forth in this Article X and Article XI in the case of indemnification for Taxes, from and after the Closing Date, each Seller hereby agrees severally (based on its or their respective Adjustment Amount Transaction Percentage) and not jointly or jointly and severally, pursuant to the terms of the Escrow Agreement, to indemnify and hold harmless the Buyer and its Subsidiaries and its and their respective officers, directors, employees and agents (each, a “Buyer Indemnitee”) from and against any and all losses, judgments, settlements, fees, costs, expenses (including reasonable attorneys’ fees), claims, suits, actions and damages (collectively, “Losses”) suffered by or asserted against any of the Buyer Indemnitees arising from, or in connection with:

- (i) the breach by such Seller of any of the Seller Representations made by such Seller;
- (ii) the breach by such Seller of any covenant or agreement made hereunder by the Sellers;
- (iii) the breach by the Company of any of the Company Representations; and
- (iv) the breach by the Company of any covenant or agreement made hereunder by the Company (solely with respect to covenants and agreements to be made or performed by the Company prior to the Closing); and
- (v) the failure of any Optionholder to execute a Joinder Agreement and become a party to this Agreement as contemplated by Section 2.4.

(b) Subject to the other limitations set forth in this Article X and Article XI in the case of indemnification for Taxes, the Buyer hereby agrees to indemnify and hold harmless the Sellers, each of such Sellers’ respective officers, directors, employees, partners, members and agents, and prior to the Closing, the Company and any Company Subsidiary and their respective officers, directors, employees, partners, members and agents (each, a “Seller Indemnitee”, and together with the Buyer Indemnitees, the “Indemnitees” and each an “Indemnitee”), from and against any and all Losses suffered by or asserted against any of the Seller Indemnitees arising from or in connection with:

- (i) the breach by the Buyer of any representation or warranty of the Buyer in this Agreement; and
- (ii) the breach by the Buyer of any covenant or agreement made by the Buyer in this Agreement.

Section 10.3 Limitations on Indemnification. (a) In no event shall the cumulative indemnification obligations of the Sellers under Sections 10.2(a) and 11.3, on the one hand, or the Buyer under Section 10.2(b), on the other hand, in the aggregate exceed the Escrow Amount (the “Cap”).

(b) Notwithstanding anything in this Agreement to the contrary, no indemnification claims for Losses shall be asserted by the Seller Indemnitees or the Buyer Indemnitees, respectively, under Article X for breaches of representations and warranties unless the aggregate amount of Losses that would otherwise be payable under Section 10.2(a)(i), 10.2(a)(iii), or Section 10.2(b)(i), respectively, exceed an amount equal to \$3,750,000 (the “Deductible Amount”), whereupon the Seller Indemnitee or the Buyer Indemnitee, as the case may be, shall be entitled to receive only amounts for Losses in excess of the Deductible Amount up to the Cap; provided, that any and all breaches of the Specified Representations shall not be subject to the Deductible Amount, but instead shall be recoverable from “dollar one”. If any claims for indemnification by the Seller Indemnitees or the Buyer Indemnitees relating to any single matter or series of related or similar matters that is indemnifiable under Section 10.2(a)(i) or 10.2(a)(iii), or Section 10.2(b)(i) or 11.3, respectively, results in aggregate Losses to the Seller Indemnitees or the Buyer Indemnitees, as the case may be, that do not exceed \$50,000, such Losses shall not be eligible for indemnification under this Article X or Article XI, and shall not be considered in the calculation of Deductible Amount; provided, that any and all breaches of the Specified Representations shall not be subject to the provisions of this sentence.

(c) The cumulative indemnification obligations of the Sellers under this Article X and Article XI shall be recoverable solely and exclusively from the Escrow Fund (as shall be reduced from time to time in accordance with the Escrow Agreement and to reflect payments, if any, made from time to time from the Escrow Fund in accordance with the terms and conditions of the Escrow Agreement). No claims for indemnification may be

[Table of Contents](#)

made after the Indemnification Period. The limitations described above in this Section 10.3 shall not apply to Losses arising from or in connection with any breach of Section 7.11 or 12.15.

(d) Under no circumstances shall any Indemnitee be entitled to be indemnified pursuant to this Article X or Article XI or otherwise liable hereunder or otherwise, for any special, consequential, punitive, indirect or exemplary damages (including lost or anticipated revenues or profits or loss in stockholder value in respect of the Buyer Common Stock following the Closing (it being understood and agreed that the facts and circumstances giving rise to any such loss in stockholder value may be subject to indemnification pursuant to Section 10.2(b), and may be taken into account in determining the amount of any indemnifiable Loss thereunder)) (except to the extent included in a Third Party Claim). The party seeking indemnification under this Article X or Article XI shall use its commercially reasonable efforts to mitigate any Loss which forms the basis of an indemnification claim hereunder, including by seeking and pursuing any available insurance coverage or other claims against third parties that such Indemnitees may have in respect of such Losses. The amount of (i) insurance proceeds or other recoveries actually received by the Indemnitees in respect of such Losses, less the related reasonable out-of-pocket fees and expenses incurred by such Indemnitees in recovering such amounts, and (ii) any Tax benefit actually recognized by any Indemnitee, any of its Affiliates or any consolidated, combined or unitary group of which any such Indemnitee or Affiliate is a member (collectively, the “Indemnitee Parties”) in connection with the accrual, incurrence or payment of such Losses, or any correlative adjustment that makes allowable to any such Indemnitee Party any deduction, amortization, exclusion from income or other allowance, shall reduce the Losses that such Indemnitees may recover under this Article X and Article XI. If the Indemnitees receive any such net amounts or recognize any such Tax benefits subsequent to an indemnification payment by the Indemnitors in respect of such Losses, then such Indemnitees shall promptly reimburse the Indemnitors for any payment made or expense incurred by such Indemnitors in connection with providing such indemnification payment up to the above net amounts so received and the Tax benefits so recognized by the Indemnitees. Additionally, the amount of any Losses for which indemnification is provided under this Agreement shall be increased by the amount of any Tax cost actually realized by the Indemnitee Parties as a result of the receipt or accrual of the indemnification payment. In determining the amount of any net Tax benefit or Tax cost, as applicable, the Indemnitee Parties shall be deemed to realize all other items of income, gain, loss, deduction or credit before realizing any items arising from the receipt of any indemnity payment hereunder or the incurrence or payment of any indemnified Loss. An Indemnitee Party shall be deemed to have “actually realized” a net Tax benefit or Tax cost, as the case may be, to the extent that and at such time as the amount of Taxes payable by such Indemnitee Party is increased above or reduced below, as the case may be, the amount of Taxes that such Indemnitee Party would be required to pay but for the receipt or accrual of the indemnity payment or the incurrence or payment of such indemnified amount, as the case may be.

(e) No party hereto shall be obligated to indemnify any other Person with respect to (i) any representation, warranty, covenant or condition specifically waived in writing by the other party on or prior to the Closing, (ii) any Losses with respect to any matter if such matter was included in the calculation of the Final Working Capital or (iii) for any Losses for which a Claims Notice was not duly delivered prior to the Cut-Off Date.

(f) Notwithstanding anything to the contrary contained herein, (i) none of the limitations on the indemnification obligations of the parties hereto shall apply to claims based on bad faith, willful misconduct or of actual, knowing and intentional fraud and (ii) the indemnification obligations of the Sellers with respect to the representations and warranties of the Company and the Sellers contained herein shall not be affected by any investigation conducted for or on behalf of, or any knowledge possessed or acquired at any time by, the Buyer or its Affiliates, employees, or Representatives concerning any circumstance, action, omission or event relating to the accuracy or performance of any representation, warranty, covenant or obligation with respect thereto.

Section 10.4 Indemnification Claim Process. (a) All claims for indemnification by either a Seller Indemnitee or a Buyer Indemnitee under this Article X shall be asserted and resolved in accordance with the procedures provided in the Escrow Agreement and Sections 10.4 and 10.5.

(b) If a Buyer Indemnitee intends to seek indemnification pursuant to this Article X, the Buyer Indemnitee shall promptly notify the Sellers' Representative in writing of such claim, describing such claim in reasonable detail and the amount or estimated amount of such Losses (the "Claims Notice"); provided that subject to Section 10.3(e), the failure of the Buyer Indemnitee to promptly notify Sellers' Representative shall not relieve the Sellers from Liability for such claims except and only to the extent that the Sellers were actually prejudiced by such delay.

(c) If a Seller Indemnitee intends to seek indemnification pursuant to this Article X, the Seller Indemnitee shall promptly deliver a Claims Notice to the Buyer; provided that subject to Section 10.3(e), the failure of a Seller Indemnitee to promptly notify the Buyer shall not relieve the Buyer from Liability for such claims except and only to the extent that the Sellers were actually prejudiced by such delay.

(d) The Indemnitor shall have twenty-five (25) calendar days from the date on which the Indemnitor received the Claims Notice to notify the Indemnitee in writing that the Indemnitor desires to assume the defense or prosecution of the Third Party Claim and any litigation resulting therefrom with counsel of its choice. If a Third-Party Claim is made against an Indemnitee, the Indemnitor will be entitled to participate in the defense thereof and, if it so chooses, to assume the defense thereof with counsel selected by the Indemnitor and reasonably satisfactory to the Indemnitee. Should the Indemnitor so elect to assume the defense of a Third-Party Claim, the Indemnitor will not be liable to the Indemnitee for legal expenses subsequently incurred by the Indemnitee in connection with the defense thereof, unless, in the written opinion of counsel for the Indemnitee, the Third-Party Claim involves potential conflicts of interest or substantially different defenses for the Indemnitee and the Indemnitor, in which case the Indemnitor will be liable to the Indemnitee for the expenses of one counsel and, if necessary, local counsel. If the Indemnitor assumes such defense, the Indemnitee shall have the right to participate in defense thereof and to employ counsel, at its own expense (except as provided in the immediately preceding sentence), separate from the counsel employed by the Indemnitor. The Indemnitor shall be liable for the fees and expenses of one counsel and, if necessary, local counsel, employed by the Indemnitee for any period during which the Indemnitor has not assumed the defense thereof and as otherwise contemplated by the two immediately preceding sentences. If the Indemnitor chooses to defend any Third-Party Claim, the other party shall cooperate in the defense or prosecution thereof. Such cooperation shall include the retention and (upon the Indemnitor's request) the provision to the Indemnitor of records and information that are reasonably relevant to such Third-Party Claim, and the use of reasonable efforts to make employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Whether or not the Indemnitor shall have assumed the defense of a Third-Party Claim, the Indemnitee shall not admit any Liability with respect to, or settle, compromise or discharge, such Third-Party Claim without the Indemnitor's prior written consent (which consent shall not be unreasonably withheld or delayed). The Indemnitor may pay, settle or compromise a Third-Party Claim without the written consent of the Indemnitee, so long as such settlement includes (i) an unconditional release of the Indemnitee from all Liability in respect of such Third-Party Claim; (ii) does not subject the Indemnitee to any criminal liability or injunctive relief or other equitable remedy; and (iii) does not include a statement or admission of fault, culpability or failure to act by or on behalf of any Indemnitee.

(e) Subject to the provisions of Section 10.4(d)(i) and 10.4(d)(ii), if the Indemnitor does not assume the defense of such Third Party Claim within twenty-five (25) calendar days of receipt of the Claims Notice, the Indemnitee will be entitled to assume such defense, at the Indemnitor's cost and expense (but subject to the limitations set forth in Section 10.4(d)) upon delivery of written notice to such effect to the Indemnitor at any time after such 25 calendar day period.

(f) The Buyer Indemnitee shall, and shall cause the Company and each Company Subsidiary to, provide reasonable cooperation with the Sellers' Representative in all aspects of any investigation, defense, pretrial activities, trial, compromise, settlement or discharge of any claim in respect of which a Buyer Indemnitee is seeking indemnification pursuant to this Article X that the Sellers' Representative has elected

to control, including, but not limited to, by providing the Sellers' Representative with reasonable access to books, records, employees and officers (including as witnesses) of the Company and each Company Subsidiary.

Section 10.5 Indemnification Procedures for Non-Third Party Claims. The Indemnitee will deliver a Claims Notice to the Indemnitor promptly upon its discovery of any matter for which the Indemnitor may be liable to the Indemnitee hereunder that does not involve a Third Party Claim; provided that subject to Section 10.3(e), the failure of the Buyer Indemnitee to promptly notify Sellers' Representative shall not relieve the Sellers from Liability for such claims except and only to the extent that the Sellers were actually prejudiced by such delay. The Indemnitee shall reasonably cooperate and assist the Indemnitor in determining the validity of any claim for indemnity by the Indemnitee and in otherwise resolving such matters. Such assistance and cooperation shall include providing reasonable access to and copies of information, records and documents relating to such matters, furnishing employees to assist in the investigation, defense and resolution of such matters and providing legal and business assistance with respect to such matters.

Section 10.6 Release of Escrow Fund. Within five Business Days following the end of the Indemnification Period, the Buyer and the Sellers' Representative shall, in accordance with the Escrow Agreement, cause the Escrow Agent (including by delivering joint written instructions to the Escrow Agent) to release to the Sellers' Representative (on behalf of the Sellers) an amount equal to the excess of (i) the then remaining Escrow Amount minus (ii) the aggregate amount of Losses for which any claims for indemnification properly were made against the Escrow Fund prior to such date in accordance herewith and not yet resolved. Any amounts so retained in the Escrow Fund shall be held and released in accordance with the terms of the Escrow Agreement.

ARTICLE XI

TAX MATTERS

Section 11.1 Tax Return Filings. (a) Subject to Section 11.1(b)-(e) below, the Sellers' Representative shall timely prepare and file (or cause to be timely prepared and filed) with the relevant Taxing Authority any Covered Tax Return the due date for filing of which (determined taking into account any available extensions) is on or before the Closing Date ("Pre-Closing Covered Tax Returns"), and the Buyer shall timely prepare and file (or cause to be prepared and filed) with the relevant Taxing Authority any Covered Tax Return the due date for the filing of which (determined taking into account any available extensions) is after the Closing Date ("Post-Closing Covered Tax Returns"); provided, however, that all such Covered Tax Returns shall be prepared on a basis consistent with the past practices of the Company and the Company Subsidiaries, unless otherwise required by applicable Law; and provided, further, however, that any Covered Tax Return that is otherwise required to be filed for a Straddle Period shall, to the extent permitted by applicable Law, be filed on the basis that the relevant taxable period ended as of the close of business on the Closing Date.

(b) In the case of any Pre-Closing Covered Tax Return relating to income Tax or another material Tax, the Sellers' Representative shall provide the Buyer with a copy of each such Tax Return at least thirty (30) calendar days before such Pre-Closing Covered Tax Return is required to be filed under applicable Law, and no such Pre-Closing Covered Tax Return shall be filed without the Buyer's prior written consent, which consent may only be withheld if the Buyer reasonably determines that (i) such Pre-Closing Covered Tax Return, if filed as prepared by the Sellers' Representative, would not be prepared on a basis consistent with the past practices of the Company and the Company Subsidiaries, or (ii) the likelihood of any material position reflected on such Pre-Closing Covered Tax Return being upheld in a Tax proceeding is not greater than 50% or such higher standard as may be required under applicable law to avoid the imposition of penalties or to avoid disclosure, including on Schedule UTP (Uncertain Tax Position) or pursuant to FIN 48; provided that the Buyer shall be deemed to have agreed to any such draft Pre-Closing Covered Tax Return unless the Buyer

notifies the Sellers Representative in writing of any objections thereto (any such objection, a “Buyer Objection”) within ten (10) calendar days of receipt of the applicable Pre-Closing Covered Tax Return.

(c) In the case of any Post-Closing Covered Tax Return, the Buyer shall provide the Sellers’ Representative with a draft of any such Post-Closing Covered Tax Return at least sixty (60) calendar days before such Post-Closing Covered Tax Return is required to be filed under applicable Law (taking into account any available extensions) and no such Post-Closing Covered Tax Return shall be filed without the prior written consent of the Sellers’ Representative, which consent may only be withheld if the Sellers’ Representative reasonably determines that (i) such Post-Closing Covered Tax Return, if filed as prepared by the Buyer, would not be prepared on a basis consistent with the past practices of the Company and the Company Subsidiaries or (ii) the likelihood of any material position reflected on such Post-Closing Covered Tax Return being upheld in a Tax proceeding is not greater than 50% or such higher standard as may be required under applicable law to avoid the imposition of penalties or to avoid disclosure, including on Schedule UTP (Uncertain Tax Position) or pursuant to FIN 48; provided, that the Sellers’ Representative shall be deemed to have agreed to such draft Tax Return unless the Sellers’ Representative notifies the Buyer in writing of any objections thereto (any such objection, a “Seller Objection”) within thirty (30) calendar days of receipt of the applicable Post-Closing Covered Tax Return.

(d) In the event of either a timely Buyer Objection or a timely Seller Objection, the parties shall negotiate in good faith to resolve the disputed items within the following eight (8) calendar days in the case of any Buyer Objection and within the following ten (10) calendar days in the case of any Seller Objection. If the parties do not resolve all disputed items within such 8-calendar day period or such 10-calendar day period, as applicable, the parties shall jointly appoint a senior tax partner in an Accounting Firm (which tax partner shall be regarded for these purposes as an Accounting Firm) on the next Business Day to resolve all disputed issues at least three (3) calendar days before the applicable Pre-Closing Covered Tax Return is required to be filed under applicable Law (taking into account any available extensions) or at least five (5) calendar days before the applicable Post-Closing Covered Tax Return is required to be filed under applicable Law (taking into account any available extensions), as applicable; provided that the Accounting Firm’s review shall be limited to the issues submitted by the parties, and the fees and expenses of the Accounting Firm shall be borne equally by the Sellers, on the one hand, and the Buyer, on the other hand.

(e) After any Covered Tax Return is completed in accordance with this Section 11.1, the Sellers shall timely pay (or cause to be timely paid) to the relevant Taxing Authority all Taxes due in connection with the filing of any Pre-Closing Covered Tax Returns, and the Buyer shall timely pay (or cause to be timely paid) to the relevant Taxing Authority all Taxes due in connection with the filing of any Post-Closing Covered Tax Returns; provided that, after the Closing Date, the Sellers’ Representative shall, at least three (3) calendar days before the date on which any such Post-Closing Covered Tax Return is required to be filed under applicable Law (taking into account any available extensions), pay to the Buyer the full amount of Taxes owing with respect to such Covered Tax Return (in the case of a taxable period ending on or before the Closing Date) or the Sellers’ allocable share of the Taxes owing with respect to such Covered Tax Return as determined pursuant to Section 11.2 (in the case of a Straddle Period).

Section 11.2 Straddle Period. To the extent applicable Law does not permit the Company or any Company Subsidiary, as applicable, to treat a relevant taxable period as ending on the Closing Date, the parties agree to use the following conventions for determining the allocation of Taxes for the resulting Straddle Period: (a) real, personal and intangible property Taxes (“Property Taxes”) of the Company and each Company Subsidiary for the Pre-Closing Tax Period shall equal the Property Taxes for such Straddle Period multiplied by a fraction, the numerator of which is the number of calendar days during the Straddle Period that are in the Pre-Closing Tax Period and the denominator of which is the number of calendar days in the Straddle Period; and (b) all Taxes of the Company and each Company Subsidiary other than Property Taxes shall be computed for the Pre-Closing Tax Period as if the entire Straddle Period ended as of the close of business on the Closing Date.

Section 11.3 Tax Indemnification. (a) Subject to the provisions of Article X and Section 11.4 below, each Seller hereby agrees to indemnify and hold harmless the Buyer Indemnitees from and against, on an after-Tax

Table of Contents

basis, any and all Excluded Taxes; provided that the Sellers' indemnification obligations for Excluded Taxes shall be allocated among the Sellers in a manner consistent with the allocation of the Sellers' indemnification obligations under Section 10.2(a). Any indemnification amount required to be paid pursuant to this Article XI shall be paid within ten (10) calendar days after the indemnified party makes written demand upon the indemnifying party, but in no case earlier than five (5) Business Days prior to the date on which the relevant Taxes are required to be paid to the relevant Taxing Authority (including as estimated Tax payments).

Section 11.4 Tax Claims. During the Indemnification Period, the Buyer shall promptly notify the Sellers' Representative in writing of the commencement of any Tax audit or administrative or judicial proceeding or of any proposed assessment against or demand or claim on any Buyer Indemnitee (including, after the Closing, the Company or any Company Subsidiary) which, if determined adversely to the taxpayer or after the lapse of time, might result in an indemnity payment to any Buyer Indemnitee pursuant to Section 11.3 (a "Tax Claim"); provided, however, that the Buyer's failure to give notice of a Tax Claim to the Sellers' Representative within a sufficient period of time and in reasonably sufficient detail to allow the Sellers to effectively contest such Tax Claim shall affect the Liability of the Sellers to any Buyer Indemnitee only to the extent that the Sellers' position is materially prejudiced as a result thereof. The Sellers shall control all proceedings with respect to any Tax Claim relating solely to Taxes of the Company or any Company Subsidiary for a taxable period ending on or before the Closing Date; provided, however, that (a) the Buyer and counsel of its own choosing shall have the right to participate fully in all aspects of the prosecution, defense and settlement of such Tax Claim, and (b) the Sellers shall not settle any such Tax Claim without the prior written consent of Buyer (which shall not be unreasonably withheld, delayed or conditioned). The Sellers, on the one hand, and the Buyer, on the other hand, shall jointly control all proceedings taken in connection with any Tax Claim relating solely to Taxes of the Company or any Company Subsidiary for a Straddle Period, and neither party shall settle any such Tax Claim without the prior written consent of the other party (which shall not be unreasonably withheld, delayed or conditioned). The Buyer shall control all other proceedings with respect to Taxes of the Company or any Company Subsidiary.

Section 11.5 Transfer Taxes. The Sellers, on the one hand, and the Buyer, on the other hand, shall each be liable for 50% of any Transfer Taxes. Except as otherwise required by applicable Law, the Buyer shall prepare and file all Tax Returns with respect to Transfer Taxes. The parties shall cooperate in the preparation and filing of all such Tax Returns, and in obtaining any available exemptions or refunds with respect thereto.

Section 11.6 Tax Sharing Agreements. Any and all existing Tax allocation, sharing, indemnity or other similar agreement, arrangement, understanding or practice with respect to Taxes between the Company or any Company Subsidiary, on the one hand, and any Seller or Affiliate thereof (other than the Company or any Company Subsidiary), on the other hand, will be terminated as of the Closing Date, and, after the Closing, none of the Company, any Company Subsidiary or any Seller or Affiliate thereof will have any further rights or liabilities thereunder.

Section 11.7 Tax Return Amendments. During the Indemnification Period, unless required by applicable Law, the Buyer shall not, and shall not allow the Company or any Company Subsidiary to, amend, modify or otherwise change any Tax Returns of the Company or any Company Subsidiary for any taxable period that begins prior to the Closing Date without the prior written consent of the Sellers' Representative, which consent shall not be unreasonably withheld, delayed or conditioned (it being understood that it would not be unreasonable to withhold any such consent if such amendment, modification or change could reasonably be expected to cause the Sellers to incur a Tax indemnity obligation under Section 11.3).

Section 11.8 Tax Refunds. During the Indemnification Period, any refund of Taxes (or any credit against future Taxes in lieu of a refund) relating to the Company or any Company Subsidiary (a "Tax Refund") that is attributable to a taxable period which ends on or before the Closing Date (other than any such amount that is attributable to the carryback from a Post-Closing Tax Period (including the portion of a Straddle Period that

Table of Contents

begins on the date after the Closing Date) of Tax items of the Company or any Company Subsidiary) shall be credited to the Sellers. The Buyer shall be entitled to all other Tax Refunds relating to the Company or any Company Subsidiary; provided, however, during the Indemnification Period, Tax Refunds attributable to Straddle Periods shall be calculated and allocated between the parties in a manner consistent with the provisions of Section 11.2. The Buyer, on the one hand, and the Sellers, on the other hand, shall promptly pay (or cause to be paid) to the other party any Tax Refund or portion thereof, and the relevant portion of any interest, actually received to the extent that such other party is entitled under this Section 11.8 to such Tax Refund or portion thereof and, if applicable, interest; provided, however, that any such payment shall be net of any Tax cost to the payor party attributable to the receipt of such Tax Refund (or related interest) and/or the payment of such amounts to the payee party. In connection with the foregoing, during the Indemnification Period, the Buyer, at the Sellers' sole expense, shall promptly comply, or shall cause the Company, any Company Subsidiary or applicable Affiliate to promptly comply, with the written request of the Sellers' Representative to claim a Tax Refund, or file an amended Tax Return claiming a Tax Refund, unless the Buyer reasonably determines that such action would not be supported by applicable Law or would result in adverse Tax consequences to Buyer or any Affiliate thereof (including the Company or any Company Subsidiary) in a Post-Closing Tax Period. If, subsequent to a Taxing Authority's allowance of a Tax Refund, such Taxing Authority reduces or eliminates such Tax Refund, such Tax Refund or the relevant portion thereof, plus any interest received thereon, previously forwarded or reimbursed under this Section 11.8 shall be returned, promptly upon request, to the party which had previously forwarded or reimbursed such amount.

Section 11.9 Cooperation. The parties shall reasonably cooperate, and shall cause their respective Affiliates, officers, employees, agents, auditors and representatives reasonably to cooperate, with respect to all Tax matters of the Company or any Company Subsidiary, including in preparing and filing all Tax Returns and resolving all Tax Claims and any other audits, investigations, proceedings or other disputes with respect to Taxes. The parties shall maintain and make available to each other all records reasonably necessary in connection with their obligations under the preceding sentence.

Section 11.10 Treatment of Indemnity Payments. The parties agree to treat any indemnity payment made under this Agreement, for all income Tax purposes, as an adjustment to purchase price, except to the extent otherwise required pursuant to a Final Determination.

From and after the Closing, except (i) in the case of actual, knowing and intentional fraud or willful misconduct of a party to this Agreement, (ii) to the extent any other remedy may be provided by applicable Law and such other remedy may not, under applicable Law, be waived or otherwise limited or excluded by agreement and (iii) as set forth in Section 2.3, Section 12.13, Article X, Article XI and the Escrow Agreement, no party to this Agreement shall assert, and each party to this Agreement shall cause its Subsidiaries (including, without limitation, after the Closing, with respect to the Buyer, the Company and its Subsidiaries) and Affiliates and all Buyer Indemnitees, in the case of the Buyer, and Seller Indemnitees, in the case of the Sellers, under this Agreement not to assert, any claim against any other party to this Agreement or any of its Affiliates or any of their respective direct or indirect partners, directors, officers, employees, stockholders, attorneys, representatives or controlling persons, or seek to hold any party or any such Persons liable, in respect of any claim relating to this Agreement or any of the transactions contemplated hereby and shall indemnify and hold harmless such parties and such Persons against all such claims. Notwithstanding anything in this Agreement to the contrary, (i) no party hereto shall be deemed to have waived any claim, which cannot be waived under applicable Law, and (ii) nothing shall limit the liability of any Seller in connection with any actions taken by such Seller after the Closing or in respect of the Stockholders Agreement or any employment agreement, confidentiality agreement, non-competition agreement or other contract, agreement or document to which such Seller and the Company (or any Company Subsidiary) are parties and which continue in force and effect after the Closing. The provisions of this Section 12.15 and the limited remedies provided in Section 2.3, Section 12.13, Article X and Article XI were specifically bargained for by the parties hereto and were taken into account by the parties hereto in arriving at the terms and conditions of this Agreement, including the consideration payable to the Sellers hereunder. The Company and the Sellers have specifically relied upon the provisions of this Section 12.15 and the limited remedies provided in Section 2.3, Section 12.13, Article X and Article XI in agreeing to the terms and conditions of this Agreement, including the consideration payable to the Sellers hereunder. For the avoidance of doubt, each representation, warranty or agreement made by a Seller under this Agreement is made on a several basis solely as to such Seller (and not jointly with the Company or any other Seller).

Section 12.16 Disclosure Schedules. The Disclosure Schedules qualify the representations, warranties, covenants, and agreements of each of the Sellers, the Company and the Buyer, as if the Disclosure Schedules were fully incorporated into, and made a part of, the Agreement. Each item specifically disclosed in the Disclosure Schedules shall constitute an exception to the correspondingly number Section of the representation, warranty, covenant, and agreement that references such item in the Disclosure Schedules and also shall be deemed to be disclosure with respect to all other representations, warranties, covenants, and agreements to the extent that the relevance of the disclosed information to such other representations, warranties, covenants, and agreements is reasonably apparent on its face, notwithstanding the presence or absence of an appropriate Section of the Disclosure Schedules with respect to such other representations, warranties, covenants, and agreements or an appropriate cross-reference thereto. The mere inclusion of an item on the Disclosure Schedules as an exception to a representation or warranty will not be deemed an admission or acknowledgment, in and of itself, and solely by virtue of the inclusion of such item on the Disclosure Schedules, that (a) such item is required to be listed on the Disclosure Schedules, (b) such item (or any non-disclosed item or information of comparable or greater significance) represents a material exception or fact, event, or circumstance, (c) such item has had, or is expected to result in, a Material Adverse Effect or a Buyer Material Adverse Effect, or (d) such item actually constitutes noncompliance with, or a violation of, any applicable Law, Permit, or Contract, or other topic to which such disclosure is applicable.

This Agreement and the performance by the Company of the obligations contemplated hereby have been duly and validly authorized by all necessary corporate action on the part of the Company and no other corporate proceedings on the part of the Company are necessary to authorize the execution and delivery of this Agreement or the performance of its obligations hereunder. This Agreement has been duly executed and delivered by the Company and, assuming that this Agreement constitutes the legal, valid and binding obligation of the Stockholders, constitutes the legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except to the extent that the enforceability thereof may be limited by (i) applicable bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or similar Laws from time to time in effect affecting generally the enforcement of creditors' rights and remedies, and (ii) general principles of equity.

(c) The execution and delivery of this Agreement by the Company and the performance by the Company of its obligations hereunder (i) do not result in any violation of the charter or by-laws or other constituent documents of the Company, and (ii) do not conflict with, or result in a breach of any of the terms or provisions of, or result in the creation or acceleration of any obligations under, or constitute a default under any agreement or instrument to which the Company is a party or by which it is bound or to which its properties may be subject, and (iii) do not violate any existing applicable Law, rule, regulation, judgment, order or decree of any Governmental Authority having jurisdiction over the Company or any of its properties.

CORPORATE GOVERNANCE

Section 3.1 Board Representation.

(a) As promptly as practicable following the date of this Agreement, the Board shall (i) increase the size of the Board from eight (8) to ten (10) directors and (ii) appoint two individuals designated by ACP to serve on the Board (the “Stockholder Designees”); provided, however, that such Stockholder Designee shall satisfy the applicable requirements set forth in Section 3.1(b); provided, further, that if a Board Right Termination Event occurs with respect to a Stockholder Designee, the Stockholders shall promptly cause such Stockholder Designee, if any, then serving on the Board to resign, effective immediately, from the Board and from any committees or subcommittees thereof to which such Stockholder Designee is then appointed or on which he or she is then serving, and the right of ACP to designate such Stockholder Designee shall terminate. The first Stockholder Designee (the “First Stockholder Designee”) shall be appointed to the class of Directors that stood for reelection at the second most recently completed stockholder meeting and the second Stockholder Designee (the “Second Stockholder Designee”) shall be appointed to the class of Directors that stood for reelection at the most recently completed stockholder meeting. For the avoidance of doubt, the Company may at any time and from time to time increase or decrease the size of the Board or change its composition; provided that such increase or decrease does not affect the tenure, term or other rights to serve as a member of the Board of any Stockholder Designee as set forth in this Agreement.

(b) Notwithstanding anything to the contrary set forth in this Agreement, any Stockholder Designee designated by ACP pursuant to Section 3.1 (i) shall not be a person that, at the time of such designation, would be required to disclose any information pursuant to Item 2(d) or (e) of Schedule 13D if such Stockholder Designee were the “person filing” such Schedule 13D, (ii) shall not, at the time of such designation, be prohibited or disqualified from serving as a director of a public company pursuant to any applicable rule or regulation of the SEC or NASDAQ or pursuant to applicable Law, (iii) shall, prior to his or her appointment to the Board provide an executed resignation letter in substantially the form set forth in Annex A hereto resigning from the Board and from any committees or subcommittees thereof to which he or she is then appointed or on which he or she is then serving upon the occurrence of the Board Right Termination Event applicable to such Stockholder Designee, and (iv) shall, in the good faith reasonable judgment of the Nominating and Corporate Governance Committee of the Board (the “Nominating Committee”), satisfy the requirements set forth in the Company’s Organizational Documents and Code of Business Conduct and Ethics included in the corporate governance section of the Company’s website (as in effect from time to time), in each case to the extent applicable to all non-employee Directors generally. The Company agrees that each of the persons set forth on Schedule 3.1(b) satisfies all of the foregoing requirements of this Section 3.1(b) as of the date hereof. The Stockholder Designee shall, upon appointment or election, as the case may be, to the Board, abide by the provisions of all codes and policies of the Company that are applicable to all non-employee Directors generally, including, as applicable, the Company’s Insider Trading Policy, policies requiring the pre-clearance of all securities trading activity by or on behalf of such Stockholder Designee and the Company’s Code of Business Conduct and Ethics (other than any such code or policy, or portion thereof, if any, that conflicts with the obligations of the Stockholders under this Agreement or would impose any obligation on any Stockholder not expressly set forth in this Agreement). For the avoidance of doubt, the Company shall provide each Stockholder Designee with the same director indemnification and exculpation, including without limitation indemnification agreements and directors’ and officers’ insurance coverage, as are available from time to time to non-employee directors generally.

(c) During the Board Right Period, the Company shall use commercially reasonable efforts to procure, at each annual general meeting of stockholders of the Company occurring during the Board Right Period at which the term of the Stockholder Designee will expire in accordance with the Company’s Organizational Documents (whether by rotation or otherwise), the election or re-election, as the case may be, of the applicable Stockholder Designee to the Board, including by (i) nominating such Stockholder Designee for election to serve as a Director

[Table of Contents](#)

as provided in this Agreement, (ii) subject to compliance by ACP with Section 3.1(f), including such nomination and other required information regarding such Stockholder Designee in the Company's proxy materials for such meeting of stockholders and (iii) soliciting or causing the solicitation of proxies in favor of the election of such Stockholder Designee as a Director, for a term expiring at the next annual general meeting of Stockholders at which members of the class of Directors to which the Stockholder Designee belongs are to be elected or re-elected, as the case may be, or until such Stockholder Designee's successor shall have been elected and qualified, or at such earlier time, if any, as such Stockholder Designee may resign, retire, die or be removed (for any reason) as a Director, including upon the occurrence of a Board Right Termination Event in accordance with the terms of this Agreement.

(d) Notwithstanding the foregoing, the Company shall not be obligated to procure the election or re-election of any individual pursuant to Section 3.1(c) if such individual shall have previously been designated by ACP pursuant to Section 3.1(a) or 3.1(e) and nominated by the Company for election or re-election, as the case may be, as a Director as provided in Section 3.1(c) (and provided that the Company shall have complied with its obligations set forth in Section 3.1(c) in respect thereof), and, following the vote of stockholders at the annual general meeting of stockholders of the Company, shall have failed to be elected or re-elected, as the case may be, as a Director by the requisite vote of the Company's stockholders.

(e) In furtherance of, and not in limitation to, ACP's rights in this Section 3.1, during the Board Right Period, (i) ACP shall have the right (but not the obligation), upon written notice to the Company as provided in Section 3.1(a), to designate a Stockholder Designee to replace any Stockholder Designee who shall have resigned, retired, died or been removed from office (for any reason) or who, following the voting of stockholders at a meeting of stockholders of the Company shall have failed to be elected or re-elected, as the case may be, by the requisite vote of the Company's stockholders; and (ii) the provisions of Sections 3.1(c) and 3.1(d) shall apply to, and the Company shall comply with its obligations contained therein in respect of, any such replacement Stockholder Designee and, in addition, promptly following the receipt of written notice from ACP as contemplated above following the resignation, retirement, death or removal from office of such Stockholder Designee, the Board shall appoint such replacement Stockholder Designee to serve on the Board in the class of Directors previously including such former Stockholder Designee.

(f) Not less than one hundred twenty (120) days prior to the anniversary of the prior year's annual general meeting of stockholders of the Company occurring during the Board Right Period at which members of the class of Directors to which the Stockholder Designee belongs are to be elected, ACP shall (i) notify the Company in writing of the name of the Stockholder Designee to be nominated for election at such meeting and (ii) provide, or cause such Stockholder Designee to provide, to the Company, all information concerning such Stockholder Designee and his or her nomination to be elected as a Director at such meeting as shall reasonably be required by the Company's standard director and officer questionnaire (including any reasonable follow-up requests by the Company for additional information).

(g) During the Board Right Period, the Company agrees that any Stockholder Designee serving as a Director shall be entitled to the same rights, privileges and compensation applicable to all other non-employee Directors generally or to which all such non-employee Directors are entitled, including any rights with respect to indemnification arrangements, directors and officers insurance coverage and other similar protections and expense reimbursement, except that, with respect to the First Stockholder Designee, such Stockholder Designee shall not receive the director fees that are payable by the Company to non-employee Directors generally.

(h) Notwithstanding anything in this Section 3.1 to the contrary, (i) the Company will not be obligated to take any action in respect of any Stockholder Designee pursuant to Sections 3.1(c) if ACP shall have failed, in any material respect, to provide, or cause to be provided, the notice and information required by clauses (i) and (ii) of Section 3.1(f); provided, however, that following the curing of the any such failure, ACP's right to designate Stockholder Designees shall be reinstated and the Company will take such action as is necessary to appoint or otherwise reinstate the Stockholder Designees to the Board, and (ii) if a material breach of this

Agreement by the Stockholders shall have occurred, which breach has not been cured in all material respects within fifteen (15) Business Days of the receipt by the Stockholders of written notice from the Company specifying in reasonable detail the nature of such material breach, in addition to any other remedies that the Company may have, the Company may terminate ACP's right to designate the Stockholder Designees hereunder.

(i) During the Board Right Period, except as required by applicable Law, the Company shall not take any action to cause the removal (without cause) of a Stockholder Designee serving as a Director. ACP shall cause each then-serving Stockholder Designee to resign (subject to ACP's right to designate a replacement Stockholder Designee in accordance with Section 3.1(e)) or, if reasonably sufficient, recuse himself or herself if the presence of such individual as a Stockholder Designee on the Board shall, in the reasonable and good faith judgment of the Board (after deliberation and an opportunity for the applicable Stockholder Designee to be heard if desired), reasonably be likely to violate applicable Law or otherwise be reasonably likely to impair the Board's exercise of its fiduciary duties.

(j) Notwithstanding anything to the contrary in this Agreement, each Stockholder Designee, during the term of any service as a Director of the Company, shall not be prohibited from acting in his or her capacity as a director and complying with his or her fiduciary duties as a director of the Company.

Section 3.2 Use of Information.

(a) Notwithstanding anything in this Agreement to the contrary, the Stockholder Designees shall keep confidential and not publicly disclose discussions or matters considered in meetings of the Board and Board committees, unless previously disclosed publicly by the Company.

(b) Each Stockholder shall hold, and shall cause its Affiliates and their respective Representatives who receive any Confidential Information directly or indirectly from such Stockholder or the Company (including, without limitation, any Director of the Company) to hold, in strict confidence any and all Confidential Information concerning or related to the Company or any Subsidiary of the Company, except to the extent that such Confidential Information (a) is or becomes generally available to the public other than as a result of a disclosure by such Stockholder or its Affiliates or Representatives in violation of this Section 3.3(b), or (b) is or becomes available to such Stockholder on a nonconfidential basis from another Person who is not known to such Stockholder to be bound by a confidentiality agreement with the Company or any Company Subsidiary. In the event that a Stockholder or any of its Affiliates or Representatives is required by Law to disclose any Confidential Information, such Stockholder shall promptly notify the Company in writing so that the Company may, at its sole cost and expense, seek a protective order and/or other motion filed to prevent the production or disclosure of Confidential Information. If such motion has been denied, then the Stockholder may disclose only such portion of the Confidential Information which is required by Law to be disclosed; provided that (A) the Stockholder shall use commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information and (B) the Stockholder shall not, and shall not permit any of its Representatives to, oppose any motion for confidentiality brought by the Company in accordance with this Section 3.3(b). For the avoidance of doubt, the Stockholders will continue to be bound by their respective obligations pursuant to this Section 3.3(b) for any Confidential Information that is not required to be disclosed pursuant to the immediately preceding sentence above, or that has been afforded protective treatment pursuant to such motion.

(c) Each Stockholder shall, and shall cause its Representatives and Affiliates not to, use material non-public information obtained by any Stockholder Designee at any meetings of the Board or Board committees in a manner prohibited by applicable Law, including trading any securities of the Company while in possession of such material non-public information to the extent such trading would violate applicable Law. Each Stockholder shall be responsible for any breach of this Agreement by any of its Representatives and Affiliates.

Section 4.4 Non-Competition. (a) Until such date as there is no Stockholder Designee then serving on the Board pursuant to this Agreement, the Stockholders and the Management Company shall not, and shall cause their respective controlled Affiliates not to, directly or indirectly, acquire, hold or otherwise invest in or Beneficially Own any of the companies set forth on Schedule 4.4 (each such company and its successors and assigns (by reason of merger, consolidation, spin-off or split-off, or sale of all or substantially all of the assets or similar transaction or series of related transactions), a "Competitor"). Notwithstanding anything to the contrary in this Section 4.4(a), it shall not be a violation of this Section 4.4(a), and the Stockholders and the Management Company and their respective controlled Affiliates shall not be prohibited in any manner from, directly or indirectly, acquiring, holding or otherwise investing in or Beneficially Owning (or causing any of their respective controlled Affiliates to, directly or indirectly, acquire, hold or otherwise invest in or Beneficially Own) (i) any securities or assets of any Person through any employee benefit plan or pension plan, (ii) securities of any Competitor having less than 5% of the outstanding voting power of such Person, so long as neither the Management Company, the Stockholders nor any of their respective controlled Affiliates control such Competitor, or (iii) any securities of any Person or any assets that, in either case, are disposed of by a Competitor in a divestiture or similar transaction where such Person or assets so disposed of by the Competitor is not directly competitive with the business conducted by the Company and the Target on the date hereof. The noncompetition covenants contained in this Agreement shall be deemed to apply separately, not collectively, to each city, county, state and country of any geographic area in which the Company or any Company Subsidiary conducts its business as of the date hereof and shall be severable as to each such city, county, state and country of any such geographic area. It is the desire and intent of the parties hereto that the provisions of this Section 4.4(a) shall be enforced to the fullest extent permitted under the Laws and public policies of each jurisdiction in which enforcement is sought. If any court determines that any provision of this Section 4.4(a) is unenforceable, such court will have the power to reduce the duration or scope of such provision, as the case may be, or terminate such provision and, in reduced form, such provision shall be enforceable; it is the intention of the parties hereto that the foregoing restrictions shall not be terminated, unless so terminated by a court, but shall be deemed amended to the extent required to render them valid and enforceable, such amendment to apply only with respect to the operation of this Section 4.4(a) in the jurisdiction of the court that has made the adjudication. For the avoidance of doubt, if the Stockholder Designees resign from the Board for the purpose, in whole or in part, of the Stockholders and the Management Company (and each of their respective controlled Affiliates) no longer being subject to the restrictions set forth in this Section 4.4, the right of ACP to designate Stockholder Designees pursuant to Section 3.1 shall be terminated permanently.

(b) If the final judgment of a court of competent jurisdiction declares that any term or provision of this Section 4.4 is invalid, unenforceable or overbroad, the parties agree that the court making such determination shall have the power to reduce the scope, duration, or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid, enforceable and reasonable and that comes closest to expressing the intention of the invalid or unenforceable term or provision (but in no event increasing the obligations of the Stockholders in any respect hereunder).

(c) Following the twelve (12) month anniversary of the date of this Agreement, each Stockholder (x) shall use its commercially reasonable efforts to Transfer Stockholder Shares held by such Stockholder in an orderly manner as reasonably determined by such Stockholder, and (y) may Transfer the Stockholder Shares, in whole at any time or in part from time to time, without the prior consent of the Company and without restriction, provided, however, that:

(i) any Transfer of Stockholder Shares effected pursuant to a Registration Statement shall be subject to the requirements of [Article VI](#); and

(ii) in connection with any Transfer of Stockholder Shares that is effected (A) pursuant to a Registration Statement or a privately-negotiated transaction not subject to the registration requirements of the Securities Act in each case in which the Stockholders (or any of their Representatives) negotiate the terms of such Transfer directly with the third party purchaser (other than any underwriter, placement agent or initial purchaser thereof) of such Stockholder Shares or (B) in accordance with Rule 144 under the Securities Act but not pursuant to the manner of sale provisions specified in Rule 144(f), in each case the Stockholders shall not knowingly Transfer to any Person or Group (whether such Person or Group is purchasing Stockholder Shares for its or their own account(s) or as fiduciary on behalf of one or more accounts) Stockholder Shares (x) representing more than four and nine-tenths percent (4.9%) of the Voting Securities then outstanding in a single Transfer or series of related Transfers; provided, that notwithstanding the foregoing the Stockholders may Transfer Stockholder Shares representing more than four and nine-tenths percent (4.9%) of the Voting Securities then outstanding in a single Transfer or series of related Transfers in one or more block trades with one or more registered broker-dealers, or (y) to (1) a Competitor, or (2) a Person that has engaged in a proxy contest or has filed a Schedule 13D that disclosed any plan or proposal with respect to any issuer which plan or proposal (I) relates to or would result in any of the matters set forth in clauses (b) through (j) of Item 4 of Schedule 13D and (II) was not authorized or approved by the board of directors of the issuer or was not entered into pursuant to an agreement with the issuer, in either case described in this clause (y)(2) during the two (2) year period immediately preceding the date of such Transfer.

(d) Notwithstanding the foregoing, (i) for the avoidance of doubt, none of Section 5.1(b) or Section 5.1(c) shall apply to, and nothing therein shall directly or indirectly prohibit, restrict or otherwise limit, to the extent otherwise permitted by Law, any Transfer of Stockholder Shares made in accordance with Section 5.1(f); (ii) the restrictions set forth in Section 5.1(c)(ii)(x) shall not apply to any Registrable Shares (X) that are then subject to a Rule 415 Limitation and not included in an effective Shelf Registration, or (Y) following any material breach of the Company's obligations under [Article VI](#) of this Agreement; and (iii) the restrictions set forth in Section 5.1(c) shall terminate at such time as the Stockholders shall cease to Beneficially Own Voting Securities representing at least five percent (5%) of the Voting Securities outstanding at such time.

(e) Notwithstanding the foregoing, except for Transfers made pursuant to Section 5.1(f), the Stockholders shall not effect any Transfer of Stockholder Shares during any Holdback Period to the extent such Transfer is prohibited under the terms of the lock-up agreement entered in to with a managing underwriter as contemplated by Section 6.9.

(f) Notwithstanding anything to the contrary set forth in this [Article V](#), the Stockholders may, at any time, (i) Transfer some or all of the Stockholder Shares to any Permitted Transferee; provided that, prior to any such Transfer, such Permitted Transferee executes and delivers to the Company a joinder to this Agreement in the form attached hereto as [Exhibit A](#); provided, further, that if, at any time after such Transfer, such Permitted Transferee ceases to qualify as a Permitted Transferee, such Stockholder shall cause all Stockholder Shares held by such Permitted Transferee to be Transferred to a Person that is, at such time, a Permitted Transferee and that, prior to such Transfer, agrees in writing to acquire and hold such Transferred Stockholder Shares subject to and

in accordance with this Agreement as if such Permitted Transferee were a Stockholder hereunder; (ii) Transfer the Stockholder Shares, in whole or in part, to the Company or any Subsidiary of the Company, including pursuant to any redemption, share repurchase program, self tender offer or otherwise; or (iii) Transfer the Stockholder Shares, in whole or in part, pursuant to any (A) recapitalization, reclassification, consolidation, merger, share exchange or other business combination transaction involving the Company, provided that, unless the voting agreement contained in Section 4.3 is not then applicable to the Stockholders, such recapitalization, reclassification, consolidation, merger, share exchange or other business combination transaction must be approved, accepted or recommended to the stockholders of the Company by the Board or approved by the stockholders of the Company, or (B) tender, exchange or other similar offer for any Voting Securities that is commenced by any Person or Group, provided that, unless the voting agreement contained in Section 4.3 is not then applicable to the Stockholders, the Board must either (x) publicly recommend that stockholders of the Company tender their Voting Securities to the Person or Group making such offer or (y) fail to recommend that the stockholders of the Company reject such offer, in either case within ten (10) Business Days after the date of commencement thereof.

Section 5.2 Legends on Stockholder Shares; Securities Act Compliance. (a) Each share certificate representing Stockholder Shares shall bear the following legend (and a comparable notation or other arrangement will be made with respect to any uncertificated Stockholder Shares):

“THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE BEEN ACQUIRED FOR INVESTMENT AND HAVE NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED. SUCH SECURITIES MAY NOT BE SOLD OR TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR UNLESS THE ISSUER RECEIVES AN OPINION OF COUNSEL REASONABLY ACCEPTABLE TO IT STATING THAT SUCH SALE OR TRANSFER IS EXEMPT FROM THE REGISTRATION AND PROSPECTUS DELIVERY REQUIREMENTS OF SAID ACT.”

(b) In addition, for so long as any restrictions set forth in Section 5.1 remain in effect, such legend or notation shall include the following language:

“THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO THE PROVISIONS OF A STOCKHOLDERS AGREEMENT, DATED AS OF [—], 2012, AMONG THE ISSUER AND THE OTHER PARTIES THERETO, A COPY OF WHICH MAY BE INSPECTED AT THE PRINCIPAL OFFICE OF THE ISSUER OR OBTAINED FROM THE ISSUER WITHOUT CHARGE.”

(c) The Stockholders agree that they will, if requested by the Company, deliver at their expense to the Company an opinion of reputable U.S. counsel selected by the Stockholders and reasonably acceptable to the Company (it being understood that Ropes & Gray LLP is reasonably acceptable to the Company), in form and substance reasonably satisfactory to the Company and counsel for the Company, that any Transfer made, other than in connection with an SEC-registered offering by the Company or pursuant to Rule 144 under the Securities Act, does not require registration under the Securities Act.

(d) At such time all of the Stockholder Shares may be freely sold without registration under the Securities Act, including under Rule 144 without being subject to the volume limitations and manner of sale restrictions contained therein, the Company agrees that it will promptly after the later of the delivery of an opinion of reputable U.S. counsel selected by the Stockholders and reasonably acceptable to the Company, in form and substance reasonably satisfactory to the Company and counsel for the Company and, in the case of certificated Stockholder Shares, the delivery by the Stockholders to the Company or its transfer agent of a certificate or certificates (in the case of a Transfer, in the proper form for Transfer) representing such Stockholder Shares issued with the legend set forth in Section 5.2(a), deliver or cause to be delivered to the Stockholders a replacement stock certificate or certificates representing such Stockholder Shares that is free from the legend set forth in Section 5.2(a) (or in the case of uncertificated Stockholder Shares, free of any notation or arrangement set forth in Section 5.2(a)). At such time as no restrictions set forth in Section 5.1 remain in effect, the Company agrees that it will, promptly upon the request of the Stockholders and, in the case of certificated Stockholder

ARTICLE VI

REGISTRATION RIGHTS

Section 6.1 **Shelf Registration.** (a) No later than 270 days following the date of this Agreement, the Company shall prepare and file with the SEC a “shelf” Registration Statement on Form S-3 (if the Company is then eligible to use Form S-3 or any comparable or successor form or forms or any similar short form registration covering the resale of such Registrable Shares for which the Company is then eligible) relating to the offer and sale of the Registrable Shares by the Stockholders thereof from time to time in accordance with the methods of distribution set forth in the Registration Statement and Rule 415 promulgated under the Securities Act (together with any additional registration statements filed to register any Registrable Shares, including those that were subject to a Rule 415 Limitation, the “**Shelf Registration**”). In no event shall the Company be obligated to effect any Shelf Registration other than pursuant to a Form S-3 (or any comparable or successor form or forms or any similar short form registration covering the resale of such Registrable Shares) if the Company is then eligible to use Form S-3 (or such comparable or successor form) for the registration of the Stockholder Shares under the Securities Act. If the Company is not eligible to use Form S-3 (or such comparable or successor form) at the time of filing of a Registration Statement pursuant to this **Article VI**, the Company will use Form S-1 (or such comparable or successor form thereto) to effect such registration and will undertake to register the Registrable Shares on Form S-3 (or such comparable or successor form thereto) promptly after such form is available for use by the Company; **provided** that the Company shall not be obligated to keep effective any Shelf Registration on Form S-1 for a period in excess of one hundred eighty (180) days in any twelve (12) month period (treating, for purposes of such determination, any days included in any Deferral Period as days during which such Shelf Registration is not effective); **provided further**, that upon regaining eligibility to use Form S-3 (or any comparable or successor form) the Company shall promptly file a Shelf Registration on Form S-3 (or such comparable or successor form thereto) covering all of the then Registrable Shares and, subject to the immediately preceding proviso, will maintain the effectiveness of the Shelf Registration on Form S-1 (or such comparable or successor form) then in effect until such time as a Shelf Registration on Form S-3 (or such comparable or successor form thereto) covering the Registrable Shares has been declared effective by the SEC. If the Company continues to not be eligible to use Form S-3 (or such comparable or successor form thereto) to register the Registrable Shares after the one hundred eighty (180) day period referred to above has expired in respect of the most recent Shelf Registration on Form S-1 (or such comparable or successor form thereto), the Company will, upon the written request of one or more Stockholders file another Shelf Registration on Form S-1 (or such comparable or successor form thereto) covering the Registrable Shares subject to the same limitations regarding maintenance of effectiveness as described above; **provided** that the Company shall not be obligated to file more than one (1) Shelf Registration on Form S-1 (or such comparable or successor form thereto), together with any amendments thereto, in any calendar year and shall not be obligated to file a Shelf Registration on Form S-1 (or such comparable or successor form thereto), other than the initial Shelf Registration on Form S-1, until the date that is ninety (90) days after the expiration of the one hundred eighty (180) day period referred to above in respect of the immediately preceding Shelf Registration on Form S-1 (or such comparable or successor form thereto). Subject to the terms of this Agreement, the Company shall use its reasonable best efforts to cause each Registration Statement filed pursuant to this **Article VI** to be declared effective under the Securities Act as promptly as possible after the filing thereof. The Company shall use reasonable best efforts to address any comments from the SEC regarding any such Registration Statement and to advocate with the SEC for the registration of all Registrable Shares. Notwithstanding the foregoing, if the SEC prevents the Company from including any or all of the Registrable Shares on a Registration Statement due to limitations on the use of Rule

415 of the Securities Act for the resale of the Registrable Shares by the Holders (a “Rule 415 Limitation”) or otherwise, such Registration Statement shall register the resale of a number of Registrable Shares which is equal to the maximum number of shares as is permitted by the SEC, and, subject to the provisions of this Section 6.1, the Company shall continue to use its reasonable best efforts to register all remaining Registrable Shares as promptly as practicable in accordance with the applicable rules, regulations and guidance of the SEC. In such event, the number of Registrable Shares to be registered for each Stockholder in such Registration Statement shall be reduced pro rata among all Stockholders.

(b) The Company shall use its reasonable best efforts to keep the Registration Statement continuously effective under the Securities Act, to re-file such Registration Statement upon its expiration, to file another Registration Statement to register any Registrable Shares subject to a Rule 415 Limitation promptly upon the occurrence of any circumstance or event that would permit the registration of such Registrable Shares (and to cause such additional Registration Statement to become effective) and to cooperate in any shelf take down, whether or not underwritten, by amending or supplementing the Prospectus related to such Registration Statement as may be reasonably requested by the Stockholders, or as otherwise required for it to be available for resales by the Stockholders of the Registrable Shares, until the earlier of (i) the date that all Registrable Shares (including for the avoidance of doubt any Registrable Shares that were subject to any Rule 415 Limitation) have been sold and (ii) the Registration Rights Termination Date. Such period during which the Registration Statement shall remain effective shall be referred to herein as the “Shelf Registration Period.”

(c) Notwithstanding any other provisions of this Agreement to the contrary, the Company shall cause (i) the Registration Statement (as of the effective date of the Registration Statement), any amendment thereof (as of the effective date thereof) or supplement thereto (as of its date), (A) to comply in all material respects with the applicable requirements of the Securities Act and the rules and regulations of the SEC and (B) not to contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein not misleading, (ii) any related prospectus, preliminary prospectus or Free Writing Prospectus and any amendment thereof or supplement thereto, as of its date, (A) to comply in all material respects with the applicable requirements of the Securities Act and the rules and regulations of the SEC and (B) not to contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, the Company shall have no such obligations or liabilities with respect to any information pertaining to any Stockholder and furnished to the Company by or on behalf of such Stockholder specifically for inclusion therein, and (iii) the Shelf Registration to be effective and useable for resale of all Registrable Shares, subject to any Rule 415 Limitation, during the Shelf Registration Period. Upon receipt of a written request from any Stockholder, including any Permitted Transferee, who Beneficially Owns Registrable Shares that are not included in any Shelf Registration, the Company shall, within ten (10) Business Days of such receipt but subject to any Rule 415 Limitation, file such amendments to a Shelf Registration or supplements to a related Prospectus as are necessary to permit such Stockholder to effect sales of such Registrable Shares pursuant to such Shelf Registration.

(d) If (A) the SEC issues a stop order suspending the effectiveness of the Registration Statement or initiates proceedings with respect to the Registration Statement under Section 8(d) or 8(e) of the Securities Act or (B) the Board, in its good faith judgment, determines that the registration of Registrable Shares pursuant to this Section 6.1 should be delayed (with respect to the initial filing) or offers and/or sales of Registrable Shares suspended because the filing, initial effectiveness or continued use of the Registration Statement would require the Company to make a public disclosure of material non public information, which disclosure (i) would be required to be made at such time in any Registration Statement so that such Registration Statement would not be materially misleading; (ii) would not be required to be made at such time but for the filing, effectiveness or continued use of such Registration Statement; and (iii) would reasonably be expected to be materially adverse to the Company or its business or adversely and materially affect the Company's ability to effect a reasonably imminent material proposed acquisition, disposition, financing, reorganization, recapitalization or similar transaction (a "Valid Business Reason"):

(i) in the case of clause (A) above, subject to clause (ii) below, as promptly as practicable, the Company shall take such action as is necessary to eliminate the stop order and cause the Registration Statement to become effective, including preparing and filing, if necessary pursuant to applicable law, a post-effective amendment to such Registration Statement or a supplement to the related prospectus or any document incorporated therein by reference or file any other required document that would be incorporated by reference into such Registration Statement and related prospectus so that (1) such Registration Statement does not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading and (2) such prospectus does not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, as thereafter delivered to the purchasers of the Registrable Shares being sold thereunder, and, in the case of a post-effective amendment to the Registration Statement, subject to the next sentence, use reasonable best efforts to cause it to be declared effective as promptly as is practicable;

(ii) the Company shall promptly notify the Stockholders in writing that the availability of the Registration Statement is suspended (a "Deferral Notice") and, subject to Section 6.1(d)(iii) below, the expected duration of the suspension (such period during which the availability of the Registration Statement and any related prospectus is suspended, a "Deferral Period"). Upon receipt of any Deferral Notice, the Stockholders shall immediately suspend making any offers or sales pursuant to the Registration Statement until such Stockholders' receipt of copies of the supplemented or amended prospectus provided for in clause (A) above, or until they are advised in writing by the Company that the prospectus may be used, and have received copies of any additional or supplemental filings that are incorporated or deemed incorporated by reference in such prospectus; and

(iii) the Company will use its reasonable best efforts to ensure that the use of the prospectus with respect to such Registration Statement may be resumed (x) in the case of clause (A) above, as promptly as is practicable and (y) in the case of clause (B) above, as soon as, in the reasonable good faith judgment of the Company there is no Valid Business Reason to continue such suspension and postponement. The Company shall give written notice to the Stockholders of the termination of the Deferral Period promptly thereafter. Notwithstanding anything to the contrary contained herein, in no event shall (A) a single Deferral Period arising from a Valid Business Reason exceed thirty (30) consecutive days, (B) a Deferral Period arising from a single Valid Business Reason be invoked more than once in any six (6) month period, or (C) the aggregate number of days included in Deferral Periods invoked by the Company shall not exceed seventy-five (75) days in any one (1) year period.

Section 6.2 Termination of Registration Obligation. Notwithstanding anything to the contrary herein, the obligation of the Company to register Registrable Shares pursuant to this Article VI and maintain the effectiveness of any Registration Statement shall terminate as to each Stockholder on the earliest of (a) the date on which reputable U.S. counsel shall have delivered a written opinion addressed to the Company's transfer agent and such Stockholder, in form and substance reasonably satisfactory to the Company and such Stockholder,

that all remaining Stockholder Shares Beneficially Owned by such Stockholder may be freely sold without registration under the Securities Act, including under Rule 144 without being subject to the volume limitations and manner of sale restrictions contained therein and that any restrictive legend included on the certificates representing such Stockholder Shares may be removed and the Company, simultaneously with the delivery of any such opinion, releases such Stockholder from any remaining transfer restrictions or other obligations under Article V and causes the Company's transfer agent to deliver to such Stockholder stock certificates representing the Stockholder Shares without any restrictive legends thereon, and (b) the date that is four (4) months after the first date on which the Stockholders Beneficially Own Stockholder Shares representing less than five percent (5%) of the then outstanding Voting Securities (the "Registration Rights Termination Date").

Section 6.3 Registration Procedures. In connection with the registration of the Registrable Shares contemplated by this Article VI, the Company shall, until the Registration Rights Termination Date, cooperate in the sale of such Registrable Shares and shall:

(a) prepare and file with the SEC a Registration Statement with respect to such Registrable Shares as provided herein, make all required filings with FINRA and, if such Registration Statement is not automatically effective upon filing, use reasonable best efforts to cause such Registration Statement to be declared effective as promptly as practicable after the filing thereof; provided, however, that, before filing a Registration Statement or Prospectus or any amendments or supplements thereto (including free writing prospectuses under Rule 433 under the Securities Act, each, a "Free Writing Prospectus"), the Company shall furnish to the Stockholders and the managing underwriter(s), if any, copies of the Registration Statement and all other documents proposed to be filed (including exhibits thereto), including, upon the reasonable request of the Stockholders and to the extent reasonably practicable, all documents that would be incorporated by reference or deemed to be incorporated by reference therein, which Registration Statement and documents will be subject to the reasonable review and comment of the Stockholders and their counsel. The Company shall not file any Registration Statement or Prospectus or any amendments or supplements thereto (including Free Writing Prospectuses) with respect to any registration pursuant to Section 6.1 to which the Stockholders and their counsel or the managing underwriter(s), if any, shall reasonably object, in writing, on a timely basis, unless in the opinion of the Company, such filing is necessary to comply with applicable Law;

(b) prepare and file with the SEC such amendments and supplements to such Registration Statement, the Prospectus used in connection therewith (including Free Writing Prospectuses) and Exchange Act reports as may be necessary to keep such Registration Statement effective for the period set forth in Section 6.1(b), and to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such Registration Statement until such time as all of such securities have been disposed of in accordance with the intended methods of disposition by the seller or sellers thereof set forth in such Registration Statement;

(c) furnish to the Stockholders and the managing underwriter(s), if any, such number of conformed copies, without charge, of such Registration Statement, each amendment and supplement thereto, including each preliminary and final Prospectus, any Free Writing Prospectus, all exhibits and other documents filed therewith and such other documents as such Persons may reasonably request, including in order to facilitate the disposition of the Registrable Shares in accordance with the intended method or methods of disposition thereof; and the Company, subject to Section 6.1(d), hereby consents to the use of such Prospectus and each amendment or supplement thereto by Stockholders and the managing underwriter(s), if any, in connection with the offering and sale of the Registered Shares covered by such Prospectus and any such amendment or supplement thereto;

(d) use its reasonable best efforts to register or qualify such Registrable Shares under such other securities or "blue sky" Laws of such jurisdictions as the Stockholders reasonably request and do any and all other acts and things that may be necessary or reasonably advisable to enable the Stockholders to consummate the disposition in such jurisdictions of the Registrable Shares in accordance with the intended method of distribution thereof (provided that the Company shall not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this subsection; (ii) subject itself to taxation in any

jurisdiction wherein it is not so subject; or (iii) take any action which would subject it to general service of process in any jurisdiction wherein it is not so subject);

(e) promptly notify the Stockholders and the managing underwriter(s), if any, at any time when a Prospectus relating thereto is required to be delivered under the Securities Act of the occurrence of any event or existence of any fact as a result of which the Prospectus (including any information incorporated by reference therein) included in such Registration Statement, as then in effect, contains an untrue statement of a material fact or omits any fact necessary to make the statements therein not misleading in the light of the circumstances under which they were made, and, as promptly as practicable upon discovery, prepare and furnish to the Stockholders a reasonable number of copies of a supplement or amendment to such Prospectus, or file any other required document, as may be necessary so that, as thereafter delivered to any prospective purchasers of such Registrable Shares, such Prospectus shall not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein not misleading in the light of the circumstances under which they were made;

(f) notify the Stockholders, Stockholders' counsel and the managing underwriter(s) of any underwritten offering, if any, (i) when the Registration Statement, any pre-effective amendment, the Prospectus or any Prospectus supplement or any post-effective amendment to the Registration Statement or any Free Writing Prospectus has been filed and, with respect to such Registration Statement or any post-effective amendment, when the same has become effective; (ii) of any request by the SEC for amendments or supplements to such Registration Statement or to such Prospectus or for additional information; (iii) of the issuance by the SEC of any stop order suspending the effectiveness of such Registration Statement or the initiation of any proceedings for that purpose; and (iv) of the suspension of the qualification of such securities for offering or sale in any jurisdiction, or the institution of any proceedings for any such purposes;

(g) use its reasonable best efforts to cause all such Registrable Shares covered by such Registration Statement to be listed (after notice of issuance) on NASDAQ or the principal securities exchange or interdealer quotation system on which the Common Stock are then listed or quoted;

(h) use its reasonable best efforts to cooperate with the Stockholders and the managing underwriter(s), if any, to facilitate the timely preparation and delivery of certificates representing the Registrable Shares to be sold under the Registration Statement in a form eligible for deposit with the Depository Trust Corporation not bearing any restrictive legends (other than as required by the Depository Trust Corporation) and not subject to any stop transfer order with any transfer agent, and cause such Registrable Shares to be issued in such denominations and registered in such names as the managing underwriter(s), if any, may request in writing or, if not an underwritten offering, in accordance with the instructions of the Stockholders in each case at least two (2) Business Days prior to any sale of Registrable Shares;

(i) enter into such agreements (including underwriting agreements with customary provisions) and take all such other actions as the Stockholders or the managing underwriter(s), if any, reasonably request in order to expedite or facilitate the disposition of such Registrable Shares;

(j) make available upon reasonable notice and during normal business hours for inspection by the Stockholders and Stockholders' counsel, any managing underwriter(s) participating in any disposition pursuant to such Registration Statement and any attorney, accountant or other agent retained by the Stockholders or underwriter(s), all financial and other records, pertinent corporate documents and documents relating to the business of the Company, and cause the Company's officers, directors, employees and independent accountants to supply all information reasonably requested by the Stockholders or such underwriter(s), attorney, accountant or agent in connection with such Registration Statement; provided, however, that the Stockholders shall, and shall cause each such underwriter(s), accountant or other agent to, (i) enter into a customary confidentiality agreement or arrangement in form and substance reasonably satisfactory to the Company; and (ii) minimize, to the extent reasonably practicable, the disruption to the Company's business in connection with the foregoing;

(k) otherwise use reasonable best efforts to comply with all applicable rules and regulations of the SEC, and make available to its security holders, as soon as reasonably practicable after the effective date of the Registration Statement, an earnings statement covering the period of at least 12 months beginning with the first day of the Company's first full calendar quarter after the effective date of the Registration Statement, which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder;

(l) in the event of the issuance of any stop order suspending the effectiveness of a Registration Statement, or of any order suspending or preventing the use of any related Prospectus or ceasing trading of any securities included in such Registration Statement for sale in any jurisdiction, use reasonable best efforts to obtain the withdrawal of such order as soon as reasonably practicable;

(m) cause its senior management to support the marketing of the Registrable Shares covered by the Registration Statement pursuant to any Registration Statement (including participation in "road shows"); provided, that the Company shall not be obligated to participate in any such "road show" more than one (1) time in any 120 day period; provided, further, that the Company may request a change in the dates of any such "road show" by not more than ten (10) Business Days if the Company determines, in its good faith reasonable judgment, that the initially proposed dates for such "road show" would adversely and materially interfere with the performance of senior management's duties to the Company (and the Stockholders will give reasonable consideration to accommodating any such request);

(n) obtain one or more comfort letters, addressed to the Stockholders, dated the effective date of such Registration Statement and, if requested by the Stockholders, dated the date of sale by the Stockholders (and, if such registration includes an underwritten public offering, addressed to each of the managing underwriter(s) and dated the date of the closing under the underwriting agreement for such offering), signed by the independent public accountants who have issued an audit report on the Company's financial statements included in such Registration Statement in customary form and covering such matters of the type customarily covered by comfort letters as the Stockholders reasonably requests;

(o) provide legal opinions of the Company's outside counsel (which counsel and opinions (in form, scope and substance) shall be reasonably satisfactory to the managing underwriter(s), if any, and the Stockholders' counsel), addressed to the Stockholders, dated the effective date of such Registration Statement, each amendment and supplement thereto, and, if requested by the Stockholders, dated the date of sale by the Stockholders (and, if such registration includes an underwritten public offering, addressed to each of the managing underwriter(s) and dated the date of the closing under the underwriting agreement), with respect to the Registration Statement, each amendment and supplement thereto (including the preliminary Prospectus) and such other documents relating thereto in customary form and covering such matters of the type customarily covered by legal opinions of such nature and such other matters as may be reasonably requested by the Stockholders' counsel (and, if applicable, by the managing underwriter(s)); and

(p) use its reasonable best efforts to take or cause to be taken all other actions, and do and cause to be done all other things, necessary or reasonably advisable in the opinion of the Stockholders' counsel to effect the registration of such Registrable Shares contemplated hereby.

In the case of any underwritten offering of Registrable Shares registered under a Registration Statement filed pursuant to Section 6.1(a), (i) all Registrable Shares shall be subject to the applicable underwriting agreement with customary terms and the Stockholders may not participate in such offering or registration unless such Stockholders agrees to sell such Stockholders' securities on the basis provided therein; and (ii) the Stockholders may not participate in such offering or registration unless such Stockholders complete and execute all questionnaires, indemnities, underwriting agreements and other documents (other than powers of attorney) reasonably required by the managing underwriter(s) to be executed in connection therewith, and provide such other information to the Company or the underwriter(s) as may be reasonably requested to offer or register such Stockholders' Registrable Shares; provided, however, that (A) no Stockholder shall be required to make any

representations or warranties other than, on a several and not joint basis, those related to its title and ownership of, and power and authority to transfer, the Registrable Shares owned by such Stockholder included therein and as to the accuracy and completeness of statements made in the applicable Registration Statement, Prospectus or other document in reliance upon, and in conformity with, written information about such Stockholder prepared and furnished to the Company or the managing underwriter(s) by such Stockholder pertaining exclusively to such Stockholder and (B) the aggregate amount of liability of each Stockholder pursuant to any indemnification obligation thereunder (which, for the avoidance of doubt, shall be on a several and not joint basis) shall not exceed the net proceeds received by such Stockholder from such offering.

Section 6.4 Underwritten Offering. At any time that a Shelf Registration covering Registrable Shares is effective, if the Stockholders deliver notice to the Company stating that they intend to effect an underwritten offering of all or part of its Registrable Shares included on the Shelf Registration, the Company shall amend or supplement the Shelf Registration or related Prospectus as may be necessary in order to enable such Registrable Shares to be distributed pursuant to the underwritten offering. The lead underwriter to administer such underwritten offering shall be chosen by the Stockholders, subject to the prior written consent, not to be unreasonably withheld, delayed or conditioned, of the Company. In connection with any underwritten offering, in the event that the managing underwriter advises the Company and the Stockholders in writing that, in its good faith opinion, the total number or dollar amount of Registrable Shares requested by the Stockholders to be included therein exceeds the largest number or dollar amount of Registrable Shares that can be sold in such offering without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price), the Stockholders shall include in such registration or prospectus only such number of Registrable Shares that in the good faith opinion of such underwriter(s) can be sold in such offering without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price).

Section 6.5 Registration Expenses. Except as otherwise provided in this Agreement, all expenses incidental to the Company's performance of or compliance with this Agreement, including (i) all registration and filing fees (including (A) with respect to filings required to be made with the SEC, all applicable securities exchanges and/or FINRA and (B) compliance with securities or blue sky Laws including any fees and disbursements of counsel for the underwriter(s) in connection with blue sky qualifications of the Registrable Shares pursuant to Section 6.3(d)); (ii) word processing, duplicating and printing expenses (including expenses of printing certificates for Registrable Shares in a form eligible for deposit with The Depository Trust Company and of printing Prospectuses, if the printing of Prospectuses is requested by the managing underwriter(s), if any, or by the Stockholders); (iii) messenger, telephone and delivery expenses, (iv) fees and disbursements of counsel for the Company; (v) fees and disbursements of no more than one counsel for the Stockholders, which counsel may be Ropes & Gray LLP, and which fees and disbursements shall not exceed, in the aggregate, \$25,000 in connection with the review of any Registration Statement or related documents and the transactions contemplated thereby; and (vi) fees and disbursements of all independent certified public accountants (including, without limitation, the fees and disbursements in connection with any "cold comfort" letters required by this Agreement), other special experts, retained by the Company, shall be borne by the Company. The Company shall, in any event, pay its internal expenses, the expenses of any annual audit or quarterly review, the expenses of any liability insurance, the expenses and fees for listing the Registrable Shares to be registered on the applicable securities exchange. All underwriting discounts, selling commissions and transfer taxes (collectively, "Selling Expenses") incurred in connection with the offering of any Registrable Shares shall be borne by the Stockholder selling the Registrable Shares to which such Selling Expenses relate. For the avoidance of doubt, the Company shall not bear any Selling Expenses in connection with its obligations under this Agreement. All reasonable expenses incurred with the prior approval of the Company not to be unreasonably withheld in connection with up to three (3) "road shows" undertaken pursuant to Section 6.3(m) shall be borne by the Company.

Section 6.6 Indemnification; Contribution. (a) The Company shall, and it hereby agrees to, (i) indemnify and hold harmless each Stockholder in any offering or sale of Registrable Shares, and such Stockholder's partners, members, managers and Affiliates (but not, for the avoidance of doubt, any Stockholder Designee in such person's capacity as a Director of the Company) and each Person, if any, who controls any of the foregoing

Persons within the meaning of the Securities Act or the Exchange Act from and against any and all losses, claims, damages, or liabilities, or any actions or proceedings (whether commenced or threatened) in respect thereof and costs and expenses (including reasonable fees of counsel) (collectively, “Claims”) to which each such indemnified party may become subject, insofar as such Claims (including any amounts paid in settlement reached in accordance with the requirements for consent as provided herein), or actions or proceedings in respect thereof, arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any Registration Statement, or any preliminary or final Prospectus (including any Free Writing Prospectus incorporated into such Registration Statement) contained therein, or any amendment or supplement thereto, or any document incorporated by reference therein, or arise out of or are based upon any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of any preliminary or final Prospectus (including any Free Writing Prospectus incorporated into such Registration Statement), in the light of the circumstances in which they were made), not misleading; and (ii) reimburse periodically upon demand each indemnified party for any legal or other out-of-pocket expenses reasonably incurred by such indemnified party in connection with investigating or defending (or preparing to defend) any such Claims; provided, however, that the Company shall not be liable to an indemnified party in any such case to the extent, and only to the extent, that any such Claims arise out of or are based upon an untrue statement or alleged untrue statement or omission or alleged omission made in such Registration Statement, or preliminary or final Prospectus (including any Free Writing Prospectus incorporated into such Registration Statement), or amendment or supplement thereto, in reliance upon and in conformity with information furnished in writing to the Company about a Stockholder by such indemnified party expressly for use therein, or if the Stockholder sold securities to the Person alleging such Claims without sending or giving, at or prior to the written confirmation of such sale, a copy of the applicable Prospectus (excluding any documents incorporated by reference therein) or of the applicable Prospectus, as then amended or supplemented (excluding any documents incorporated by reference therein), if the Company had previously furnished copies thereof to such Stockholder a reasonable period of time prior to such sale and such Prospectus corrected such untrue statement or alleged untrue statement or omission or alleged omission made in such Registration Statement.

(b) Each Stockholder shall, and hereby agrees to, severally and not jointly (i) indemnify and hold harmless the Company in any offering or sale of Registrable Shares, each director of the Company, each officer of the Company who shall sign the applicable Registration Statement and each Person, if any, who controls any of the foregoing Persons within the meaning of the Securities Act or the Exchange Act from and against any Claims to which each such indemnified party may become subject, insofar as such Claims (including any amounts paid in settlement reached in accordance with the requirements for consent as provided herein), or actions or proceedings in respect thereof, arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any Registration Statement, or any preliminary or final Prospectus (including any Free Writing Prospectus incorporated into such Registration Statement) contained therein, or any amendment or supplement thereto, or any document incorporated by reference therein, or arise out of or are based upon any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of any preliminary or final Prospectus (including any Free Writing Prospectus incorporated into such Registration Statement), in the light of the circumstances in which they were made), not misleading; and (ii) reimburse periodically upon demand each indemnified party for any legal or other out-of-pocket expenses reasonably incurred by such indemnified party in connection with investigating or defending (or preparing to defend) any such Claims, in each case to the extent, and only to the extent, that such Claims arise out of or are based upon an untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with information about such Stockholder furnished in writing to the Company by such Stockholder expressly for use therein, or if such Stockholder sold securities to the Person alleging such Claims without sending or giving, at or prior to the written confirmation of such sale, a copy of the applicable Prospectus (excluding any documents incorporated by reference therein) or of the applicable Prospectus, as then amended or supplemented (excluding any documents incorporated by reference therein), if the Company had previously furnished copies thereof to the Stockholders a reasonable period of time prior to such sale and such Prospectus corrected such untrue statement or alleged untrue statement or omission or alleged omission made in such Registration Statement; provided, however, that the aggregate liability of a Stockholder

under this Section 6.6 shall be limited to an amount equal to the dollar amount of the net proceeds received by such Stockholder from Stockholder Shares sold by such Stockholder pursuant to such Registration Statement or Prospectus in the transaction giving rise to such Claim.

(c) Each Stockholder, on the one hand, and the Company, on the other hand, agrees that if, for any reason, the indemnification provisions contemplated by Section 6.6(a) or Section 6.6(b) are unavailable to or are insufficient to hold harmless an indemnified party in respect of any Claims referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such Claims in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and the indemnified party, on the other hand, with respect to statements or omissions that resulted in such Claims. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by such indemnifying party or by such indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. If, however, the allocation in the first sentence of this Section 6.6(c) is not permitted by applicable Law, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative faults, but also the relative benefits of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative benefits received by the Company on the one hand and a Stockholder on the other hand shall be deemed to be in the same proportion as the total net proceeds from the offering of securities (net of discounts and commissions but before deducting expenses) giving rise to the applicable Claim bears to the net proceeds received by such Stockholder with respect to its sale of Registrable Shares giving rise to such Claim. The parties hereto agree that it would not be just and equitable if contributions pursuant to this Section 6.6(c) were to be determined by *pro rata* allocation or by any other method of allocation which does not take into account the equitable considerations referred to in the preceding sentences of this Section 6.6(c). The amount paid or payable by an indemnified party as a result of the Claims referred to above shall be deemed to include (subject to the limitations set forth in Section 6.7) any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or defending (or preparing to defend) any such action, proceeding or claim. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. Notwithstanding the foregoing, no Stockholder shall be liable to contribute any amount in excess of the dollar amount of the net proceeds received by such Stockholder from Stockholder Shares sold by such Stockholder pursuant to such Registration Statement or Prospectus in the transaction giving rise to such Claim less any amounts previously paid by such Stockholder pursuant to Section 6.6(b). The Stockholders obligations to contribute as provided in this Section 6.6(c) are several and not joint.

Section 6.7 Indemnification Procedures. (a) If an indemnified party shall desire to assert any claim for indemnification provided for under Section 6.6 in respect of, arising out of or involving a Claim against the indemnified party, such indemnified party shall notify the Company or the Stockholders, as the case may be (the "Indemnifying Party"), in writing of such Claim, the amount or the estimated amount of damages sought thereunder to the extent then ascertainable (which estimate shall not be conclusive of the final amount of such Claim), any other remedy sought thereunder, any relevant time constraints relating thereto and, to the extent practicable, any other material details pertaining thereto (a "Claim Notice") promptly after receipt by such indemnified party of written notice of the Claim; provided, however, that failure to provide a Claim Notice shall not affect the indemnification obligations provided hereunder except to the extent the Indemnifying Party shall have been actually and materially prejudiced as a result of such failure. The indemnified party shall deliver to the Indemnifying Party, promptly after the indemnified party's receipt thereof, copies of all notices and documents (including court papers) received by the indemnified party relating to the Claim; provided, however, that failure to provide any such copies shall not affect the indemnification obligations provided hereunder except to the extent the Indemnifying Party shall have been actually and materially prejudiced as a result of such failure.

(b) If a Claim is made against an indemnified party, the Indemnifying Party will be entitled to participate in the defense thereof and, if it so chooses and acknowledges its obligation to indemnify the indemnified party therefor, to assume the defense thereof with separate counsel selected by the Indemnifying Party and reasonably satisfactory to the indemnified party. Should the Indemnifying Party so elect to, and in fact, assume the defense of a Claim with counsel reasonably satisfactory to the indemnified party, the Indemnifying Party will not be liable to the indemnified party for legal expenses subsequently incurred by the indemnified party in connection with the defense thereof, unless the Claim involves potential conflicts of interest or different defenses for the indemnified party and the Indemnifying Party. If the Indemnifying Party assumes such defense, the indemnified party shall have the right to participate in defense thereof and to employ counsel, at its own expense (except as provided in the immediately preceding sentence), separate from the counsel employed by the Indemnifying Party. The Indemnifying Party shall be liable for the fees and expenses of counsel employed by the indemnified party for any period during which the Indemnifying Party has not assumed the defense thereof and as otherwise contemplated by the two immediately preceding sentences. If the Indemnifying Party chooses to defend any Claim, the indemnified party shall cooperate, at the expense of the Indemnifying Party, in the defense or prosecution thereof. Such cooperation shall include the retention and (upon the Indemnifying Party's request) the provision to the Indemnifying Party of records and information that are reasonably relevant to such Claim, and the indemnified party shall use commercially reasonable efforts to make employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Whether or not the Indemnifying Party shall have assumed the defense of a Claim, the indemnified party shall not admit any liability with respect to, or settle, compromise or discharge, such Claim without the Indemnifying Party's prior written consent (which consent shall not be unreasonably withheld, delayed or conditioned) but if settled with its written consent, the Indemnifying Party agrees to indemnify and hold harmless the indemnified parties from and against any Claim by reason of such settlement or judgment. The Indemnifying Party may pay, settle or compromise a Claim without the written consent of the indemnified party, so long as such settlement includes (i) an unconditional release of the indemnified party from all liability in respect of such Claim, (ii) does not subject the indemnified party to any injunctive relief or other equitable remedy, and (iii) does not include a statement or admission of fault, culpability or failure to act by or on behalf of any indemnified party.

Section 6.8 Rule 144; Rule 144A. The Company covenants that it will use its commercially reasonable efforts to timely file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder, and to take such further action as the Stockholders may reasonably request, all to the extent required from time to time to enable the Stockholders to sell Registrable Shares without registration under the Securities Act within the limitation of the exemptions provided by (i) Rule 144 or Rule 144A or Regulation S under the Securities Act; or (ii) any similar rule or regulation hereafter adopted by the SEC. Upon the request of the Stockholders, the Company will deliver to the Stockholders a written statement as to whether it has complied with such requirements and, if not, the specifics thereof.

Section 6.9 Holdback. In consideration for the Company agreeing to its obligations under this Agreement, each Stockholder agrees, in connection with any underwritten offering made pursuant to a Registration Statement in which such Stockholders has elected to include Registrable Shares, upon the written request of the managing underwriter(s) of such offering, it will enter into a customary lock-up agreement with such managing underwriter(s) agreeing, subject to customary exceptions, not to effect (other than pursuant to such underwritten offering) any public sale or distribution of Registrable Shares, including any sale pursuant to Rule 144 or Rule 144A, or make any short sale of, loan, grant any option for the purchase of, or otherwise Transfer (other than to a Permitted Transferee in accordance with Section 5.1(f)), any Registrable Shares or any securities convertible into or exchangeable or exercisable for any Voting Securities of the Company without the prior written consent of the managing underwriter(s) during the Holdback Period.

Section 7.1 Termination. This Agreement shall terminate and be of no further force and effect upon the earlier of: (a) the later of (i) the seventh anniversary of the Closing Date, and (ii) the date that is three years after the first date on which the Stockholders shall cease to Beneficially Own Voting Securities representing at least five percent (5%) of the Voting Securities outstanding at such time; and (b) the consummation of a Change of Control with respect to the Company in which all Voting Securities of the Company are exchanged for cash consideration. In the event the Company consolidates with or merges into any other Person and shall not be the continuing or surviving corporation in such consolidation or merger in a transaction in which the Stockholder Shares are converted or exchanged for consideration other than cash, then proper provision shall be made so that the successors and assigns of the Company honor the obligations of the Company contained in Article VI, as if such successor or assign were the Company hereunder, and all other provisions of this Agreement shall terminate upon the consummation of such Change of Control.

Section 7.2 Expenses. Except as expressly provided herein, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such costs and expenses.

The Company will not, on or after the date hereof, enter into any agreement or arrangement that is inconsistent with the rights granted to the Stockholders hereunder or otherwise conflicts with the provisions hereof. In addition, the Company will not grant to any Person the right to include any securities in the Shelf Registration provided for in this Agreement other than the Stockholder Shares. The Company has not previously entered into any agreement or arrangements (which has not expired or been terminated) granting any registration rights with respect to its securities to any Person which rights conflict with the provisions hereof.

Waivers waive only the specific matter described in the written waiver and do not impair the rights of the party granting the waiver in other respects or at other times. A party's waiver of a breach of any provision of this Agreement, or failure (on one or more occasions) to enforce a provision of, or to exercise a right under, this Agreement, will not constitute a continuing waiver of the same or of a similar breach, or of such provision or right at another time or in another context.

Section 7.8 Binding Effect; Assignment. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their permitted successors and assigns. Except as contemplated by Section 5.1(f), no party to this Agreement may assign or delegate, by operation of law or otherwise, all or any portion of its rights, obligations or liabilities under this Agreement without the prior written consent of the other parties to this Agreement, which any such party may withhold in its absolute discretion. Table of Contents

Section 7.12 Consent to Jurisdiction and Service of Process. Any legal action, suit or proceeding arising out of or relating to this Agreement or the transactions contemplated hereby may only be instituted in any Delaware state or federal court, and each party waives any objection which such party may now or hereafter have to the laying of the venue of any such action, suit or proceeding, and irrevocably submits to the jurisdiction of any such court in any such action, suit or proceeding. Each party further agrees that service of any process, summons, notice or document by U.S. registered mail to the respective addresses set forth in Section 7.6 will be effective service of process for any such action, suit or proceeding brought against any party in any such court.

Section 7.13 Waiver of Jury Trial. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

Section 7.14 Specific Performance. Each party to this Agreement acknowledges that a remedy at law for any breach or attempted breach of this Agreement will be inadequate, agrees that each other party to this Agreement shall be entitled to specific performance and injunctive and other equitable relief in case of any such breach or attempted breach and further agrees to waive (to the extent legally permissible) any legal conditions required to be met for the obtaining of any such injunctive or other equitable relief (including posting any bond in order to obtain equitable relief).

Section 7.15 Severability. If any term, provision, agreement, covenant or restriction of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the terms, provisions, agreements, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party hereto. Upon such a determination, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a reasonably acceptable manner so that the transactions contemplated hereby may be consummated as originally contemplated to the fullest extent possible.

Section 7.16 Effectiveness. This Agreement shall become effective at and as of the Closing.

Section 7.17 Relationship of the Parties. No provision of this Agreement creates a partnership between any of the parties or makes a party the agent of any other party for any purpose. A party has no authority or power to bind, to contract in the name of, or to create a liability for, another party in any way or for any purpose.

Section 7.18 Further Assurances. Upon the terms and subject to the conditions set forth in this Agreement, from and after the Closing Date, the parties hereto shall each use commercially reasonable efforts to promptly (i) take, or to cause to be taken, all actions, and to do, or to cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable under applicable Law or otherwise to consummate and make effective the transactions contemplated by this Agreement; (ii) obtain from any Governmental Authority or third party any and all necessary clearances, waivers, consents, authorizations, approvals, permits or orders required to be obtained in connection with the performance of this Agreement and the consummation of the transactions contemplated hereby; and (iii) execute and deliver any additional instruments necessary to consummate the transactions contemplated by this Agreement.

The Board of Directors
AngioDynamics, Inc.
14 Plaza Drive
Latham, NY 12110

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to AngioDynamics, Inc. (the “Company”) of the consideration to be paid by the Company in the Transaction (as defined below) with Avista Capital Holdings, LP (the “Principal Seller”) relating to Navilyst Medical, Inc. (the “Subsidiary”) and the other shareholders and optionholders of the Subsidiary (together with the Principal Seller, the “Seller Group”). Pursuant to the Stock Purchase Agreement, dated as of January 30, 2012 (the “Agreement”), among the Company, the Subsidiary and the Seller Group the following will occur (collectively, the “Transaction”):

- the Seller Group will sell to the Company all of the outstanding capital stock of the Subsidiary; and
- the Company will (i) pay to the Seller Group consideration consisting of an aggregate amount of cash calculated pursuant to a formula contained in the Agreement (the “Cash Consideration”) and an aggregate of 9,479,607 shares (the “Stock Consideration”, and together with the Cash Consideration, the “Seller Group Consideration”) of the Company’s common stock, par value \$0.01 per share (the “Company Common Stock”) and (ii) assume, repay, refinance or redeem an aggregate amount of debt and preferred stock of the Subsidiary equal to approximately \$212,000,000 (the “Debt Consideration”, and together with the Seller Group Consideration, the “Consideration”).

We also understand that the Consideration will be subject to adjustment as provided in the Agreement based on the amount of the Subsidiary’s working capital as set forth in the Agreement (the “Working Capital Adjustment”).

In connection with preparing our opinion, we have (i) reviewed the Agreement; (ii) reviewed the form of the stockholders agreement attached as an exhibit to the Agreement; (iii) reviewed certain publicly available business and financial information concerning the Subsidiary and the Company and the industries in which they operate; (iv) compared the proposed financial terms of the Transaction with the publicly available financial terms of certain transactions involving companies we deemed relevant and the consideration received for such companies; (v) compared the financial and operating performance of the Subsidiary and the Company with publicly available information concerning certain other companies we deemed relevant and reviewed the current and historical market prices of the Company Common Stock and certain publicly traded securities of such other companies; (vi) reviewed certain internal financial analyses and forecasts prepared by the managements of the Subsidiary and the Company relating to their respective businesses, as well as the estimated amount and timing of the cost savings and related expenses and synergies expected to result from the Transaction (the “Synergies”); and (vii) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

In addition, we have held discussions with certain members of the management of the Principal Seller, the Subsidiary and the Company with respect to certain aspects of the Transaction, and the past and current business operations of the Subsidiary and the Company, the financial condition and future prospects and operations of the Subsidiary and the Company, the effects of the Transaction on the financial condition and future prospects of the Company, and certain other matters we believed necessary or appropriate to our inquiry.

Table of Contents

In giving our opinion, we have relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with us by the Principal Seller, the Subsidiary and the Company or otherwise reviewed by or for us, and we have not independently verified (nor have we assumed responsibility or liability for independently verifying) any such information or its accuracy or completeness. We have not conducted or been provided with any valuation or appraisal of any assets or liabilities, nor have we evaluated the solvency of any member of the Seller Group, the Subsidiary or the Company under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to us or derived therefrom, including the Synergies, we have assumed that they have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Subsidiary and the Company to which such analyses or forecasts relate. We express no view as to such analyses or forecasts (including the Synergies) or the assumptions on which they were based. We have also assumed that the Transaction and the other transactions contemplated by the Agreement will have the tax consequences described in discussions with, and materials furnished to us by, representatives of the Company, and will be consummated as described in the Agreement. We have also assumed that the representations and warranties made by the Company, the Seller Group and the Subsidiary in the Agreement and the related agreements are and will be true and correct in all respects material to our analysis, and that the Working Capital Adjustment will not result in any adjustment to the Consideration that is material to our analysis. We are not legal, regulatory or tax experts and have relied on the assessments made by advisors to the Company with respect to such issues. We have further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Subsidiary or the Company or on the contemplated benefits of the Transaction.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, of the Consideration to be paid by the Company in the proposed Transaction and we express no opinion as to the fairness of the Consideration to the holders of any class of securities, creditors or other constituencies of the Company or as to the underlying decision by the Company to engage in the Transaction. Furthermore, we express no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the Transaction, or any class of such persons relative to the Consideration to be paid by the Company in the Transaction or with respect to the fairness of any such compensation. We are expressing no opinion herein as to the price at which the Company Common Stock will trade at any future time.

We have acted as financial advisor to the Company with respect to the proposed Transaction and will receive a fee from the Company for our services, a substantial portion of which will become payable only if the proposed Transaction is consummated. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. Please be advised that during the two years preceding the date of this letter, neither we nor our affiliates have had any other material financial advisory or other material commercial or investment banking relationships with the Company. During the two years preceding the date of this letter, we and our affiliates have had commercial or investment banking relationships with the Principal Seller and certain of its portfolio investment companies (including the Subsidiary), for which we and such affiliates have received customary compensation. Such services during such period have included (i) acting as financial advisor to the Principal Seller in connection with the sale of Bioreliance Corporation in January 2012, the sale of its interests in Nycomed SCA in June 2011 and in a Marcellus Shale joint venture in September 2010, (ii) acting as lead arranger of credit facilities of Armored AutoGroup Inc. (“Armored”) in October 2010 and of Warner Chilcott Corporation (“Warner”) in August 2010 and March 2011, respectively, (iii) acting as joint bookrunner of offerings of debt securities by Armored in October 2010, by ConvaTec Inc. (“CT”) in December 2010 and by Warner in August and September 2010, and (iv) acting as joint bookrunner of an offering of common stock of Warner in March 2011.
